STANDARD CLAUSES

Version 1.0

ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA.** The purpose of this DPA is to describe the duties and responsibilities to protect Student Data including compliance with all applicable federal, state, and local privacy laws, rules, and regulations, all as may be amended from time to time. In performing these services, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. Provider shall be under the direct control and supervision of the LEA, with respect to its use of Student Data.
2. **Student Data to Be Provided.** In order to perform the Services described above, LEA shall provide Student Data as identified in the Schedule of Data, attached hereto as **Exhibit “B”**.
3. **DPA Definitions.** The definition of terms used in this DPA is found in **Exhibit “C”**. In the event of a conflict, definitions used in this DPA shall prevail over terms used in any other writing, including, but not limited to the Service Agreement, Terms of Service, Privacy Policies etc.

ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA.** All Student Data transmitted to the Provider pursuant to the Service Agreement is and will continue to be the property of and under the control of the LEA. The Provider further acknowledges and agrees that all copies of such Student Data transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are subject to the provisions of this DPA in the same manner as the original Student Data. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data contemplated per the Service Agreement, shall remain the exclusive property of the LEA. For the purposes of FERPA, the Provider shall be considered a School Official, under the control and direction of the LEA as it pertains to the use of Student Data, notwithstanding the above. The student (or their parent) will be able to retain the student account and Learning Activity as described in Article II, Section 3 and Article IV, Section 6. For the purposes of this DPA, parent refers to the parent or legal guardian of the student.
2. **Parent Access.** To the extent required by law the LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review Education Records and/or Student Data correct erroneous information, and procedures for the transfer of student-generated content to a personal account, consistent with the functionality of services. Provider shall respond in a reasonably timely manner (and no later than forty-five (45) days from the date of the request or pursuant to the time frame required under state law for an LEA to respond to a parent or student, whichever is sooner) to the LEA's request for Student Data in a student's records held by the Provider to view or correct as necessary. In the event that a parent of a student or other individual contacts the Provider to review any of the Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information. Notwithstanding the foregoing, Provider may provide direct assistance to the parent relating to parent accounts, and parents may view (but not modify or delete) information in the student's account.

3. **Separate Account.** If Student-Generated Content is stored or maintained by the Provider, Provider may, at the request of the LEA, student, or student's parent, transfer, or provide a mechanism for the LEA to transfer, said Student-Generated Content to a personal account on Khan Academy, or otherwise enabling ongoing personal access through a Personal Login. In addition, prior to disposition of the student account in connection with the disposition of data under Article IV, Section 6, Provider may enable students or their parents to transfer Student Generated Content to a personal account on the Website or create a Personal Login to enable ongoing access. The transfer process may be accomplished as provided in this paragraph or as otherwise agreed between the Provider and the LEA. Prior to disposition of the student account, Provider may inform the student or the student's parent of the planned disposition of the account and options for retaining the Student Generated Content in a personal account. The student (if an eligible student) or their parent will be asked to confirm that they wish to maintain the account for personal use by providing their consent or instruction to maintain the account. In each case, requirements relating to transfer of data will be satisfied by transfer to a personal Khan Academy account or establishing a Personal Login credential to allow the student to maintain their account, and the mechanism for transfer may be accomplished by adding a Personal Login rather than creating a separate account.
4. **Law Enforcement Requests.** Should law enforcement or other government entities ("Requesting Party(ies)") contact Provider with a request for Student Data held by the Provider pursuant to the Services, the Provider shall notify the LEA in advance of a compelled disclosure to the Requesting Party, unless lawfully directed by the Requesting Party not to inform the LEA of the request.
5. **Subprocessors.** Provider shall enter into written agreements with all Subprocessors performing functions for the Provider in order for the Provider to provide the Services pursuant to the Service Agreement, whereby the Subprocessors agree to protect Student Data in a manner no less stringent than the terms of this DPA.

ARTICLE III: DUTIES OF LEA

1. **Provide Data in Compliance with Applicable Laws.** LEA shall provide Student Data for the purposes of obtaining the Services in compliance with all applicable federal, state, and local privacy laws, rules, and regulations, all as may be amended from time to time.
2. **Annual Notification of Rights.** If the LEA has a policy of disclosing Education Records and/or Student Data under FERPA (34 CFR § 99.31(a)(1)), LEA shall include a specification of criteria for determining who constitutes a school official and what constitutes a legitimate educational interest in its annual notification of rights.
3. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted Student Data.
4. **Unauthorized Access Notification.** LEA shall notify Provider promptly of any known unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

