### **Background and Instructions**

**History of Agreement-** This agreement has been drafted by the Texas Student Privacy Alliance (TXSPA). The Alliance is a collaborative group of Texas school districts that share common concerns around student and data privacy. The Texas K-12 CTO Council is the organization that sponsors the TXSPA and the TXSPA is the Texas affiliate of the national Student Data Privacy Consortium (SDPC). The SDPC works with other state alliances by helping establish common data privacy agreements unique to the jurisdiction of each state. This Texas agreement was drafted specifically for K-12 education institutions and included broad stakeholder input from Texas school districts, statewide associations such as TASB, TASA, and TASBO, and the Texas Education Agency. The purpose of this agreement is to set standards of both practice and expectations around data privacy such that all parties involved have a common understanding of expectations. This agreement also provides a mechanism (Exhibit E- General Offer of Terms) that would allow an Operator to extend the ability of other Texas school districts to be covered under the terms of the agreement should an Operator sign Exhibit E. This mechanism is intended to create efficiencies for both Operators and LEAs and generally enhance privacy practices and expectations for K-12 institutions and for companies providing services to K-12 institutions.

The Operator should fully read the agreement and is requested to complete the below areas of the agreement. Once the Operator accepts the terms of the agreement, the Operator should wet sign the agreement and return it to the LEA. Data also specifically includes all personally identifiable information in education records, directory data, and other non-public information for the purposes of Texas and Federal laws and regulations. Data as specified in Exhibit B is confirmed to be collected or processed by the Operator pursuant to the Services. Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student’s use of Operator’s services.

**De-Identified Information (DII):** De-Identified Information is Data subjected to a process by which any Personally Identifiable Information (“PII”) is removed or obscured in a way that eliminates the risk of disclosure of the identity of the individual or information about them, and cannot be reasonably re-identified.

**Data Destruction:** Provider shall certify to the District in writing that all copies of the Data stored in any manner by Provider have been returned to the District or disposed. “Disposition will include (1) the shredding of any hard copies of any Customer Data; (2) erasing; or (3) otherwise modifying the personal information in those records to make the information unreadable or indecipherable by human or digital means.

**NIST 800-63-3:** Draft National Institute of Standards and Technology (“NIST”) Special Publication 800-63-3 Digital Authentication Guideline.

**Personally Identifiable Information (PII):** The terms “Personally Identifiable Information” or “PII” shall include, but are not limited to, Data, and user or pupil-generated content obtained by reason of the use of Operator’s software, website, service, or app, including mobile apps, whether gathered by Operator or provided by LEA or its users, students, or students’ parents/guardians. PII includes Indirect Identifiers, which is any information that, either alone or in combination, would allow a reasonable person to be able to identify a student to a reasonable certainty. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Data.

**Pupil-Generated Content:** The term “pupil-generated content” means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

**Subscribing LEA:** A LEA that was not party to the original Services Agreement and who accepts the Operator’s General Offer of Privacy Terms.

**Subprocessor:** For the purposes of this Agreement, the term “Subprocessor” (sometimes referred to as the “Subcontractor”) means a party other than LEA or Operator, who Operator uses for data collection, analytics, storage, or other service to operate and/or improve its software, and who has access to PII.

**Targeted Advertising:** Targeted advertising means presenting an advertisement to a student where the selection of the advertisement is based on student information, student records or student generated content or inferred over time from the usage of the Operator’s website, online service or mobile application by such student or the retention of such student’s online activities or requests over time.

**Texas Student Privacy Alliance:** The Texas Student Privacy Alliance (TXSPA) is a collaborative group of Texas school districts that share common concerns around student privacy. The goal of the TXSPA is to set standards of both practice and expectations around student privacy such that all parties involved have a common understanding of expectations. The Texas K-12 CTO Council is the organization that sponsors TXSPA and the TXSPA is the Texas affiliate of the National Student Privacy Consortium.

GENERAL OFFER OF PRIVACY TERMS

**Instructions:** This is an optional Exhibit in which the Operator may, by signing this Exhibit, be bound by the terms of this DPA to any other Subscribing LEAs who sign the acceptance in said Exhibit. The originating LEA SHOULD NOT sign this Exhibit, but should make Exhibit E, if signed by an Operator, readily available to other Texas K-12 institutions through the TXSPA web portal. Should a Subscribing LEA, after signing a separate Service Agreement with Operator, want to accept the General Offer of Terms, the Subscribing LEA should counter-sign the Exhibit E and notify the Operator that the General Offer of Terms have been accepted by a Subscribing LEA.

**1. Offer of Terms**

The Operator and the other LEA may also agree to change the data provided by LEA to the Operator to suit the unique needs of the LEA. The Operator may withdraw the General Offer in the event of:

- (2) a material change in the services and products listed in the Originating Service Agreement;
