DESCRIPTION OF SERVICES

Juvenile Justice Online (JJO) is an " Online Diversion Program". This program provides School administrators and SRO's with an alternative to Suspension, Expulsion and Arrest when offenders are identified and trains them in Police Level, High Tech investigative methods for Juvenile Crimes. This Program Recognizes that true, positive reform must begin with implementing relevant education and consequences. Juvenile Justice Online operates as a completely customizable education and management system for teachers or administrators who are guiding children protected many laws created to protect them from arrest and adjudication.

This " Online Diversion Program" ensures that the student offenders receive:

?????????1.	Education and reform specific to the mistakes they have made
2.	Content aligned to each offense (drugs abuse, vaping, hate speech, sexting, cyberbullying, truancy, and many more)
3.	Real world examples
4.	A fully integrated learning management system (LMS) to assign writing assignments, research, educational videos, tasks, apology letters, and many other items
5.	This program is designed to enrich the child's education and ultimately transform a poor decision into revolutionary learning experience.
