## **Background and Instructions**

**History of Agreement-** This agreement has been drafted by the Texas Student Privacy Alliance (TXSPA). The Alliance is a collaborative group of Texas school districts that share common concerns around student and data privacy. The Texas K-12 CTO Council is the organization that sponsors the TXSPA and the TXSPA is the Texas affiliate of the national Student Data Privacy Consortium (SDPC). The SDPC works with other state alliances by helping establish common data privacy agreements unique to the jurisdiction of each state. This Texas agreement was drafted specifically for K-12 education institutions and included broad stakeholder input from Texas school districts, statewide associations such as TASB, TASA, and TASBO, and the Texas Education Agency. The purpose of this agreement is to set standards of both practice and expectations around data privacy such that all parties involved have a common understanding of expectations. This agreement also provides a mechanism (Exhibit E- General Offer of Terms) that would allow an Operator to extend the ability of other Texas school districts to be covered under the terms of the agreement should an Operator sign Exhibit E. This mechanism is intended to create efficiencies for both Operators and LEAs and generally enhance privacy practices and expectations for K-12 institutions and for companies providing services to K-12 institutions.

**Instructions for Operators:** This agreement is intended to be provided to an Operator from a LEA. The Operator should fully read the agreement and is requested to complete the below areas of the agreement. Once the Operator accepts the terms of the agreement, the Operator should wet sign the agreement and return it to the LEA. Once the LEA signs the agreement, the LEA should provide a signed copy of the agreement to the Operator.

Furthermore, if legally permissible, Operator shall promptly notify the LEA of a subpoena compelling disclosure to a Third Party and provide a copy of the subpoena with sufficient time for the LEA to raise objections to the subpoena. The Operator will not use, disclose, compile, transfer, or sell the Data and/or any portion thereof to any third party or other entity or allow any other third party or other entity to use, disclose, compile, transfer or sell the Data and/or any portion thereof. Notwithstanding any provision of this DPA or Service Agreement to the contrary, Operator understands that the LEA is subject to and will comply with the Texas Public Information Act (Chapter 552, Texas Government Code). Operator understands and agrees that information, documentation and other material in connection with the DPA and Service Agreement may be subject to public disclosure.
6. **No Unauthorized Use.** Operator shall use Data only for the purpose of fulfilling its duties and obligations under the Service Agreement and will not share Data with or disclose it to any Third Party without the prior written consent of the LEA, except as required by law or to fulfill its duties and obligations under the Service Agreement.

**Subprocessors.** All Subprocessors used by the Operator to perform functions pursuant to the Service Agreement shall be identified in Exhibit F. Operator shall either (1) enter into written agreements with all Subprocessors performing functions pursuant to the Service Agreement, such that the Subprocessors agree to protect Data in a manner the same as or better than as provided pursuant to the terms of this DPA, or (2)

indemnify and hold harmless the LEA, its officers, agents, and employees from any and all claims, losses, suits, or liability including attorneys' fees for damages or costs resulting from the acts or omissions of its Subprocessors. Operator shall periodically conduct or review compliance monitoring and assessments of Subprocessors to determine their compliance with relevant data privacy laws.

1. **Provide Data In Compliance With State and Federal Law.** LEA shall provide data for the purposes of the Service Agreement in compliance with FERPA, COPPA, PPRA, Texas Education Code Chapter 32, and all other Texas privacy statutes cited in this DPA as these laws and regulations apply to the contracted services. The LEA shall not be required to provide Data in violation of applicable laws. Operator may not require LEA or users to waive rights under applicable laws in connection with use of the Services.
2. **Consider Operator as School Official.** The Parties agree that Operator is a "school official" under FERPA and has a legitimate educational interest in personally identifiable information from education records. For purposes of the Service Agreement and this DPA, Operator: (1) provides a service or function for which the LEA would otherwise use employees; (2) is under the direct control of the LEA with respect to the use and maintenance of education records; and (3) is subject to the requirements of FERPA governing the use and redisclosure of personally identifiable information from education records
3. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.
4. **Unauthorized Access Notification.** LEA shall notify Operator promptly of any known unauthorized access. LEA will assist Operator in any efforts by Operator to investigate and respond to any unauthorized access.

### **ARTICLE IV: DUTIES OF OPERATOR**

1. **Privacy Compliance.** Operator may receive Personally Identifiable Information ("PII") from the District in the course of fulfilling its duties and obligations under the Service Agreement. The Operator shall comply with all applicable State and Federal laws and regulations pertaining to data privacy and security including FERPA, COPPA, PPRA, Texas Education Code Chapter 32, and all other Texas privacy statutes cited in this DPA.
2. **Employee Obligation.** Operator shall require all employees and agents who have access to Data to comply with data privacy practices consistent with those of this DPA with respect to the data shared under the Service Agreement. Operator agrees to require and maintain an appropriate confidentiality agreement from each employee with access to Data pursuant to the Service Agreement.
3. **De-identified Information.** De-identified Information may be used by the Operator only for the purposes of development, product improvement, to demonstrate or market product effectiveness, or research as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). Operator agrees not to attempt to re-identify De-identified Information and not to transfer De-identified Information to any party unless that party agrees in writing not to attempt re-identification.
4. **Access To, Return, and Disposition of Data.** Upon written request of LEA, Operator shall dispose of or delete all Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained, and absent written request from LEA, within one hundred eighty (180) days of the date of termination. Nothing in the Service Agreement shall authorize Operator to maintain Data obtained under the Service Agreement beyond the time period reasonably needed to complete the disposition. Disposition shall include (1) the shredding of any hard copies of any Data; (2) Data Destruction; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable. Operator shall provide written notification to LEA when the Data has been disposed of. The duty to dispose of Data shall not extend to data that has been de-identified pursuant to the other terms of the DPA. The LEA may employ a "Request Deletion of Data" FORM, a sample of this form is attached on Exhibit "D"). Upon receipt of a request from the LEA, the Operator will destroy the Data within thirty (30) business days of receipt of said request.

