Such approval cannot be unreasonably withheld by LEA.

6. **Disposition of Data.** Upon written request from the LEA, Provider shall dispose of or provide a mechanism for the LEA to transfer Student Data obtained under the Service Agreement, within sixty (60) days of the date of said request and according to a schedule and procedure as the Parties may reasonably agree. Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all Student Data within forty-five (45) days (unless an earlier timeframe is required by applicable law) as long as that information is not necessary to comply with any law enforcement, legal or regulatory process, such as to respond to a warrant, subpoena, court order, or other applicable laws and regulations. The duty to dispose of Student Data shall not extend to Student Data that had been De-Identified or placed in a separate student account pursuant to section II 3. The LEA may employ a "Directive for Disposition of Data" form, a copy of which is attached hereto as **Exhibit "D"**. If the LEA and Provider employ Exhibit "D," no further written request or notice is required on the part of either party prior to the disposition of Student Data described in Exhibit "D."

7. **Advertising Limitations.** Provider is prohibited from using, disclosing, or selling Student Data to (a) inform, influence, or enable Targeted Advertising; or (b) develop a profile of a student, family member/guardian or group, for any purpose other than providing the Service to LEA. This section does not prohibit Provider from using Student Data (i) for adaptive learning or customized student learning (including generating personalized learning recommendations); or (ii) to make product recommendations to teachers or LEA employees; or (iii) to notify account holders about new education product updates, features, or services or from otherwise using Student Data as permitted in this DPA and its accompanying exhibits

The Provider will cooperate reasonably with the LEA and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable access to the Provider's facilities, staff, agents and LEA's Student Data

The Provider shall adhere to any applicable law relating to data security. The provider shall implement an adequate Cybersecurity Framework based on one of the nationally recognized standards set forth in **Exhibit "F"**. Exclusions, variations, or exemptions to the identified Cybersecurity Framework must be detailed in an attachment. Additionally, Provider may choose to further detail its security programs and measures that augment or are in addition to the Cybersecurity Framework in **Exhibit "F"**. Provider shall provide, in the Standard Schedule to the DPA, contact information of an employee who LEA may contact if there are any data security concerns or questions.

**4. Data Breach.** In the event of an unauthorized release, disclosure or acquisition of Student Data that compromises the security, confidentiality or integrity of the Student Data maintained by the Provider the Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:

(1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:

- i. The name and contact information of the reporting LEA subject to this section.
- ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.

- iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
- v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.

(2) Provider agrees to adhere to all applicable federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

(3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.

(4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians.

(5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

## ARTICLE VI: GENERAL OFFER OF TERMS

Provider may, by signing the attached form of "General Offer of Privacy Terms" (General Offer, attached hereto as **Exhibit "E"**), be bound by the terms of **Exhibit "E"** to any other LEA who signs the acceptance on said Exhibit. The form is limited by the terms and conditions described therein.

## ARTICLE VII: MISCELLANEOUS

- 1. Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either party may terminate this DPA and any service agreement or contract if the other party breaches any terms of this DPA.
- 2. Effect of Termination Survival.** If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article IV, section 6.
- 3. Priority of Agreements.** This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license agreement, or writing, the terms of this DPA shall apply and take precedence. In the event of a conflict between the SDPC Standard Clauses and the Supplemental State Terms, the Supplemental State Terms will control. Except as described in this paragraph herein, all other provisions of the Service Agreement shall remain in effect.
- 4. Entire Agreement.** This DPA and the Service Agreement constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
- 5. Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
- 6. Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.

**7. Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. The LEA has the authority to terminate the DPA if it reasonably believes that the successor cannot uphold the terms and conditions herein or having a contract with the successor would violate the LEA's policies or state or federal law .

**8. Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.

**9. Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

**EXHIBIT "A"**  
**DESCRIPTION OF SERVICES**

Provider will provide the following Services in accordance with the Service Agreement:

**GoGuardian Admin** is an award-winning filtering and device management solution for K-12 schools. GoGuardian Admin was built to provide a safer and more productive online experience for all. GoGuardian Admin enables users to customize filtering policies to any situation and manage them from a unified interface.

