This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
  
6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. 7. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
  
8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
  
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

The terms and conditions of this DPA related to the collection, maintenance, use, and disclosure of data shall only apply to the data College Board receives in connection with the SAT Suite of Assessments which are subject to this DPA. Nothing in this DPA is intended to diminish or interfere with student rights in their assessment data, and no provisions in this DPA are intended to address or cover data that College Board has, or may receive, for services which are outside the scope of this DPA.

College Board agrees to adhere to the Data Protection, Security Measures and Notice provisions set forth in Schedule A-2.

Schedule A-1 College Board's Mobile Application (only available for students taking the SAT, PSAT/NMSQT and PSAT 10)

College Board shall provide the following educational services to help students navigate post-secondary and career pathways and to help K-12 educators and counselors serve their students' needs (collectively, "Educational Services").

"App" refers to a College Board mobile application that students can download from the App Store to access Educational Services.

**SCORE INFORMATION:** In the App, students may access their scores and other score information (collectively, "Score Information") for College Board assessments delivered pursuant to agreements that College Board has with LEA's school, district, or state, as applicable (collectively, "Covered Assessments").

**RECOMMENDATIONS:** In the App, College Board will provide students with educational information and recommendations about college and career options including, for example, postsecondary options and opportunities, career pathways, scholarships, National Recognition Program potential eligibility, financial aid and paying for college information, and opportunities to participate in College Board research studies (collectively, "Recommendations"). In providing and customizing Recommendations, College Board may use student information collected in connection with Covered Assessments and through students' use of Educational Services.

**CONNECTIONS\*:** Connections is a College Board program through which students are provided information about non-profit colleges, universities, scholarship organizations and other nonprofit educational organizations ("Eligible Institutions") based on criteria provided by those Eligible Institutions, which may include student interests, demographics, assessment score ranges, students' use of Educational Services, and other information collected by College Board during Covered Assessment(s) for which the student opts-in to Connections. The students' interests and preferences, such as through user controls within the App, may also influence and personalize the students' experiences within the App and the content delivered to them through Connections. Connections is entirely optional, and students must affirmatively opt-in if they wish to participate. Unless an LEA or a school directs College Board to exclude its students from Connections (as further described below), students can opt-in during Covered Assessment(s) or in the App. Students can opt-out any time, as described more fully below.

Opted-in students may receive information and messages from Eligible Institutions in the App, by hard copy mail, and by email, subject to the student providing their home address, email, and/or downloading the mobile application, all of which data elements are optional (collectively, "Messages"). Eligible Institutions do not know the identity of a student to which they

have been matched unless and until the student chooses to provide their personal information directly to the Eligible Institution, which the student can only do outside of the App and outside of the Educational Services. For example, a student may be able to link from the application to a webpage or webform hosted by that college. College Board may track students access to such links/webpages for purposes of reporting and analytics, but College Board will not disclose such information to Eligible Institutions other than in de-identified and aggregated form. College Board never shares students' personally identifiable information with Eligible Institutions as part of Connections.

Messages are created by Eligible Institutions and may include text, images, videos, and interactive elements. While the messages may be personalized by College Board (e.g., student name at the top of an email) through automated means, College Board does not create, edit, or approve of Messages and is not responsible for Messages.

Students who choose to opt-in to Connections can opt out at any time, for any or all Covered Assessment(s). Students can also choose to remain in Connections for any or all Covered Assessment(s) but opt-out of individual communications channels (emails, hardcopy mailings, and in-App). Students have multiple ways to opt-out, including, an opt-out feature within the App, an unsubscribe option from Connections emails, opt-out instructions included in each mailing, and by contacting College Board's customer service.

#### ADDITIONAL DETAILS REGARDING EDUCATIONAL SERVICES:

There is no incremental cost for Educational Services.

College Board shall provide LEA with reporting on its students' use of Educational Services, with the content and cadence within College Board's sole discretion.

College Board collects certain information from students during Covered Assessments to ensure test validity and fairness, for identity matching and the purposes described above under the "College Board Collection and Use of Data" section. College Board also uses that information in Educational Services, as described above. For students who use the App, they may be able to update this information within the App, if they so choose. All questions are optional. More information about College Board's Privacy Policies is located at [collegeboard.org/privacycenter](http://collegeboard.org/privacycenter).

Questions include the following:

- Home/Mailing Address
- Mobile Phone Number
- Email Address
- Race
- Ethnicity
- First Language
- Best Language
- GPA
- Intended College Major
- Level of Education Aspirations
- Parents' Level of Education

The following are only asked for the PSAT/NMSQT:

- Whether the student is enrolled in high school traditional or homeschooled
- Whether the student will complete or leave high school and enroll full-time in college
- How many total years the student will spend in grades 9-12
- Whether the student is a U.S. citizen

To use the App, students provide a mobile number during the administration of the Covered Assessment and are encouraged to provide an email address solely for App account recovery purposes. By providing their mobile number, the student authorizes College Board to text them to download the App and authenticate into the App, about their scores, including when their scores are available, and with App notifications (if the student elects to turn on those notifications). The foregoing is clearly explained to the student. The student's phone number authenticates the student into the App. College Board does not use mobile numbers collected during Covered Assessments for any other purposes.