ARTICLE IV: DUTIES OF PROVIDER

1. **Privacy Compliance.** The Provider shall comply with all applicable federal, state, and local laws, rules, and regulations pertaining to Student Data privacy and security, all as may be amended from time to time, applicable to Provider in providing the Services to LEA. For the purposes of this DPA, state and local laws, rules, and regulations are those identified in Exhibit "G."
2. **Authorized Use.** The Student Data shared pursuant to the Service Agreement, including persistent unique identifiers, shall be used for no purpose other than the Services outlined in Exhibit A or stated in the Service Agreement and/or otherwise authorized under the statutes referred to herein this DPA or applicable law.
3. **Provider Employee Obligation.** Provider shall require all of Provider's employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the Student Data shared under the Service Agreement. Provider agrees to require and maintain an appropriate confidentiality agreement from each employee or agent with access to Student Data pursuant to the Service Agreement.
4. **No Disclosure.** Provider acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, user content or other non-public information and/or personally identifiable information contained in the Student Data other than as directed or permitted by the LEA or this DPA. This prohibition against disclosure shall not apply to De-Identified Data, Student Data disclosed pursuant to a lawfully issued subpoena or other legal process, Subprocessors performing services on behalf of the Provider pursuant to this DPA, or authorized users of the Services (including students and parents using the intended functionality of the Services). For clarity, permitted disclosures to Subprocessors or pursuant to legal process include security consultants and law enforcement personnel made to protect the security of the Services. Provider will not Sell Student Data to any third party.
5. **De-Identified Data:** Provider agrees not to attempt to re-identify de-identified Student Data. De-Identified Data may be used by the Provider for those purposes allowed under FERPA or the regulations referenced in Exhibit G and the following purposes: (1) conducting or assisting the LEA or other governmental agencies in conducting research and other studies; (2) research and development of the Provider's educational sites, services, or applications, and to demonstrate the effectiveness of the Services; and (3) for adaptive learning purposes and for customized student learning. Provider's use of De-Identified Data shall survive termination of this DPA or any request by LEA to return or destroy Student Data. Except for Subprocessors, Provider agrees not to transfer De-Identified Student Data (excluding aggregate summary data) to any third party unless that party agrees in writing not to attempt re-identification. Prior to publicly publishing any document that names the LEA explicitly or indirectly, the Provider shall obtain the LEA's written approval of the manner in which De-Identified Data is presented, provided that this provision shall not apply to Provider's publication of aggregated, anonymized usage data. Provider may share De-identified Student Data with third party researchers for non-commercial educational research purposes, including efficacy research relating to Provider's educational sites, services, or applications and research of an academic or educational nature, *provided*, that third party researchers are bound by data sharing agreements that require the researcher to agree to confidentiality, privacy, restrictions on use and deletion of data consistent with the terms of this Agreement, and

commitments not to attempt re-identification. Upon request by the LEA, the Provider will provide a list of third-party researchers that have access to De-Identified Student Data for research purposes, and will assist the LEA with questions relating to compliance with applicable law and data protection. The list of third-party researchers can also be found at [this link](#). The LEA may opt out of data sharing with third party researchers for purposes unrelated to Provider's educational sites, services, or applications by providing notice of its election to opt out of data sharing to Provider's representative listed in this Agreement, with a copy to privacy@khanacademy.org.

6. **Disposition of Data.** Upon written request from the LEA, Provider shall dispose of or provide a mechanism for the LEA to transfer Student Data obtained under the Service Agreement within 120 days of the date of said request (or such shorter period as is required under state law), and according to a schedule and procedure as the Parties may reasonably agree. Upon termination of the Khan Academy Districts subscription, the LEA will provide written instruction to Provider regarding disposition or transfer of student accounts and associated Student Data. Prior to receipt of a written instruction from the LEA, Provider will permit individual student accounts to remain open and available for use for other educational purposes. Provider shall dispose of all Student Data at the earliest of (a) Provider's standard destruction schedule, if applicable, provided the Student Data is no longer needed for the purpose for which it was received; or (b) as otherwise required by law. The duty to dispose of Student Data shall not extend to Student Data that had been De-Identified or placed in a separate student account or made available through a Personal Login pursuant to Article II, Section 3. The LEA may employ a "Directive for Disposition of Data" form, a copy of which is attached hereto as **Exhibit "D"**. If the LEA and Provider employ Exhibit "D," no further written request or notice is required on the part of either Party prior to the disposition of Student Data described in Exhibit "D." Requirements relating to transfer of data will be satisfied by transfer to a personal Khan Academy account or establishing a Personal Login credential to allow the student to maintain their account.
7. **Advertising Limitations.** Provider is prohibited from using, disclosing, or selling Student Data to (a) inform, influence, or enable Targeted Advertising; or (b) develop a profile of a student, family member/guardian or group, for any purpose other than providing the Service to LEA. This section does not prohibit Provider from using Student Data (i) for adaptive learning or customized student learning (including generating personalized learning recommendations); or (ii) to make product recommendations to teachers or LEA employees; or (iii) to notify account holders about new education product updates, features, or services or from otherwise using Student Data as permitted in this DPA and its accompanying exhibits. This section does not prohibit Provider from communicating with users generally via the Services or by sending Program Communications to users, or otherwise restrict Provider's activities relating to personal accounts. "Program Communications" means in-app or emailed communications relating to the educational Services, including prompts, messages and content relating to the use of the Services, for example; onboarding and orientation communications, recommendations for use of the Services, prompts for students to complete, or teachers to assign exercises or provide feedback as part of the learning exercise, periodic activity reports, suggestions for additional learning activities in the Services, service updates, and information about special or additional programs offered through the Services or offered to complement the programs offered through the Services.