**GoGuardian Teacher** is a classroom management solution, helping teachers guide their students while gaining back valuable instructional time. This solution provides teachers with a way to view student online activity during their class sessions. Teachers can support and directly connect with their students. GoGuardian Teacher creates efficiency in instructional workflows and provides a variety of ways to deliver instruction. It is easy to use and it supports different learning environments.

**GoGuardian Beacon** is a machine-learning solution that notifies pre-determined school staff of instances where students may be at risk of suicide, self-harm, or potential harm to others through Beacon-generated alerts. Beacon was designed to help school staff proactively identify at-risk behavior and quickly facilitate a response. Beacon works across content that students create, search for, and consume online, including search engines, chat, online docs, social media, email, web apps, and more. Beacon alerts provide robust context around an event, helping schools and districts determine what caused an alert and how to take action. GoGuardian also offers Beacon 24/7 which provides customers the option to have a dedicated team of safety specialists review and escalate customers' Beacon-generated active planning alerts 24/7 to pre-determined school staff. These specialists operate within the U.S. and are specially trained to evaluate alerts. Please note that there are Supplemental Terms for GoGuardian Beacon 24/7 (<https://www.goguardian.com/policies/beacon-24-7-terms>) (for Beacon 24/7 services that schools may elect to obtain from GoGuardian).

**GoGuardian DNS** is a product that allows schools and districts to have another method of deploying GoGuardian Admin. DNS stands for 'Domain Name Server', a system that ties domain names to IP addresses. GoGuardian DNS is an inline web filtering (network-level filter) and is designed to support all devices connected to the network. GoGuardian DNS is device agnostic, so as long as a school's users are on school premises and connected to the school network, they're protected by GoGuardian DNS. GoGuardian DNS filters traffic based on the public IP network that a given user is connected to. Unlike GoGuardian Admin, GoGuardian DNS does not require the extensions to be present for a user and does not require any software installation.

**GoGuardian Fleet** is a device management solution that allows schools and districts to simplify and structure their workflow for managing Chromebooks. GoGuardian Fleet helps schools and districts keep track of their device inventory, assign and un-assign devices, and sync with Google Admin Console.

**GoGuardian Parent** is an application available on devices running iOS and Android designed to enable IT Administrators to share managed user history collected via GoGuardian Admin and GoGuardian Teacher with verified parents and guardians. Parent email address and association with a student are collected for authentication purposes; the email address entered should match the email address on file with the school's or district's administration. The Parent App enables parents to pause internet, block specific websites, and schedule internet availability on managed devices during out-of-school hours. Parents may not override

restrictions set by district administrators, but may add restrictions.

**Pear Deck Slides** is our flagship product that converts slide-type content from a number of sources (Google Slides, Powerpoint, internal templates, into an interactive presentation.

**Pear Deck Vocabulary** was designed to transform the way students engage with vocabulary. The teacher creates a file with the vocabulary words and definitions the students need to learn. Students then play the Flashcard Factory game, pairing up and working together to create flashcards with illustrations and example sentences. The app is free to use and works with Google Apps for Education.

**Pear Assessment** is an online assessment system that provides instant feedback for teachers, administrators, and students that serves as both a formative assessment tool and a common benchmark system. Pear Assessment mimics the look and feel of state tests, which helps with preparedness and performance, and questions tie to learning standards, which helps with tracking standards mastery. Aside from state test prep, teachers may use Pear Assessment for formatives, homework, bell ringers, tests, pre-tests, practice work, lessons, and more. Educators can assign content from the Pear Assessment content libraries, can make assessments from scratch, or can mix and match. With over 50 question types (multiple choice, drag and drop, graphing, label an image, etc) teachers can deliver robust and engaging assessments that automatically grade, saving teachers time and giving immediate feedback, reports, and insights.

