STANDARD CLAUSES

Version 3.0

ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA.** The purpose of this DPA is to describe the duties and responsibilities to protect Student Data including compliance with all applicable federal, state, and local privacy laws, rules, and regulations, all as may be amended from time to time. In performing these services, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. Provider shall be under the direct control and supervision of the LEA, with respect to its use of Student Data
2. **Student Data to Be Provided.** In order to perform the Services described above, LEA shall provide Student Data as identified in the Schedule of Data, attached hereto as **Exhibit “B”**.
3. **DPA Definitions.** The definition of terms used in this DPA is found in **Exhibit “C”**. In the event of a conflict, definitions used in this DPA shall prevail over terms used in any other writing, including, but not limited to the Service Agreement, Terms of Service, Privacy Policies etc.

ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA.** All Student Data transmitted to the Provider pursuant to the Service Agreement is and will continue to be the property of and under the control of the LEA. The Provider further acknowledges and agrees that all copies of such Student Data transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are subject to the provisions of this DPA in the same manner as the original Student Data. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data contemplated per the Service Agreement, shall remain the exclusive property of the LEA. For the purposes of FERPA, the Provider shall be considered a School Official, under the control and direction of the LEA as it pertains to the use of Student Data, notwithstanding the above.
2. **Parent Access.** To the extent required by law the LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review Education Records and/or Student Data correct erroneous information, and procedures for the transfer of student-generated content to a personal account, consistent with the functionality of services. Provider shall respond in a reasonably timely manner (and no later than forty five (45) days from the date of the request or pursuant to the time frame required under state law for an LEA to respond to a parent or student, whichever is sooner) to the LEA's request for Student Data in a student's records held by the Provider to view or correct as necessary. In the event that a parent of a student or other individual contacts the Provider to review any of the Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.
3. **Separate Account.** If Student-Generated Content is stored or maintained by the Provider, Provider shall, at the request of the LEA, transfer, or provide a mechanism for the LEA to transfer, said Student-Generated Content to a separate account created by the student.
4. **Law Enforcement Requests.** Should law enforcement or other government entities (“Requesting Party(ies)”) contact Provider with a request for Student Data held by the Provider pursuant to the

Services, the Provider shall notify the LEA in advance of a compelled disclosure to the Requesting Party, unless lawfully directed by the Requesting Party not to inform the LEA of the request.

5. **Subprocessors**. Provider shall enter into written agreements with all Subprocessors performing functions for the Provider in order for the Provider to provide the Services pursuant to the Service Agreement, whereby the Subprocessors agree to protect Student Data in a manner no less stringent than the terms of this DPA.

ARTICLE III: DUTIES OF LEA

1. **Provide Data in Compliance with Applicable Laws**. LEA shall provide Student Data for the purposes of obtaining the Services in compliance with all applicable federal, state, and local privacy laws, rules, and regulations, all as may be amended from time to time.
2. **Annual Notification of Rights**. If the LEA has a policy of disclosing Education Records and/or Student Data under FERPA (34 CFR § 99.31(a)(1)), LEA shall include a specification of criteria for determining who constitutes a school official and what constitutes a legitimate educational interest in its annual notification of rights.
3. **Reasonable Precautions**. LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted Student Data.
4. **Unauthorized Access Notification**. LEA shall notify Provider promptly of any known unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

ARTICLE IV: DUTIES OF PROVIDER

1. **Privacy Compliance**. The Provider shall comply with all applicable federal, state, and local laws, rules, and regulations pertaining to Student Data privacy and security, all as may be amended from time to time.
2. **Authorized Use**. The Student Data shared pursuant to the Service Agreement, including persistent unique identifiers, shall be used for no purpose other than the Services outlined in Exhibit A or stated in the Service Agreement and/or otherwise authorized under the statutes referred to herein this DPA.
3. **Provider Employee Obligation**. Provider shall require all of Provider's employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the Student Data shared under the Service Agreement. Provider agrees to require and maintain an appropriate confidentiality agreement from each employee or agent with access to Student Data pursuant to the Service Agreement.
4. **No Disclosure**. Provider acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, user content or other non-public information and/or personally identifiable information contained in the Student Data other than as directed or permitted by the LEA or this DPA. This prohibition against disclosure shall not apply to aggregate summaries of De-Identified information, Student Data disclosed pursuant to a lawfully issued subpoena or other legal process, or to subprocessors performing services on behalf of the Provider pursuant to this DPA. Provider will not Sell Student Data to any third party.

5. **De-Identified Data:** Provider agrees not to attempt to re-identify de-identified Student Data. De-Identified Data may be used by the Provider for those purposes allowed under FERPA and the following purposes: (1) assisting the LEA or other governmental agencies in conducting research and other studies; and (2) research and development of the Provider's educational sites, services, or applications, and to demonstrate the effectiveness of the Services; and (3) for adaptive learning purpose and for customized student learning. Provider's use of De-Identified Data shall survive termination of this DPA or any request by LEA to return or destroy Student Data. Except for Subprocessors, Provider agrees not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to attempt re-identification, and (b) prior written notice has been given to the LEA who has provided prior written consent for such transfer. Prior to publishing any document that names the LEA explicitly or indirectly, the Provider shall obtain the LEA's written approval of the manner in which de-identified data is presented.
6. **Disposition of Data.** Upon written request from the LEA, Provider shall dispose of or provide a mechanism for the LEA to transfer Student Data obtained under the Service Agreement, within sixty (60) days of the date of said request and according to a schedule and procedure as the Parties may reasonably agree. Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all Student Data after providing the LEA with reasonable prior notice. The duty to dispose of Student Data shall not extend to Student Data that had been De-Identified or placed in a separate student account pursuant to section II 3. The LEA may employ a "Directive for Disposition of Data" form, a copy of which is attached hereto as **Exhibit "D"**. If the LEA and Provider employ Exhibit "D," no further written request or notice is required on the part of either party prior to the disposition of Student Data described in Exhibit "D."
7. **Advertising Limitations.** Provider is prohibited from using, disclosing, or selling Student Data to (a) inform, influence, or enable Targeted Advertising; or (b) develop a profile of a student, family member/guardian or group, for any purpose other than providing the Service to LEA. This section does not prohibit Provider from using Student Data (i) for adaptive learning or customized student learning (including generating personalized learning recommendations); or (ii) to make product recommendations to teachers or LEA employees; or (iii) to notify account holders about new education product updates, features, or services or from otherwise using Student Data as permitted in this DPA and its accompanying exhibits

ARTICLE V: DATA PROVISIONS

1. **Data Storage.** Where required by applicable law, Student Data shall be stored within the United States. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
2. **Audits.** No more than once a year, or following unauthorized access, upon receipt of a written request from the LEA with at least ten (10) business days' notice and upon the execution of an appropriate confidentiality agreement, the Provider will allow the LEA to audit the security and privacy measures that are in place to ensure protection of Student Data or any portion thereof as it pertains to the delivery of services to the LEA. The Provider will cooperate reasonably with the LEA and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable access to the Provider's facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA. Failure to reasonably cooperate shall be deemed a material breach of the DPA.

