In performing these services, the Provider shall be considered a School District Official with a legitimate educational interest, and performing services otherwise provided by the LEA. With respect to the use and maintenance of Student Data, Provider shall be under the direct control and supervision of the LEA.

The Provider further acknowledges and agrees that all copies of such Student Data transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are subject to the provisions of this Agreement in the same manner as the original Student Data. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data contemplated per the Service Agreement shall remain the exclusive property of the LEA. For the purposes of FERPA, the Provider shall be considered a School District Official, under the control and direction of the LEAs as it pertains to the use of Student Data notwithstanding the above. Provider may transfer pupil-generated content to a separate account, according to the procedures set forth below.

2. **Parent Access.** LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review Student Data in the pupil’s records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. Provider shall respond in a timely manner (and no later than 30 days from the date of the request) to the LEA’s request for Student Data in a pupil’s records held by the Provider to view or correct as necessary. In the event that a parent of a pupil or other individual contacts the Provider to review any of the Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.

3. **Separate Account.** If pupil generated content is stored or maintained by the Provider as part of the Services described in Exhibit “A”, Provider shall, at the request of the LEA, transfer said pupil generated content to a separate student account upon termination of the Service Agreement; provided, however, such transfer shall only apply to pupil generated content that is severable from the Service.

4. **Third Party Request.** Should a Third Party, including law enforcement and government entities, contact Provider with a request for data held by the Provider pursuant to the Services, the

Provider shall redirect the Third Party to request the data directly from the LEA. Provider shall notify the LEA as soon as possible in advance of a compelled disclosure to a Third Party.

5. Subprocessors. Provider shall enter into written agreements with all Subprocessors performing functions pursuant to the Service Agreement, whereby the Subprocessors agree to protect Student Data in manner consistent with the terms of this DPA, as well as state and federal law.

ARTICLE III: DUTIES OF LEA

1. Privacy Compliance. LEA shall provide data for the purposes of the Service Agreement in compliance with FERPA, COPPA, PPRA, and applicable Wisconsin law.

2. Annual Notification of Rights. The LEA shall include a specification of criteria under FERPA for determining who constitutes a school official and what constitutes a legitimate educational interest in its Annual notification of rights.

3. Reasonable Precautions. LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.

4. Unauthorized Access Notification. LEA shall notify Provider promptly of any known or suspected unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

ARTICLE IV: DUTIES OF PROVIDER

1. Privacy Compliance. The Provider shall comply with all applicable state and federal laws and regulations pertaining to data privacy and security, including FERPA, COPPA, PPRA, and applicable Wisconsin law.

2. Authorized Use. The data shared pursuant to the Service Agreement, including persistent unique identifiers, shall be used for no purpose other than the Services stated in the Service Agreement and/or otherwise authorized under the statutes referred to in subsection (1), above. Provider also acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, meta data, user content or other non-public information and/or personally identifiable information contained in the Student Data, without the express written consent of the LEA.

3. Employee Obligation. Provider shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under the Service Agreement.

4. No Disclosure. Provider shall not copy, reproduce or transmit any data obtained under the Service Agreement and/or any portion thereof, except as necessary to fulfill the Service Agreement.

5. Disposition of Data. Upon written request and in accordance with the applicable terms in

subsection a or b, below, Provider shall dispose or delete all Student Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained. Disposition shall include (1) the shredding of any hard copies of any student data; (2) erasing; or (3) otherwise modifying the personal information in those records to make it unreadable or indecipherable by human or digital means. Nothing in the Service Agreement authorizes Provider to maintain Student Data obtained under the Service Agreement beyond the time period reasonably needed to complete the disposition. Provider shall provide written notification to LEA when the Student Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a “Request for Return or Deletion of Student Data” form, a copy of which is attached hereto as Exhibit “D”. Upon receipt of a request from the LEA, the Provider will immediately provide the LEA with any specified portion of the Student Data within ten (10) calendar days of receipt of said request.

- a. **Partial Disposal During Term of Service Agreement.** Throughout the Term of the Service Agreement, LEA may request partial disposal of Student Data obtained under the Service Agreement that is no longer needed. Partial disposal of data shall be subject to LEA’s request to transfer data to a separate account, pursuant to Article II, section 3, above.
- b. **Complete Disposal Upon Termination of Service Agreement.** Upon Termination of the Service Agreement Provider shall dispose or delete all Student Data obtained under the Service Agreement. Prior to disposition of the data, Provider shall notify LEA in writing of its option to transfer data to a separate account, pursuant to Article II, section 3, above. In no event shall Provider dispose of data pursuant to this provision unless and until Provider has received affirmative written confirmation from LEA that data will not be transferred to a separate account.