**Pear Practice** is a gamified digital learning experience designed to boost collaboration and independent practice, helping you create an adaptable, equitable, and rewarding practice experience for all students. Teamwork is at the heart of your K-12 classroom, so Pear Practice gives all students a chance to succeed — not just the fastest fingers

## **EXHIBIT "C"** **DEFINITIONS**

**De-Identified Data and De-Identification:** Records and information are considered to be de-identified when all personally identifiable information has been removed or obscured, such that the remaining information does not reasonably identify a specific individual, including, but not limited to, any information that, alone or in combination is linkable to a specific student and provided that the educational agency, or other party, has made a reasonable determination that a student's identity is not personally identifiable, taking into account reasonable available information.

**Educational Records:** Educational Records are records, files, documents, and other materials directly related to a student and maintained by the school or local education agency, or by a person acting for such school or local education agency, including but not limited to, records encompassing all the material kept in the student's cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs.

**Metadata:** means information that provides meaning and context to other data being collected; including, but not limited to: date and time records and purpose of creation. Metadata that have been stripped of all direct and indirect identifiers are not considered Personally Identifiable Information and/or Student Data.

**Operator:** means the operator of an internet website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used for K–12 school purposes. Any entity that operates an internet website, online service, online application, or mobile application that has entered into a signed, written agreement with an LEA to provide a service to that LEA shall be considered an "operator" for the purposes of this section.

**Originating LEA:** An LEA who originally executes the DPA in its entirety with the Provider.

**Provider:** For purposes of the DPA, the term "Provider" means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of Student Data. Within the DPA the term "Provider" includes the term "Third Party" and the term "Operator" as used in applicable state statutes.

**Student Generated Content:** The term "student-generated content" means materials or content created by a student in the services including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of student content.

**School Official:** For the purposes of this DPA and pursuant to 34 CFR § 99.31(b), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of Student Data including Education Records; and (3) Is subject to 34 CFR § 99.33(a) governing the use and re-disclosure of personally identifiable information from Education Records.

**Service Agreement:** Refers to the Contract, Purchase Order or Terms of Service or Terms of Use. For the sake of clarity, the DPA only applies to school districts who have agreed to the Provider's Terms of Service as the Service Agreement (available at <https://www.goguardian.com/policies/eula>) that may be updated from time to time in accordance with the terms therein.

**Student Data:** Student Data includes any data, whether gathered by Provider or provided by LEA or its users, students, or students' parents/guardians, that is descriptive of the student including, but not limited to, information in the student's educational record or email, first and last name, birthdate, home or other physical address, telephone number, email address, or other information allowing physical or online contact, discipline records, videos, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security numbers, biometric information, disabilities, socioeconomic information, individual purchasing behavior or preferences, food purchases, political affiliations, religious information, text messages, documents, student identifiers, search activity, photos, voice recordings, geolocation information, parents' names, or any other information or identification number that would provide information about a specific student. Student Data includes Meta Data. Student Data further includes "personally identifiable information (PII)," as defined in 34 C.F.R. § 99.3 and as defined under any applicable state law. Student Data shall constitute Education Records for the purposes of this DPA, and for the purposes of federal, state, and local laws and regulations. Student Data as specified in **Exhibit "B"** is confirmed to be collected or processed by the Provider pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of Provider's services.

**Subprocessor:** For the purposes of this DPA, the term "Subprocessor" (sometimes referred to as the "Subcontractor") means a party other than LEA or Provider, who Provider uses for data collection, analytics, storage, or other service to operate and/or improve its service, and who has access to Student Data.

**Subscribing LEA:** An LEA that was not party to the original Service Agreement and who accepts the Provider's General Offer of Privacy Terms.

**Targeted Advertising:** means presenting an advertisement to a student where the selection of the advertisement is based on Student Data or inferred over time from the usage of the operator's Internet web site, online service or mobile application by such student or the retention of such student's online activities or requests over time for the purpose of targeting subsequent advertisements. "Targeted advertising" does not include any advertising to a student on an Internet web site based on the content of the web page or in response to a student's response or request for information or feedback.