ARTICLE V: DATA PROVISIONS

1. **Data Storage.** Where required by applicable law, Student Data shall be stored within the United States. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
2. **Audits.** The Provider will cooperate reasonably with the LEA in responding to any state, or federal agency with oversight authority or jurisdiction over the LEA in connection with any audit or investigation of the LEA related to the LEA and/or delivery of Provider's Services to students and/or the LEA, and in connection with such audit shall provide reasonable access to the Provider's staff, agents and LEA's Student Data and records pertaining to the Provider and delivery of Services to the LEA. At least annually, Provider will obtain a Service Organization Controls (SOC) 2 Type II audit, or other commercially reasonable security audit, which attests to Provider's security policies, procedures, and controls, and which is performed by an independent third party based on recognized industry standards. Provider will make results of such controls review or audit available to LEA upon request and will address noted exceptions.
3. **Data Security.** The Provider agrees to utilize administrative, physical, and technical safeguards designed to protect Student Data from unauthorized access, disclosure, acquisition, destruction, use, or modification. The Provider shall adhere to any applicable law relating to data security. The provider shall implement an adequate Cybersecurity Framework based on one of the nationally recognized standards set forth in **Exhibit "F"**. Exclusions, variations, or exemptions to the identified Cybersecurity Framework must be detailed in an attachment. Additionally, Provider may choose to further detail its security programs and measures that augment or are in addition to the Cybersecurity Framework in **Exhibit "F"**. Provider shall provide, in the Standard Schedule to the DPA, contact information of an employee who LEA may contact if there are any data security concerns or questions.
4. **Data Breach.** In the event of an unauthorized release, disclosure or acquisition of Student Data that compromises the security, confidentiality or integrity of the Student Data maintained by the Provider the Provider shall provide notification to LEA within seven (7) days of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:
 - (1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:
 - i. The name and contact information of the reporting LEA subject to this section.
 - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
 - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
 - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
 - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.

- (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
- (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.
- (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians.
- (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.
- (6) This Section (Art. V, Sec. 4) shall not restrict Provider's ability to provide separate breach notification to its users with personal accounts.

ARTICLE VI: GENERAL OFFER OF TERMS

Provider may, by signing the attached form of "General Offer of Privacy Terms" (General Offer, attached hereto as **Exhibit "E"**), be bound by the terms of **Exhibit "E"** to any other LEA who signs the acceptance on said Exhibit. The form is limited by the terms and conditions described therein.

ARTICLE VII: MISCELLANEOUS

1. **Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either Party may terminate this DPA and any Service Agreement if the other Party breaches any terms of this DPA.
2. **Effect of Termination Survival.** If the Service Agreement is terminated, the Provider shall dispose of or provide a mechanism for the transfer of Student Data as provided in Article IV, section 6. The LEA shall notify Provider when the Student Data it has provided pursuant to the DPA is no longer needed for the LEA's purpose(s) under the Service Agreement and this DPA. If any of the Student Data is no longer needed for purposes of the Service Agreement and this DPA, the Provider will dispose of or transfer Student Data as set forth in Article IV, Section 6 (Disposition of Data).
3. **Priority of Agreements.** This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license agreement, or writing, the terms of this DPA shall apply and take precedence. In the event of a conflict between the SDPC Standard Clauses and the Supplemental State Terms, the Supplemental State Terms will control. Except as described in this paragraph herein, all other provisions of the Service Agreement shall remain in effect.
4. **Updates to Schedules.** Provider may elect to amend Exhibits "A" and "B" to reflect changes in products

or services that result in new or enhanced features or capabilities, new modules, technology advancements and or service categories relating to the listed products or services that Provider did not have at the time the DPA was signed by providing an Addendum to this DPA. The Provider must notify the LEA and Subscribing LEAs, in accordance with the notification provisions of this DPA, of the existence and contents of an Addendum modifying Exhibit "A", "B" as applicable. The LEA or Subscribing LEA will have thirty (30) days from receipt to object to the Addendum. If no written objection is received it will become incorporated into the DPA between the parties.