3. **Data Security.** The Provider agrees to utilize administrative, physical, and technical safeguards designed to protect Student Data from unauthorized access, disclosure, acquisition, destruction, use, or modification. The Provider shall adhere to any applicable law relating to data security. The provider shall implement an adequate Cybersecurity Framework based on one of the nationally recognized standards set forth in **Exhibit “F”**. Exclusions, variations, or exemptions to the identified Cybersecurity Framework must be detailed in an attachment. Additionally, Provider may choose to further detail its security programs and measures that augment or are in addition to the Cybersecurity Framework in **Exhibit “F”**. Provider shall provide, in the Standard Schedule to the DPA, contact information of an employee who LEA may contact if there are any data security concerns or questions.
4. **Data Breach.** In the event of an unauthorized release, disclosure or acquisition of Student Data that compromises the security, confidentiality or integrity of the Student Data maintained by the Provider the Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:
- (1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:
 - i. The name and contact information of the reporting LEA subject to this section.
 - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
 - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
 - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
 - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.
 - (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
 - (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.
 - (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians.
 - (5) In the event of a breach originating from LEA’s use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

ARTICLE VI: GENERAL OFFER OF TERMS

Provider may, by signing the attached form of "General Offer of Privacy Terms" (General Offer, attached hereto as **Exhibit "E"**), be bound by the terms of **Exhibit "E"** to any other LEA who signs the acceptance on said Exhibit. The form is limited by the terms and conditions described therein.

ARTICLE VII: MISCELLANEOUS

1. **Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either party may terminate this DPA and any service agreement or contract if the other party breaches any terms of this DPA.
2. **Effect of Termination Survival.** If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article IV, section 6.
3. **Priority of Agreements.** This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license agreement, or writing, the terms of this DPA shall apply and take precedence. In the event of a conflict between the SDPC Standard Clauses and the Supplemental State Terms, the Supplemental State Terms will control. Except as described in this paragraph herein, all other provisions of the Service Agreement shall remain in effect.
4. **Entire Agreement.** This DPA and the Service Agreement constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
7. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of

all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

DEFINITIONS

De-Identified Data and De-Identification: Records and information are considered to be de-identified when all personally identifiable information has been removed or obscured, such that the remaining information does not reasonably identify a specific individual, including, but not limited to, any information that, alone or in combination is linkable to a specific student and provided that the educational agency, or other party, has made a reasonable determination that a student’s identity is not personally identifiable, taking into account reasonable available information.

Educational Records: Educational Records are records, files, documents, and other materials directly related to a student and maintained by the school or local education agency, or by a person acting for such school or local education agency, including but not limited to, records encompassing all the material kept in the student’s cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs.

Metadata: means information that provides meaning and context to other data being collected; including, but not limited to: date and time records and purpose of creation Metadata that have been stripped of all direct and indirect identifiers are not considered Personally Identifiable Information.

Operator: means the operator of an internet website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used for K–12 school purposes. Any entity that operates an internet website, online service, online application, or mobile application that has entered into a signed, written agreement with an LEA to provide a service to that LEA shall be considered an “operator” for the purposes of this section.

Originating LEA: An LEA who originally executes the DPA in its entirety with the Provider.

Provider: For purposes of the DPA, the term “Provider” means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of Student Data. Within the DPA the term “Provider” includes the term “Third Party” and the term “Operator” as used in applicable state statutes.

Student Generated Content: The term “student-generated content” means materials or content created by a student in the services including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of student content.

School Official: For the purposes of this DPA and pursuant to 34 CFR § 99.31(b), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of Student Data including Education Records; and (3) Is subject to 34 CFR § 99.33(a) governing the use and re-disclosure of personally identifiable information from Education Records.

Service Agreement: Refers to the Contract, Purchase Order or Terms of Service or Terms of Use.

Student Data: Student Data includes any data, whether gathered by Provider or provided by LEA or its users, students, or students’ parents/guardians, that is descriptive of the student including, but not limited to, information in the student’s educational record or email, first and last name, birthdate, home or other physical address, telephone number, email address, or other information allowing physical or online contact, discipline

records, videos, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security numbers, biometric information, disabilities, socioeconomic information, individual purchasing behavior or preferences, food purchases, political affiliations, religious information, text messages, documents, student identifiers, search activity, photos, voice recordings, geolocation information, parents' names, or any other information or identification number that would provide information about a specific student. Student Data includes Meta Data. Student Data further includes "personally identifiable information (PII)," as defined in 34 C.F.R. § 99.3 and as defined under any applicable state law. Student Data shall constitute Education Records for the purposes of this DPA, and for the purposes of federal, state, and local laws and regulations. Student Data as specified in **Exhibit "B"** is confirmed to be collected or processed by the Provider pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of Provider's services.

Subprocessor: For the purposes of this DPA, the term "Subprocessor" (sometimes referred to as the "Subcontractor") means a party other than LEA or Provider, who Provider uses for data collection, analytics, storage, or other service to operate and/or improve its service, and who has access to Student Data.

Subscribing LEA: An LEA that was not party to the original Service Agreement and who accepts the Provider's General Offer of Privacy Terms.

Targeted Advertising: means presenting an advertisement to a student where the selection of the advertisement is based on Student Data or inferred over time from the usage of the operator's Internet web site, online service or mobile application by such student or the retention of such student's online activities or requests over time for the purpose of targeting subsequent advertisements. "Targeted advertising" does not include any advertising to a student on an Internet web site based on the content of the web page or in response to a student's response or request for information or feedback.

Third Party: The term "Third Party" means a provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of Education Records and/or Student Data, as that term is used in some state statutes. However, for the purpose of this DPA, the term "Third Party" when used to indicate the provider of digital educational software or services is replaced by the term "Provider."

