Provider is prohibited from using, disclosing, or selling Student Data to (a) inform, influence, or enable Targeted Advertising; or (b) develop a profile of a student, family member/guardian or group, for any purpose other than providing the Service to LEA. This section does not prohibit Provider from using Student Data (i) for adaptive learning or customized student learning (including generating personalized learning recommendations); or (ii) to make product recommendations to teachers or LEA employees; or (iii) to notify account holders about new education product updates, features, or services or from otherwise using Student Data as permitted in this DPA and its accompanying exhibits.

## Article V. ARTICLE V: DATA PROVISIONS

1. **Data Storage**. Where required by applicable law, Student Data shall be stored within the United States. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
2. **Audits**. No more than once a year, or following unauthorized access, upon receipt of a written request from the LEA with at least ten (10) business days' notice and upon the execution of an appropriate confidentiality Agreement, the Provider will allow the LEA to audit the security and privacy measures that are in place to ensure protection of Student Data or any portion thereof as it pertains to the delivery of services to the LEA. The Provider will cooperate reasonably with the LEA and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or

delivery of Services to students and/or LEA, and shall provide reasonable access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA. Failure to reasonably cooperate shall be deemed a material breach of the DPA.

3. **Data Security.** The Provider agrees to utilize administrative, physical, and technical safeguards designed to protect Student Data from unauthorized access, disclosure, acquisition, destruction, use, or modification. The Provider shall adhere to any applicable law relating to data security. The provider shall implement an adequate Cybersecurity Framework based on one of the nationally recognized standards set forth in **Exhibit "F"**. Exclusions, variations, or exemptions to the identified Cybersecurity Framework must be detailed in an attachment to **Exhibit "H"**. Additionally, Provider may choose to further detail its security programs and measures that augment or are in addition to the Cybersecurity Framework in **Exhibit "F"**. Provider shall provide, in the Standard Schedule to the DPA, contact information of an employee who LEA may contact if there are any data security concerns or questions.
4. **Data Breach.** In the event of an unauthorized release, disclosure or acquisition of Student Data that compromises the security, confidentiality or integrity of the Student Data maintained by the Provider the Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:
  - (1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:
    - i. The name and contact information of the reporting LEA subject to this section.
    - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
    - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
    - iv. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.

- (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
- (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.
- (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians.
- (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

#### **Article VI. ARTICLE VI: GENERAL OFFER OF TERMS**

Provider may, by signing the attached form of "General Offer of Privacy Terms" (General Offer, attached hereto as **Exhibit "E"**), be bound by the terms of **Exhibit "E"** to any other LEA who signs the acceptance on said Exhibit. The form is limited by the terms and conditions described therein.

#### **Article VII. MISCELLANEOUS**

1. **Termination**. In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either party may terminate this DPA and any service Agreement or contract if the other party breaches any terms of this DPA.
2. **Effect of Termination Survival**. If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article IV, section 6.
3. **Priority of Agreements**. This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license Agreement, or writing, the terms of this DPA shall apply and take precedence. In the event of a conflict between **Exhibit "H"**, the SDPC Standard Clauses, and/or the

Supplemental State Terms, **Exhibit "H"** will control, followed by the Supplemental State Terms. Except as described in this paragraph herein, all other provisions of the Service Agreement shall remain in effect.

4. **Entire Agreement**. This DPA and the Service Agreement constitute the entire Agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or Agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
5. **Severability**. Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction**. THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
7. **Successors Bound**. This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the

DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or Contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both Parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

### Additional Terms or Modifications

**THIS EXHIBIT "H"** effective simultaneously with attached Student Data Privacy Agreement ("DPA") between The School Board of Citrus County, Florida, (the "Local Education Agency" or "LEA") and DeltaMath Solutions, Inc., (the "Provider") is incorporated in the attached DPA and amends the DPA (and all supplemental terms and conditions and policies applicable to the DPA) as follows:

