EDUCATIONAL SERVICES

Daniel T. White
District Superintendent

Lisa N. Ryan
Assistant Superintendent for Finance & Operations

TO: Members of the Board of Education
Mr. Daniel White

FROM: Lisa N. Ryan 

SUBJECT: Contract Approvals

DATE: July 25, 2023

The purpose of this memo is to request that at our August 3, 2023, Board of Education meeting the Board adopt a resolution to approve the following contracts:

- Cisco – Regional Information Center – per attached
- Informed - Regional Information Center – per attached
- Securly Inc.- Regional Information Center – per attached
- Instructure - Regional Information Center – per attached
- Employee Assistance Group – Human Resources - per attached
- Genesee Community College ACE Program – Eastern Monroe Career Center – per attached

Should you have any questions please contact me prior to our August 33 meeting. Thank you.

SECURLY INC AND MONROE 1 BOCES

AGREEMENT

AGREEMENT made as of May 9, 2023 by, between, and among Securly, Inc., having its offices at 5600 77 Center Drive, Suite 350 Charlotte, NC 28217 (hereinafter referred to as "Securly, Inc."), and The Monroe One Educational Services 41 O'Connor Road, Fairport, New York, 14450 (hereinafter referred to as "Monroe 1 BOCES"). Securly, Inc. enters this Agreement as an independent contractor and will remain as an independent contractor throughout the term of this agreement. Securly, Inc. employees shall not be entitled to any rights, payments or benefits afforded to the employees of Monroe 1 BOCES or participating school districts.

1. Scope. Securly, Inc. and Monroe 1 BOCES enter into affiliation solely for the purpose of offering school districts Securly, Inc.'s e-hallpass, a digital hall pass software service. Through the affiliation, BOCES and/or participating school districts will be able to select services that they receive based on their individual/respective needs. Securly, Inc. will provide ongoing support and assistance to BOCES and/or participating school districts during the term of this Agreement.

2. Terms and Termination. This Agreement shall begin on July 1, 2023 and terminate on June 30, 2024; however, either of the parties may terminate this Agreement at any time and for any reason upon thirty (30) days' prior written notice to the other party. Participating school districts may elect to opt in or out of utilizing Securly, Inc.'s product and/or services at any time during the term of this Agreement.

3. Renewal. The parties may renew this Agreement by written mutual agreement sixty (60) days' prior to the end of the term.

4. Fees. The fees for services selected by BOCES and/or participating school districts during the term of this Agreement are as follows:

E-hallpass: \$3.00/license for a 1 year term
Multi-year terms may qualify for multi-year discounts

BOCES and/or participating school districts will be invoiced for the services selected. In the event of early termination of services by a participating school district, Securly, Inc. will reimburse the fees to BOCES and/or the participating school district on a *pro rata* monthly basis.

5. Indemnification. Each party agrees to indemnify and hold each other and each of their officers, directors, employees agents and assigns, harmless from and against all claims, causes of action, damages, liabilities, fines, costs and expenses (including reasonable attorneys' fees) that may arise from the violation of the terms of this Agreement, violation of any applicable laws, infringement of third party proprietary and/or intellectual property rights, libel, slander and other torts including with respect to personal injury, property damage and death arising from the negligent or willfully wrongful acts or omissions of its employees, third-party vendors, contractors, subcontractors or agents, in connection with the services provided in connection with this Agreement.

6. Cooperation. The parties agree to cooperate with each other in connection with any internal investigations by Securly, Inc. or Monroe 1 BOCES of possible violation of their respective policies and procedures and any third party litigation.