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Maine. Specifically, those laws are 20-A M.R.S. §6001-6005.; 20-A M.R.S. §951 et. seq., Maine Unified Special Education Regulations, Maine Dep't of Edu. Rule Ch. 101; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Maine;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Maine does not require data to be stored within the United States.
4. The Provider may not publish on the Internet or provide for publication on the Internet any Student Data.
5. If the Provider collects student social security numbers, the Provider shall notify the LEA of the purpose the social security number will be used and provide an opportunity not to provide a social security number if the parent and/or student elects.
6. The parties agree that the definition of Student Data in Exhibit "C" includes the name of the student's family members, the student's place of birth, the student's mother's maiden name, results of assessments administered by the State, LEA or teacher, including participating information, course transcript information, including, but not limited to, courses taken and completed, course grades and grade point average, credits earned and degree, diploma, credential attainment or other school exit information, attendance and mobility information between and within LEAs within Maine, student's gender, race and ethnicity, educational program participation information required by state or federal law and email.
7. The parties agree that the definition of Student Data in Exhibit "C" includes information that:
 - a. Is created by a student or the student's parent or provided to an employee or agent of the LEA or a Provider in the course of the student's or parent's use of the Provider's website, service or application for kindergarten to grade 12 school purposes;
 - b. Is created or provided by an employee or agent of the LEA, including information provided to the Provider in the course of the employee's or agent's use of the Provider's website, service or application for kindergarten to grade 12 school purposes; or
 - c. Is gathered by the Provider through the operation of the Provider's website, service or application for kindergarten to grade 12 school purposes.

EXHIBIT “G”
Illinois

WHEREAS, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Illinois. Specifically, those laws are to the Illinois School Student Records Act ("ISSRA"), 105 ILCS 10/, Mental Health and Developmental Disabilities Confidentiality Act ("MHDDCA"), 740 ILCS 110/, Student Online Personal Protection Act ("SOPPA"), 105 ILCS 85/, Identity Protection Act ("IPA"), 5 ILCS 179/, and Personal Information Protection Act ("PIPA"), 815 ILCS 530/, and Local Records Act (“LRA”), 50 ILCS 205; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Illinois;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. Paragraph 4 on page 2 of the DPA setting a three-year term for the DPA shall be replaced with: “This DPA shall be effective upon the date of signature by Provider and LEA, and shall remain in effect as between Provider and LEA 1) for so long as the Services are being provided to the LEA or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first. The Exhibit E General Offer will expire three (3) years from the date the original DPA was signed.”
2. Replace Notices with: “Any notice delivered pursuant to the DPA shall be deemed effective, as applicable, upon receipt as evidenced by the date of transmission indicated on the transmission material, if by e-mail; or four (4) days after mailing, if by first-class mail, postage prepaid.”
3. In Article II, Section 1, add: “Further clarifying, in accordance with FERPA, ISSRA and SOPPA, in performing its obligations under the DPA, the Provider is acting as a school official with legitimate educational interest; is performing an institutional service or function for which the LEA would otherwise use its own employees; is under the direct control of the LEA with respect to the use and maintenance of Student Data; and is using Student Data only for an authorized purpose and in furtherance of such legitimate educational interest.”
4. In Article II, Section 2, replace “forty-five (45)” with “five (5)”. Add the following sentence: “In the event that the LEA determines that the Provider is maintaining Student Data that contains a factual inaccuracy, and Provider cooperation is required in order to make a correction, the LEA shall notify the Provider of the factual inaccuracy and the correction to be made. No later than 90 calendar days after receiving the notice of the factual inaccuracy, the Provider shall correct the factual inaccuracy and shall provide written confirmation of the correction to the LEA.”

5. In Article II, Section 4, replace it with the following: “In the event the Provider is compelled to produce Student Data to another party in compliance with a court order, Provider shall notify the LEA at least five (5) school days in advance of the court ordered disclosure and, upon request, provide the LEA with a copy of the court order requiring such disclosure.”
6. In Article II, Section 5, add: “By no later than (5) business days after the date of execution of the DPA, the Provider shall provide the LEA with a list of any subcontractors to whom Student Data may be disclosed or a link to a page on the Provider's website that clearly lists any and all subcontractors to whom Student Data may be disclosed. This list shall, at a minimum, be updated and provided to the LEA by the beginning of each fiscal year (July 1) and at the beginning of each calendar year (January 1).”
7. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
8. In Article IV, Section 6, replace the whole section with:

The Provider shall review, on an annual basis, whether the Student Data it has received pursuant to the DPA continues to be needed for the purpose(s) of the Service Agreement and this DPA. If any of the Student Data is no longer needed for purposes of the Service Agreement and this DPA, the Provider will provide written notice to the LEA as to what Student Data is no longer needed. The Provider will delete or transfer Student Data in readable form to the LEA, as directed by the LEA (which may be effectuated through Exhibit D of the DPA), within 30 calendar days if the LEA requests deletion or transfer of the Student Data and shall provide written confirmation to the LEA of such deletion or transfer. Upon termination of the Service Agreement between the Provider and LEA, Provider shall conduct a final review of Student Data within 60 calendar days.

If the LEA receives a request from a parent, as that term is defined in 105 ILCS 10/2(g), that Student Data being held by the Provider be deleted, the LEA shall determine whether the requested deletion would violate State and/or federal records laws. In the event such deletion would not violate State or federal records laws, the LEA shall forward the request for deletion to the Provider. The Provider shall comply with the request and delete the Student Data within a reasonable time period after receiving the request.

Any provision of Student Data to the LEA from the Provider shall be transmitted in a format readable by the LEA.

9. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
10. In Article IV, Section 7, add “renting,” after “using.”

