ARTICLE VII: MISCELLANEOUS

1. **Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
7. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of

all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

DESCRIPTION OF SERVICES

SmartPass digital solutions for schools, allowing schools to manage student movement and increase security with real-time tracking and reporting. Products include, but are not limited to, SmartPass HallPass, SmartPass Flex, and Digital ID Cards.

What is SmartPass?

SmartPass is a digital hall pass system that replaces traditional sign-out books, paper passes, and wooden blocks. It allows you to have complete oversight on how your students travel through your hallways during class time.

How SmartPass works

Instead of signing out on a sign-out sheet, or carrying a wooden block, students use SmartPass to create a hall pass for themselves. Imagine the typical scenario of a student needing to use the restroom. The student raises their hand, asks for verbal permission to use the bathroom, and now they use either a school issued or personal device to make a digital pass.

What can SmartPass do?

Here are some administrator objectives that SmartPass can help you accomplish:

Encounter Prevention

Prevent 2+ students from meeting in the hallway together by placing them in an encounter prevention group. If one student in the group currently has a hall pass, then no other student will be allowed to have one.

Increase time spent in class

Spending excessive time outside of class is much more difficult with SmartPass. Combined with appropriate school rules, SmartPass is an effective tool to encourage students to stay in the classroom.

Increase student safety during emergencies

Quickly understand which students are in your hallways during a fire or building intruder. Print out a hallway report and ensure that all of your students are with a teacher.

Detect and discourage disruptive behavior

Easily detect, prevent, and remediate inappropriate behavior outside of the classroom. SmartPass's accurate digital record and reporting system makes it easy for admins to ensure their school runs smoothly.

Schedule passes for students easily

Send students passes ahead of time to save paper and frustration. Schedule counselor appointments, college visits, group activities, and more.

Powerful room and hallway control

Customize colors, icons, and folders to make SmartPass fit your school. Control whether students need prior digital permission before they can create a pass. Limit the number of students in a room.

Correspondence

If you correspond with us outside of the use of the Applications through a web form, email or otherwise, we will collect and retain your correspondence like any other ordinary business correspondence, subject to the information retention policies and legal requirements applicable to us and standard in our business.

Teachers/Administrators

In order to provide the Applications to teachers or administrators, we receive and store the personally identifiable information you knowingly provide to us.

As part of the registration and account setup process, we require your name, email address, school and school district affiliation, the classes and/or grades using the Applications. SSO Account profile, and other personal information that your privacy settings on the SSO Account permit us to access, in connection with creating your Applications account. However, we don't try to access any information in the SSO Account that we don't have to access in order to allow you to use it to sign onto the Applications. Web beacons are small strings of code that provide a method for delivering a graphic image on a web page or in an email message for the purpose of transferring data.

If Tracking Mechanisms are used, they may be used to collect information about you and your use of our Services, such as your browser type, and the date and time of your use. Tracking Mechanisms may also be used in order to help us learn more about how users engage with the Services, enable Applications features and processes (like enabling you to return to password-protected areas of the Applications without having to re-enter your password), provide

authentication and security for your use of the Applications, or store your preferences.

Specific Service Providers

Our third-party analytics service providers include Google Analytics. For Google's privacy practices see www.google.com/analytics/learn/privacy.html. To opt out of data recording and analysis by Google Analytics, see <https://tools.google.com/dlpage/gaoptout>.

Disabling Cookies or Web Beacons

It may be possible to disable cookies through your device settings. Most browsers allow disabling either third party cookies or all cookies. You may also disable web beacons by disabling HTML images in your email program, which may also affect other images in emails you receive.

Do Not Track

The Services will respond to the Do Not Track setting in your browser, and will honor other standard opt-out mechanisms (e.g., browser cookie settings and advertising opt-out cookies). Further, we do not ourselves use cookies to collect personally identifiable information and track users' online activities over time (except specifically in the Applications for the purposes we describe above) or

across different web sites. However, certain of the third party analytics or advertising providers we use (e.g., Google Analytics) may be able to do so, though we do not have access to or control of that information. For information regarding Do Not Track mechanisms, see <http://allaboutdnt.com>.

Our third-party service providers are not allowed to augment, extend, or combine personal information shared with them with information from third party sources. We may link Analytics Data to personal information that we collect through the Services, but we will only use the information in this form internally (for example, to customize your experience), and will not disclose it in linked format to third parties.

Business Transfers and Delegation

In the event of our acquisition, merger, the sale of our assets, or if we go out of business, enter bankruptcy, or go through some other change of control, we can and will transfer your personal information to the successor to business or assets, but we will not transfer your personal information unless the buyer or acquirer (1) intends to maintain and provide the Applications as a going concern and (2) agrees to honor the terms of this Privacy Policy, including providing notice and an opportunity for you to cease use of the Applications before any changes to the terms of this Privacy Policy take effect.

Protection of SmartPass and Others

We reserve the right to access, read, preserve, and disclose any information that we reasonably believe is necessary to comply with law or court order; enforce or apply our conditions of use and other agreements; or protect the rights, property, or safety of SmartPass, our employees, our users, or others. If we are required to

disclose your personal information by a government or legal request, we will notify you of that request if we are permitted to do so by the law governing that request.

