### SUPPLEMENTAL INFORMATION

#### ABOUT THE MASTER LICENSE AND SERVICE AGREEMENT BETWEEN ERIE 1 BOCES AND EDPUZZLE, INC.

Erie 1 BOCES has entered into a Master License and Service Agreement (“MLSA”) with Edpuzzle, Inc. which governs the availability to Participating Educational Agencies of the following Product(s):

Edpuzzle Instructional Software available at <https://edpuzzle.com/>

Pursuant to the MLSA, Participating Educational Agencies may provide to Vendor, and Vendor will receive, personally identifiable information about students, or teachers and principals, that is protected by Section 2-d of the New York State Education Law (“Protected Data”).

**Exclusive Purpose for which Protected Data will be Used:** The exclusive purpose for which Vendor is being provided access to Protected Data is to provide Participating Educational Agencies with the functionality of the Product(s) listed above. Vendor agrees that it will not use the Protected Data for any other purposes not explicitly authorized in the MLSA. Protected Data received by Vendor, or any of Vendor’s subcontractors, assignees, or other authorized agents, will not be sold, or released or used for any commercial or marketing purposes. Vendor does not sell, release or otherwise use student personal information for commercial or marketing purposes. Nevertheless, teachers/staff from Participating Educational Agencies using “teacher accounts” within the Edpuzzle Service may receive marketing communications, solely from the Vendor, if express consent has been given in that sense. Teachers/staff may opt in and out of such communications at any time by enabling or disabling them through their account’s settings page.

**Oversight of Subcontractors:** In the event that Vendor engages subcontractors, assignees, or other authorized agents to perform one or more of its obligations under the MLSA (including any hosting service provider), it will require those to whom it discloses Protected Data to execute legally binding agreements acknowledging the obligation under Section 2-d of the New York State Education Law to comply with the same data security and privacy standards required of Vendor under the MLSA and applicable state and federal law. Vendor will ensure that such subcontractors, assignees, or other authorized agents abide by the provisions of these agreements by:

- a. Vendor shall ensure that, prior to any such disclosure, the assignee, agent or subcontractor receiving data has agreed in writing to comply with data protection obligations consistent with those applicable to Edpuzzle under applicable laws and regulations.

- b. Vendor shall assess the privacy and security policies and practices of third-party service providers to ensure such third-party service providers comply with best industry standards, including, but not limited to, ISO and NIST regulations.
- c. Vendor only sends personal identifiable information to third-party services that are required to support the service and fully attend Vendor's user needs.
- d. Vendor shall impose the data protection terms on any third-party service provider it appoints that at a minimum meets the requirements provided for by the MLSA

#### **Duration of MLSA and Protected Data Upon Expiration:**

- The MLSA commences on July 1, 2023 and expires on June 30, 2026.
- Upon expiration of the MLSA without renewal and written request by any Participating Educational Agency, or upon termination of the MLSA prior to expiration and written request by any Participating Educational Agency, or at any point upon written request by a Participating Educational Agency, Vendor will securely delete or otherwise destroy any and all Protected Data remaining in the possession of Vendor or its assignees or subcontractors or other authorized persons or entities to whom it has disclosed Protected Data. In the absence of a written request, Vendor will securely delete or otherwise destroy any and all Protected Data when no longer needed for the purposes for which it was collected, which will be deemed to occur upon eighteen (18) months of end-user account inactivity. If requested by Erie 1 BOCES and/or any Participating Educational Agency prior to the deletion of Protected Data, Vendor will assist a Participating Educational Agency in exporting all Protected Data previously received back to the Participating Educational Agency for its own use, prior to deletion, in such formats as may be requested by the Participating Educational Agency. Regarding exportable or retrievable data, teachers/staff of a Participating Educational Agency will have the ability to download names, responses, results and grades obtained by students in their assignments (i.e., student gradebooks) at any point prior to deletion of accounts. It is not possible to export or retrieve data that is (i) not compatible with the Edpuzzle service (such as "downloading" Edpuzzle videos – be it YouTube embeds or Edpuzzle originals, among others), (ii) technically impossible; or (iii) involve a disproportionate effort for Vendor.
- .
- Neither Vendor nor any of its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data will retain any Protected Data, copies, summaries or extracts of the Protected Data, or any de-identified Protected Data, on any storage medium whatsoever. Upon request, Vendor and/or its subcontractors or other authorized persons or entities to whom it has disclosed Protected Data, as applicable, will provide Erie 1 BOCES with a certification from an appropriate officer that these requirements have been satisfied in full.
- Notwithstanding the foregoing, Vendor may keep copies and/or backups of data as part of its disaster recovery storage system, provided such data is (a) inaccessible to the public; (b) unable to be used in the normal course of business by the Vendor; and (c) deleted

after a maximum term of six (6) months since the creation of said copies and/or backups. In case such copies and/or backups are used by Vendor to repopulate accessible data following a disaster recovery, Erie 1 BOCES shall be entitled to demand from the Vendor the immediate deletion of said copies and/or backups, by sending a written request at [privacy@edpuzzle.com](mailto:privacy@edpuzzle.com).