11. In Article V, Section 1 Data Storage: Illinois requires all Student Data to be stored within the United States, Canada, United Kingdom and/or the European Union.
12. In Article V, Section 4, add the following: “‘Security Breach’ does not include the good faith acquisition of Student Data by an employee or agent of the Provider or LEA for a legitimate educational or administrative purpose of the Provider or LEA, so long as the Student Data is used solely for purposes permitted by SOPPA and other applicable law, and so long as the Student Data is restricted from further unauthorized disclosure.”
13. In Article V, Section 4(1) add the following:
 - vi. A list of the students whose Student Data was involved in or is reasonably believed to have been involved in the breach, if known; and
 - vii. The name and contact information for an employee of the Provider whom parents may contact to inquire about the breach.
14. In Article V, Section 4, add a section (6) which states:

In the event of a Security Breach that is attributable to the Provider, the Provider shall reimburse and indemnify the LEA for any and all costs and expenses that the LEA incurs in investigating and remediating the Security Breach, without regard to any limitation of liability provision otherwise agreed to between Provider and LEA, including but not limited to costs and expenses associated with:

 - a. Providing notification to the parents of those students whose Student Data was compromised and regulatory agencies or other entities as required by law or contract;
 - b. Providing credit monitoring to those students whose Student Data was exposed in a manner during the Security Breach that a reasonable person would believe may impact the student's credit or financial security;
 - c. Legal fees, audit costs, fines, and any other fees or damages imposed against the LEA

as a result of the security breach; and

 - d. Providing any other notifications or fulfilling any other requirements adopted by the Illinois State Board of Education or under other State or federal laws.
15. Replace Article VII, Section 1 with: “In the event either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or been terminated. One party may terminate this DPA upon a material breach of this DPA by the other party. Upon termination of the DPA, the Service Agreement shall terminate.”
16. In Exhibit C, add to the definition of Student Data, the following: “Student Data includes any and all information concerning a student by which a student may be individually identified under applicable Illinois law and regulations, including but not limited to (a) "covered information," as defined in Section 5 of SOPPA (105 ILCS 85/5), (b) "school

student records", "student temporary record" or "student permanent record" as that term is defined in Section 2 of ISSRA (105 ILCS 10/2(d)) (c) "records" as that term is defined under Section 110/2 of the MHDDCA (740 ILCS 110/2), and (d) "personal information" as defined in Section 530/5 of PIPA."

17. The following shall be inserted as a new second sentence in Paragraph 1 of Exhibit E:
"The provisions of the original DPA offered by Provider and accepted by Subscribing LEA pursuant to this Exhibit E shall remain in effect as between Provider and Subscribing LEA 1) for so long as the Services are being provided to Subscribing LEA, or 2) until the DPA is terminated pursuant to Section 15 of this Exhibit G, whichever comes first."
18. The Provider must publicly disclose material information about its collection, use, and disclosure of Student Data, including, but not limited to, publishing a terms of service agreement, privacy policy, or similar document.
19. **Minimum Data Necessary Shared.** The Provider attests that the Student Data request by the Provider from the LEA in order for the LEA to access the Provider's products and/or services is limited to the Student Data that is adequate, relevant, and limited to what is necessary in relation to the K-12 school purposes for which it is processed.
20. **Student and Parent Access.** Access by students or parents/guardians to the Provider's programs or services governed by the DPA or to any Student Data stored by Provider shall not be conditioned upon agreement by the parents/guardians to waive any of the student data confidentiality restrictions or a lessening of any of the confidentiality or privacy requirements contained in this DPA.
21. **Exhibits A and B.** The Services described in Exhibit A and the Schedule of Data in Exhibit B to the DPA satisfy the requirements in SOPPA to include a statement of the product or service being provided to the school by the Provider and a listing of the categories or types of covered information to be provided to the Provider, respectively.
22. The Provider will not collect social security numbers.

EXHIBIT “G”
Iowa

WHEREAS, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Iowa. Specifically, those laws are Iowa Code §§ 22; Iowa Code §§ 715C, 281 I.A.C. 12.3(4); 41; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Iowa;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Iowa does not require all Student Data to be stored within the United States.
4. In Exhibit “C” add to the definition of “Student Data” significant information on progress and growth, experiences, interests, aptitudes, attitudes, abilities, part-time employment, and future plans.

EXHIBIT “G”

Missouri

WHEREAS, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Missouri. Specifically, those laws are Sections 162.1475 and 407.1500 RSMo; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Missouri;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Missouri does not require data to be stored within the United States.
4. Replace Article V, Section 4(1) with the following:
 - a. In the event of a breach of data maintained in an electronic form that includes personal information of a student or a student’s family member, Provider shall notify LEA within seventy-two (72) hours. The notice shall include:
 - i. Details of the incident, including when it occurred and when it was discovered;
 - ii. The type of personal information that was obtained as a result of the breach; and
 - iii. The contact person for Provider who has more information about the incident.
 - b. “*Breach*” shall mean the unauthorized access to or unauthorized acquisition of personal information that compromises the security, confidentiality, or integrity of the personal information. Good faith acquisition of personal information by a person employed by or contracted with, or an agent of, Provider is not a breach provided that the personal information is not used in violation of applicable Federal or Missouri law, or in a manner that harms or poses an actual threat to the security, confidentiality, or integrity of the personal information.
 - c. “*Personal information*” is the first name or initial and last name of a student or a family member of a student in combination with any one or more of the following data items that relate to the student or a family member of the student if any of the data elements are not encrypted, redacted, or otherwise altered by any method or technology such that the name or data elements are unreadable or unusable:
 - i. Social Security Number;
 - ii. Driver’s license number or other unique identification number created or collected by a government body;
 - iii. Financial account information, credit card number, or debit card number in combination with any required security code, access code, or password that would permit access to an individual’s financial account;
 - iv. Unique electronic identifier or routing code in combination with any required security code, access code, or password that would permit access to an individual’s financial account;
 - v. Medical information; or
 - vi. Health insurance information.

EXHIBIT "G"
Nebraska

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Nebraska. Specifically, those laws are Neb. Rev. Stat. Secs. 79-2,104; 79-2,153 to 79-2,155; 79-2, 539; 87-801 to 87-808; and 92 NAC 6; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Nebraska;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article II, Section 5, add, "Specifically, any written agreement with a Subprocessor will:
(1) prohibit the Subprocessor from using Student Data any purpose other than providing the contracted service to or on behalf of the Provider; (2) prohibit the Subprocessor from disclosing any Student Data provided by the Provider with subsequent third parties; (3) and requires the Subprocessor to implement and maintain reasonable security procedures and practices."
2. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
3. In Article IV, Section 4, replace: "Provider will not Sell Student Data to any third party" with "Provider will not Sell or rent Student Data to any third party."
4. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
5. In Article V, Section 1 Data Storage: Nebraska does not require data to be stored within the United States.

