Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction**. THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
7. **Successors Bound**: This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
8. **Authority**. Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver**. No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

### Education Providers and the Family Educational Rights and Privacy Act (FERPA)

If you are an Education Provider (as defined below) who will be using Products with Students in connection with your educational institution, district or class located or based in the United States, Student Data provided or generated through your or your Students’ use of Products may be subject to the U.S. Family Educational Rights and Privacy Act (“FERPA”), which may require educational institutions and school districts to obtain parental consent before disclosing Student Data outside of the educational institution. For that reason:

1. You represent and warrant that: (1) you are authorized to act on behalf of, or have permission from, your educational institution or school district to enter into this Agreement and to use the Products with your Students, (2) if at any point in time you are no longer authorized to act on behalf of your educational institution or school district, you will remove any student material from any account you have access to in connection with Products and close any account for Products used by you solely as an Education Provider, and if you are unable to take these actions on your own, contact zSpace for assistance, (3) before you enroll, sign up or permit any Student to use Products, you, your educational institution, or your district will obtain any consents required under applicable law to be provided by a Student or the Student’s parent or legal guardian consenting to the Student’s use of Products made available to the Student by the Education Provider, and (4) you will not provide to zSpace Student Data of any Student . Notwithstanding the foregoing, when using Products, you may provide Student Data of a Student, if you first obtain a signed and dated consent form that is voluntarily provided by the Student’s parent or legal guardian.
2. zSpace agrees that: (1) to the extent that Education Providers subject to FERPA provide zSpace with Student Data, zSpace will be considered a "school official" (as that term is used in FERPA and its implementing regulations), (2) it will comply, within a reasonable time frame, with your requests to review, modify, de-identify or delete any Student Data that zSpace maintains about your Student, and (3) it will not maintain, use, or disclose Student Data except as set forth herein and in the [zSpace Privacy Statement](#), as authorized by you or permitted or required by applicable law or a judicial order.

## Application Data Collection

### Application Technology Meta Data / Other application technology meta data

zSpace collects analytics as a means of providing our customers with usage data so they are better informed regarding how zSpace plays a role in their educational community. These analytics contain no student or PII. They contain only machine information and date/time information to provide analytics data such as: total usage, usage by application, average session time, etc.

We take every reasonably available precaution to protect our users' information. zSpace restricts access to all of our users' information. Only employees who need access to users' information to perform a specific job are granted access to this information. Furthermore, all employees are kept up-to-date on our security and privacy practices.

Should on-line access be necessary, zSpace utilizes Amazon Cognito for authentication to our web properties which is HIPAA eligible and PCI DSS, SOC II, and ISO/IEC 27001, ISO/IEC 27017, ISO/IEC 27018, and ISO 9001 compliant. You can see more details here - <https://aws.amazon.com/cognito/>. Our internal information servers are SOC II Type 2 certified.

### Student Name / First and/or Last

"Some zSpace applications may request a student to enter his/her first and/or last name as part of submitting an assignment or activity to the teacher. However, these submissions are not cloud based and never leave the local LEA and are never used by zSpace. They are used only by the teacher to identify the student (or group of students) that submitted the activity".

### Student work / Student generated content; writing, pictures, etc.

"Some zSpace applications may request that a student submit an assignment or activity to the teacher. In this case, that assignment will contain student generated content in the form of written answers, explanations, etc. It may also contain pictures taken through the application so a student can provide a graphical representation of his/her findings. However, these submissions are not cloud based and never leave the local LEA systems and are never used by zSpace. They are used only by the teacher to evaluate the student's activity progress and/or findings".

### Other

"While zSpace does not directly request any PII (unless noted above), some zSpace applications allow the student to enter free-form text as part of providing answers or findings. In this case, while there is no reason for the student to enter any PII, it is possible they could include personal information as part of those entries. However, any student provided data is not cloud based and never leaves the local LEA systems and is never used by zSpace".

To Whom It May Concern:

This document addresses how zSpace technology and software is used.

The zSpace hardware systems come pre-loaded with Windows 10 and the learning software applications. You can see the specifics on the technical specifications for our systems at these links.

zSpace applications are run from code installed on the systems and only require an internet connection to update and license the pre-installed applications and the operating system, as well as add any software in the future that might be purchased that was not previously installed.

**zSpace does not collect any student information or utilize student logins. Further information on data collection from zSpace applications is in the attached “Applications Data Collection Statement”.**

We do provide a web site (go.zspace.com) and associated local web service (running on the local system not in the cloud) to facilitate launching local applications previously installed on the system. This site does not provide login capabilities or collect any information beyond standard website usage analytics. This site (go.zspace.com) is provided as a convenience to facilitate teachers and students finding the zSpace content located on the local machines. We do provide the user of the site an ability to click on an emoji letting us know if they enjoyed the experience, but it is not required and is of course anonymous since we do not ask for or retrieve any student information. Using go.zspace.com is not required to launch or use the applications. This article provides some more information.

## Overview of zSpace Applications and PII

---

Like most companies, zSpace provides a website targeting both buyers and customers. This site, [www.zspace.com](http://www.zspace.com), is not intended for or marketed for student use. We also maintain social media accounts that are used for marketing and customer communication. No social media is required or intended to be used by students. The website terms and conditions, located at [zspace.com](http://zspace.com), reflect the usage of the site as described above. This customer site, [zspace.com](http://zspace.com), does have the ability for a teacher/customer to create a login to facilitate usage of our customer forums and online learning platform. Again, the forum and online learning is ONLY for teachers/customers and not for any students.

Regarding third party links, collection of information, surveys and social media, our teacher community, and marketing site, [zspace.com](http://zspace.com), like other education companies (e.g. <https://www.mheducation.com/terms-use.html>) these terms do not apply to the use of our educational or instructional products or services, which are governed under our software licensing terms (<https://zspace.com/legal/end-user-license-agreements>). We do not collect any student account information and therefore have no ability to contact students. We do communicate with our teacher/customer community that have decided to register on [zspace.com](http://zspace.com), using HubSpot email automation and automated survey tools to collect feedback. It is optional for teachers/customers to provide feedback and they can opt out at any time.

We welcome the opportunity to address any questions or concerns.

Sincerely,

zSpace, Inc.