5. **Entire Agreement.** This DPA and the Service Agreement constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
6. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
7. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
8. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
9. **Authority.** Each Party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.

10. Waiver. No delay or omission by either Party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

EXHIBIT "A"

DESCRIPTION OF SERVICES

This DPA applies to the use of Khan Academy Districts service (the "**District Service**") through School Accounts created by or at the direction of the LEA and which is provided pursuant to the Khan Academy Districts Terms of Service and entered into through execution of an order form between the LEA and Khan Academy (collectively, the order form and Khan Academy Districts Terms of Service form the "**Service Agreement**"). School Accounts are defined in, and must be established in accordance with, the [Terms of Service](#). The District Service is a premium, subscription-based service that is offered as a complement to Khan Academy's website located at <http://khanacademy.org> and related mobile applications and online services (the "**Website**"), through which it provides educational services, including, but not limited to, educational content, and other products and services that Khan Academy may provide now or in the future. The District Service may include Khanmigo (an AI-powered educational guide with interactive activities and chat functionality) and AI-enabled tools.

Access to the Website and use of the standard features is provided free of charge, and is governed by and further described in Khan Academy's [Terms of Service](#) and [Privacy Policy](#). Each student, teacher, and other LEA personnel enrolled in the District Service is registered with an individual user account on the Website. Website features:

- allow teachers and coaches to assign lessons to learners and monitor learning progress
- allow students to complete assignments or pursue independent learning
- permit users to connect their account to other authorized users who can view the account activity, including a parent or legal guardian ("**parent**"), or others as permitted by the intended functionality of the Services Website (this function may be limited to School Personnel included in the district's roster and parents at the request of the LEA)
- permit users to post or respond to questions relating to learning activities on the Website (this function may be disabled at the request of the LEA)
- offer additional educational programs (e.g., test prep, scholarship programs) through the Website
- in-app or emailed communications relating to the educational Services (Program Communications) that are not Targeted Advertising
- provide Program Communications relating to additional educational resources.

Khan Academy may engage in research studies or assist the LEA in conducting research and other studies at the request or direction of the LEA.

Students or teachers may have personal accounts in addition to School Accounts and may associate their School Accounts with their personal accounts. Additionally, they may choose to create personal login information to their School Account to provide access to the account for activity outside of school ("**Personal Login**"). Parents may elect to create a personal account on the Website associated with their child's account and monitor their child's learning activity. This DPA does not apply to personal accounts (or information users provide to Khan Academy through such personal accounts). Khan Academy may provide direct assistance to students and their parents requesting access to information in the student's Khan Academy account. Personal account activity is governed by Provider's Website Terms of Service and Privacy Policy.

In addition to the District Services for School Accounts covered by this DPA, Khan Academy allows users to create free Website accounts, and offers supplemental services to school districts and educational agencies to facilitate implementation by the district or agency. These supplemental services are provided under separate terms of service and data protection terms that address the specific features and use of data for those services. This DPA

does not apply to Khan Academy Kids mobile application, Khan Academy Kids Classroom Service, or MAP Accelerator services.

De-Identified Data and De-Identification: Records and information are considered to be de-identified when all personally identifiable information has been removed or obscured, such that the remaining information does not reasonably identify a specific individual, including, but not limited to, any information that, alone or in combination is linkable to a specific student and provided that the educational agency, or other party, has made a reasonable determination that a student’s identity is not personally identifiable, taking into account reasonable available information.

Educational Records: Educational Records are records, files, documents, and other materials directly related to a student and maintained by the school or local education agency, or by a person acting for such school or local education agency, including but not limited to, records encompassing all the material kept in the student’s cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs.

Metadata: means information that provides meaning and context to other data being collected; including, but not limited to: date and time records and purpose of creation. Metadata that have been stripped of all direct and indirect identifiers are not considered Personally Identifiable Information.

Operator: means the operator of an internet website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used for K–12 school purposes. "Targeted advertising" does not include any advertising to a student on an Internet web site based on the content of the web page or in response to a student's response or request for information or feedback.

Third Party: The term "Third Party" means a provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of Education Records and/or Student Data, as that term is used in some state statutes.