1. The second WHEREAS CLAUSE is amended to add "the Protection of Pupil Rights Amendment ("PPRA") at 20 U.S.C. 1232h (34 CFR Part 98)" after "15 U.S.C. § 6501-6506 (16 CFR Part 312)".
2. Paragraph 3 on the page 2 of the DPA is deleted in its entirety and replaced with the following: In the event of a conflict between the DPA Standard Clauses, the State or Special Provisions will control. In the event there is conflict between the terms of the DPA and any other writing, including Provider Terms of Service or Privacy Policy, the terms of Technology Master Service Agreement, and then this DPA shall control.
3. The last sentence of Article II, Paragraph 1 is amended as follows: Provider agrees that for purposes of this Agreement, it will be designated a "School Official," under the control and direction of the LEA as it pertains to the use of Student Data, with "legitimate educational interests" as those terms have been interpreted and defined under FERPA. Provider may transfer student-generated content to a separate account, according to the procedures set forth below. Provider agrees to abide by FERPA and Fla. Stat. 1002.22 while performing its service for the LEA.
4. Article I, Paragraph 2 is amended to add the following: Indemnification. Provider shall indemnify, hold harmless, and defend the SB and all of SB's current, past, and future officers, agents, and employees (collectively, "Indemnified Party") from and against any and all causes of action, demands, claims, losses, liabilities, and expenditures of any kind, including attorneys' fees, court costs, and expenses, including through the conclusion of any appellate proceedings, raised or asserted by any person or entity not a party to this Agreement, and caused or alleged to be caused, in whole or in part, by any breach of this Agreement by Provider, third-Parties, or subprocessor(s) related to Attachment A, Exhibit B (Schedule of Data), including but not limited to, failure to notify the SB of any additional students' PII collected and not updated by Provider in Exhibit B.

5. Article II, Paragraph 5 is deleted in its entirety and replaced with the following: Provider shall enter into written Agreements with all Subprocessors performing functions for the Provider in order for the Provider to provide the Services pursuant to the Service Agreement, whereby the Subprocessors agree to protect Student Data in a manner consistent with the terms of this DPA. Provider agrees to share the Subprocessors names and Agreements with LEA upon LEA's request.
6. Article III, Paragraph 1 is amended to add the following sentence: LEA will allow Provider access to Student Data necessary to perform the Services and pursuant to the terms of this DPA and in compliance with FERPA, COPPA, PPRA, and all other privacy statutes cited in this DPA.
7. The Provider shall comply with all applicable State and Federal laws and regulations pertaining to Student Data privacy and security, including FERPA, COPPA, PPRA, Florida Statutes Sections 1001.41 and 1002.22, and all other privacy statutes cited in this DPA. The Parties agree that Provider is a "school official" under FERPA and has a legitimate educational interest in personally identifiable information from education records because for purposes of the contract, Provider: (1) provides a service or function for which the LEA would otherwise use employees; (2) is under the direct control of the LEA with respect to the use and maintenance of education records; and (3) is subject to the requirements of FERPA governing the use and redisclosure of personally identifiable information from education records
8. Article IV, Paragraph 2 is amended to add the following sentence: Provider also acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, meta Student Data, user content or other non-public information and/or personally identifiable information contained in the Student Data, without the express written consent of the LEA.

This

section does not prohibit Provider from generating legitimate personalized learning recommendations.

10. Article V, Paragraph 1 is deleted in its entirety and replaced with the following: Student Data shall be stored within the United States. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored. Provider shall not, without the express prior written consent of District: Transmit Student Data or PII to any Providers or Subprocessors located outside of the United States; distribute, repurpose or share Student Data or PII with any Partner Systems not used for providing services to the LEA; use PII or any portion thereof to inform, influence or guide marketing or advertising efforts, or to develop a profile of a student or group of students for any commercial purpose [or for any other purposes]; use PII or any portion thereof to develop commercial products or services; use any PII for any other purpose other than in connection with the services provided to the LEA; and engage in targeted advertising, based on the Student Data collected from the LEA.
11. Article VII, is hereby amended to add Paragraph 10 as follows: **Assignment.** None of the Parties to this DPA may assign their rights, duties, or obligations under this DPA, either in whole or in part, without the prior written consent of the other party to this DPA.

