4. **Data Breach.** In the event of an unauthorized release, disclosure or acquisition of Student Data that compromises the security, confidentiality or integrity of the Student Data maintained by the Provider the Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:

    - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
    - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.
  - (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
  - (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.
  - (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians.
  - (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

## ARTICLE VI: GENERAL OFFER OF TERMS

Provider may, by signing the attached form of "General Offer of Privacy Terms" (General Offer, attached hereto as **Exhibit "E"**), be bound by the terms of **Exhibit "E"** to any other LEA who signs the acceptance on said Exhibit. The form is limited by the terms and conditions described therein.

## ARTICLE VII: MISCELLANEOUS

- 1. Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either party may terminate this DPA and any service agreement or contract if the other party breaches any terms of this DPA.
- 2. Effect of Termination Survival.** If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article IV, section 6.
- 3. Priority of Agreements.** This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license agreement, or writing, the terms of this DPA shall apply and take precedence. In the event of a conflict between the SDPC Standard Clauses and the Supplemental State Terms, the Supplemental State Terms will control. Except as described in this paragraph herein, all other provisions of the Service Agreement shall remain in effect.
- 4. Entire Agreement.** This DPA and the Service Agreement constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
- 5. Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
- 6. Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
- 7. Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of

all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

## DATA PRIVACY AND SECURITY PLAN

Last Update: March 2024

Britannica agrees that the following terms, which comprise Britannica's Data Privacy and Security Plan, shall be incorporated into the Agreement and Britannica shall adhere to the following:

1. **Implementation of all state, federal, and local data security and privacy contract requirements over the life of the Agreement, consistent with Customer's data security and privacy policy.** In general, over the life of the Agreement and consistent and in accordance with the Customer's data security and privacy policy, Britannica will implement all requirements imposed on it by federal, state, and local data security and privacy contract requirements (including, without limitation, requirements imposed by FERPA, COPPA, PPRA, IDEA, and NY Education Law 2-d as follows:

Britannica will:

- Collect and disclose students' PII only as necessary and only for educational purposes.
- Minimize the collection, processing and transmission of PII.
- Have safeguards in place to protect students' PII when it is stored or transferred. These safeguards must meet industry standards and best practices.
- Not sell, use, or disclose PII for marketing, advertising, or other commercial purposes.
- Train staff in applicable laws, policies, and safeguards associated with industry standards and best practices.
- Not maintain copies of PII once it is no longer needed for the agreed upon educational purpose. Outside parties should permanently and securely delete PII no later than when the contract ends.
- Abide by the Customer's Parents' Bill of Rights for Data Privacy and Security within their written agreement with the Customer and provide supplemental information for parents about their agreement with the Customer.

In addition, with respect to each of FERPA, PPRA, COPPA and NY Education Law 2-d), Britannica confirms the following:

- (a) **FERPA/PPRA.** The Services are designed to meet Britannica's responsibilities under FERPA (including as amended by PPRA) to protect personal information from students' educational records. Britannica will collect, receive and use student personal information as a "School Official" that performs an outsourced institutional function, subject to the direction and control of the Customer. Britannica agrees to work with the Customer and each school to jointly ensure compliance with the FERPA regulations and the Customer's data security and privacy policy to protect the confidentiality of educational records, provide parents and eligible students the opportunity to access and review such records, and limit further disclosure of personal information only as necessary to support the Customer's educational purposes.

- (b) **COPPA.** In accordance with COPPA and the Customer's data security and privacy policy, Britannica will not knowingly collect personal information from a child under 13 unless and until the Customer or a school has authorized us to collect such information through the provision of the Services on the Customer's or a school's behalf. Consistent with COPPA, Britannica relies on K – 12 schools to provide appropriate consent and authorization for a student under 13 to use the Services and for Britannica to collect personal information from each student. Britannica uses and processes student data solely for the purpose of providing the subscribed-to services to the Customer and each school and does not collect or retain student data for longer than is necessary to provide the services or as otherwise provided in our Agreement with the Customer. Britannica also provides subscribing schools with the opportunity to review and delete the personal information collected from their students, and Britannica will work with the Customer and each school to provide parents with the same level of access, upon request.
- (c) **New York State Education Law § 2-d.** Britannica's practices are in alignment with the finalized provisions of New York State Education Law §2-d, and Britannica confirms its commitment to upholding and adhering to the NY State model Parent's Bill of Rights and the Customer's data security and privacy policy. Accordingly, Britannica will:

2. **Administrative, operational and technical safeguards and practices Britannica has in place to protect the Protected Information that it will receive under the contract.**