**Third Party:** The term "Third Party" means a provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of Education Records and/or Student Data, as that term is used in some state statutes. However, for the purpose of this DPA, the term "Third Party" when used to indicate the provider of digital educational software or services is replaced by the term "Provider."

**Illinois**

**WHEREAS**, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Illinois. Specifically, those laws are to the Illinois School Student Records Act ("ISSRA"), 105 ILCS 10/, Mental Health and Developmental Disabilities Confidentiality Act ("MHDDCA"), 740 ILCS 110/, Student Online Personal Protection Act ("SOPPA"), 105 ILCS 85/, Identity Protection Act ("IPA"), 5 ILCS 179/, and Personal Information Protection Act ("PIPA"), 815 ILCS 530/, and Local Records Act (“LRA”), 50 ILCS 205; and

**WHEREAS**, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

**WHEREAS**, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Illinois;

**NOW THEREFORE**, for good and valuable consideration, the parties agree as follows:

1. Paragraph 4 on page 2 of the DPA setting a three-year term for the DPA shall be replaced with: “This DPA shall be effective upon the date of signature by Provider and LEA, and shall remain in effect as between Provider and LEA 1) for so long as the Services are being provided to the LEA or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first. The Exhibit E General Offer will expire three (3) years from the date the original DPA was signed.”

2. Replace Notices with: “Any notice delivered pursuant to the DPA shall be deemed effective, as applicable, upon receipt as evidenced by the date of transmission indicated on the transmission material, if by e-mail; or four (4) days after mailing, if by first-class mail, postage prepaid.”

3. In Article II, Section 1, add: “Further clarifying, in accordance with FERPA, ISSRA and SOPPA, in performing its obligations under the DPA, the Provider is acting as a school official with legitimate educational interest; is performing an institutional service or function for which the LEA would otherwise use its own employees; is under the direct control of the LEA with respect to the use and maintenance of Student Data; and is using Student Data only for an authorized purpose and in furtherance of such legitimate educational interest.”

4. In Article II, Section 2, replace “forty five (45)” with “five (5)”. Add the following sentence: “In the event that the LEA determines that the Provider is maintaining Student Data that contains a factual inaccuracy, and Provider cooperation is required in order to make a correction,

5. In Article II, Section 4, replace it with the following: “In the event the Provider is compelled to produce Student Data to another party (“Requesting Party(ies)”) in compliance with a court order, Provider shall notify the LEA within a commercially reasonable period of time using best efforts not to exceed twenty (20) days in advance of the court ordered disclosure and, upon request, provide the LEA with a copy of the court order requiring such disclosure, unless lawfully directed by the Requesting Party not to inform the LEA of the request.”

6. In Article II, Section 5, add: “By no later than (5) business days after the date of execution of the DPA, the Provider shall provide the LEA with a list of any subcontractors to whom Student Data may be disclosed or a link to a page on the Provider's website that clearly lists any and all subcontractors to whom Student Data may be disclosed. This list shall, at a minimum, be updated and provided to the LEA by the beginning of each fiscal year (July 1) and at the beginning of each calendar year (January 1).”

7. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”

8. In Article IV, Section 6, replace the whole section with:

The Provider shall review, on an annual basis, whether the Student Data it has received pursuant to the DPA continues to be needed for the purpose(s) of the Service Agreement and this DPA. If any of the Student Data is no longer needed for purposes of the Service Agreement and this DPA, the Provider will provide written notice to the LEA as to what Student Data is no longer needed. The Provider will delete or transfer Student Data in readable form to the LEA, as directed by the LEA (which may be effectuated through Exhibit D of the DPA), within 30 calendar days if the LEA requests deletion or transfer of the Student Data and shall provide written confirmation to the LEA of such deletion or transfer. Upon termination of the Service Agreement between the Provider and LEA, Provider shall effectuate such transfer or deletion of Student Data within forty-five (45) days (unless an earlier timeframe is required by applicable law) as long as that information is not necessary to comply with any law enforcement, legal or regulatory process, such as to respond to a warrant, subpoena, court order, or other applicable laws and regulations. The duty to dispose of Student Data shall not extend to Student Data that had been De-Identified or placed in a separate student account pursuant to section II 3.

