WHEREAS, the Provider has agreed to provide the Local Education Agency (“LEA”) with certain digital educational services (“Services”) pursuant to a contract dated (“Service Agreement”); and

WHEREAS, in order to provide the Services described in the Service Agreement, the Provider may receive or create, and the LEA may provide documents or data that are covered by several federal statutes, among them, the Family Educational Rights and Privacy Act (“FERPA”) at 20 U.S.C. 1232g (34 CFR Part 99), Children’s Online Privacy Protection Act (“COPPA”), 15 U.S.C. 6501-6506; Protection of Pupil Rights Amendment (“PPRA”) 20 U.S.C. 1232h; and

WHEREAS, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to California state student privacy laws, including AB 1584, found at California Education Code Section 49073.1 and the Student Online Personal Information Protection Act (“SOPIPA”) found at California Business and Professions Code section 22584; and

WHEREAS, for the purposes of this DPA, Provider is a school official with legitimate educational interests in accessing educational records pursuant to the Service Agreement; and

WHEREAS, the Parties wish to enter into this DPA to ensure that the Service Agreement conforms to the requirements of the privacy laws referred to above and to establish implementing procedures and duties; and

WHEREAS, the Provider may, by signing the “General Offer of Privacy Terms” (Exhibit “E”), agree to allow other LEAs in California the opportunity to accept and enjoy the benefits of this DPA for the Services described herein, without the need to negotiate terms in a separate DPA.

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA**. The purpose of this DPA is to describe the duties and responsibilities to protect student data transmitted to Provider from LEA pursuant to the Service Agreement, including compliance with all applicable statutes, including the FERPA, PPRA, COPPA, SOPIPA, AB 1584, and other applicable California State laws, all as may be amended from time to time. In performing these services, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. With respect to the use and maintenance of Student Data, Provider shall be under the direct control and supervision of the LEA.

2. **Nature of Services Provided.** The Provider has agreed to provide the following digital educational products and services described below and as may be further outlined in Exhibit "A" hereto:
3. **Student Data to Be Provided.** The Parties shall indicate the categories of student data to be provided in the Schedule of Data, attached hereto as Exhibit "B".
4. **DPA Definitions.** The definition of terms used in this DPA is found in Exhibit "C". In the event of a conflict, definitions used in this DPA shall prevail over term used in the Service Agreement.

ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA.** All Student Data transmitted to the Provider pursuant to the Service Agreement is and will continue to be the property of and under the control of the LEA. The Provider further acknowledges and agrees that all copies of such Student Data transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are subject to the provisions of this Agreement in the same manner as the original Student Data. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data contemplated per the Service Agreement shall remain the exclusive property of the LEA. For the purposes of FERPA, the Provider shall be considered a School Official, under the control and direction of the LEAs as it pertains to the use of Student Data notwithstanding the above. Provider may transfer pupil-generated content to a separate account, according to the procedures set forth below.
2. **Parent Access.** LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review Student Data in the pupil's records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. Provider shall respond in a timely manner (and no later than 45 days from the date of the request) to the LEA's request for Student Data in a pupil's records held by the Provider to view or correct as necessary. In the event that a parent of a pupil or other individual contacts the Provider to review any of the Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.
3. **Separate Account.** If pupil generated content is stored or maintained by the Provider as part of the Services described in Exhibit "A", Provider shall, at the request of the LEA, transfer said pupil generated content to a separate student account upon termination of the Service Agreement; provided, however, such transfer shall only apply to pupil generated content that is severable from the Service.
4. **Third Party Request.** Should a Third Party, including law enforcement and government entities, contact Provider with a request for data held by the Provider pursuant to the Services, the Provider shall, unless prohibited by law, redirect the Third Party to request the data directly from the LEA. Provider shall, unless prohibited by law, notify the LEA in advance of a compelled disclosure to a Third Party.