7. Confidentiality. Securly, Inc. agrees that any and all data obtained from Monroe 1 BOCES and/or a participating school district shall be used expressly and solely for the purposes enumerated in this Agreement. Monroe 1 BOCES data and participating school district data shall not be distributed, used, or shared for any other purpose. Securly, Inc. shall not sell, transfer, share or process any Monroe 1 BOCES data or participating school district data for any purpose other than those under this Agreement, including commercial advertising, marketing, or any other commercial purpose. Securly, Inc. will comply with the terms and conditions set forth in the Education Law Section 2-d Contract Addendum, which is attached hereto as Appendix A and is incorporated by reference as if fully set forth herein. Securly, Inc. shall comply with all applicable laws, rules and regulations, including, but not limited to the Family Educational Rights and Privacy Act and New York Education Law Section 2-d and its implementing regulations.

8. Independent Contractor: This Agreement does not create an employee/employer relationship between the parties or between Securly, Inc. and any participating school district. Securly, Inc. will be an independent contractor and not a Monroe 1 BOCES or school district employee for any purpose whatsoever. No Securly, Inc. employee shall be entitled to any payment or benefit from Monroe 1 BOCES or a participating school district.

9. Non-Discrimination and Legal Compliance. Securly, Inc. agrees that it will not discriminate against anyone with respect to the provision of services hereunder on the grounds of race, religion, creed, color, national origin, gender, sexual orientation, disability, marital status, veteran status or other protected category. In providing the services pursuant to this Agreement, Securly, Inc. will comply with all applicable laws, rules and regulations.

11. Jurisdiction. This Agreement shall be governed by the laws of the State of New York. Litigation of all disputes between the parties arising from or in connection with this Agreement shall be conducted in a court of appropriate jurisdiction in the State of New York, County of Monroe, New York.

12. Insurance. Each party hereby agrees to obtain and thereafter maintain in full force and effect during the term of this Agreement general liability insurance with limits not less than \$1,000,000 per occurrence and \$2,000,000 annual aggregate.

13. Order of Interpretation and Control. In the event of a conflict between this Agreement, the Education Law Section 2-d Contract Addendum (Appendix A), or any other document, the Education Law Section 2-d Contract Addendum (Appendix A) shall control, and then this Agreement. Securly, Inc. shall not include any term in any such form or format that contradicts the terms to which it has agreed in this Agreement or with Education Law Section 2-d.

14. Notices. All notices to Securly, Inc. and Monroe 1 BOCES in connection with this Agreement shall be sent to:

Michaelann Carlin
Director of Revenue Operations
Securly, Inc.
5600 77 Center Drive, Suite 350
Charlotte, NC 28217

All notices to Monroe 1 BOCES in connection with this Agreement shall be sent to:

Lisa N. Ryan
Assistant Superintendent for Finance & Operations

Monroe 1 BOCES
41 O'Connor Road
Fairport, NY 14450

15. **Entire Agreement.** This Agreement and Appendix A constitute the entire agreement between the parties.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the day and year first above written.

Securly, Inc., Inc.

THE MONROE 1 BOARD OF COOPERATIVE
EDUCATIONAL SERVICES

By:  _____

Daniel T. White

District Superintendent

Appendix A

Compliance With New York State Education Law Section 2-d Addendum ("Addendum")

The parties to this Agreement are the Monroe 1 Board of Cooperative Educational Services ("BOCES") and Securly, Inc., Inc. ("Vendor"). BOCES is an educational agency, as that term is used in Section 2-d of the New York State Education Law ("Section 2-d") and its implementing regulations, and Vendor is a third party contractor, as that term is used in Section 2-d and its implementing regulations. BOCES and Vendor have entered into this Agreement to conform to the requirements of Section 2-d and its implementing regulations. To the extent that any term of any other agreement or document conflicts with the terms of this Agreement, the terms of this Agreement shall apply and be given effect.

Definitions

As used in this Agreement and related documents, the following terms shall have the following meanings: "Student Data" means personally identifiable information from student records that Vendor receives from an educational agency (including BOCES or a Participating School District) in connection with providing Services under this Agreement.