5. **Targeted Advertising Prohibition**. Operator is prohibited from using or selling Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising, or other commercial efforts by Operator; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Data for the development of commercial products or services, other than as necessary to provide the Service to LEA. ## **ARTICLE V: DATA PROVISIONS**

1. **Data Security**. The Operator agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices, to protect Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of Operator are set forth below. Operator shall further detail its security programs and measures in Exhibit F. These measures shall include, but are not limited to:
- a. **Passwords and Employee Access**. Operator shall secure usernames, passwords, and any other means of gaining access to the Services or to Data, at a level consistent with an industry standard agreed upon by LEA (e.g. suggested by Article 4.3 of NIST 800-63-3). Operator shall only provide access to Data to employees or subprocessors that are performing the Services. Employees with access to Data shall have signed confidentiality agreements regarding data privacy requirements. All employees with access to Data shall be subject to criminal background checks.
  - b. **Security Protocols**. Both parties agree to maintain security protocols that meet industry best practices in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Operator shall maintain all data obtained or generated pursuant to the Service Agreement in a secure computer environment.
  - c. **Employee Training**. The Operator shall provide periodic security training to those of its employees who operate or have access to the system.
  - d. **Security Technology**. When the Services are accessed using a supported web browser, Secure Socket Layer (“SSL”) or equivalent technology shall be employed to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. Operator shall host data pursuant to the Service Agreement in an environment using a firewall that is periodically updated according to industry standards.

Upon request, Operator will provide the LEA an executive summary of the risk assessment or equivalent report and confirmation of remediation.
  - h. **Backups**. Operator agrees to maintain backup copies, backed up at least daily, of Data in case of Operator’s system failure or any other unforeseen event resulting in loss of any portion of Data.
  - i. **Audits**. Within 30 days of receiving a request from the LEA, and not to exceed one request per year, the LEA may audit the measures outlined in the DPA. The Operator will cooperate fully with the LEA and any local, state, or federal agency with oversight authority/jurisdiction in connection with any audit or investigation of the Operator and/or delivery of Services to students and/or LEA, and shall provide full access to the Operator’s facilities, staff, agents and LEA’s Data and all records pertaining to the Operator, LEA and delivery of Services to the LEA. Failure to cooperate shall be deemed a material

breach of the DPA. The LEA may request remediation plans if a material concern is identified. Any such audit shall be conducted in a manner that does not disrupt Operator's business operations. Notwithstanding the foregoing, if Operator has completed a third-party audit of its security practices and procedures within the preceding twelve (12) months, Operator may supply LEA with a summary of the results of such audit in lieu of LEA conducting an audit itself.

- j. Operator shall have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of any portion of Data, including PII, and agrees to provide LEA, upon request, an executive summary of the written incident response plan.

- 2. **Data Breach.** When Operator becomes aware of an unauthorized disclosure or security breach concerning any Data covered by this Agreement, Operator shall notify the District within five (5) business days. The Operator shall take immediate steps to limit and mitigate the damage of such security breach to the greatest extent possible. If the incident involves criminal intent, then the Operator will follow direction from the Law Enforcement Agencies involved in the case.

- a. The security breach notification to the LEA shall be written in plain language, and address the following:
  - 1. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
  - 2. A description of the circumstances surrounding the disclosure or breach, including the actual or estimated, time and date of the breach, and Whether the notification was delayed as a result of a law enforcement investigation.
- b. Operator agrees to adhere to all requirements in applicable state and federal law with respect to a Data breach or disclosure, including any required responsibilities and procedures for notification or mitigation.
- c. In the event of a breach or unauthorized disclosure, the Operator shall cooperate fully with the LEA, including, but not limited to providing appropriate notification to individuals impacted by the breach or disclosure. Operator will reimburse the LEA in full for all costs incurred by the LEA in investigation and remediation of any Security Breach to the extent caused by Operator or Operator's subprocessors' failure to comply with the terms of this Agreement, including but not limited to costs of providing notification and providing one year's credit monitoring to affected individuals if PII exposed during the breach could be used to commit financial identity theft.
- d. The LEA may immediately terminate the Service Agreement if the LEA determines the Operator has breached a material term of this DPA.
- e. The Operator's obligations under Section 7 shall survive termination of this DPA and Service Agreement until all Data has been Securely Destroyed.

## **ARTICLE VI- GENERAL OFFER OF PRIVACY TERMS**

## **ARTICLE VII: MISCELLANEOUS**

PII includes Indirect Identifiers, which is any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Data.

**Pupil-Generated Content:** The term “pupil-generated content” means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

**Subprocessor:** For the purposes of this Agreement, the term “Subprocessor” (sometimes referred to as the “Subcontractor”) means a party other than LEA or Operator, who Operator uses for data collection, analytics, storage, or other service to operate and/or improve its software, and who has access to PII.

**Targeted Advertising:** Targeted advertising means presenting an advertisement to a student where the selection of the advertisement is based on student information, student records or student generated content or inferred over time from the usage of the Operator’s website, online service or mobile application by such student or the retention of such student’s online activities or requests over time.