EXHIBIT "G"
New Jersey

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in New Jersey. Specifically, those laws are N.J. Stat. § 56:8-166.4 et seq.; N.J. Stat. § 18A:36-19; N.J. Stat. § 18A:36-19a; N.J. Stat. § 18A:36-35; N.J. Admin Code § 6A:16-7.9; N.J. Admin. Code § 6A:32-2.1; N.J. Admin. Code § 6A:32-7 et. seq.; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for New Jersey;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. The Provider will not disclose on its web site any personally identifiable information about a student, including, but not limited to student names, student photos, student addresses, student e-mail addresses, student phone numbers, and locations and times of class trips.
4. The Provider will not process Student Data in violation of State and federal laws that prohibit unlawful discrimination.
5. The Provider will not conduct processing that presents a heightened risk of harm to students without conducting and documenting a data protection assessment of each of its processing activities that involve Student Data.
6. In Article V, Section 1 Data Storage: New Jersey does not require data to be stored within the United States.
7. Add to the definition in Exhibit "C" of Student Data: "The location and times of class trips."

EXHIBIT "G"

Ohio

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Ohio. Specifically, those laws are R.C. §§ 3319.32-3319.327, R.C. §§ 1349.17-19, Rule 3301-51-04; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Ohio;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. In Article IV, Section 3, add: "The Provider will restrict unauthorized access by Provider's employees or contractors not providing services under the Service Agreement or DPA and its employees or contractors will only access Student Data as necessary to fulfill their official duties."
3. In Article IV, Section 6, replace "Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all Student Data after providing the LEA with reasonable prior notice," with "Upon termination of this DPA, unless the LEA provides notice that renewal of the contract is reasonably anticipated, within ninety (90) days of the expiration of the contract, Provider shall destroy or return Student Data to the LEA."
4. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
5. In Article V, Section 1 Data Storage: Ohio does not require data to be stored within the United States.
6. Provider will not access or monitor any of the following:
 - a. Location-tracking features of a school-issued device;
 - b. Audio or visual receiving, transmitting or recording features of a school-issued device;
 - c. Student interactions with a school-issued device, including, but not limited to, keystrokes and web-browsing activity

Notwithstanding the above, if the Provider has provided written notice to the LEA that it engages in this collection of the above information, which must be provided in the Service Agreement, and the LEA has provided written confirmation that the Provider can collect this information pursuant to its general monitoring, then the Provider may access or monitor the listed information.

EXHIBIT "G"
Rhode Island

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Rhode Island. Specifically, those laws are R.I.G.L. 16-71-1, et. seq., R.I.G.L. 16-104-1, and R.I.G.L., 11-49.3 et. seq.; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Rhode Island;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Rhode Island does not require data to be stored within the United States.
4. The Provider agrees that this DPA serves as its written certification of its compliance with R.I.G.L. 16-104-1.
5. The Provider agrees to implement and maintain a risk-based information security program that contains reasonable security procedures.
6. In the case of a data breach, as a part of the security breach notification outlined in Article V, Section 4(1), the Provider agrees to provide the following additional information:
 - i. Information about what the Provider has done to protect individuals whose information has been breached, including toll free numbers and websites to contact:
 1. The credit reporting agencies
 2. Remediation service providers
 3. The attorney general
 - ii. Advice on steps that the person whose information has been breached may take to protect himself or herself.
 - iii. A clear and concise description of the affected parent, legal guardian, staff member, or eligible student's ability to file or obtain a police report; how an affected parent, legal guardian, staff member, or eligible student's requests a security freeze and the necessary information to be provided when requesting the security freeze; and that fees may be required to be paid to the consumer reporting agencies.

EXHIBIT "G"
Tennessee

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Tennessee. Specifically, those laws are T.C.A. §§ 10-7-503 *et. seq.*, T.C.A. § 47-18-2107, T.C.A. § 49-1-701 *et. seq.*, T.C.A. § 49-2-211, T.C.A. § 49-6-902, § 49-6-3001, T.C.A. §§ 49-50-1501 *et. seq.*; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Tennessee;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Tennessee does not require data to be stored within the United States.
4. The Provider agrees that it will not collect any individual student biometric data, student data relative to analysis of facial expressions, EEG brain wave patterns, skin conductance, galvanic skin response, heart-rate variability, pulse, blood volume, posture, and eye-tracking.
5. The Provider agrees that it will not collect individual student data on:
 - a. Political affiliation;
 - b. Religion;
 - c. Voting history; and
 - d. Firearms ownership

EXHIBIT "G"

Vermont

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Vermont. Specifically, those laws are 9 VSA 2443 to 2443f; 16 VSA 1321 to 1324; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Vermont;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Vermont does not require data to be stored within the United States.

EXHIBIT “G”
Virginia

WHEREAS, the documents and data transferred from LEAs and created by the Provider’s Services are also subject to several state laws in Virginia. Specifically, those laws are Code of Virginia § 22.1-289.01 and Virginia Code § 2.2-5514(c); and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Virginia;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article V, Section 1 Data Storage: Virginia does not require data to be stored within the United States.
4. In Article V, Section 4, add: In order to ensure the LEA’s ability to comply with its reporting requirements under Virginia Code § 2.2-5514(c), Provider shall provide initial notification to the LEA as soon as reasonably practical, and at a minimum within twenty-four (24) hours, where the Provider reasonably expects or confirms Student Data may have been disclosed in a data breach.

EXHIBIT "G"
Washington

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in Washington. Specifically, those laws are Student User Privacy in Education Rights 28.A.604 et. seq., RCW 28A.605.030, RCW 28A.600.475, WAC 392-172A-05190, WAC 392-500-030, and RCW 42.56.590; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for Washington;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. Paragraph 4 on page 2 of the DPA setting a three-year term for the DPA shall be replaced with:
"This DPA shall be effective upon the date of signature by Provider and LEA, and shall remain in effect as between Provider and LEA 1) for so long as the Services are being provided to the LEA or 2) until the DPA is terminated in accordance with its terms, whichever comes first. The Exhibit E General Offer will expire three (3) years from the date the original DPA was signed."
2. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
3. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
4. In Article V, Section 1 Data Storage: Student Data shall be stored within the United States, Canada, European Union, United Kingdom, Australia, and/or New Zealand only. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
5. The Provider will provide the LEA written notice before making material changes to its privacy policies for school services.
6. The Provider will not administer any written or oral test, questionnaire, survey, or examination to elicit the personal beliefs or practices of a student or his parents as to religion.