"Personally Identifiable Information" ("PII") as applied to Student Data, means personally identifiable information as defined in 34 CFR 99.3 implementing the Family Educational Rights and Privacy Act (FERPA), at 20 USC 1232g.

"Third Party Contractor," "Contractor" or "Vendor" means any person or entity, other than an educational agency, that receives Student Data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to such educational agency, including, but not limited to data management or storage services, conducting studies for or on behalf of such educational agency, or audit or evaluation of publicly funded programs.

"BOCES" means Monroe #1 Board of Cooperative Educational Services.

"Parent" means a parent, legal guardian, or person in parental relation to a student.

"Student" means any person attending or seeking to enroll in an educational agency.

"Eligible Student" means a student eighteen years or older.

"State-protected Data" means Student Data, as applicable to Vendor's product/service.

"Participating School District" means a public school district or board of cooperative educational services that obtains access to Vendor's product/service through a cooperative educational services agreement ("CoSer") with BOCES, or other entity that obtains access to Vendor's product/service through an agreement with BOCES, and also includes BOCES when it uses the Vendor's product/service to support its own educational programs or operations.

"Breach" means the unauthorized access, use, or disclosure of personally identifiable information.

"Commercial or marketing purpose" means the sale of PII; and the direct or indirect use or disclosure of State-protected Data to derive a profit, advertise, or develop, improve, or market products or services to students other than as may be expressly authorized by the parties in writing (the "Services").

"Disclose", "Disclosure," and "Release" mean to intentionally or unintentionally permit access to State-protected Data; and to intentionally or unintentionally release, transfer, or otherwise communicate State-protected Data to someone not authorized by contract, consent, or law to receive that State-protected Data.

Vendor Obligations and Agreements

Vendor agrees that it shall comply with the following obligations with respect to any student data received in connection with providing Services under this Agreement and any failure to fulfill one of these statutory or regulatory obligations shall be a breach of this Agreement. Vendor shall:

(a) limit internal access to education records only to those employees and subcontractors that are determined to have legitimate educational interests in accessing the data within the meaning of Section 2-d, its implementing regulations and FERPA (e.g., the individual needs access in order to fulfill his/her responsibilities in providing the contracted services);

(b) only use personally identifiable information for the explicit purpose authorized by the Agreement, and must/will not use it for any purpose other than that explicitly authorized in the Agreement or by the parties in writing;

(c) not disclose any personally identifiable information received from BOCES or a Participating School District to any other party who is not an authorized representative of the Vendor using the information to carry out Vendor's obligations under this Agreement, unless (i) if student PII, the Vendor or that other party has obtained the prior written consent of the parent or eligible student, or (ii) the disclosure is required by statute or court order, and notice of the disclosure is provided to the source of the information no later than the time of disclosure, unless such notice is expressly prohibited by the statute or court order;

(d) maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of the personally identifiable information in its custody;

(e) use encryption technology to protect data while in motion or in its custody (i.e., in rest) from unauthorized disclosure by rendering personally identifiable information unusable, unreadable, or indecipherable to unauthorized persons through the use of a technology or methodology specified or permitted by the Secretary of the United States department of health and human services in guidance issued under Section 13402(H)(2) of Public Law 111-5 using a technology or methodology specified or permitted by the secretary of the U.S.);

(f) not sell personally identifiable information received from BOCES or a Participating School District nor use or disclose it for any marketing or commercial purpose unless otherwise expressly authorized by the Services, or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so;

(g) notify the educational agency from which student data is received of any breach of security resulting in an unauthorized release of such data by Vendor or its assignees in violation of state or federal law, or of contractual obligations relating to data privacy and security in the most expedient way possible and without unreasonable delay, in compliance with New York law and regulation;

(h) reasonably cooperate with educational agencies and law enforcement to protect the integrity of investigations into any breach or unauthorized release of personally identifiable information by Vendor;

