EXHIBIT B – “OTHER”

What Type Of Information Do We Collect And Why?

BrainPOP At Schools:

Whether engaging with BrainPOP through a free trial or a paid subscription, schools or districts are required to appoint an administrator (“Administrator”), who is authorized by the school or the district to be responsible for the Students Records.

Each school or district Administrator has access to a dashboard that allows them to create, update, review, modify and delete individual accounts, and monitor logins within the individual accounts.

To create the teacher accounts, we require a full name, email address, class name, and a password security question. We also use the email address to send product updates and use recommendations, password recovery information, effectiveness and efficacy data, invitations to participate in surveys and research and more (messaging may not be available in all jurisdictions). An unsubscribe option is included in promotional messaging.

If a school or district uses and accesses individual accounts through any of the single sign on services that we support, we collect the information we use for the individual accounts function from the third party integrated service.

Students:

Students accounts can be created by the school, the district, or by the teachers, or the teacher can invite the students to create the accounts using a class code provided by the teacher. We collect students’ full name, class, graduation year/grade, username, password and security question(s). Students will be able to store their activities, quizzes, movies and other projects they’ve created and correspondences with their teachers within their individual accounts. We collect student’s voice-recording if they use the recording feature in Make-a-Movie®

2. **Definition of "Student Data."** In addition to the definition set forth in **Exhibit C**, Student Data includes any and all "covered information," as that term is defined in Section 5 of SOPPA (105 ILCS 85/5), and Student Data shall constitute "school student records" as that term is defined in Section 2 of ISSRA (105 ILCS 10/2(d)).

3. **School Official Designation.** Pursuant to Article I, Paragraph 1 of the DPA Standard Clauses, and in accordance with FERPA, ISSRA and SOPPA, in performing its obligations under the DPA, the Provider is acting as a school official with legitimate educational interest; is performing an institutional service or function for which the LEA would otherwise use its own employees; is under the direct control of the LEA with respect to the use and maintenance of Student Data; and is using Student Data only for an authorized purpose.

4. **Limitations on Re-Disclosure.** The Provider shall not re-disclose Student Data to any Third Party or affiliate without the express written permission of the LEA or pursuant to court order, unless such disclosure is otherwise permitted under SOPPA, ISSRA, FERPA, and MHDDCA. In the event a Third Party, including law enforcement or a government entity, contacts the Provider with a request or subpoena for Student Data in the possession of the Provider, the Provider shall redirect the Third Party to seek the data directly from the LEA. In the event the Provider is compelled to produce Student Data to a Third Party in compliance with a court order, Provider shall notify the LEA at least five (5) school days in advance of the court ordered disclosure and, upon request, provide the LEA with a copy of the court order requiring such disclosure.

7. **Corrections to Factual Inaccuracies.** In the event that the LEA determines that the Provider is maintaining Student Data that contains a factual inaccuracy, the LEA shall notify the Provider of the factual inaccuracy and the correction to be made. 8. **Security Standards.** The Provider shall implement and maintain commercially reasonable security procedures and practices that otherwise meet or exceed industry standards designed to protect Student Data from unauthorized access, destruction, use, modification, or disclosure, including but not limited to the unauthorized acquisition of computerized data that compromises the security, confidentiality, or integrity of the Student Data (a “Security Breach”). For purposes of the DPA and this **Exhibit G**, “Security Breach” does not include the good faith acquisition of Student Data by an employee or agent of the Provider or LEA for a legitimate purpose of the Provider or LEA, so long as the Student Data is used solely for purposes permitted by SOPPA and other applicable law, and so long as the Student Data is restricted from further unauthorized disclosure.

11. **Transfer or Deletion of Student Data.** The Provider shall review, on an annual basis, whether the Student Data it has received pursuant to the DPA continues to be needed for the purpose(s) of the DPA. If any of the Student Data is no longer needed for purposes of the DPA, the Provider or LEA must delete such unnecessary Student Data or transfer to the LEA such unnecessary Student Data. The Provider shall effectuate such transfer or deletion of Student Data and provide written confirmation of said transfer or deletion to the LEA within thirty (30) calendar days of the operator becoming aware that the Student Data is no longer needed for purposes of the DPA.

If the LEA receives a request from a parent, as that term is defined in 105 ILCS 10/2(g), that Student Data being held by the Provider be deleted, the LEA shall determine whether the requested deletion would violate State and/or federal records laws. In the event such deletion would not violate State or federal records laws, the LEA shall forward the request for deletion to the Provider.