Security

Your Applications account is protected by a password for your privacy and security, and you select that password, so we encourage you to select a strong password. If you use an SSO Account to access your Applications account, you may have additional or different sign-on protections via that third party site or service. You should prevent unauthorized access to your Applications account and the personally identifiable information in that Applications Account by selecting and protecting your password and/or other sign-on mechanism appropriately, not sharing those sign-on credentials with anyone, and limiting access to your computer or device and browser by signing off after you have finished accessing your account.

We endeavor to protect the privacy of your account and other personal information we hold in our records, and we use industry standard data security measures to protect your personal information. This includes: (1) only storing your personal information under our control, (2) using two-factor authentication for our personnel to access your personal information, (3) implementing physical access controls to those areas where personal information is stored, (4) limiting access to your personal information to only those of our personnel who need to have that access to do their jobs, and (5) encrypting all of your personal information both in transit and at rest. We also regularly conduct audits of our security practices to make sure that they are up to date. Unfortunately, we

cannot guarantee complete security. Unauthorized entry or use, hardware or software failure, and other factors, may compromise the security of user information.

In the event of an unauthorized disclosure of your personal information, we will provide notice as required by applicable law.

You should also be aware that:

- If you are a student, your teacher and your school administrators can access your Applications account and its personally identifiable information.
- If you are a teacher, your school administrator can access your Applications account and its personally identifiable information.

This means that your Applications account security is only as good as the security precautions of the teachers and school administrators who can access your Applications account, and you should check with them about those precautions and their information handling policies.

Retrieving, Changing and Deleting Information

We store Analytics Data and information collected through the Website separately from the information stored in the Applications. We have no meaningful ability to provide you with information concerning Analytics Data. For personally identifiable information collected through the Website (e.g., by signing up for a mailing list), please contact us at support@smartpass.app if you would

like us to delete that information, or if you would like to know which personal information of yours, we have or have shared with third parties.

We use technical efforts to ensure the integrity of the personal information we collect and store. However, because we receive all personal information either from you directly, or from the school or school district with which you are affiliated, we have no ability to determine the accuracy of that information, and rely on you or the relevant school or school district to either correct or inform us of any inaccuracies so that we can correct them.

Through your Applications account settings, you may access, and, in some cases, update or delete the personally identifiable information in your Applications account. Please note that in some cases, the information in your Applications account can only be changed by your teacher, school, or school district, and you cannot change it yourself. In that case, you will need to contact the relevant person in your school or school district.

Parents or guardians may request that we cease collection of personal information about their child. If you are a parent or guardian and would like to request that personally identifiable information regarding your child (or, if you are a teacher, a child that is in your class) be updated or personal information about your child no longer be collected (and/or that it be deleted) and you do not have the ability to do so yourself, please contact us at support@smartpass.app. In most cases we will refer your request to the relevant school or school district, but if you or your child is not affiliated with a school or school district, we will respond to your request within ten (10) business days of our receipt of such request.

You may be able to add or update information as explained above. By emailing support@smartpass.app, you may request that we delete your Applications account, or provide you with a list of all personal information of yours we have or have shared with third parties. In most cases we will refer your request to the

relevant school or school district, but if you or your child are not affiliated with a school or school district, we will respond to your request within ten (10) business days of our receipt of such request.

Generally speaking, unless a legal request has been made for a user's personally identifiable information, we do not retain and will delete personally identifiable information in Applications accounts within a reasonable period after we are informed the Applications account will no longer be used, or if it becomes inactive and we are unable to contact the relevant user, their school or school district. We may use aggregated or de-identified information derived from your personally identifiable information after you update or delete it, but not in a manner that would identify you personally.

The information you can view, update, and delete may change as the Services change. If you have any questions about viewing, updating or deleting information we have on file about you, please contact us at support@smartpass.app.

United States Operation

As a matter of our practices and policies, we generally adhere to the principles set out the European Union General Privacy Directive, however our Services are operated from the United States, and the privacy laws of the United States may not be as protective as those in your jurisdiction. If you are located outside of the United States and choose to use the Services or provide your information to us, you agree that your information will be transferred, processed, and stored in the United States. Your use of the Services represents your agreement to this practice. For the purposes of the GDPR, we act as a data controller for the

personal data which we collect directly from users who interact with us outside of an agreement we have with school or school district, but we act as a data processor for the personal data which we collect and process as part of our agreement with a school or school district. We have established an individual within our executive team as our data protection officer, who can be reached at support@smartpass.app.

Changes to this Privacy Policy or our Data Practices

We will alert you to material changes to this Privacy Policy, to the context in which we collect personal information, or to our personal information collection practices, at least 30 days before they take effect. We will also alert you if we become aware of an inconsistency between our data collection practices and our contract with you. We will provide such notices by placing a banner notice on SmartPass.app, or by sending you an email. The notice provided will clearly state that your continued use of our Services indicates your understanding of and consent to any Privacy Policy updates and changes. We do reserve the right to effect important changes more quickly as needed, as in the case of a requirement for legal compliance, a security threat or other emergency situation, or if we are granting you more rights than you had under the previous version of the Privacy Policy. Those important changes will be effective immediately and notice will still be provided via a banner notice on our site or by sending an email. Please note that if you've opted not to receive legal notice emails from us (or you haven't provided us with your email address), those legal notices will still govern your use of the Services, and you are still responsible for reading and understanding them.