2. **Annual Notification of Rights.** If the LEA has a policy of disclosing education records under FERPA (4 CFR § 99.31 (a) (1)), LEA shall include a specification of criteria for determining who constitutes a school official and what constitutes a legitimate educational interest in its Annual notification of rights.
3. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.
4. **Unauthorized Access Notification.** LEA shall notify Provider promptly of any known or suspected unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

3. **Employee Obligation.** Provider shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under the Service Agreement.
4. **No Disclosure.** De-identified information may be used by the Provider for the purposes of development, research, and improvement of educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). Provider agrees not to attempt to re-identify de-identified Student Data and not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to

attempt re-identification, and (b) prior written notice has been given to LEA who has provided prior written consent for such transfer. Provider shall not copy, reproduce or transmit any data obtained under the Service Agreement and/or any portion thereof, except as necessary to fulfill the Service Agreement.

5. **Disposition of Data.** Upon written request and in accordance with the applicable terms in subsection a or b, below, Provider shall dispose or delete all Student Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained. Disposition shall include (1) the shredding of any hard copies of any Student Data; (2) Erasing; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable by human or digital means. Nothing in the Service Agreement authorizes Provider to maintain Student Data obtained under the Service Agreement beyond the time period reasonably needed to complete the disposition unless Service Provider is required to retain such Data for a longer period of time as a result of any applicable laws and regulations. Provider shall provide written notification to LEA when the Student Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a "Request for Return or Deletion of Student Data" form, a copy of which is attached hereto as Exhibit "D". Upon receipt of a request from the LEA, the Provider will immediately provide the LEA with any specified portion of the Student Data within ten (10) calendar days of receipt of said request.

a. **Partial Disposal During Term of Service Agreement.** Throughout the Term of the Service Agreement, LEA may request partial disposal of Student Data obtained under the Service Agreement that is no longer needed. Partial disposal of data shall be subject to LEA's request to transfer data to a separate account, pursuant to Article II, section 3, above.

b. **Complete Disposal Upon Termination of Service Agreement.** Upon Termination of the Service Agreement Provider shall dispose or delete all Student Data obtained under the Service Agreement unless Service Provider is required to retain such Data for a longer period of time as a result of any applicable laws and regulations. Prior to disposition of the data, Provider shall notify LEA in writing of its option to transfer data to a separate account, pursuant to Article II, section 3, above. In no event shall Provider dispose of data pursuant to this provision unless and until Provider has received affirmative written confirmation from LEA that data will not be transferred to a separate account.

6. **Advertising Prohibition.** Provider is prohibited from using or selling Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising, or other commercial efforts by a Provider; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data for the development of commercial products or services, other than as necessary to provide the Service to LEA. This section does not prohibit Provider from using Student Data for adaptive learning or customized student learning purposes.

- f. Provider is prohibited from directly contacting parent, legal guardian or eligible pupil unless expressly requested by LEA. If LEA requests Provider's assistance providing notice of unauthorized access, and such assistance is not unduly burdensome to Provider, Provider shall notify the affected parent, legal guardian or eligible pupil of the unauthorized access, which shall include the information listed in subsections (b) and (c), above. If requested by LEA, and pursuant to the limitations of liability set forth in the underlying contract, Provider shall reimburse LEA for costs incurred to notify parents/families of a breach not originating from LEA's use of the Service.

Educational Records: Educational Records are official records, files and data directly related to a student and maintained by the school or local education agency, including but not limited to, records encompassing all the material kept in the student’s cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Student Data.

Provider: For purposes of the Service Agreement, the term “Provider” means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records. EXHIBIT “F” DATA SECURITY REQUIREMENTS

[INSERT ADDITIONAL DATA SECURITY REQUIREMENTS HERE]

Full requirements detailed in the two attached pages.

Student data is among a school system's most sensitive information. And it's imperative that this data be fully protected. We understand that. That's why we have taken all commercially available measures to protect your data.