- (a) Britannica maintains role-based, least-privileged access to our customer data. Only those individuals with direct responsibilities for creating/deleting user accounts, providing technical support or otherwise providing the subscribed-to services as requested by a customer have access to this data and we use a ticketing system with extensive audit trails to follow through. Britannica ensures that any of its employees who have access to personally identifiable information (PII) receive training on the federal and state laws governing confidentiality of such information. For those who have privileged access, they must use an individual VPN connection to access customer data when working remotely. All transactions are performed on TLS with secure authentication. Our Information Security policies contain strict policies for employees who need to transport customer data on portable devices. If an employee is switching to a new (non-privileged) role at Britannica, or are leaving the company, we revoke their access on the same day.
- (b) Our building entrance is staffed with 24x7 security guards. Beyond that, our office entrance doors are always locked with receptionist(s) attending to the entrances. Every employee must use a security pass (fob) to unlock the door to enter the premises. We also maintain security cameras and monitor all the entrances and hallways. Our internal data center has an additional lock with a separate security access card—issued only to a few IT staff, along with an additional security camera. We use cloud-based inventory control software to keep close inventory of our company technology assets. When needed, we wipe all the hard disks using DoD 3-pass technique. When hardware reaches the end of life, we use a 3rd party professional firm to destroy disks in a secure way.

(c) At the transaction level all data is transmitted over secure transmission (TLS) protocol and data is encrypted while in transit and at rest. At the database level, data is protected by firewall and username/password and other access control requirements. Personal data is stored in a secure encrypted cloud database behind web applications protected by strong firewalls. Britannica conducts ongoing reviews in an effort to ensure the maintenance of its database security and conducts ongoing vulnerability management scanning, among other processes. Britannica stores data provided by the in connection with use of its Services in the AWS Cloud and encrypts the same using an industry standard AES-256 encryption algorithm.

3. **Demonstration of compliance with the requirements of the Customer's Parents' Bill of Rights for Data Privacy and Security.** To ensure compliance with the Customer's Parents' Bill of Rights for Data Privacy and Security, Britannica will:

- Collect and disclose students' PII only as necessary and only for educational purposes.
- Minimize the collection, processing and transmission of PII.
- Have safeguards in place to protect students' PII when it is stored or transferred. These safeguards must meet industry standards and best practices.
- Not sell, use, or disclose PII for marketing, advertising, or other commercial purposes.
- Train staff in applicable laws, policies, and safeguards associated with industry standards and best practices.
- Not maintain copies of PII once it is no longer needed for the agreed upon educational purpose. Outside parties should permanently and securely delete PII no later than when the contract ends.
- Abide by the DOE's Parents' Bill of Rights for Data Privacy and Security within their written agreement with the DOE and provide supplemental information for parents about their agreement with the DOE.

4. **Specify how officers or employees of the third-party contractor and its assignees who have access to Protected Information receive or will receive training on the federal and state laws governing confidentiality of such data prior to receiving access.**

(a) **Employees, Contractors and Britannica.** All Britannica employees and contractors receive data security and privacy training materials upon onboarding as well as annually, including through the use of a third-party privacy training and assessment platform through which Britannica requires employees and contractors to review and complete privacy training modules and assessments on a regular basis and Britannica captures a record of completion by each employee. Britannica does not use subcontractors to provide the Services. In addition, Britannica's IT policies, including its information and network security and data breach notification policies (among others) are posted for access and reference by Britannica's U.S. employees and representatives on Britannica's intranet site and shared with all Britannica employees and representatives globally during onboarding and in connection with Britannica's annual security and privacy awareness training sessions. In addition, all employees and contractors sign confidentiality agreements by which they commit to maintain and continuously ensure the confidentiality, both during and after their engagement with the Britannica, of all data or information learned, received or

otherwise processed by such employee or representative that relates to or is controlled by Britannica or its customers and that is non-public, contains personally identifiable information, or pertains to confidential or proprietary business matters. In addition, An employee/contractor sanction procedure is in place to communicate that an employee or contractor may be disciplined for noncompliance with a policy and/or procedure and employees and contractors are required to complete security awareness training upon hire and annually thereafter to confirm their understanding regarding their internal control responsibilities.

- (b) **Third Party Service Providers.** Britannica audits all third-party service providers for compliance with Britannica’s contractual and legal obligations and has a Vendor Management policy and procedures in place to ensure ongoing compliance by its third-party service providers. In addition, if applicable, Britannica enters into data protection agreements with its third-party service providers.

5. **Specify if Britannica will utilize sub-contractors and how it will manage those relationships and contracts to ensure Protected Information is protected.** Britannica will not use subcontractors to provide the Services.