LEA may direct College Board to automatically exclude its students from Connections for one or more Covered Assessments by contacting College Board Customer Service at (866) 609-1369. LEA may visit [collegeboard.org/connections-tc](https://collegeboard.org/connections-tc) for more information about Connections and for access to an opt-out form.

- Opt-outs must be submitted before the Ordering Deadline for each assessment to suppress displaying the Connections opt-in to students during their testing experience for the Covered Assessment(s).
  - o If a student had already opted-in to Connections before Client opted-out of Connections for a Covered Assessment, (i) the student's data from Covered Assessment(s) for which Client opted out of Connections will no longer be used for Connections upon College Board's implementation of Client's opt out; (ii) the student's data from any Covered Assessment(s) for which Client chose not to opt-out of Connections may continue to be used for Connections and the student may still use the Connections feature within the App; and (iii) if Client excludes its students from Connections for all Covered Assessments, use of the student data for Connections for those Covered Assessments will cease upon College Board's implementation of Client's opt out, the students will not receive any new Messages, and any previously delivered Messages may be still accessed by students.
  - In some instances, LEA's state may have elected to opt-out its students and College Board will abide by that exclusion for LEA's students.
  - If LEA opts-out, LEA may revoke this opt-out election by contacting College Board at SAT Customer Service at 888-SAT-HELP, +1-212-520-8600 (International), or email [sateducator@collegeboard.org](mailto:sateducator@collegeboard.org).
  - If LEA opts-out, LEA's students will not going forward be able to opt-in to Connections for the Covered Assessment(s) for which LEA opted out of Connections.
  - Upon opt-out, students will still be able to use the App to receive Score Information and Recommendations, so long as the student provides their mobile number during the Covered Assessment.
- Students may have opportunities to link from the App to BigFuture® and to other college and career planning services on College Board's website, [www.collegeboard.org](https://www.collegeboard.org). Those services are not part of Educational Services and do not use student data collected under the assessments which are the subject matter of this DPA, the only exception being scores on College Board assessments, as all students have independent rights in their own test scores. Students use BigFuture in their personal capacity and may need a personal College Board account to use certain features. Students with personal College Board accounts may also be able to access their scores through their personal accounts. Students may also have opportunities to copy data from their personal College Board accounts to Educational Services for use by Connections. #### SCHEDULE A-2 -Data Protection, Security Measures and Notice

Data Protection. College Board shall take actions to protect the security and confidentiality of personally identifiable information that may be obtained in connection with assessments which are the subject matter of this DPA in a manner consistent with industry standards. College Board will maintain a SOC 2 Type 1 report.

College Board has security measures in place designed to help protect against loss, misuse and alteration of the data under College Board's control. College Board shall develop, implement, maintain and use reasonably appropriate administrative, technical and physical security measures to preserve the confidentiality, integrity and availability of personally identifiable information that may be obtained in connection with assessments which are the subject matter to this DPA, as determined by College Board. College Board shall host content in a secure server environment that uses a firewall and other advanced technology designed to prevent interference or access from outside intruders. Where applicable, College Board platforms utilized in performance of this DPA will require unique account identifiers, usernames and passwords (as applicable) that must be entered each time a user signs on.

College Board encrypts personally identifiable information that may be obtained in connection with assessments which are the subject matter of this DPA in transmission and storage where technically feasible and when designed as being appropriate by College Board. If not, other security controls may be implemented to reduce risk, mitigate risk, or otherwise protect the data as determined solely by College Board. When College Board's platforms are accessed using a supported web browser, Secure Socket Layer ("SSL") or equivalent technology protects information while in transit, using both server authentication and data encryption to help secure the data and limit availability to only authorized users.

LEA shall be responsible for removing access to College Board's platforms for any personnel who no longer should have access, or promptly notifying College Board to request removal of any such access.

Security Measures. College Board will extend the confidentiality requirements and security measures identified in this DPA by contract to subcontractors used by College Board, if any, to provide services related to the assessments which are the subject matter of this DPA. College Board will use appropriate and reliable storage media, regularly backup data and retain such backup copies for the duration of this DPA, as defined by College Board. LEA acknowledges that College Board utilizes cloud hosting service providers throughout its infrastructure. College Board will store personally identifiable information that may be obtained pursuant to the assessments which are the subject matter of this DPA in the United States where technically feasible and reasonable, as determined solely by College Board. LEA acknowledges that in some cases College Board may not be able to restrict the location of data due to limitations within the cloud hosting service provider capabilities.