6. **Advertising Prohibition**. Provider is prohibited from using or selling Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising, or other commercial efforts by a Provider; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data for the development of commercial products or services, other than as necessary to provide the Service to LEA. This section does not prohibit Provider from using Student Data for adaptive learning or customized student learning purposes.

ARTICLE V: DATA PROVISIONS

1. **Data Security**. The Provider agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices, to protect Student Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of Provider are set forth below. Provider may further detail its security programs and measures in Exhibit “F” hereto. These measures shall include, but are not limited to:

Nothing in the Service Agreement authorizes Provider to maintain Student Data beyond the time period reasonably needed to complete the disposition.
- c. Security Protocols.** Both parties agree to maintain security protocols that meet industry standards in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Provider shall maintain all data obtained or generated pursuant to the Service Agreement in a secure digital environment and not copy, reproduce, or transmit data obtained pursuant to the Service Agreement, except as necessary to fulfill the purpose of data requests by LEA.
- d. Employee Training.** The Provider shall provide periodic security training to those of its employees who operate or have access to the system. Further, Provider shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.

The service security measures shall include server authentication and data encryption. Provider shall host data pursuant to the Service Agreement in an environment using a firewall that is updated according to industry standards.

Provider shall periodically conduct or review compliance monitoring and assessments of Subprocessors to determine their compliance with this Article.
- h. Periodic Risk Assessment.** Provider further acknowledges and agrees to conduct digital and physical periodic (no less than semi-annual) risk assessments and remediate any identified security and privacy vulnerabilities in a timely manner.

2. Data Breach. In the event that Student Data is accessed or obtained by an unauthorized individual, Provider shall provide notification to LEA within a reasonable amount of time of the incident, and not exceeding forty-eight (48) hours. Provider shall follow the following process:

- a.** The security breach notification shall be written in plain language, shall be titled “Notice of Data Breach,” and shall present the information described herein under the following headings: “What Happened,” “What Information Was Involved,” “What We Are Doing,” “What You Can Do,” and “For More Information.” Additional information may be provided as a supplement to the notice.

 - iv.** Whether the notification was delayed because of a law enforcement investigation, if that information is possible to determine at the time the notice is provided.
 - v.** A general description of the breach incident, if that information is possible to determine at the time the notice is provided.
- c.** At LEA’s discretion, the security breach notification may also include any of the following:
 - i.** Information about what the agency has done to protect individuals whose information has been breached.
 - ii.** Advice on steps that the person whose information has been breached may take to protect himself or herself.
- d.** Provider agrees to adhere to all requirements in applicable state and federal law with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
- e.** Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a copy of said written incident response plan.
- f.** Provider is prohibited from directly contacting parent, legal guardian or eligible pupil unless expressly requested by LEA. If LEA requests Provider’s assistance providing notice

If requested by LEA, Provider shall reimburse LEA for costs incurred to notify parents/families of a breach not originating from LEA's use of the Service.

For purposes of this DPA, Educational Records are referred to as Student Data.

Operator: The term “Operator” means the operator of an Internet Website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used primarily for K–12 school purposes and was designed and marketed for K–12 school purposes. For the purpose of the Service Agreement, the term “Operator” is replaced by the term “Provider.” This term shall encompass the term “Third Party,” as it is found in applicable state statutes.

Personally Identifiable Information (PII): The terms “Personally Identifiable Information” or “PII” shall include, but are not limited to, student data, metadata, and user or pupil-generated content obtained by reason of the use of Provider’s software, website, service, or app, including mobile apps, whether gathered by Provider or provided by LEA or its users, students, or students’ parents/guardians. PII includes Indirect Identifiers, which is any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Student Data.

Provider: For purposes of the Service Agreement, the term “Provider” means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records. Within the DPA the term “Provider” includes the term “Third Party” and the term “Operator” as used in applicable state statutes.

Pupil Generated Content: The term “pupil-generated content” means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

Pupil Records: Means all of the following: (1) Any information that directly relates to a pupil that

is maintained by LEA;(2) any information acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other LEA employee; and any information that meets the definition of a “pupil record” under Wis. Stat. § 118.125(1)(d). For the purposes of this Agreement, Pupil Records shall be the same as Educational Records, Student Personal Information and Covered Information, all of which are deemed Student Data for the purposes of this Agreement.