THE PARTIES REPRESENT THAT THEY HAVE THOROUGHLY DISCUSSED ALL ASPECTS OF THE AGREEMENT AND ADDENDUM WITH THEIR RESPECTIVE ATTORNEY(S), THAT THEY FULLY UNDERSTAND ALL OF ITS PROVISIONS, AND THAT THEY ARE VOLUNTARILY ENTERING INTO THE AGREEMENT AND ADDENDUM WITH THE FULL KNOWLEDGE OF ITS LEGAL SIGNIFICANCE AND WITH THE INTENT TO BE LEGALLY BOUND BY ITS TERMS.

### **DeltaMath Solutions – Terms of Service (As posted on <https://www.deltamath.com>)**

*Effective Date: November 16, 2022*

Thank you for your interest in using the online services operated by DeltaMath ("DeltaMath", "we" or "us"). These Terms of Service ("Terms" or "Agreement") govern your use of DeltaMath's online services (the "Services"). Please continue reading to learn about the terms by which you may use our Services.

These Terms apply to all schools, school districts, or teachers (collectively referred to as "Schools") as well as students and parents, who use the Services; (collectively along with "Schools" referred to as "Users" or "you").

Any material change to these policies will be announced via a banner message displayed on this website.

By accessing or using the Services, creating an account, or by otherwise affirmatively stating your desire to use the Services, you signify that you have read, understood, and agree to be bound by this Agreement and to the collection and use of your information as set forth in the DeltaMath Privacy Policy, otherwise you may not use the Services. Because our Services change relatively often, the terms in this Agreement and our Privacy Policy may change too. Upon making changes, we will update the "Effective Date" found at the top of this page. Your continued use of the Services after any changes constitutes your acceptance of the new terms.

#### DeltaMath's Service

DeltaMath is an online math practice and learning site. Students will register with a teacher code and complete assignments made by their teacher.

As long as you are complying with all of the terms and conditions of this Agreement, DeltaMath gives you permission to access and use the Service. The Service is available for your personal, noncommercial use. We are constantly changing and improving our Services. We may add or remove functionalities or features, and we may suspend or stop a Service altogether, including, for example, if you do not comply with this Agreement or if we are investigating suspected misconduct. We may also stop providing Service to you, or add or create new limits to our Service or restrict your access to all or part of the Service at any time without notice or liability.

In particular, individual teacher licenses, paid or unpaid, are intended for single-teacher use. We reserve the right to reach out to end-users and/or revoke access in cases where it appears more than one teacher is using an account without our prior consent.

The right to access and use the Service is revoked in jurisdictions where it may be prohibited, if any.

## Refund Policy

Refunds for site or individual teacher licenses are available within one month (30 days) of purchase. Full or partial refunds are not available after that time, and in no case will unused licenses roll over to the next school year. Contact [orders@deltamath.com](mailto:orders@deltamath.com) to request a refund.

## Personal Information and Student Data

The U.S. Children's Online Privacy and Protection Act ("COPPA") requires that online service providers obtain verifiable parental consent before collecting personal information from children under 13. If you are a School providing the Service to children under 13 (whether in the U.S. or elsewhere), you represent and warrant that you have received consent from parents, or have the authority to provide consent on behalf of parents, for us to collect information from students before allowing children under 13 to access DeltaMath Services. We recommend that all Schools provide appropriate disclosures to students and parents regarding their use of service providers such as DeltaMath.

When DeltaMath is used by a School for an educational purpose, DeltaMath may collect or have access to Student Data that is provided by the School or by the Student. "Student Data" is personal information that is directly related to an identifiable Student and may include "educational records" as defined by the Family Educational Rights and Privacy Act ("FERPA"). 20 U.S.C. § 1232(g).