If the LEA receives a request from a parent, as that term is defined in 105 ILCS 10/2(g), that Student Data being held by the Provider be deleted, the LEA shall determine whether the requested deletion would violate State and/or federal records laws. In the event such deletion would not violate State or federal records laws, the LEA shall forward the request for deletion to the Provider. The Provider shall comply with the request and delete the Student Data within a reasonable time period after receiving the request.

Any provision of Student Data to the LEA from the Provider shall be transmitted in a format readable by the LEA.

9. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
10. In Article IV, Section 7, add “renting,” after “using.”
11. In Article V, Section 1 Data Storage: Illinois requires all Student Data to be stored within the United States.
12. In Article V, Section 4, add the following: “‘Security Breach’ does not include the good faith acquisition of Student Data by an employee or agent of the Provider or LEA for a legitimate educational or administrative purpose of the Provider or LEA, so long as the Student Data is used solely for purposes permitted by SOPPA and other applicable law, and so long as the Student Data is restricted from further unauthorized disclosure.”
13. In Article V, Section 4(1) add the following:
  - vi. A list of the students whose Student Data was involved in or is reasonably believed to have been involved in the breach, if known; and
  - vii. The name and contact information for an employee of the Provider whom parents may contact to inquire about the breach.
14. In Article V, Section 4, add a section (6) which states:

In the event of a Security Breach that is attributable to the Provider, the Provider shall reimburse the LEA for any and all costs and expenses that the LEA incurs in investigating and remediating the Security Breach including but not limited to costs and expenses associated with:

  - a. Providing notification to the parents of those students whose Student Data was compromised and regulatory agencies or other entities as required by law or contract;
  - b. Providing credit monitoring to those students whose Student Data was exposed in a manner during the Security Breach that a reasonable person would believe may impact the student's credit or financial security;
  - c. Legal fees, audit costs, fines, and any other fees or damages imposed against the LEA as a result of the security breach; and
  - d. Providing any other notifications or fulfilling any other requirements adopted by the Illinois State Board of Education or under other State or federal laws.

Notwithstanding the foregoing, the Provider shall defend, indemnify, and hold harmless LEA for legal fees, fines, and damages arising from third party claims against LEA for a Security Breach to the extent such breach is determined to have been caused by the actions or omissions of Provider. LEA must immediately notify the Provider of such a claim. Provider may assume, in its sole discretion, control of the defense, appeal, or settlement of any such third party claim by sending LEA a written notice of assumption within ten (10) business days of receiving notice. If Provider assumes control of the defense, LEA shall fully cooperate with Provider in connection therewith and may employ (at its own expense) separate counsel to represent it.

15. Replace Article VII, Section 1 with: “In the event either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or been terminated. One party may terminate this DPA upon a material breach of this DPA by the other party. Upon termination of the DPA, the Service Agreement shall terminate.”

16. In Exhibit C, add to the definition of Student Data, the following: “Student Data includes any and all information concerning a student by which a student may be individually identified under applicable Illinois law and regulations, including but not limited to (a) "covered information," as defined in Section 5 of SOPPA (105 ILCS 85/5), (b) "school student records", “student temporary record” or “student permanent record” as that term is defined in Section 2 of ISSRA (105 ILCS 10/2(d)) (c) “records” as that term is defined under Section 110/2 of the MHDDCA (740 ILCS 110/2), and (d) “personal information” as defined in Section 530/5 of PIPA.”

