Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.

The Provider agrees that the timelines for disposition of data will be modified by any Assurance of Discontinuation, which will control in the case of a conflict.

Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all student data after providing the LEA with ninety (90) days prior notice.

The duty to dispose of student data shall not extend to Student Data that had been de-identified or placed in a separate student account pursuant to section II 3. Any audit required by the NYSED CPO must be performed by an independent third party at Provider’s expense and the audit report must be provided to the NYSED CPO. In lieu of being subject to a required audit, Provider may provide the NYSED CPO with an industry standard independent audit report of Provider’s privacy and security practices that was issued no more than twelve months before the date that the NYSED CPO informed Provider that it required Provider to undergo an audit. Section 4 (Data Breach) to state: In the event of a Breach as defined in 8 NYCRR Part 121.1 Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

(3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.

(4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians. Where a Breach of Student Data and/or APPR Data occurs that is attributable to Provider and/or its Subprocessors, Provider shall pay for or promptly reimburse LEA for the full cost of notification to Parents, Eligible Students, teachers, and/or principals.

(5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

(6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. If you have questions or concerns about our privacy practices, please contact us at [privacy@clpsconsultants.com](mailto:privacy@clpsconsultants.com).

## **THE INFORMATION WE COLLECT FROM CHILDREN, HOW WE USE IT, AND HOW AND WHEN WE COMMUNICATE WITH PARENTS**

We offer our Services to users of all ages and our Services are not targeted specifically to children. However, our Services are provided to protect the safety and security of students,

employees and guests of schools, government facilities, or employers, and as such we may collect information from children for that purpose. Below we summarize potential instances of collection and outline how and when we will provide parental notice and/or seek parental consent. In any instance that we collect personal information from a child, we will retain that information only so long as reasonably necessary to fulfill the activity request or allow the child to continue to participate in the activity, and ensure the security of our users and our services, or as required by law. In the event we discover we have collected information from a child in a manner inconsistent with COPPA's requirements, we will either delete the information or immediately seek the parent's consent for that collection.

If you believe your child is participating in an activity that collects personal information and you or another parent/guardian have NOT received an email providing notice or seeking your consent, please feel free to contact us at [privacy@clpsconsultants.com](mailto:privacy@clpsconsultants.com). We will not use parent emails provided for parental consent purposes to market to the parent, unless the parent has expressly opted in to email marketing or has separately participated in an activity that allows for such email contact.

**About Verifiable Parental Consent:**

**Email Consent.** In the event we wish to collect personal information from a child, COPPA requires that we first seek a parent or guardian's consent by email, except as explained below in the case of *school based activities*. In the email we will explain what information we are collecting, how we plan to use it, how the parent can provide consent, and how the parent can revoke consent. If we do not receive parental consent within a reasonable time, we will delete the parent contact information and any other information collected from the child in connection with that activity.

**Teacher consent in lieu of a parent.** With regard to *school-based activities*, COPPA allows teachers and school administrators to act in the stead of parents to provide consent for the collection of personal information from children. Schools should always notify parents about these activities. For more information on parental rights with respect to a child's educational record under the Family Educational Rights and Privacy Act (FERPA), please visit the [FERPA](#) site.

### **Email or Online Contact with a Child**

On occasion, in order to respond to a question or request from a child, we may need to ask for the child's online contact information, such as an email address or mobile number. We will delete this information immediately after responding to the question or request.

In connection with the Services, we may collect a child's online contact information, such as an email address or mobile number, in order to communicate with the child more than once. In such instances we will retain the child's online contact information to honor the request and for no other purpose such as marketing.

### **Push Notifications**

Push notifications are notifications on mobile and other devices that are typically associated with downloaded applications, and which can communicate to the device holder even when the application is not in use. Unless we have otherwise been given COPPA compliant consent from a teacher, school administrator or official, we will (i) require a child to provide a parent email address before the child can receive push notifications from our child-directed applications that collect a device identifier; (ii) provide the parent with notice of our contact with the child and will provide the parent the opportunity to prevent further notifications; and we will not associate the device identifier with other personal information without contacting the parent to get consent.

### **Geolocation Data**

If our Services collects geolocation information that is specific enough to equate to the collection of a street address, we will first seek parental consent via email, unless we have otherwise been given COPPA compliant consent from a teacher or school administrator or official.

### **Persistent Identifiers**

When children interact with us, certain information may automatically be collected, both to make our sites and applications more interesting and useful to children and for various purposes related to our business. Examples include the type of computer or mobile operating system, the child's IP address or mobile device identifier, the web browser, the frequency with which the child visits various parts of our sites or applications, and information regarding the online or mobile service provider. This information is collected using technologies such as cookies, flash cookies, web beacons, and other unique identifiers. This information may be collected by us or by a third party. This data is principally used for internal purposes only, in order to:

- provide children with access to features on our sites, applications and Services
- customize content and improve our sites and applications
- conduct research and analysis to address the performance of our sites and applications
- generate anonymous reporting for use by us

In the event we collect (or allow others to collect) such information from children on our sites and applications for other purposes, we will notify parents and obtain consent prior to such collection.

## **WHEN INFORMATION COLLECTED FROM CHILDREN IS AVAILABLE TO OTHERS; PARENTAL CHOICES AND CONTROLS**

At any time, parents can refuse to permit us to collect further personal information from their children in association with a particular account, and can request that we delete from our records the personal information we have collected in connection with that account. Please keep in mind that a request to delete records may lead to a termination of an account, membership, or other Services.

Parents may contact us to request access to, change, or delete their child's personal information by sending an email to us at [privacy@clpsconsultants.com](mailto:privacy@clpsconsultants.com). A valid request to delete personal information will be accommodated within a reasonable time.