**Confidentiality.** DeltaMath agrees to treat Student Data as confidential and not to share it with third parties other than as described in these Terms, and in our Privacy Policy.

**Student Data Access.** You authorize DeltaMath to access or collect Student Data for the purpose of providing the Service. In the U.S., DeltaMath shall collect and process Student Data as a School Official with a legitimate educational interest pursuant to FERPA 34 CFR Part 99.31(a)(1).

**Personal Information and Student Data Consents and Authority.** If you are School User, you represent and warrant that you have provided appropriate disclosures to your School and to parents regarding your sharing such Personal Information with DeltaMath. Both Parties agree to uphold their obligations under the Family Educational Rights and Privacy Act ("FERPA"), the Protection of Pupil Rights Amendment ("PPRA"), and the Children's Online Privacy and Protection Act ("COPPA") and applicable State laws relating to student data privacy. DeltaMath relies on each School to obtain and provide appropriate consent and disclosures, if necessary, for DeltaMath to collect any Student Data, including the collection of Student Data directly from students under 13, as permitted under COPPA. You agree to comply with these Terms and all laws and regulations governing the protection of personal information, including children's information, and the sharing of student education records.

**Use of Student Data.** By submitting or providing us access to Student Data, you agree that DeltaMath may use the Student Data solely for the purposes of (i) providing the Service, (ii) improving and developing our Service, (iii) enforcing our rights under these Terms, and (iv) as permitted with the School's or the User's consent. DeltaMath shall not use Student Data to engage in targeted advertising.

**Use of Anonymized Student Data.** You agree that we may collect and use data derived from Student Data for our own purposes, such as for product development, research analytics, and

marketing our Service, provided that such data will be de-identified and/or aggregated to reasonably avoid identification of a specific individual.

**Use of Personal Information for Marketing.** You agree that DeltaMath may provide information about new DeltaMath features and offerings to school or district administrative users and teachers from time to time, provided that such advertisements shall not be based on Student Data. For emphasis, and without limitation, DeltaMath shall never use Student Data to engage in targeted advertising, nor shall DeltaMath direct advertising to student users.

**Third-Party Service Providers.** You acknowledge and agree that DeltaMath may provide access to Student Data to our employees and service providers, which have a legitimate need to access such information in order to provide their services to us. We and our employees, affiliates, service providers, or agents involved in the handling, transmittal, and processing of Student Data will be required to maintain the confidentiality of such data.

**Student Data Retention and Deletion Requests.** DeltaMath retains Student Data, but for educational purposes only. Oftentimes students will want to refer back to their DeltaMath student accounts for college or other future courses. However, if a student does not utilize their account for a period of two years, their account and personally identifiable information will be deleted. Additionally, Schools may request that we delete Student Data in our possession at any time by providing such a request in writing. We shall respond to the deletion request as soon as possible, but in most instances within 45 days, other than for data stored on backup tapes which shall be deleted in the ordinary course of business. A Parent seeking to modify, correct, or delete personal information in a Student Account that is connected to an active School account will be instructed to contact the School to discuss data deletion or modification. We are not required to delete data that has been derived from Student Data so long as it has been anonymized such that it does not reasonably identify an individual.

d. *Exclusions And Limitations.* Some jurisdictions do not allow the exclusion of certain warranties or the limitation or exclusion of liability for certain damages. Accordingly, some of the above limitations and disclaimers may not apply to you. To the extent that DeltaMath may not, as a matter of applicable law, disclaim any implied warranty or limit its liabilities, the scope and duration of such warranty and the extent of DeltaMath's liability will be the minimum permitted under such applicable law.

This Agreement shall remain in full force and effect while you use the Service. DeltaMath may suspend or terminate your access to the Service or your account at any time, for any reason (without cause or for your violation of any term of this Agreement), and without warning or

notice, which may result in the loss of information associated with your account. Upon termination of your account, your right to use the Service will immediately cease. All provisions of this Agreement which, by their nature, should survive termination, shall survive termination, including, without limitation, ownership provisions, warranty disclaimers, and limitations of liability.