17. The following shall be inserted as a new second sentence in Paragraph 1 of Exhibit E: “The provisions of the original DPA offered by Provider and accepted by Subscribing LEA pursuant to this Exhibit E shall remain in effect as between Provider and Subscribing LEA 1) for so long as the Services are being provided to Subscribing LEA, or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first.”

18. The Provider must publicly disclose material information about its collection, use, and disclosure of Student Data, including, but not limited to, publishing a terms of service agreement, privacy policy, or similar document.

19. **Minimum Data Necessary Shared.** The Provider attests that the Student Data request by the Provider from the LEA in order for the LEA to access the Provider’s products and/or services is limited to the Student Data that is adequate, relevant, and limited to what is necessary in relation to the K-12 school purposes for which it is processed.

20. **Student and Parent Access.** Access by students or parents/guardians to the Provider’s programs or services governed by the DPA or to any Student Data stored by Provider shall not be conditioned upon agreement by the parents/guardians to waive any of the student data confidentiality restrictions or a lessening of any of the confidentiality or privacy requirements contained in this DPA.

21. **Exhibits A and B.** The Services described in Exhibit A and the Schedule of Data in Exhibit B to the DPA satisfy the requirements in SOPPA to include a statement of the product or service being provided to the school by the Provider and a listing of the categories or types of

covered information to be provided to the Provider, respectively.

22. The Provider will not collect social security numbers.

**EXHIBIT “G”**  
**Missouri**

**WHEREAS**, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Missouri. Specifically, those laws are Sections 162.1475 and 407.1500 RSMo; and

**WHEREAS**, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

**WHEREAS**, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Missouri;

**NOW THEREFORE**, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Missouri does not require data to be stored within the United States.
4. Replace Article V, Section 4(1) with the following:
  - a. In the event of a discovery of a breach of Student Data maintained in an electronic form that includes personal information of a student or a student’s family member, Provider shall notify LEA within seventy-two (72) hours. The notice shall include:
    - i. Details of the incident, including when it occurred and when it was discovered;
    - ii. The type of personal information that was obtained as a result of the breach; and
    - iii. The contact person for Provider who has more information about the incident.
  - b. “*Breach*” shall mean the unauthorized access to or unauthorized acquisition of personal information that compromises the security, confidentiality, or integrity of the personal information. Good faith acquisition of personal information by a person employed by or contracted with, or an agent of, Provider is not a breach provided that the personal information is not used in violation of applicable Federal or Missouri law, or in a manner that harms or poses an actual threat to the security, confidentiality, or integrity of the personal information.
  - c. “*Personal information*” is the first name or initial and last name of a student or a family member of a student in combination with any one or more of the following data items that relate to the student or a family member of the student if any of the data elements are not encrypted, redacted, or otherwise altered by any method or technology such that the name or data elements are unreadable or unusable:
    - i. Social Security Number;
    - ii. Driver’s license number or other unique identification number created or collected by a government body;
    - iii. Financial account information, credit card number, or debit card number in combination with any required security code, access code, or password that would permit access to an individual’s financial account;
    - iv. Unique electronic identifier or routing code in combination with any required security code, access code, or password that would permit access to an individual’s financial account;
    - v. Medical information; or
    - vi. Health insurance information.

**EXHIBIT “G”**

**WHEREAS**, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

**WHEREAS**, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Ohio;

**NOW THEREFORE**, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
2. In Article IV, Section 3, add: “The Provider will restrict unauthorized access by Provider’s employees or contractors not providing services under the Service Agreement or DPA and its employees or contractors will only access Student Data as necessary to fulfill their official duties.”
3. In Article IV, Section 6, replace “Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all Student Data after providing the LEA with reasonable prior notice,” with “Upon termination of this DPA, Provider shall dispose of all Student Data in a commercially reasonable period of time, unless the LEA provides notice that renewal of the contract is reasonably anticipated, which shall not exceed ninety (90) days of the expiration of the contract, as long as that information is not necessary to comply with Provider’s legal obligations, resolve disputes, or enforce Provider’s agreements.”