**Challenging Accuracy of Protected Data:** Parents or eligible students can challenge the accuracy of any Protected Data provided by a Participating Educational Agency to Vendor, by contacting the student's district of residence regarding procedures for requesting amendment of education records under the Family Educational Rights and Privacy Act (FERPA). Teachers or principals may be able to challenge the accuracy of APPR data provided to Vendor by following the appeal process in their employing school district's applicable APPR Plan.

**Data Storage and Security Protections:** Any Protected Data Vendor receives will be stored on systems maintained by Vendor, or by a subcontractor under the direct control of Vendor, in a secure data center facility located within the United States. Notwithstanding the foregoing, Vendor may temporarily store user-generated content (which may or not contain personal information) in other countries in order for Vendor to provide a better service. Concretely, uploaded videos, audios or images may have a copy temporarily stored in other regions to reduce the time of load. This would happen if, for example, a user accessed Vendor's Product from Europe and displayed a video created by an American teacher. In such a case, a temporary copy of such media would be hosted on the European server Amazon Web Services has in that region.

The measures that Vendor will take to protect Protected Data include adoption of technologies, safeguards and practices that align with the NIST Cybersecurity Framework and industry best practices including, but not necessarily limited to, disk encryption, file encryption, firewalls, and password protection.

**Encryption of Protected Data:** Vendor (or, if applicable, its subcontractors) will protect Protected Data in its custody from unauthorized disclosure while in motion or at rest, using a technology or methodology specified by the secretary of the U.S. Department of HHS in guidance issued under Section 13402(H)(2) of P.L. 111-5.

Exhibit E

Functionality of the Edpuzzle Service  
and Data Processing Practices

Supplement to

Master License and Service Agreement  
between  
Erie 1 BOCES and EDpuzzle, Inc.

EDpuzzle, Inc. (“Vendor”), having its principal offices at 833 Market Street (Suite 427), San Francisco, CA 94103, and Board of Cooperative Educational Services for the First Supervisory District, Erie County having its principal offices at 355 Harlem Road, West Seneca, NY 14224 (“Erie 1 BOCES”), have entered into a Master License and Services Agreement, the term of which ends June 30, 2026 (the “Agreement”). By this Supplement, Vendor and Erie 1 BOCES wish to provide additional information on the functionality of the services provided by Vendor (the “Edpuzzle Service”) and relevant data processing practices related to the provision of the Edpuzzle Service.

Erie 1 BOCES and Vendor hereby agree:

- (1) Licensees shall use the Product(s) in accordance with their nature and purpose and shall respect limitations on usage of the Product(s) as specified in Vendor’s “Terms of Service” (<https://edpuzzle.com/terms>), especially in the “Use Restrictions” section, unless otherwise foreseen in this Agreement.
- (2) Vendors will maintain a single statewide agreement. This means the same products shall not be found on other state wide consortium agreements including 6360 Instructional Technology Consortium, 7710 RIC Consortium, 5877 Distance Learning Consortium, or 6316 DREAM. Notwithstanding the foregoing, Vendors may enter into single BOCES and/or school district contracts.
- (3) The Edpuzzle Service does not allow for users to transfer information or content from one account to another, especially because content generated by students is fully dependent on teacher assignments, meaning they are an indispensable part of student grading. Consequently, students are not granted control over their responses and assignments.
- (4) Without prejudice to the foregoing, and pursuant to Vendor’s “Terms of Service” (<https://edpuzzle.com/terms>), ownership of service accounts held by teachers is retained by such teachers, and removal of teacher accounts is left at the teacher’s discretion. In particular:

Edpuzzle Teacher Accounts belong to teachers, regardless of the email address used when signing up for the Services. If an educational institution, organization or company disables an email address and login is not possible, Edpuzzle won't be able to recover said account. Additionally, if teachers utilize the Service through a Pro license acquired

by another party for them to use (e.g., bought by their school for teaching purposes), the party paying for such feature has the right to control access to and get usage reports of such paid feature; however, such party does not have rights to a teacher's personal account.