#### Miscellaneous

The failure of either party to exercise, in any respect, any right provided for herein shall not be deemed a waiver of any further rights hereunder. DeltaMath shall not be liable for any failure to perform its obligations hereunder where such failure results from any cause beyond DeltaMath's reasonable control. If any provision of this Agreement is found to be unenforceable or invalid, that provision shall be limited or eliminated to the minimum extent necessary so that this Agreement shall otherwise remain in full force and effect and enforceable. This Agreement is not assignable, transferable or sublicensable by you except with DeltaMath's prior written consent. DeltaMath may transfer, assign or delegate this Agreement and its rights and obligations without restriction. This Agreement is governed by and construed in accordance with the laws of the State of New York without regard to the conflict of laws provisions thereof. To the extent any dispute arising from or relating to the subject matter of this Agreement is permitted to be brought in a court of law, such claim shall be subject to the exclusive jurisdiction of the state and federal courts located in New York County, New York, and for all purposes of this Agreement, you and DeltaMath consent to the exclusive jurisdiction and venue of such courts. Unless and solely to the extent that you or your Institution have a separate written agreement with DeltaMath that governs your use of the Service (in which case such agreement will control), we both agree that this Agreement is the complete and exclusive statement of the mutual understanding of the parties and supersedes and cancels all previous written and oral agreements, communications and other understandings relating to the subject matter of this Agreement, and that the Agreement may not be modified, except as otherwise provided herein. This Agreement and any subsequent versions of this Agreement posted to the Website will be deemed a writing signed by both parties. No agency, partnership, joint venture, or employment is created as a result of this Agreement and you do not have any authority of any kind to bind DeltaMath in any respect whatsoever.

### DeltaMath Solutions – Privacy Policy (As posted on <https://www.deltamath.com>)

*Effective Date: November 16, 2022*

DeltaMath ("we" or "DeltaMath") is committed to protecting the privacy of teachers and students. This Privacy Policy will explain (i) what information DeltaMath collects from you and why we collect it, (ii) how we use and share that information, and (iii) the choices you have, including how to access, update and delete your information.

Any material change to these policies will be announced via a banner message displayed on this website.

#### How we Collect and Use Information

**Teacher Registration and Class Setup:** We ask for certain information when a teacher registers with DeltaMath. Teachers must provide a school name and address where they currently teach and also their full name and salutation. This information will be shown to students when they register so they are confident they are registering for the correct class. Teachers must also provide an email address and password. The email and password are used for login purposes to protect student data that only teachers have access to. The email address may also be used to send infrequent updates about DeltaMath. The teachers must also provide information about the classes they are teaching. This allows the teacher to create assignments on a per class basis and the students will select the correct section from a dropdown box when they register for the class.

**Student Registration:** Students may only sign up for a DeltaMath account with a valid teacher code from a registered DeltaMath teacher. The students are given the teacher code and the students are responsible for creating their own account. Students must enter their full name, email address, password and select the correct class section when creating the account. The email addresses are used for a unique login as well as password recovery initiated by the student. In order to improve privacy, there is an option in the teacher "Tools" that allows email addresses to not be used during registration. In this case, the teacher could assign non personally identifiable usernames and nicknames in order to increase student anonymity. The only users that will be able to see the student personally identifiable information are the teachers for whom the student has registered. The student's teachers are *not* able to see their students' passwords, but the teacher is able to reset the password of a student in the event that a student has forgotten their password.