(i) adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework, Version 1.1, that are in substantial compliance with the BOCES data security and privacy policy, and that comply with Education Law Section 2-d, Part 121 of the Regulations of the Commissioner of Education and the Monroe #1 BOCES Parents' Bill of Rights for Data Privacy and Security, set forth below, as well as all applicable federal, state and local laws, rules and regulations;

(j) acknowledge and hereby agrees that the State-protected Data which Vendor receives or has access to pursuant to this Agreement may originate from several Participating School Districts located across New York State. Vendor acknowledges that the State-protected Data belongs to and is owned by the Participating School District or student from which it originates;

(k) acknowledge and hereby agrees that if Vendor has an online terms of service and/or Privacy Policy that may be applicable to its customers or users of its product/service, to the extent that any term of such online terms of service or Privacy Policy conflicts with applicable law or regulation, the terms of the applicable law or regulation shall apply;

(l) acknowledge and hereby agrees that Vendor shall promptly pay for or reimburse the educational agency for the full third party cost of a legally required breach notification to parents and eligible students due to the unauthorized release of student data caused by Vendor or its agent or assignee;

(m) ensure that employees, assignees and agents of Contractor who have access to student data, or teacher or principal data receive or will receive training on the federal and state laws governing confidentiality of such data prior to receiving access to such data; and

(n) ensure that any subcontractor that performs Contractor's obligations pursuant to the Agreement is legally bound by legally compliant data protection obligations imposed on the Contractor by law, the Agreement and this Agreement.

Monroe #1 BOCES Parents' Bill of Rights for Data Privacy and Security
<https://www.monroe.edu/domain/1478>

The Monroe #1 BOCES seeks to use current technology, including electronic storage, retrieval, and analysis of information about students' education experience in the BOCES, to enhance the opportunities for learning and to increase the efficiency of our operations.

The Monroe #1 BOCES seeks to ensure that parents have information about how the BOCES stores, retrieves, and uses information about students, and to meet all legal requirements for maintaining the privacy and security of protected student data and protected principal and teacher data, including Section 2-d of the New York State Education Law.

To further these goals, the BOCES has posted this Parents' Bill of Rights for Data Privacy and Security.

1. A student's personally identifiable information cannot be sold or released for any commercial purposes.
2. Parents have the right to inspect and review the complete contents of their child's education record. The procedures for exercising this right can be found in Student Records Policy 6320. (<https://www.monroe.edu/6320>)
3. State and federal laws protect the confidentiality of personally identifiable information, and safeguards associated with industry standards and best practices, including but not limited to, encryption, firewalls, and password protection, must be in place when data is stored or transferred.
4. A complete list of all student data elements collected by the State is available at <http://www.p12.nysed.gov/irs/sirs/documentation/NYSEDstudentData.xlsx> and a copy may be obtained by writing to the Office of Information & Reporting Services, New York State Education Department, Room 863 EBA, 89 Washington Avenue, Albany, New York 12234.
5. Parents have the right to have complaints about possible breaches of student data addressed. Complaints should be directed in writing, to:

Chief Privacy Officer
New York State Education Department
Room 863 EBA
89 Washington Avenue
Albany, New York 12234.

or

Monroe One Data Protection Officer
William Gregory
Monroe #1 BOCES
41 O'Connor Road
Fairport, NY 14450

Supplemental Information About Agreement Between Securly, Inc. and BOCES

- (a) The exclusive purposes for which the personally identifiable information provided by BOCES or a Participating School District will be used by Vendor is to provide Securly, Inc.'s [DETAIL EXCLUSIVE PURPOSES] to BOCES or other Participating School District pursuant to a BOCES Purchase Order.
- (b) Personally identifiable information received by Vendor, or by any assignee of Vendor, from BOCES or from a Participating School District shall not be sold or used for marketing purposes.