HIGHLIGHTS FOLLOW:

- **Privately Owned and Operated:** SchoolMessenger applications have been built from the ground up over several years and with sizable investment. As opposed to simply being a reseller of someone else's service, we own and operate our hosted notification service; other than intermediary phone companies and long distance providers, there are no third parties involved in the transport of notifications.
- **Secure Facilities:** We are proud to partner with multiple leading Internet colocation companies – the same outsourced IT partners employed by important content and enterprise customers. These facilities are protected by the most rigorous multilevel physical and biometric security systems, and all sites are engineered to survive natural disasters. Redundant network, power, HVAC and fire detection / suppression systems ensure the highest levels of system availability.
- **Unsurpassed Transport Encryption:** With SchoolMessenger solutions, all session information (including data exchanges between District systems and the SchoolMessenger service) is protected by 256-bit SSL encryption certified by Norton Secured, Powered by VeriSign, the trusted industry leader in secure certificate authentication services. They provide the highest level of encryption available to civilians in the US. This means that sensitive information like phone numbers and email addresses is fully protected.
- **Protection from Multiple Redundant Firewalls:** The service uses redundant firewalls from two independent industry-leading manufacturers to provide double the protection and ensure high availability. A security flaw in one firewall layer doesn't compromise the system – or your data. The SchoolMessenger applications use firewalls with:
 - o Integrated Deep Inspection for application-level attack protection for our Internet facing protocols, applied on a per-policy basis
 - o Denial of service protection to protect against both internal and external attacks.
 - o High-availability capabilities to minimize the potential for a single point of failure
 - o Dynamic routing support to reduce reliance on manual intervention to establish a new route in the event of failure
- **Secure Passwords:** Passwords are stored securely and log in access is governed by industry standard encryption. Combined with the rules-based Web-browser access that limits each user based on data view restrictions, we provide a multi-point security schema that protects data from unauthorized use.
- **Comprehensive Privacy Policy:** As per the SchoolMessenger privacy policy, no data is ever shared with any outside party for any reason. Key provisions follow:
 - o We do not sell, trade, loan or lease any information or data about our customers to any third party. Your contact information, the contact information of your constituents, your communications, data, documents and information are completely private and fully protected against unauthorized access.

- o We are not a source of nor do we deliver unsolicited e-mail, unsolicited voice mail, or unsolicited faxes. We will not send any unwanted communication to you or your constituents.
- o We do not sell or otherwise provide information to direct marketers or any other third parties.
- o We do not disclose any non-public information about you, except as required or permitted by law.
- o We maintain a comprehensive hiring, training, and retraining process which includes rigorous pre-employment screening. Pre-employment screening can include but is not limited to:

Conducting credit referencing and criminal background checks

☒ Verifying academic and professional qualifications

☒ Undertaking detailed employment reference checking, including confirmation of employment dates, job titles, leaves (where relevant) and salaries

☒ Confirming current, past and disqualified certifications and licenses, if any

o Additionally, each employee, as part of the hiring process, signs agreements and statements including but not limited to:

☒ Non-disclosure agreement

☒ Confidentiality agreement

☒ Company policy acknowledgement and agreement

- **Student Privacy Pledge Signatory:** We are a signatory of the Student Privacy Pledge, which requires us to adhere to 12 stringent standards as a further assurance of our commitment to protecting your data. Learn more at: <https://studentprivacypledge.org/>

- **iKeepSafe FERPA Certified:** To further safeguard student privacy, SchoolMessenger Communicate is subject to annual certification by the leading digital safety and privacy advocate, iKeepSafe. While the Family Educational Rights and Privacy Act (FERPA) is an American legislative framework for guaranteeing the protection of student and parent data, this certification remains applicable within Canada, as its provisions include some of the most rigorous student privacy standards in North America. Communicate's iKeepSafe FERPA Assessment Badge provides school districts, parents, and community members with peace of mind by providing assurances that our data collection and handling practices align with FERPA's mandates, as well as the most rigorous local and state policies designed to protect student privacy.