**Assignment Data:** The primary purpose of DeltaMath is for teachers to put up assignments and for students to complete them. Teachers will create assignments, specifying relevant math problems for students to complete. Teachers have the opportunity to share their assignments with all DeltaMath users, but the default is that all assignments created are private. Students will complete the assignments and data will be collected regarding student progress. This data includes which problems were attempted, the time at which each problem was attempted, the answers the student submitted and whether they were correct, the duration the student was working on each problem, whether each assignment was completed on time and the completion percentage for each assignment. Some problems have corresponding videos and data is collected

on whether the student watched the videos and for how long. If the teacher decides to assign a "Test Correction" assignment, the students are required to enter in their grade on the given test or quiz and input which questions they got wrong in order for a customized assignment to be made for the student. All of this data is available to the student's teacher(s) in order to use the information for student accountability purposes or to inform their instruction. The information is also available to all future, past and concurrent teachers added by the student in order for each teacher to understand their students' strengths and weaknesses to the fullest extent.

**Automatically Collected Data:** We automatically collect certain technical usage information when you use the DeltaMath Services ("Usage Data"). Usage Data includes the information that your web browser or mobile application automatically sends to our servers whenever you visit. The Usage Data collected in our logs may include information such as your web request, Internet Protocol address, operating system, browser type, browser language, referring / exit pages and URLs, platform type, click history, domain names, landing pages, pages viewed and the order of those pages, the amount of time spent on particular pages, the date and time of your request, and whether you opened an email. Typically, this information is collected through log files, web beacons, browser cookies, or other device identifiers that may uniquely identify your browser or device. Teachers are able to see the IP addresses of their students for any given problem solved in order to ensure that multiple accounts are not signing in from the same computer possibly indicating one student is signing into another student's account to complete work under a false identity. In addition, the DeltaMath Services may use third party analytics and bug tracking software (including, without limitation, Google Analytics) to collect further Usage Data regarding the online usage patterns of our users and bugs in our Services. We may combine Usage Data with Personal Data in a manner that enables us to trace Usage Data to an individual user. We do not permit third party advertising networks or other third parties to collect information about your browsing behavior from our website for advertising purposes.

#### How we Share Your Information

DeltaMath does not sell or rent any of your, or your child's, personal information to any third party for any purpose - including for advertising or marketing purposes. Targeted advertising is not permitted on DeltaMath. We use the information we collect from you to provide you with the best DeltaMath experience. More specifically, this information is used to:

- Provide and improve the Service, for example by developing new products and features
- Respond to your requests for information or customer support
- Customize the Service for you, and improve your experience with it
- Send you information about new features and DeltaMath products we believe you may be interested in

We use automatically collected information (described in the "Automatically Collected Data" section above) to provide and support our Service, and for the additional uses described in this section of our Privacy Policy.

We do not share personal information with any third parties except in the limited circumstances described in this Privacy Policy:

**Service Providers:** Targeted advertising is not permitted on DeltaMath. We do work with vendors, service providers, and other partners to help us provide the Service by performing tasks on our behalf. We may need to share or provide information (including personal information) to

them to help them perform these business functions, for example sending emails on our behalf, database management services, database hosting, and security. Generally, these service providers do not have the right to use your personal information we share with them beyond what is necessary to assist us. Additionally, these service providers must adhere to the same standards of data privacy and security as those detailed herein, particularly with regard to protected personal information.

**Analytics Services:** We use analytics services, including mobile analytics software, to help us understand and improve how the Service is being used. These services may collect, store and use information in order to help us understand things like how often you use the Service, the events that occur within the application, usage, performance data, and from where the application was downloaded.

**Aggregated Information and Non-Identifying Information:** We may share aggregated, non-personally identifiable information publicly, including with users, partners or the press in order to, for example, demonstrate how DeltaMath is used, spot industry trends, or to provide marketing materials for DeltaMath. Any aggregated information shared this way will not contain any personal information.

**Legal Requirements:** We may disclose personal information if we have a good faith belief that doing so is necessary to comply with the law, such as complying with a subpoena or other legal process. We may need to disclose personal information where, in good faith, we think it is necessary to protect the rights, property, or safety of DeltaMath, our employees, our community, or others, or to prevent violations of our Terms of Service or other agreements. This includes, without limitation, exchanging information with other companies and organizations for fraud protection or responding to government requests.