(c) Personally identifiable information received by Vendor, or by any assignee of Vendor shall not be shared with a sub-contractor except pursuant to a written contract that binds such a party to at least the same data protection and security requirements imposed on Vendor under this Agreement, as well as all applicable state and federal laws and regulations.

(d) The effective date of this Agreement shall be [DATE] and the Agreement shall remain in effect until [DATE], unless sooner by either party for any reason upon thirty (30) days' notice.

(e) Upon expiration or termination of the Agreement without a successor or renewal agreement in place, and upon request from BOCES or a Participating School District, Vendor shall transfer all educational agency data to the educational agency in a format agreed upon by the parties. Vendor shall thereafter securely delete all educational agency data remaining in the possession of Vendor or its assignees or subcontractors (including all hard copies, archived copies, electronic versions or electronic imaging of hard copies) as well as any and all educational agency data maintained on behalf of Vendor in secure data center facilities, other than any data that Vendor is required to maintain pursuant to law, regulation or audit requirements. Vendor shall ensure that no copy, summary or extract of the educational agency data or any related work papers are retained on any storage medium whatsoever by Vendor, its subcontractors or assignees, or the secure data center facilities unless Vendor is required to keep such data for legal, regulator, or audit purposes, in which case the data will be retained in compliance with the terms of this Agreement. To the extent that Vendor and/or its subcontractors or assignees may continue to be in possession of any de-identified data (data that has had all direct and indirect identifiers permanently removed with no possibility of reidentification), they each agree not to attempt to re-identify de-identified data and not to transfer de-identified data to any party. Upon request, Vendor and/or its subcontractors or assignees will provide a certification to the BOCES or Participating School District from an appropriate officer that the requirements of this paragraph have been satisfied in full.

(f) State and federal laws require educational agencies to establish processes for a parent or eligible student to challenge the accuracy of their student data. Third party contractors must cooperate with educational agencies in complying with the law. If a parent or eligible student submits a challenge to the accuracy of student data to the student's district of enrollment and the challenge is upheld, Vendor will cooperate with the educational agency to amend such data.

(g) Vendor shall store and maintain PII in electronic format on systems maintained by Vendor in a secure data center facility in the United States in accordance with its Privacy Policy, NIST Cybersecurity Framework, Version 1.1, and the BOCES data security and privacy policy, Education Law Section 2-d, Part 121 of the Regulations of the Commissioner of Education, and the Monroe #1 BOCES Parents' Bill of Rights for Data Privacy and Security, set forth above. Encryption technology will be utilized while data is in motion and at rest, as detailed above.

(h) A copy of Vendor's Data Privacy and Security Plan, which vendor affirms complies with 8 N.Y.C.R.R. 121.6 is attached hereto as **Attachment 1** and is incorporated herein by reference as if fully set forth herein.

ATTACHMENT 1 - CONTRACTOR S DATA PRIVACY AND SECURITY PLAN

CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	All data is encrypted both in transit and at rest and otherwise handled according to industry standard data privacy protection procedures. Data is stored only in secured AWS data centers in the USA. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
2	Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.	PII is accessed only by employees and subcontractors with a specific need, and PII is only used for supporting our software and its educational use purposes. We are signatories of the Student Privacy Pledge and a member of the Student Data Privacy Consortium. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
3	Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.	All employees and subcontractors are bound by written data privacy agreements and also receive regular periodic data privacy and security training. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
4	Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.	All employees and subcontractors are bound by written data privacy agreements and also receive regular periodic data privacy and security training. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
5	Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA.	We monitor all systems, both actively and passively, for unauthorized data disclosure or data breaches. We have a written Data Breach Incident Response Plan available upon request. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy

6	Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.	All data from within the software regarding student and staff usage is downloadable or exportable in industry standard file formats such as csv. User PII data can be stopped from sharing with us at any time depending on the method of data sharing elected by the district (e.g., Clever, ClassLink, etc.)
7	Describe your secure destruction practices and how certification will be provided to the EA.	Upon instruction from the district, any data that is no longer required for their use is deleted from the databases in the AWS data center using industry standard tools and procedures. No hard copies or other som copies of district data are retained subsequently.
8	Outline how your data security and privacy program/practices align with the EA's applicable policies.	All data is handled to be fully compliant with FERPA, COPPA, and all other relevant federal or state regulations. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
9	Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1 using the Framework chart below.	PLEASE USE TEMPLATE BELOW.

