Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.

Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.

EXHIBIT "G" - Supplemental SDPC (Student Data Privacy Consortium) State Terms for Illinois

Version IL-NDPAv1.0a (Revised March 15, 2021)

This **Exhibit G**, Supplemental SDPC State Terms for Illinois ("Supplemental State Terms"), effective simultaneously with the attached Student Data Privacy Agreement ("DPA") by and between
Mount Vernon City Schools, District 80

_____ (the "Local Education Agency" or "LEA") and _____ Education.com _____ (the "Provider"), is incorporated in the attached DPA and amends the DPA (and all supplemental terms and conditions and policies applicable to the DPA) as follows:

1. **Compliance with Illinois Privacy Laws.** In performing its obligations under the Agreement, the Provider shall comply with all Illinois laws and regulations pertaining to student data privacy, confidentiality, and maintenance, including but not limited to the Illinois School Student Records Act ("ISSRA"), 105 ILCS 10/, Mental Health and Developmental Disabilities Confidentiality Act ("MHDDCA"), 740 ILCS 110/, Student Online Personal Protection Act ("SOPPA"), 105 ILCS 85/, Identity Protection Act ("IPA"), 5 ILCS 179/, and Personal Information Protection Act ("PIPA"), 815 ILCS 530/, and Local Records Act ("LRA"), 50 ILCS 205/.

2. **Definition of "Student Data."** In addition to the definition set forth in **Exhibit C**, Student Data includes any and all information concerning a student by which a student may be individually identified under applicable Illinois law and regulations, including but not limited to (a) "covered information," as defined in Section 5 of SOPPA (105 ILCS 85/5), (b) "school student records" as that term is defined in Section 2 of ISSRA (105 ILCS 10/2(d)) (c) "records" as that term is defined under Section 110/2 of the MHDDCA (740 ILCS 110/2), and (d) "personal information" as defined in Section 530/5 of PIPA.

3. **School Official Designation.** Pursuant to Article I, Paragraph 1 of the DPA Standard Clauses, and in accordance with FERPA, ISSRA and SOPPA, in performing its obligations under the DPA, the Provider is acting as a school official with legitimate educational interest; is performing an institutional service or function for which the LEA would otherwise use its own employees; is under the direct control of the LEA with respect to the use and maintenance of Student Data; and is using Student Data only for an authorized purpose and in furtherance of such legitimate educational interest.

4. **Limitations on Re-Disclosure.** The Provider shall not re-disclose Student Data to any other party or affiliate without the express written permission of the LEA or pursuant to court order, unless such disclosure is otherwise permitted under SOPPA, ISSRA, FERPA, and MHDDCA. Provider will not sell or rent Student Data. In the event another party, including law enforcement or a government entity, contacts the Provider with a request or subpoena for Student Data in the possession of the Provider, the Provider shall redirect the other party to seek the data directly from the LEA. In the event the Provider is compelled to produce Student Data to another party in compliance with a court order, Provider shall notify the LEA at least five (5) school days in advance of the court ordered disclosure and, upon request, provide the LEA with a copy of the court order requiring such disclosure.

5. **Notices.** Any notice delivered pursuant to the DPA shall be deemed effective, as applicable, upon receipt as evidenced by the date of transmission indicated on the transmission material, if by e-mail; or four (4) days after mailing, if by first-class mail, postage prepaid.

6. **Parent Right to Access and Challenge Student Data.** The LEA shall establish reasonable procedures pursuant to which a parent, as that term is defined in 105 ILCS 10/2(g), may inspect and/or

copy Student Data and/or challenge the accuracy, relevance or propriety of Student Data, pursuant to Sections 5 and 7 of ISSRA (105 ILCS 10/5; 105 ILCS 10/7) and Section 33 of SOPPA (105 ILCS 85/33). The Provider shall respond to any request by the LEA for Student Data in the possession of the Provider when Provider cooperation is required to afford a parent an opportunity to inspect and/or copy the Student Data, no later than 5 business days from the date of the request. In the event that a parent contacts the Provider directly to inspect and/or copy Student Data, the Provider shall refer the parent to the LEA, which shall follow the necessary and proper procedures regarding the requested Student Data.