**Sharing with DeltaMath Companies:** Over time, DeltaMath may grow and reorganize. We may share your personal information with affiliates such as a parent company, subsidiaries, joint venture partners or other companies that we control or that are under common control with us, in which case we will require those companies to agree to use your personal information in a way that is consistent with this Privacy Policy.

**Change of Control:** If we sell, divest or transfer DeltaMath or a portion of DeltaMath, we will not transfer Student personal information without first giving you the ability to opt-out of the transfer by deleting your account, unless the new owner intends to maintain and provide the Service as a going concern, and provided that the new owner has agreed to data privacy standards no less stringent than our own. We may also transfer personal information – under the same conditions – in the course of mergers, acquisitions, bankruptcies, dissolutions, reorganizations, liquidations, similar transactions or proceedings involving all or a portion of our business.

#### How we Store and Protect Your Information

**Storage and Processing:** Any information collected through the Service is stored and processed in the United States. If you use our Service outside of the United States, you consent to have your data transferred to the United States.

**Keeping Information Safe:** DeltaMath maintains strict administrative, technical and physical procedures to protect information stored in our servers, which are located in the United States. We use highly rated hosting providers with onsite 24-hour security and teams of experts dedicated to monitoring network security. Access to information is limited through user/password credentials by the administrator of the website only. When you enter any information anywhere on the Service, we encrypt the transmission of that information using

secure socket layer technology (SSL/TLS) by default. We ensure passwords are stored and transferred securely using encryption, salted hashing and key stretching to prevent brute force password cracking.

Although we make concerted good faith efforts to maintain the security of personal information, and we work hard to ensure the integrity and security of our systems, no practices are 100% immune, and we can't guarantee the security of information. Outages, attacks, human error, system failure, unauthorized use or other factors may compromise the security of user information at any time. If we learn of a security breach, we will attempt to notify you electronically (subject to any applicable laws) so that you can take appropriate protective steps; for example, we may post a notice on our homepage ([www.deltamath.com](http://www.deltamath.com)) or elsewhere on the Service, and may send an email to you at the email address you have provided to us.

#### How to Update or Delete Your Information

**Account Information and Settings:** Schools and students may update account information, such as email, password and name, by signing into their account and clicking "Tools". Schools and other website users can opt-out of receiving promotional email from us by clicking on the "unsubscribe" feature at the bottom of each any email sent to them. Teachers may change a password or alter a name of any student account who has added the teacher code of that teacher to their student account.

If you have any questions about reviewing or modifying account information, contact us directly at [support@deltamath.com](mailto:support@deltamath.com).

**Deleting Your Account and Information:** If you would like to delete your account and information from the site, please contact [support@deltamath.com](mailto:support@deltamath.com) and your request will be honored within a reasonable amount of time. The request should be made from the email address associated with the account to ensure it is a legitimate request. If you are a student or a parent of a student of an active School account, the request must be made by the School as an intermediary in order to give the School ample chance to download information from the site that may be used for legitimate educational purposes. We may maintain anonymized, aggregated data, including usage data, for analytics purposes.

#### Children's Privacy

DeltaMath does not knowingly collect any information from children under the age of 13 unless and until the School has obtained appropriate parental consent for the student to use the Service. Because DeltaMath collects and uses Student Data at the direction of and under the control of a School, DeltaMath relies on each School to provide appropriate notice to parents of the School's use of third party service providers such as DeltaMath, and for the Schools to provide consent, if necessary, and authorization for DeltaMath to collect Student Data, as permitted by the Children's Online Privacy Protection Act (COPPA). Please contact us at [support@deltamath.com](mailto:support@deltamath.com) if you believe we have inadvertently collected personal information of a child under 13 without proper consent so that we may delete such data as soon as possible.

## Changes and Updates

This Privacy Policy may be revised periodically and this will be reflected in the “Effective Date” at the top of this page. Your continued use of the DeltaMath Services following such update constitutes your agreement to the revised Privacy Policy.