EXHIBIT "G"
New Hampshire

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in New Hampshire. Specifically, those laws are RSA 189:1-e and 189:65-68-a; RSA 186; NH Admin. Code Ed. 300 and NH Admin. Code Ed. 1100; and

WHEREAS, the Parties wish to enter into these supplemental terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for New Hampshire;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. All references in the DPA to "Student Data" shall be amended to state "Student Data and Teacher Data." "Teacher Data" is defined as at least the following:

Social security number.
Date of birth.
Personal street address.
Personal email address.
Personal telephone number
Performance evaluations.

Other information that, alone or in combination, is linked or linkable to a specific teacher, paraprofessional, principal, or administrator that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify any with reasonable certainty.

Information requested by a person who the department reasonably believes or knows the identity of the teacher, paraprofessional, principal, or administrator to whom the education record relates.

"Teacher" means teachers, paraprofessionals, principals, school employees, contractors, and other administrators.

2. In order to perform the Services described in the DPA, the LEA shall provide the categories of Teacher Data described in the Schedule of Data, attached hereto as **Exhibit "I"**.
3. In Article IV, Section 2, replace "otherwise authorized," with "otherwise required" and delete "or stated in the Service Agreement."
4. In Article IV, Section 7 amend each reference to "students," to state: "students, teachers,..."
5. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
6. Provider is prohibited from leasing, renting, or trading Student Data or Teacher Data to (a) market or advertise to students, teachers, or families/guardians; (b) inform, influence, or enable marketing, advertising or other commercial efforts by a Provider; (c) develop a profile of a student, teacher, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data and Teacher Data for the development of commercial products or services, other than as

necessary to provide the Service to the LEA. This section does not prohibit Provider from using Student Data and Teacher Data for adaptive learning or customized student learning purposes.

7. The Provider agrees to the following privacy and security standards. Specifically, the Provider agrees to:
 - (1) Limit system access to the types of transactions and functions that authorized users, such as students, parents, and LEA are permitted to execute;
 - (2) Limit unsuccessful logon attempts;
 - (3) Employ cryptographic mechanisms to protect the confidentiality of remote access sessions;
 - (4) Authorize wireless access prior to allowing such connections;
 - (5) Create and retain system audit logs and records to the extent needed to enable the monitoring, analysis, investigation, and reporting of unlawful or unauthorized system activity;
 - (6) Ensure that the actions of individual system users can be uniquely traced to those users so they can be held accountable for their actions;
 - (7) Establish and maintain baseline configurations and inventories of organizational systems (including hardware, software, firmware, and documentation) throughout the respective system development life cycles;
 - (8) Restrict, disable, or prevent the use of nonessential programs, functions, ports, protocols, and services;
 - (9) Enforce a minimum password complexity and change of characters when new passwords are created;
 - (10) Perform maintenance on organizational systems;
 - (11) Provide controls on the tools, techniques, mechanisms, and personnel used to conduct system maintenance;
 - (12) Ensure equipment removed for off-site maintenance is sanitized of any Student Data or Teacher Data in accordance with NIST SP 800-88 Revision 1;
 - (13) Protect (i.e., physically control and securely store) system media containing Student Data or Teacher Data, both paper and digital;
 - (14) Sanitize or destroy system media containing Student Data or Teacher Data in accordance with NIST SP 800-88 Revision 1 before disposal or release for reuse;
 - (15) Control access to media containing Student Data or Teacher Data and maintain accountability for media during transport outside of controlled areas;
 - (16) Periodically assess the security controls in organizational systems to determine if the controls are effective in their application and develop and implement plans of action designed to correct deficiencies and reduce or eliminate vulnerabilities in organizational systems;

- (17) Monitor, control, and protect communications (i.e., information transmitted or received by organizational systems) at the external boundaries and key internal boundaries of organizational systems;
- (18) Deny network communications traffic by default and allow network communications traffic by exception (i.e., deny all, permit by exception);
- (19) Protect the confidentiality of Student Data and Teacher Data at rest;
- (20) Identify, report, and correct system flaws in a timely manner;
- (21) Provide protection from malicious code (i.e. Antivirus and Antimalware) at designated locations within organizational systems;
- (22) Monitor system security alerts and advisories and take action in response; and
- (23) Update malicious code protection mechanisms when new releases are available.

Alternatively, the Provider agrees to comply with one of the following standards: (1) NIST SP 800-171 rev 2, Basic and Derived Requirements; (2) NIST SP 800-53 rev 4 or newer, Low Impact Baseline or higher; (3) FedRAMP (Federal Risk and Authorization Management Program); (4) ISO/IEC 27001:2013; (5) Center for Internet Security (CIS) Controls, v. 7.1, Implementation Group 1 or higher; (6) AICPA System and Organization Controls (SOC) 2, Type 2; and (7) Payment Card Industry Data Security Standard (PCI DSS), v3.2.1. The Provider will provide to the LEA on an annual basis and upon written request demonstration of successful certification of these alternative standards in the form of a national or international Certification document; an Authorization to Operate (ATO) issued by a state or federal agency, or by a recognized security standards body; or a Preliminary Authorization to Operate (PATO) issued by the FedRAMP Joint Authorization Board (JAB).

- 8. In the case of a data breach, as a part of the security breach notification outlined in Article V, Section 4(1), the Provider agrees to provide the following additional information:
 - i. The estimated number of students and teachers affected by the breach, if any.
- 9. The parties agree to add the following categories into the definition of Student Data: the name of the student's parents or other family members, place of birth, social media address, unique pupil identifier, and credit card account number, insurance account number, and financial services account number.
- 10. In Article V, Section 1 Data Storage: New Hampshire does not require data to be stored within the United States.

