**EXHIBIT "A-1"**  
**DESCRIPTION OF SERVICES**

**Promethean Account Service Description:**

The Promethean account service is directed at supporting education, to facilitate learning and to enable teachers to achieve greater educational outcomes for their students.

The Promethean account service allows administrators to keep track of all ActivPanel displays and users enrolled throughout the organization. The administrator is able to view ActivPanel details such as model, serial number, and software version, as well as user role and account status for all users within their organization.

The Promethean account service also ensures that teachers always have quick and easy access to the content within their Promethean account and can access their content from any Promethean ActivPanel within their school. As part of their Promethean account profile, teachers can configure security credentials including a PIN and NFC card to access their content on ActivPanel devices.

As an option within the Promethean account service, teachers can log into their Promethean account service account and use the "Cloud Connect" feature to connect their Promethean account service account to their individual Google Drive or Microsoft OneDrive account. While this connection does not result in Promethean maintaining any additional personal information, it does allow a teacher to access content and resources the teacher has stored in their Google Drive or Microsoft OneDrive account from any ActivPanel the teacher is using by logging into their Promethean account service account via the ActivPanel and then, after a one-time set-up of a link or connection ("Cloud Connect") between their Promethean account and their Google Drive or OneDrive account, a teacher is able to easily access the teacher's files, content and resources stored or maintained by the teacher in the teacher's Google Drive or OneDrive account(s) directly from the ActivPanel.

To amend Article II, Section 5 to add: Provider shall ensure that its subprocessors do not have any property, licensing or ownership rights or claims to Student Data or APPR data and that they will comply with the terms of this DPA. Provider shall examine the data privacy and security measures of its Subprocessors. If at any point a Subprocessor fails to materially comply with the requirements of this DPA, Provider shall: (i) notify LEA, (ii) as applicable, remove such Subprocessor's Access to Student Data and APPR Data; and (iii) as applicable, retrieve all Student Data and APPR Data received or stored by such Subprocessor and/or ensure that Student Data and APPR Data has been securely deleted or securely destroyed in accordance with this DPA. In the event there is an incident in which Student Data and APPR Data held, possessed, or stored by the Subprocessor is compromised, or unlawfully Accessed or disclosed, Provider shall follow the Data Breach reporting requirements set forth in the DPA.
8. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
9. To amend Article IV, Section 3 to add: Provider shall ensure that all its employees and subprocessors who have Access to or will receive Student Data and APPR Data will be trained on the federal and state laws governing confidentiality of such Student Data and APPR Data prior to receipt. Access to or Disclosure of Student Data and APPR Data shall only be provided to Provider's employees and subprocessors who need to know the Student Data and APPR Data to provide the services and such Access and/or Disclosure of Student Data and APPR Data shall be limited to the extent necessary to provide such services.
10. To replace Article IV, Section 6 (Disposition of Data) with the following: Upon written request from the LEA, Provider shall dispose of or provide a mechanism for the LEA to transfer Student Data obtained under the Service Agreement, in accordance with a schedule and procedure as the Parties may reasonably agree provided that any such request (i) is delivered to Provider prior to the effective date of termination or expiration of the Service, (ii) is subject to Provider's Data Retention and Data Deletion Policy applicable to the Service, and (iii) the further condition that known Student Data must be deleted no later than the date that is ninety (90) days after the date of said request. Provider is prohibited from retaining disclosed Student Data or continuing to Access Student Data beyond the term of the Service Agreement unless such retention is expressly authorized for a prescribed period by the Service Agreement or is otherwise deleted in accordance with the Provider's Data Retention and Data Deletion Policy, but in no event later than ninety (90) days following the expiration of the term of the Service Agreement provided,

however, the LEA recognizes Provider has no way of knowing if Student Data is, or is not, included in any teacher-created resource maintained by a teacher within the service, such as a teacher created-lessons or aids, and, therefore, authorizes Provider to maintain such resources within the Service until such time as the LEA instructs Provider to delete the account of the LEA's employee(s), the LEA's employee instructs Provider to delete the LEA's employee's account, or the LEA's employee deletes the LEA's resource from the LEA's employee's account. The confidentiality and data security obligations of Provider under this DPA shall survive any termination of this contract to which this DPA is attached but shall terminate upon Provider's certifying that it and its subprocessors, as applicable: (a) no longer have the ability to Access any Student Data provided to Provider pursuant to the Service Agreement and/or (b) have destroyed all Student Data and APPR Data provided to Provider pursuant to this DPA. The Provider agrees that the timelines for disposition of data will be modified by any Assurance of Discontinuation, which will control in the case of a conflict.

Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all known student data in accordance with Provider's Data Retention and Data Deletion Policy but in no event later than ninety (90) days after Provider's receipt of a request or instruction for the deletion of known student data from an LEA.

The duty to dispose of student data shall not extend to Student Data that had been de-identified or placed in a separate student account pursuant to section II 3. The LEA may employ a "**Directive for Disposition of Data**" form, a copy of which is attached hereto as **Exhibit "D"**, or, with reasonable notice to the Provider, other form of its choosing. No further written request or notice is required on the part of either party prior to the disposition of Student Data described in "**Exhibit D**".

11. To amend Article IV, Section 7 to add: 'Notwithstanding the foregoing, Provider is prohibited from using Student Data or APPR data for any Commercial or Marketing Purpose as defined herein. And, amend (iii) to read as follows: "(iii) to provide notices within the Services to account holders about the Services including notices relating to the Services, new updates, features available within the Services, or from otherwise using Student Data as permitted in this DPA and its accompanying exhibits.'
12. To replace Article V, Section 1 (Data Storage) to state: Student Data and APPR Data shall be stored within the United States and Canada only. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
13. To replace Article V, Section 2 (Audits) to state: No more than once a year or following an unauthorized Access, upon receipt of a written request from the LEA with at least ten (10) business days' notice and upon the execution of an appropriate confidentiality agreement, the Provider will allow the LEA or its designee(s), at the LEA's cost and expense, to audit the security and privacy measures that are in place to ensure protection of Student Data or any portion thereof as it pertains to the delivery of services to the LEA . The Provider will, at no charge to the LEA, cooperate reasonably with the LEA or its designee(s) and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall

provide reasonable Access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA.

To amend the third sentence of Article V. Section 3 (Data Security) to read: The Provider shall implement security practices that are in alignment with the NIST Cybersecurity Framework v1.1 or any update to this Framework that is adopted by the New York State Department of Education.

14. To replace Article V. Section 4 (Data Breach) to state: In the event of a Breach as defined in 8 NYCRR Part 121.1 Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:

(1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:

i. The name and contact information of the reporting LEA subject to this section.

v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided; and

vi. The number of records affected, if known; and

vii. A description of the investigation undertaken so far; and

viii. The name of a point of contact for Provider.

(2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

(3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.

(4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians. Where a Breach of Student Data and/or APPR Data occurs that is attributable to Provider and/or its Subprocessors, Provider shall pay for the full cost of any legally required notification to Parents, Eligible Students, teachers, and/or principals.

(5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

(6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. Any of Provider's costs or expenses incidental to the required cooperation or participation of the Provider will be the sole responsibility of the Provider if such Breach is attributable to Provider or its subprocessors.

Purposefully, only minimum personal data is required for the Promethean Services.

Specifically, for the Promethean Account Service:

- (i) If the user self-registers with a self-selected password, the Personal Data collected and Processed by Promethean is limited to the following:
- first name;
  - last name; and
  - email address.

- (ii) If the user self-registers using their Google or Microsoft credentials (via the “OAUTH” process), the Personal Data collected and Processed by Promethean is limited to the following:
- first name; and
  - last name.

*When the Google or Microsoft OAUTH process is used, Promethean does NOT collect the user’s email or password. The OAUTH process generates a “token” that is stored by Google or Microsoft, as applicable.*

- (iii) In addition, when the user creates a Promethean account, the user selects the user’s role:
- Teacher; or
  - Administrator.

The user also selects the following:

- the user’s local language; and
- the user’s country/region.

The user also sets the user’s “display name.”

Students are not required to create Promethean accounts. Students can participate in activities and polls initiated by their teacher and stored in the teacher’s account if the teacher elects to store any such activities or resources.

- (iv) Optionally (but not required), the user may elect to add additional personal information into the user’s Promethean account to “personalize” what will be displayed when the user is logged-in to the user’s Promethean account. This Personal Data is not required by Promethean for operation or use of the Promethean account service. This Personal Data may be added at the option and discretion of the user. Optional information may include:

- the user’s picture or image;
- an avatar that, in some circumstances, could used to identify the user; and
- with applications that may be available through the Promethean service, a teacher may (but is not required) to enter student names or identifiers into these applications for use within the classroom. For example, with the spinner application, the teacher may enter students’ names into a spinner created by the teacher. Alternatively, the teacher may enter only student initials, random numbers or other data that does not identify any student into the same spinner.

- (v) Users are also prompted to accept or reject cookies. Users can reject cookies and still use the Promethean service.

Promethean does not anticipate processing any sensitive data or any special categories of data. The Promethean account is not intended for the processing of sensitive personal data or any special categories of data.