7. Corrections to Factual Inaccuracies. In the event that the LEA determines that the Provider is maintaining Student Data that contains a factual inaccuracy, and Provider cooperation is required in order to make a correction, the LEA shall notify the Provider of the factual inaccuracy and the correction to be made. No later than 90 calendar days after receiving the notice of the factual inaccuracy, the Provider shall correct the factual inaccuracy and shall provide written confirmation of the correction to the LEA.

8. Security Standards. The Provider shall implement and maintain commercially reasonable security procedures and practices that otherwise meet or exceed industry standards designed to protect Student Data from unauthorized access, destruction, use, modification, or disclosure, including but not limited to the unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of the Student Data (a "Security Breach"). For purposes of the DPA and this Exhibit G, "Security Breach" does not include the good faith acquisition of Student Data by an employee or agent of the Provider or LEA for a legitimate educational or administrative purpose of the Provider or LEA, so long as the Student Data is used solely for purposes permitted by SOPPA and other applicable law, and so long as the Student Data is restricted from further unauthorized disclosure.

9. Security Breach Notification. In addition to the information enumerated in Article V, Section 4(1) of the DPA Standard Clauses, any Security Breach notification provided by the Provider to the LEA shall include:

- a. A list of the students whose Student Data was involved in or is reasonably believed to have been involved in the breach, if known; and
- b. The name and contact information for an employee of the Provider whom parents may contact to inquire about the breach.

10. Reimbursement of Expenses Associated with Security Breach. In the event of a Security Breach that is attributable to the Provider, the Provider shall reimburse and indemnify the LEA for any and all costs and expenses that the LEA incurs in investigating and remediating the Security Breach, without regard to any limitation of liability provision otherwise agreed to between Provider and LEA, including but not limited to costs and expenses associated with:

- a. Providing notification to the parents of those students whose Student Data was compromised and regulatory agencies or other entities as required by law or contract;
- b. Providing credit monitoring to those students whose Student Data was exposed in a manner during the Security Breach that a reasonable person would believe may impact the student's credit or financial security;
- c. Legal fees, audit costs, fines, and any other fees or damages imposed against the LEA

as a result of the security breach; and

- d. Providing any other notifications or fulfilling any other requirements adopted by the Illinois State Board of Education or under other State or federal laws.

11. Transfer or Deletion of Student Data. The Provider shall review, on an annual basis, whether the Student Data it has received pursuant to the DPA continues to be needed for the purpose(s) of the Service Agreement and this DPA. If any of the Student Data is no longer needed for purposes of the Service Agreement and this DPA, the Provider will provide written notice to the LEA as to what Student Data is no longer needed. The Provider will delete or transfer Student Data in readable form to the LEA, as directed by the LEA (which may be effectuated through Exhibit D of the DPA), within 30 calendar days if the LEA requests deletion or transfer of the Student Data and shall provide written confirmation to the LEA of such deletion or transfer. Upon termination of the Service Agreement between the Provider and LEA, Provider shall conduct a final review of Student Data within 60 calendar days.

If the LEA receives a request from a parent, as that term is defined in 105 ILCS 10/2(g), that Student Data being held by the Provider be deleted, the LEA shall determine whether the requested deletion would violate State and/or federal records laws. In the event such deletion would not violate State or federal records laws, the LEA shall forward the request for deletion to the Provider. The Provider shall comply with the request and delete the Student Data within a reasonable time period after receiving the request.

Any provision of Student Data to the LEA from the Provider shall be transmitted in a format readable by the LEA.

12. Public Posting of DPA. Pursuant to SOPPA, the LEA shall publish on its website a copy of the DPA between the Provider and the LEA, including this Exhibit G.