Exhibit "G"

New York

WHEREAS, the documents and data transferred from LEAs and created by the Provider's Services are also subject to several state laws in New York. Specifically, those laws are New York Education Law § 2-d; and the Regulations of the Commissioner of Education at 8 NYCRR Part 121; and

WHEREAS, the Parties wish to enter into these additional terms to the DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties;

WHEREAS, the Parties wish these terms to be hereby incorporated by reference into the DPA in their entirety for New York;

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

1. All employees of the Provider who will have direct contact with students shall pass criminal background checks.
2. Student Data will be used by Provider exclusively to provide the Services identified in Exhibit A to the DPA.
3. Provider agrees to maintain the confidentiality and security of Student Data in accordance with LEA's Data Security and Privacy Policy. The LEA's Data Security Policy is attached hereto as Exhibit J. Each Subscribing LEA will provide its Data Security Policy to the Provider upon execution of Exhibit "E". Provider shall use industry standard security measures including encryption protocols that comply with New York law and regulations to preserve and protect Student Data and APPR Data. Provider must Encrypt Student Data and APPR Data at rest and in transit in accordance with applicable New York laws and regulations.
4. Provider represents that their Data Privacy and Security Plan can be found at the URL link listed in Exhibit K and is incorporated into this DPA. Provider warrants that its Data Security and Privacy Plan, at a minimum: (a) implements all applicable state, federal and local data privacy and security requirements; (b) has operational technical safeguards and controls in place to protect PII that it will receive under the service agreement; (c) complies with the LEA's parents bill of rights for data privacy and security; (d) requires training of all providers' employees, assignees and subprocessors who have Access to student data or APPR data; (e) ensures subprocessors are required to protect PII received under this service agreement; (f) specifies how data security and privacy incidents that implicate PII will be managed and ensuring prompt notification to the LEA, and (g) addresses Student Data return, deletion and destruction.
5. In addition to the requirements described in Paragraph 3 above, the Provider's Data Security and Privacy Plan shall be deemed to incorporate the LEA's Parents Bill of Rights for Data Security and Privacy, as found at the URL link identified in Exhibit J. The Subscribing LEA will provide its Parents Bill of Rights for Data Security and Privacy to the Provider upon execution of Exhibit "E".

6. All references in the DPA to “Student Data” shall be amended to include and state, “Student Data and APPR Data.”
7. To amend Article II, Section 5 to add: Provider shall ensure that its subprocessors agree that they do not have any property, licensing or ownership rights or claims to Student Data or APPR data and that they will comply with the LEA’s Data Privacy and Security Policy. Provider shall examine the data privacy and security measures of its Subprocessors. If at any point a Subprocessor fails to materially comply with the requirements of this DPA, Provider shall: (i) notify LEA, (ii) as applicable, remove such Subprocessor’s Access to Student Data and APPR Data; and (iii) as applicable, retrieve all Student Data and APPR Data received or stored by such Subprocessor and/or ensure that Student Data and APPR Data has been securely deleted or securely destroyed in accordance with this DPA. In the event there is an incident in which Student Data and APPR Data held, possessed, or stored by the Subprocessor is compromised, or unlawfully Accessed or disclosed, Provider shall follow the Data Breach reporting requirements set forth in the DPA.
8. In Article IV, Section 2, replace “otherwise authorized,” with “otherwise required” and delete “or stated in the Service Agreement.”
9. To amend Article IV, Section 3 to add: Provider shall ensure that all its employees and subprocessors who have Access to or will receive Student Data and APPR Data will be trained on the federal and state laws governing confidentiality of such Student Data and APPR Data prior to receipt. Access to or Disclosure of Student Data and APPR Data shall only be provided to Provider’s employees and subprocessors who need to know the Student Data and APPR Data to provide the services and such Access and/or Disclosure of Student Data and APPR Data shall be limited to the extent necessary to provide such services.
10. To replace Article IV, Section 6 (Disposition of Data) with the following: Upon written request from the LEA, Provider shall dispose of or provide a mechanism for the LEA to transfer Student Data obtained under the Service Agreement, within ninety (90) days of the date of said request and according to a schedule and procedure as the Parties may reasonably agree. Provider is prohibited from retaining disclosed Student Data or continuing to Access Student Data beyond the term of the Service Agreement unless such retention is expressly authorized for a prescribed period by the Service Agreement, necessary for purposes of facilitating the transfer of disclosed Student Data to the LEA, or expressly required by law. The confidentiality and data security obligations of Provider under this DPA shall survive any termination of this contract to which this DPA is attached but shall terminate upon Provider’s certifying that it and it’s subprocessors, as applicable: (a) no longer have the ability to Access any Student Data provided to Provider pursuant to the Service Agreement and/or (b) have destroyed all Student Data and APPR Data provided to Provider pursuant to this DPA. The Provider agrees that the timelines for disposition of data will be modified by any assurance of discontinuation, which will control in the case of a conflict.

Upon termination of this DPA, if no written request from the LEA is received, Provider shall dispose of all student data after providing the LEA with ninety (90) days prior notice.

The duty to dispose of student data shall not extend to Student Data that had been de-identified or placed in a separate student account pursuant to section II 3. The LEA may employ a **“Directive for Disposition of Data”** form, a copy of which is attached hereto as **Exhibit “D”**, or, with reasonable notice to the Provider, other form of its choosing. No further written request or notice is required on the part of either party prior to the disposition of Student Data described in **“Exhibit D”**.

11. To amend Article IV, Section 7 to add: ‘Notwithstanding the foregoing, Provider is prohibited from using Student Data or APPR data for any Commercial or Marketing Purpose as defined herein. And add after (iii) account holder, “which term shall not include students.”
12. To replace Article V, Section 1 (Data Storage) to state: Student Data and APPR Data shall be stored within the United States, European Union, UK, and Canada only. Upon request of the LEA, Provider will provide a list of the locations where Student Data is stored.
13. To replace Article V, Section 2 (Audits) to state: No more than once a year or following an unauthorized Access, upon receipt of a written request from the LEA with at least ten (10) business days’ notice and upon the execution of an appropriate confidentiality agreement, the Provider will allow the LEA or its designee(s) to audit the security and privacy measures that are in place to ensure protection of Student Data or any portion thereof as it pertains to the delivery of services to the LEA . The Provider will cooperate reasonably with the LEA or its designee(s) and any local, state, or federal agency with oversight authority or jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable Access to the Provider’s facilities, staff, agents and LEA’s Student Data and all records pertaining to the Provider, LEA and delivery of Services to the LEA.

Upon request by the New York State Education Department’s Chief Privacy Officer (NYSED CPO), Provider shall provide the NYSED CPO with copies of its policies and related procedures that pertain to the protection of information. In addition, the NYSED CPO may require Provider to undergo an audit of its privacy and security safeguards, measures, and controls as they pertain to alignment with the requirements of New York State laws and regulations, and alignment with the NIST Cybersecurity Framework. Any audit required by the NYSED CPO must be performed by an independent third party at Provider’s expense and the audit report must be provided to the NYSED CPO. In lieu of being subject to a required audit, Provider may provide the NYSED CPO with an industry standard independent audit report of Provider’s privacy and security practices that was issued no more than twelve months before the date that the NYSED CPO informed Provider that it required Provider to undergo an audit. Failure to reasonably cooperate with any of the requirements in this provision shall be deemed a material breach of the DPA.

