Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction**. THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. 7. **Successors Bound**: This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of

all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

5. In addition to the requirements described in Paragraph 3 above, the Provider's Data Security and Privacy Plan shall be deemed to incorporate the LEA's Parents Bill of Rights for Data Security and Privacy, as found at the URL link identified in Exhibit J. The Subscribing LEA will provide its Parents Bill of Rights for Data Security and Privacy to the Provider upon execution of Exhibit “E”.
6. All references in the DPA to “Student Data” shall be amended to include and state, “Student Data and APPR Data.”
7. To amend Article II, Section 5 to add: Provider shall ensure that its subprocessors agree that they do not have any property, licensing or ownership rights or claims to Student Data or APPR data and that they will comply with the LEA's Data Privacy and Security Policy. Provider shall examine the data privacy and security measures of its Subprocessors. If at any point a Subprocessor fails to materially comply with the requirements of this DPA, Provider shall: (i) notify LEA, (ii) as applicable, remove such Subprocessor's Access to Student Data and APPR Data; and (iii) as applicable, retrieve all Student Data and APPR Data received or stored by such

In the event there is an incident in which Student Data and APPR Data held, possessed, or stored by the Subprocessor is compromised, or unlawfully Accessed or disclosed, Provider shall follow the Data Breach reporting requirements set forth in the DPA.

8. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
9. To amend Article IV, Section 3 to add: Provider shall ensure that all its employees and subprocessors who have Access to or will receive Student Data and APPR Data will be trained on the federal and state laws governing confidentiality of such Student Data and APPR Data prior to receipt. Provider is prohibited from retaining disclosed Student Data or continuing to Access Student Data beyond the term of the Service Agreement unless such retention is expressly authorized for a prescribed period by the Service Agreement, necessary for purposes of facilitating the transfer of disclosed Student Data to the LEA, or expressly required by law. The confidentiality and data security obligations of Provider under this DPA shall survive any termination of this contract to which this DPA is attached but shall terminate upon Provider’s certifying that it and it’s subprocessors, as applicable: (a) no longer have the ability to Access any Student Data provided to Provider pursuant to the Service Agreement and/or (b) have destroyed all Student Data and APPR Data provided to Provider pursuant to this DPA. The Provider agrees that the timelines for disposition of data will be modified by any assurance of discontinuation, which will control in the case of a conflict.

Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all student data after providing the LEA with ninety (90) days prior notice.

The duty to dispose of student data shall not extend to Student Data that had been de-identified or placed in a separate student account pursuant to section II 3. The LEA may employ a “**Directive for Disposition of Data**” form, a copy of which is attached hereto as **Exhibit “D”**, or, with reasonable notice to the Provider, other form of its choosing. No further written request or notice is required on the part of either party prior to the disposition of Student Data described in “**Exhibit D**”.

11. To amend Article IV, Section 7 to add: 'Notwithstanding the foregoing, Provider is prohibited from using Student Data or APPR data for any Commercial or Marketing Purpose as defined herein. And add after (iii) account holder, "which term shall not include students."

The Provider will cooperate reasonably with the LEA or its designee(s) and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable Access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA.

Upon request by the New York State Education Department's Chief Privacy Officer (NYSED CPO), Provider shall provide the NYSED CPO with copies of its policies and related procedures that pertain to the protection of information. In addition, the NYSED CPO may require Provider to undergo an audit of its privacy and security safeguards, measures, and controls as they pertain to alignment with the requirements of New York State laws and regulations, and alignment with the NIST Cybersecurity Framework. Any audit required by the NYSED CPO must be performed by an independent third party at Provider's expense and the audit report must be provided to the NYSED CPO. In lieu of being subject to a required audit, Provider may provide the NYSED CPO with an industry standard independent audit report of Provider's privacy and security practices that was issued no more than twelve months before the date that the NYSED CPO informed Provider that it required Provider to undergo an audit. Failure to reasonably cooperate with any of the requirements in this provision shall be deemed a material breach of the DPA.

To amend the third sentence of Article V. Section 3 (Data Security) to read: The Provider shall implement security practices that are in alignment with the NIST Cybersecurity Framework v1.1 or any update to this Framework that is adopted by the New York State Department of Education.