ATTACHMENT 1(A) – NIST CSF TABLE

The table below will aid the review of a Contractor's Data Privacy and Security Plan. Contractors should complete the Contractor Response sections in the table below to describe how their policies and practices align with each category in the Data Privacy and Security Plan template. To complete these 23 sections, a Contractor may: (i) Demonstrate alignment using the National Cybersecurity Review (NCSR) Maturity Scale of 1-7 ; (ii) Use a narrative to explain alignment (may reference its applicable policies); and/or (iii) Explain why a certain category may not apply to the transaction contemplated. Further informational references for each category can be found on the NIST website at <https://www.nist.gov/cyberframework/new-framework>. Please use additional pages if needed.

Function	Category	Contractor Response
IDENTIFY (ID)	Asset Management (IDAM): The data, personnel, devices, systems, and facilities that enable the organization to achieve business purposes are identified and managed consistent with their relative importance to organizational objectives and the organization's risk strategy.	Not applicable as we neither provide nor utilize our own hardware in the provision of our services. We rely on AWS secure data centers for all hardware related to the provision of our software and services.

Function	Category	Contractor Response
	Business Environment (ID.BE): The organization's mission, objectives, stakeholders, and activities are understood and prioritized; this information is used to inform cybersecurity roles, responsibilities, and risk management decisions.	Our organization is a single-focus provider of software-as-a-service to the education sector, which is its only function and purpose, so all business stakeholders and participants are aligned with this mission.
	Governance (ID.GV): The policies, procedures, and processes to manage and monitor the organization's regulatory, legal, risk, environmental, and operational requirements are understood and inform the management of cybersecurity risk.	Our organization is a signatory to the Student Privacy Pledge and a member of the Student Data Privacy Consortium, a nationwide advocacy group for the education sector. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
	Risk Assessment (ID.RA): The organization understands the cybersecurity risk to organizational operations (including mission, functions, image, or reputation), organizational assets, and individuals.	We conduct periodic risk assessments using both internal and external tools to ensure that we understand and mitigate all operational risks in our environment.
	Risk Management Strategy (ID.RM): The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support operational risk decisions.	We conduct periodic risk assessments using both internal and external tools to ensure that we understand and mitigate all operational risks in our environment.
	Supply Chain Risk Management (ID.SC): The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support risk decisions associated with managing supply chain risk. The organization has established and implemented the processes to identify, assess and manage supply chain risks.	Not applicable, as we do not provide or utilize our own hardware. We rely on AWS to manage supply chain risk as it pertains to their cloud infrastructure.
PROTECT (PR)	Identity Management, Authentication and Access Control (PR.AC): Access to physical and logical assets and associated facilities is limited to authorized users, processes, and devices, and is managed consistent with the assessed risk of unauthorized access to authorized activities and transactions.	We do not access any physical locations since we rely on remote AWS data centers and provide our services entirely via the internet. All users are required to use two-factor authentication and strong passwords. User permissions are aligned with operational needs and reviewed and adjusted regularly as needed.
	Awareness and Training (PR.AT): The organization's personnel and partners are provided cybersecurity awareness education and are trained to perform their cybersecurity-related duties and responsibilities consistent with related policies, procedures, and agreements.	All personnel and partners are bound by written data privacy agreements and are also provided with periodic data privacy and security training.

