

EXHIBIT "A"**DESCRIPTION OF SERVICES**

Provider will use Student Data to provide the following products and services (please check all that apply):

Achieve. Achieve is a comprehensive set of interconnected teaching and assessment tools. It incorporates the most effective elements from Macmillan's market leading solutions - including Sapling, LaunchPad, iClicker and others - in a single, easy to use platform. Our resources were co-designed with instructors and students, using a foundation of learning research and rigorous testing.

Sapling & SaplingPlus With Sapling Learning, every problem counts; student get wrong answer-specific feedback with nearly every problem so they learn from correct and incorrect answers and instructors get the support and analytics they need.

E-book At roughly half the cost of the print text, e-books meet students where they already live—online.

FlipIt FlipIt is a class preparation system for anybody looking for active learning or simply seeking a way to better prepare students for class.

iClicker. iClicker's innovative classroom response system makes it easy to track attendance, increase participation, facilitate quizzes, measure performance, and get more out of your classroom.

iOLab iOLab combines all the measurement devices and components needed for hundreds of physics labs in a single device, linking them to a software solution for gathering data and recording results. With iOLab, students are able to conduct Physics experiments