13. Subcontractors. By no later than (5) business days after the date of execution of the DPA, the Provider shall provide the LEA with a list of any subcontractors to whom Student Data may be disclosed or a link to a page on the Provider's website that clearly lists any and all subcontractors to whom Student Data may be disclosed. This list shall, at a minimum, be updated and provided to the LEA by the beginning of each fiscal year (July 1) and at the beginning of each calendar year (January 1).

14. DPA Term.

- a. **Original DPA.** Paragraph 4 on page 2 of the DPA setting a three-year term for the DPA shall be deleted, and the following shall be inserted in lieu thereof: "This DPA shall be effective upon the date of signature by Provider and LEA, and shall remain in effect as between Provider and LEA 1) for so long as the Services are being provided to the LEA or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first. The Exhibit E General Offer will expire three (3) years from the date the original DPA was signed."
- b. **General Offer DPA.** The following shall be inserted as a new second sentence in Paragraph 1 of Exhibit E: "The provisions of the original DPA offered by Provider and accepted by Subscribing LEA pursuant to this Exhibit E shall remain in effect as between Provider and Subscribing LEA 1) for so long as the Services are being provided to Subscribing LEA, or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first."

15. **Termination.** Paragraph 1 of Article VII shall be deleted, and the following shall be inserted in lieu thereof: "In the event either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or been terminated. One party may terminate this DPA upon a material breach of this DPA by the other party. Upon termination of the DPA, the Service Agreement shall terminate."
16. **Privacy Policy.** The Provider must publicly disclose material information about its collection, use, and disclosure of Student Data, including, but not limited to, publishing a terms of service agreement, privacy policy, or similar document.
17. **Minimum Data Necessary Shared.** The Provider attests that the Student Data request by the Provider from the LEA in order for the LEA to access the Provider's products and/or services is limited to the Student Data that is adequate, relevant, and limited to what is necessary in relation to the K-12 school purposes for which it is processed.
18. **Student and Parent Access.** Access by students or parents/guardians to the Provider's programs or services governed by the DPA or to any Student Data stored by Provider shall not be conditioned upon agreement by the parents/guardians to waive any of the student data confidentiality restrictions or a lessening of any of the confidentiality or privacy requirements contained in this DPA.
19. **Data Storage.** Provider shall store all Student Data shared under the DPA within the United States.
20. **Exhibits A and B.** The Services described in Exhibit A and the Schedule of Data in Exhibit B to the DPA satisfy the requirements in SOPPA to include a statement of the product or service being provided to the school by the Provider and a listing of the categories or types of covered information to be provided to the Provider, respectively.

This procedure shall be reviewed, and to the extent necessary, updated any time the procedure changes, any time the regulatory requirements on Student PII are revised, any time Ed.com's

¹ Student PII covers any information directly related to a student, including, but not limited to, information in the student's educational record or email, first and last name, home address, telephone number, email address, IP address, device ID, or other information that allows physical or online contact, discipline records, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security number, biometric information, disabilities, socioeconomic information, food purchases, political affiliations, religious information, text messages, documents, student identifiers, search activity, photos, voice recordings, or geolocation information.

internal collection, protection, use, sharing, or disposal of Student PII changes, or minimally on an annual basis.

1.4 Student Data Privacy Training

The designated individual responsible for this document maintenance will conduct the training sessions summarized below.

Training Type	Applicability
Training for initial process rollout	Within 30 days of the process rollout, the designated employees who have access to Student PII will receive training on: <ul style="list-style-type: none"> • This Procedure • The steps for handling Student PII in accordance with this Procedure and Student Privacy Laws. • The protocol required for handling and reporting a data breach.
Refresher Training	On an annual basis, the same designated employees will receive refresher training.
Training or Communication when process changes	If the change to this process is minor (e.g. changes to a minor step of the process), the designated employees receive written notifications of the specific changes. However, if the change is major (e.g. a significant change in the process flow or regulatory requirements), the employees will receive formal training.

