

SCHEDULE E

EDUCATION LAW 2-d RIDER

New York State Education Law 2-d was enacted in 2014 to address concerns relative to securing certain personally identifiable information. In order to comply with the requirements of Education Law 2-d, educational agencies and certain third-party contractors who contract with educational agencies must take certain additional steps to secure such data. These steps include enacting and complying with a Parents' "Bill of Rights" relative to protected data, ensuring that each third-party contractor has a detailed data privacy plan in place to ensure the security of such data, and that each third-party contractor sign a copy of the educational agency's Parents' Bill of Rights, thereby signifying that the third-party contractor will comply with such Parents' Bill of Rights. This Agreement is subject to the requirements of Education Law 2-d and Ellevation, Inc. (the "Contractor") is a covered third-party contractor.

In order to comply with the mandates of Education Law 2-d, and notwithstanding any provision of the Agreement between the Board of Cooperative Educational Services, First Supervisory District of Suffolk County ("ESBOCES") and Contractor, including any Agreement to Terms attached thereto, to the contrary, Contractor agrees as follows:

Contractor will treat "Protected Data" (as defined below) as confidential and shall protect the nature of the Protected Data by using the same degree of care, but not less than a reasonable degree of care, as the Contractor uses to protect its own confidential data, so as to prevent the unauthorized dissemination or publication of Protected Data to third parties. Contractor shall not disclose Protected Data other than to those of its employees or agents who have a need to know such Protected Data under this Agreement. Contractor shall not use Protected Data for any other purposes than those explicitly provided for in this Agreement. All Protected Data shall remain the property of the disclosing party. As more fully discussed below, Contractor shall have in place sufficient internal controls to ensure that ESBOCES' and/or participating school districts' Protected Data is safeguarded in accordance with all applicable laws and regulations, including, but not limited to, the Children's Internet Protection Act ("CIPA"), the Family Educational Rights and Privacy Act ("FERPA"), and the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), and Part 121 of the Regulations of the Commissioner of Education, as it may be amended from time-to-time if applicable.

"Protected Data" includes any information rendered confidential by State or federal law, including, but not limited to personally identifiable: student data, student demographics, scheduling, attendance, grades, health and discipline tracking. Protected Data also includes all other data reasonably considered to be sensitive or confidential data by ESBOCES and/or participating school districts that ESBOCES and/or the participating school district has identified to Contractor in writing as sensitive or confidential data of ESBOCES and/or the participating school district. Protected Data also includes any information protected under Education Law 2-d including, but not limited to:

"Personally identifiable information" from student records of ESBOCES and/or participating school districts as that term is defined in § 99.3 of FERPA,

-AND-

Personally identifiable information from the records of ESBOCES and/or participating school districts relating to the annual professional performance reviews of classroom teachers or principals that is confidential and not subject to release under the provisions of Education Law §§3012-c and 3012-d.

Contractor and/or any subcontractor, affiliate, or entity that may receive, collect, store, record or display any Protected Data shall comply with New York State Education Law § 2-d. As applicable, Contractor agrees to comply with ESBOCES' policy(ies) on data security and privacy provided to Contractor in advance of executing this Agreement. Contractor shall promptly reimburse ESBOCES and/or participating school districts for the full cost of notifying a parent, eligible student, teacher, or principal of an unauthorized release of Protected Data by Contractor, its subcontractors, and/or assignees. In the event this Agreement expires, is not renewed or is terminated, Contractor shall delete all of ESBOCES' and/or participating school districts' Protected Data, in its possession by secure transmission.

Data Security and Privacy Plan

Contractor and/or any subcontractor, affiliate, or entity that may receive, collect, store, record or display any of ESBOCES' and/or participating school districts' Protected Data, shall maintain a Data Security and Privacy Plan which includes the following elements:

1. Specifies the administrative, operational and technical safeguards and practices in place to protect personally identifiable information that Contractor will receive under the contract;
2. Demonstrates Contractor's compliance with the requirements of Section 121.3 of Part 121;
3. Specifies how officers or employees of the Contractor and its assignees who have access to student data, or teacher or principal data receive or will receive training on the federal and state laws governing confidentiality of such data prior to receiving access;
4. Specifies how Contractor will utilize sub-contractors and how it will manage those relationships and contracts to ensure personally identifiable information is protected;
5. Specifies how Contractor will manage data security and privacy incidents that implicate personally identifiable information including specifying any plans to identify breaches and unauthorized disclosures, and to promptly notify the educational agency;
6. Specifies whether Protected Data will be returned to ESBOCES and/or participating school districts, transitioned to a successor contractor, at ESBOCES' and/or participating school districts' option, or direction, deleted or destroyed by the Contractor when the contract and/or the Agreement to Terms is terminated or expires.

Pursuant to the Plan Contractor will:

1. Have adopted technologies, safeguards and practices that align with the NIST Cybersecurity Framework referred to in Part 121.5(a);

 - b. unless required by statute or court order and Contractor has provided a notice of disclosure to the department, district board of education, ESBOCES or the institution that provided the information no later than the time the information is disclosed, unless providing notice of disclosure is expressly prohibited by the statute or court order.
6. Maintain reasonable administrative, technical and physical safeguards to protect the security, confidentiality and integrity of personally identifiable information in our custody;

7. Use encryption to protect personally identifiable information in its custody while in motion or at rest; and
8. Not sell personally identifiable information nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

In the event Contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by state and federal law and contract shall apply to the subcontractor.

Where a parent or eligible student requests a service or product from a third-party contractor and provides express consent to the use or disclosure of personally identifiable information by the third-party contractor for purposes of providing the requested product or service, such use by the third-party contractor shall not be deemed a marketing or commercial purpose prohibited by the Plan.
