In the event there is an incident in which Student Data and APPR Data held, possessed, or stored by the Subprocessor is compromised, or unlawfully Accessed or disclosed, Provider shall follow the Data Breach reporting requirements set forth in the DPA.

8. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
9. To amend Article IV, Section 3 to add: Provider shall ensure that all its employees and subprocessors who have Access to or will receive Student Data and APPR Data will be trained on the federal and state laws governing confidentiality of such Student Data and APPR Data prior to receipt. Provider is prohibited from retaining disclosed Student Data or continuing to Access Student Data beyond the term of the Service Agreement unless such retention is expressly authorized for a prescribed period by the Service Agreement, necessary for purposes of facilitating the transfer of disclosed Student Data to the LEA, or expressly required by law. The confidentiality and data security obligations of Provider under this DPA shall survive any termination of this contract to which this DPA is attached but shall terminate upon Provider’s certifying that it and its subprocessors, as applicable: (a) no longer have the ability to Access any Student Data provided to Provider pursuant to the Service Agreement and/or (b) have destroyed all Student Data and APPR Data provided to Provider pursuant to this DPA. The Provider agrees that the timelines for disposition of data will be modified by any Assurance of Discontinuation, which will control in the case of a conflict.

Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all student data after providing the LEA with ninety (90) days prior notice.

The duty to dispose of student data shall not extend to Student Data that had been de-identified or placed in a separate student account pursuant to section II 3. The LEA may employ a “**Directive for Disposition of Data**” form, a copy of which is attached hereto as **Exhibit “D”**, or, with reasonable notice to the Provider, other form of its choosing. The Provider will cooperate reasonably with the LEA or its designee(s) and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable Access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA.

Upon request by the New York State Education Department's Chief Privacy Officer (NYSED CPO), Provider shall provide the NYSED CPO with copies of its policies and related procedures that pertain to the protection of information. In addition, the NYSED CPO may require Provider to undergo an audit of its privacy and security safeguards, measures, and controls as they pertain to alignment with the requirements of New York State laws and regulations, and alignment with the NIST Cybersecurity Framework. Any audit required by the NYSED CPO must be performed by an independent third party at Provider's expense and the audit report must be provided to the NYSED CPO. In lieu of being subject to a required audit, Provider may provide the NYSED CPO with an industry standard independent audit report of Provider's privacy and security practices that was issued no more than twelve months before the date that the NYSED CPO informed Provider that it required Provider to undergo an audit. Failure to reasonably cooperate with any of the requirements in this provision shall be deemed a material breach of the DPA.

- (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.
- (6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. ## EXHIBIT C - CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

### CONTRACTOR'S DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party contractor include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the Contractor must complete the following or provide a plan that materially addresses its requirements, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, contractors should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	We implement data security and privacy requirements throughout the contract lifecycle by aligning with ISO/IEC 27001:2022 Annex A controls and NIST Cybersecurity Framework. This includes documented policies, access controls, encryption, regular audits, and continuous improvement to ensure contractual and regulatory compliance.
2	Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.	Customer data is collected, processed, and retained solely for the purpose of delivering our services. It is never sold, traded, or rented. Modern encryption technologies are implemented to protect customer data in transit and at rest. Access to PII data is granted strictly on an as-needed basis. Only a limited group of authorized employees, whose roles require such access to resolve customer issues and improve product functionality, are permitted to access customer data.
3	Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.	All employees and subcontractors receive ongoing training in secure data handling and protection in compliance with best practices and regulatory mandates. Our training program covers personal data handling, access controls, data minimization principles, breach response procedures, and incident reporting requirements.
4	Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.	All employees must sign the Employee Data Privacy Agreement before accessing any systems or data. This agreement affirms their obligation to comply with applicable data protection, security, and operational safeguards under relevant laws, including FERPA, COPPA, PPRA, Nevada NRS 388, Illinois SOPPA, California CCPA, New York Education Law 2-D, and Texas HB 18 (SCOPE Act). Subcontractors are similarly required to sign a Contractor Confidentiality Agreement that incorporates the obligations of the primary contract.
5	Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA.	We have established a formal incident response plan to promptly investigate and manage potential breaches. This plan includes timely notification procedures to both affected customers and relevant regulatory authorities, ensuring transparency and swift remediation.
6	Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.	Data will be deleted in accordance with retention requirements or within 90 days after the termination of contractual obligations.
7	Describe your secure destruction practices and how certification will be provided to the EA.	We apply secure data destruction protocols across all storage platforms in accordance with industry standards, including NIST SP 800-88 Rev. 1 and ISO 27001:2022 (e.g., A.8.10). Data deletion is executed on a tenant-specific basis using application-level logic to ensure precision and compliance.
8	Outline how your data security and privacy program/practices align with the EA's applicable policies.	Our data security and privacy program align with the EA's policies through the following practices: (1) Policy Alignment, (2) Access Control and Data Protection, (3) Encryption, (4) Data Minimization, (5) Audit & Incident Response, (6) Staff Training.
9	Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1 using the Framework chart below.	PLEASE USE TEMPLATE BELOW.

## EXHIBIT C.1 – NIST CSF TABLE

The table below will aid the review of a Contractor's Data Privacy and Security Plan. Contractors should complete the Contractor Response sections in the table below to describe how their policies and practices align with each category in the Data Privacy and Security Plan template. To complete these 23 sections, a Contractor may: (i) Demonstrate alignment using the National Cybersecurity Review (NCSR) Maturity Scale of 1-7 ; (ii) Use a narrative to explain alignment (may reference its applicable policies ); and/or (iii) Explain why a certain category may not apply to the transaction contemplated. Further informational references for each category can be found on the NIST website at <https://www.nist.gov/cyberframework/new-framework>. Please use additional pages if needed.

Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