Function	Category	Contractor Response
	Data Security (PR.DS): Information and records (data) are managed consistent with the organization's risk strategy to protect the confidentiality, integrity, and availability of information.	All data is handled to be fully compliant with industry standard best practices, and is encrypted both in transit and at rest. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
	Information Protection Processes and Procedures (PR.IP): Security policies (that address purpose, scope, roles, responsibilities, management commitment, and coordination among organizational entities), processes, and procedures are maintained and used to manage protection of information systems and assets.	All personnel and partners are bound by written data privacy agreements which address all relevant information policies and procedures. Our full data privacy and security policy is available online at: https://www.securly.com/students-privacy
	Maintenance (PR.MA): Maintenance and repairs of industrial control and information system components are performed consistent with policies and procedures.	As noted previously, AWS handles maintenance of all system components as part of their offering.
	Protective Technology (PR.PT): Technical security solutions are managed to ensure the security and resilience of systems and assets, consistent with related policies, procedures, and agreements.	We utilize many AWS supplementary security services such as AWS Wide Area Firewall, Virtual Privacy Clusters, AWS Guardian, GuardDuty, Shield, and other protective technologies to secure our environment from any external threats.
DETECT (DE)	Anomalies and Events (DE.AE): Anomalous activity is detected and the potential impact of events is understood.	We utilize many AWS supplementary security services such as AWS Wide Area Firewall, Virtual Privacy Clusters, AWS Guardian, GuardDuty, Shield, and other protective technologies to secure our environment from any external threats.
	Security Continuous Monitoring (DE.CM): The information system and assets are monitored to identify cybersecurity events and verify the effectiveness of protective measures.	We utilize many AWS supplementary security services such as AWS Wide Area Firewall, Virtual Privacy Clusters, AWS Guardian, GuardDuty, Shield, and other protective technologies to secure our environment from any external threats.
	Detection Processes (DE.DP): Detection processes and procedures are maintained and tested to ensure awareness of anomalous events.	We utilize many AWS supplementary security services such as AWS Wide Area Firewall, Virtual Privacy Clusters, AWS Guardian, GuardDuty, Shield, and other protective technologies to secure our environment from any external threats.
RESPOND (RS)	Response Planning (RS.RP): Response processes and procedures are executed and maintained, to ensure response to detected cybersecurity incidents.	We regularly review relevant security plans and response protocols and update our Data Breach Response Incident Plan as needed.
	Communications (RS.CO): Response activities are coordinated with internal and external stakeholders (e.g. external support from law enforcement agencies).	We regularly review relevant security plans and response protocols and update our Data Breach Response Incident Plan as needed.

Function	Category	Contractor Response
	Analysis (RS.AN): Analysis is conducted to ensure effective response and support recovery activities.	We regularly review relevant security plans and response protocols and update our Data Breach Response Incident Plan as needed.
	Mitigation (RS.MI): Activities are performed to prevent expansion of an event, mitigate its effects, and resolve the incident.	We regularly review relevant security plans and response protocols and update our Data Breach Response Incident Plan as needed.
	Improvements (RS.IM): Organizational response activities are improved by incorporating lessons learned from current and previous detection/response activities.	We regularly review relevant security plans and response protocols and update our Data Breach Response Incident Plan as needed.
RECOVER (RC)	Recovery Planning (RC.RP): Recovery processes and procedures are executed and maintained to ensure restoration of systems or assets affected by cybersecurity incidents.	AWS provides fully managed backup and restoration functionality. Data backups are taken daily and can be restored with minimal downtime.
	Improvements (RC.IM): Recovery planning and processes are improved by incorporating lessons learned into future activities.	AWS provides fully managed backup and restoration functionality. Data backups are taken daily and can be restored with minimal downtime.
	Communications (RC.CO): Restoration activities are coordinated with internal and external parties (e.g. coordinating centers, Internet Service Providers, owners of attacking systems, victims, other CSIRTs, and vendors).	AWS provides fully managed backup and restoration functionality. Data backups are taken daily and can be restored with minimal downtime.