2. Protection and Access of Student PII

2.1 Types of Student PII We Collect

Our education platform provides users insights and feedback about their students' progress and performance. In order to do this, Ed.com collects school name, teacher's name (if applicable), group name (optional), and student name. Ed.com tracks metrics associated with students' usage and performance of our digital content, including: games, songs, stories, exercises, and digital worksheets.

Additionally, for the purposes of tracking the expiration date of a school contract in order to carry out the anonymization or deletion of Student PII, we track a unique school district email domain and the email address associated with the original purchase order for that contract. Details on this tracking process is outlined in Appendix 1.

2.2 Data encryption of Student PII

Data is encrypted both at rest and in transit. To protect the data that we collect and store, Edcom uses an encrypted database using the AES256 (Advanced Encryption Standard) technology. Data in transit is encrypted with SSL/TLS encryption.

3. Employees with Access to Student PII

At Edcom access to Student PII is limited to:

Employees in our Engineering team who need access in order to maintain our databases and compute the student progress data.

Two Customer Success (CS) leads, one primary and one back-up, who are dedicated to school account support. These CS leads will have access to and review Student PII if a school sends in a request for access, correction, anonymization, or deletion of Student PII and/or student performance scores.

Our School Sales Account Managers (AM) also have access to PII in order to:

- a. Assist a School with the initial setup of its teacher accounts when needed. As part of this process, our AMs would need to impersonate the teachers and might see the teacher and Student PII.
- b. Check usage in a school account before calling our current clients to discuss renewing and growing the school account.

4. Protocol for Handling Student PII

4.1 Usage and Sharing of Student PII

Edcom only collects and stores Student PII in order to provide a means for our clients to track the performance progress of their students. We do not sell the Student PII nor use it for any behavioral/targeted advertisements.

Additionally, we do not share Student PII with any other parties without prior written consent from the School, parents, or students over 18-years old - unless disclosure is required by law or compelled by valid court order.

4.2 Updating Data Errors

If there are recording errors in student performance progress, we have a process in place where a School can contact us at schoolsupport@education.com with the correction request. Our authorized CS leads will receive the request, and [upon verification] they will forward it to our Engineering team to manually override the progress results with the correct values. The final step of this inquiry process will be a communication from our designated CS leads to the School that the updates have been completed.

4.3 Retention, Anonymization, and Deletion of Student PII

3.3.1 Retention and Management of Student PII

Ed.com does not retain Student PII beyond the time period required to support the authorized educational purposes. As such, when a school contract expires, we delete or anonymize the relevant Student PII either within 90-days after the contract's expiration or within the time period specified in the contract - whichever is the shorter length.

To ensure that Student PII is anonymized or deleted after a School contract expires, our CS team works closely with the School Sales and Accounting teams to keep track of the expiration dates for our School contracts and the specific Student PII deletion/anonymization deadline.

3.3.2 Student PII Anonymization and Deletion Procedure

The School's request for removal of Student PII will be completed by the deadline specified in the contract or 90 days after the contract expires - whichever is shorter. Our CS designated team members will manage this process by submitting Student PII removal requests to our Engineering team a week prior to the deadline. Once the request is complete, CS will communicate to the School representatives (i.e., the representative who works with Edcom on the signed data privacy agreement and the school license admin) in writing that the request has been completed.

There are two ways to remove Student PII: either through anonymizing the Student PII or deleting all Student PII. If the School does not have a preference whether to anonymize or delete Student PII, Ed.com will anonymize the Student PII. Appendix 1 in this document outlines the detailed process for the anonymization and deletion procedure.

3.3.4 Providing Student Data Prior to Anonymization or Deletion

Prior to anonymizing or deleting Student PII, CS will notify the School representatives of the amount of time they will have to request a download of their Student PII via our schoolsupport@education.com email address (based on the applicable deletion/anonymization deadline). To be compliant with this procedure, Ed.com will anonymize or delete Student PII for expired School contracts by the deadline.