14. To replace Article V. Section 4 (Data Breach) to state: In the event of a Breach as defined in 8 NYCRR Part 121.1 Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt

- (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians. Where a Breach of Student Data and/or APPR Data occurs that is attributable to Provider and/or its Subprocessors, Provider shall pay for or promptly reimburse LEA for the full cost of notification to Parents, Eligible Students, teachers, and/or principals.
- (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.
- (6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. Any costs incidental to the required cooperation or participation of the Provider will be the sole responsibility of the Provider if such Breach is attributable to Provider or its subprocessors.

15. To amend the definitions in Exhibit "C" as follows:

Last Modified: 01/07/2025

1. Identify (ID)

1. Asset Management (ID.AM)

1. The infrastructure housing the application will reside outside the company's digital infrastructure. All server and database management services provided to customers by the Digital Reader application will be provided by highly reputable companies operating in the United States. The benefits include enhanced security, more consistent delivery of services and greater reliability of backup and recovery capabilities.

2. Business Environment (ID.BE)

1. Our company's role is focused on the design and development of the application's services needed to meet the educational needs of our customers. This component is headed up by two company owners: President and CEO, Michele Dufresne, and CTO, Nicholas Dufresne. Infrastructure for delivery of services is covered in (1.a.) We have partnered with external legal and technology teams to provide consulting roles on such matters as federal, state and local laws, security, forensics in case of a breach, and system assessment to help improve company cybersecurity processes.

3. Governance (ID.GV)

1. Access to the application and application data is restricted to specific roles used only by the development and support teams.

4. Risk Assessment (ID.RA):

1. Per our strategy (1.e), the assessment and management of risk is largely transferred to external companies. In this way internal cybersecurity risk is limited to a small number of employees and devices that access the application and data.

5. Risk Management Strategy (ID.RM):

1. The company's primary strategy for minimizing security risk is to take advantage of top tier external companies to manage cyber assets and cyber security. This approach minimizes access to customer data by our company and company employees. Our internal team is being built to take advantage of these external resources and the security options they provide. Internal risk is managed by minimizing access to the application and database by employees.

6. Supply Chain Risk Management (ID.SC):

1. NA

2. Protect (PR)

1. Identity Management, Authentication and Access Control (PR.AC)

1. Access to application and database is accessible to CTO and principal developers on CTO designated devices, with access

requiring authentication and encryption keys.

2. **Awareness and Training (PR.AT)**
 1. CTO, and employees who interact with school districts, are trained to delete/destroy any data (digital or physical) they may come in contact with as part of supporting, or providing service to, customers.
3. **Data Security (PR.DS):**
 1. Information and records are stored off-site and generally not accessible by employees.
4. **Information Protection Processes and Procedures (PR.IP)**

 3. **Detection processes (DE.DP)**
 1. Provided by server and database management companies.
4. **Respond (RS)**
 1. **Response Planning (RS.RP)**
 1. Response Plan: (1) CTO will resecure our application and data. (2) Contact our technical partners to support an analysis of the incident and to consult on a response plan.
 2. **Communications**
 1. (3) Contact our legal team to support our response to schools consistent with national, state and local laws and with existing contractual agreements. Our legal team will work with a forensic service to support an independent analysis of any security incident.
 3. **Analysis (RS.AN)**
 1. As described in parts 4.a and 4.b.
 4. **Mitigation (RS.MI)**
 1. As described in parts 4.a and 4.b.
 5. **Improvements (RS.IM)**
 1. As described in parts 4.a and 4.b.
5. **Recovery (RC)**
 1. **Recovery Planning (RC.RP)**
 1. We have run a replicated DB server (so we have a backup immediately

available), and we also do 6 months of daily snapshots of the database that can be restored if the whole datacenter goes down.

2. Improvements (RC.IM)

1. Per 4.a and 4.b we will use the analyses of our technical partners and independent forensic service to identify weakness in our cybersecurity systems. Working with our technical partners we will research and design improvements to overcome identified weaknesses.