4.4 Data Breach Notification

In the event of a data breach where Student PII is exposed, employees on Ed.com's CS and Engineering teams will work together to notify the Schools without delay of the security breach incident and next steps, consistent with any applicable agreement and Student Privacy Laws. Additionally, Ed.com will also take the necessary actions as outlined in our [Incident Response Plan](#).

Appendices

Appendix 1. Detailed Anonymization and Deletion Process

The procedure below details the end-to-end process of Edcom receiving and signing the Student Data Privacy Procedure, tracking School contract expiration dates, and executing the anonymization and deletion of Student PII by the specified deadline or within 90-days of the contract's expiration.

Signing of Student Data Privacy Pledge

1. A potential School sends our School Sales and/or CS teams a student data privacy pledge/agreement to sign before the school will consider moving on to the contract stage with us.
2. The agreement will be sent to IXL counsel and request a legal review of the document.
3. Once legal review is done, the IXL counsel will:
 - a. Forward the agreement to IXL CEO to sign via Adobe sign, and
 - b. Email the signed agreement to the Education.com CS and Account teams (accounting@education.com and schoolsupport@education.com).
4. The School Sales team responds to this email thread and provides: a district email domain and the email address from which the request came from. This email domain will then be used by the CS team in Step 5 below.

Tracking Contract Expiration and Data Privacy Pledge

5. The CS team is responsible for maintaining and documenting in a spreadsheet the Schools, their associated data privacy agreements, and purchase orders (POs). Information captured in the spreadsheet will include but are not limited to:
 - a. School name
 - b. The US state for which the school is a part of
 - c. Date the pledge or Privacy agreement was signed
 - d. Email address of the person requesting the Privacy agreement
 - e. Email address of the School License Admin/owner
 - f. Invoice number or order number.
 - g. License expiry date
6. To keep track of the School contract's expiration date, we take the following actions:
 - a. CS and Accounting will work together to pull a report of all school purchases for the last 30 days. This report will have information about each school order as well as the district email domain.

- b. School Sales performs an audit at the beginning of each month comparing any new POs with any newly signed privacy agreement.
 - c. Accounting will do a similar audit by comparing the CS-maintained spreadsheet in Step 5 with the records that Accounting and School Sales has regarding new schools that have a signed data privacy pledge and placed an order with Edcom within the last 60 days.
 - d. If there's a discrepancy between the CS spreadsheet records and those from Accounting and School Sales, Accounting and School Sales shall work with CS to reconcile the differences. For example, if through this audit School Sales has more new schools with data privacy agreements than what were tracked in the CS spreadsheet, then CS will add the missing school records into their document.
7. CS is responsible for tracking which school contract will expire via their spreadsheet.

Anonymization or Deletion of Student PII

8. Once a contract expires, depending on the date of the Student PII removal deadline, CS will email the School representatives (the one who works with Ed.com on the signed data privacy agreement and the school license admin) to:
 - a. Inform them that Student PII will be anonymized or deleted based on the method specified in the contract (or anonymized if the contract does not specify a preference) by the deadline in the contract or 90 days post contract expiration.
 - b. Inquire if the School wants to have a soft copy download of their student data records before the anonymizing/deletion period. If yes, CS works with our engineering team to fulfill this request.
- PII Anonymizing Process:
 - To anonymize, our Engineering team will need to delete the **student names** and **groups** (i.e. a meta way of organizing collections of students based on the teacher's preference).
 - As a side note, while Ed.com does collect IP address, once the student PII is anonymized, it isn't possible to trace the IP back to a particular student. That is, the IP would also become anonymized.
 - **PII Deletion Process:** This process entails the deletion of all Student PII - names, groups, performance, and progress data.

9. Once step 8 above has been addressed, CS submits a Student PII anonymization or deletion request to Engineering.
10. Once engineering confirms that the request is complete, CS will then contact the School representatives in writing that the Student PII data has been removed.