To amend the third sentence of Article V. Section 3 (Data Security) to read: The Provider shall implement security practices that are in alignment with the NIST Cybersecurity Framework v1.1 or any update to this Framework that is adopted by the New York State Department of Education.

14. To replace Article V. Section 4 (Data Breach) to state: In the event of a Breach as defined in 8 NYCRR Part 121.1 Provider shall provide notification to LEA within seventy-two (72) hours of confirmation of the incident, unless notification within this time limit would disrupt investigation of the incident by law enforcement. In such an event, notification shall be made within a reasonable time after the incident. Provider shall follow the following process:

- (1) The security breach notification described above shall include, at a minimum, the following information to the extent known by the Provider and as it becomes available:
 - i. The name and contact information of the reporting LEA subject to this section.
 - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
 - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
 - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided; and
 - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided; and
 - vi. The number of records affected, if known; and
 - vii. A description of the investigation undertaken so far; and
 - viii. The name of a point of contact for Provider.
- (2) Provider agrees to adhere to all federal and state requirements with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
- (3) Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a summary of said written incident response plan.
- (4) LEA shall provide notice and facts surrounding the breach to the affected students, parents or guardians. Where a Breach of Student Data and/or APPR Data occurs that is attributable to Provider and/or its Subprocessors, Provider shall pay for or promptly reimburse LEA for the full cost of notification to Parents, Eligible Students, teachers, and/or principals.
- (5) In the event of a breach originating from LEA's use of the Service, Provider shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.
- (6) Provider and its subprocessors will cooperate with the LEA, the NYSED Chief Privacy Officer and law enforcement where necessary, in any investigations into a Breach. Any costs incidental to the required cooperation or participation of the Provider will be the sole responsibility of the Provider if such Breach is attributable to Provider or its subprocessors.

15. To amend the definitions in Exhibit "C" as follows:

- "Subprocessor" is equivalent to subcontractor. It is a third party who the provider uses for data collection, analytics, storage, or other service to allow Provider to operate and/or improve its service, and who has access to Student Data.

- “Provider” is also known as third party contractor. It any person or entity, other than an educational agency, that receives student data or teacher or principal data from an educational agency pursuant to a contract or other written agreement for purposes of providing services to such educational agency, including but not limited to data management or storage services, conducting studies for or on behalf of such educational agency, or audit or evaluation of publicly funded programs. Such term shall include an educational partnership organization that receives student and/or teacher or principal data from a school district to carry out its responsibilities and is not an educational agency and a not-for-profit corporation or other non-profit organization, other than an educational agency.

16. To add to Exhibit “C” the following definitions:

- **Access:** The ability to view or otherwise obtain, but not copy or save, Student Data and/or APPR Data arising from the on-site use of an information system or from a personal meeting.
- **APPR Data:** Personally Identifiable Information from the records of an Educational Agency relating to the annual professional performance reviews of classroom teachers or principals that is confidential and not subject to release under the provisions of Education Law §§ 3012-c and 3012-d
- **Commercial or Marketing Purpose:** In accordance with § 121.1(c) of the regulations of the New York Commissioner of Education, the Disclosure, sale, or use of Student or APPR Data for the purpose of directly or indirectly receiving remuneration, including the Disclosure, sale, or use of Student Data or APPR Data for advertising purposes, or the Disclosure, sale, or use of Student Data to develop, improve, or market products or services to Students.
- **Disclose or Disclosure:** The intentional or unintentional communication, release, or transfer of Student Data and/or APPR Data by any means, including oral, written, or electronic.
- **Encrypt or Encryption:** As defined in the Health Insurance Portability and Accountability Act of 1996 Security Rule at 45 CFR § 164.304, encrypt means the use of an algorithmic process to transform Personally Identifiable Information into an unusable, unreadable, or indecipherable form in which there is a low probability of assigning meaning without use of a confidential process or key.
- **Release:** Shall have the same meaning as Disclose
- **LEA:** As used in this DPA and all Exhibits, the term LEA shall mean the educational agency, as defined in Education Law Section 2-d, that has executed the DPA; if the LEA is a board of cooperative educational services, then the term LEA shall also include Participating School Districts for purposes of the following provisions of the DPA: Article I, Section 2; Article II, Sections 1 and 3; and Sections 1, 2, and 3 of Article III.
- **Participating School District:** As used in Exhibit G and other Exhibits to the DPA, the term Participating School District shall mean a New York State educational agency, as that term is defined in Education Law Section 2-d, that obtains access to the Services through a CoSer agreement with LEA, and shall include LEA if it uses the Services in its own educational or operational programs.

DATA PRIVACY AND SECURITY PLAN

Provider DATA PRIVACY AND SECURITY PLAN

The Educational Agency (EA) is required to ensure that all contracts with a third-party provider include a Data Security and Privacy Plan, pursuant to Education Law § 2-d and Section 121.6 of the Commissioner's Regulations. For every contract, the provider **must complete the following or provide a plan that materially addresses its requirements**, including alignment with the NIST Cybersecurity Framework, which is the standard for educational agency data privacy and security policies in New York state. **While this plan is not required to be posted to the EA's website, providers should nevertheless ensure that they do not include information that could compromise the security of their data and data systems.**

1	Outline how you will implement applicable data security and privacy contract requirements over the life of the Contract.	Xenegrade implements data security and privacy contract requirements through a comprehensive set of policies and procedures that ensure ongoing compliance. This includes quarterly external scans of web servers by Trustwave to verify configuration against security policies, as outlined in the Audit Security Policy. Changes to server configurations are managed through approval processes by the change control board, with all system logs sent to a central review system and host security agents like antivirus installed and updated. Operational groups maintain approved configuration guides, monitor compliance, and implement exception policies. Enforcement includes disciplinary actions for violations, ensuring requirements are upheld throughout the contract lifecycle.
2	Specify the administrative, operational and technical safeguards and practices that you have in place to protect PII.	Xenegrade employs a multi-layered approach to protect PII (referred to as sensitive or confidential information in our policies): • Administrative Safeguards: Policies such as Acceptable Use Policy prohibit unauthorized access or sharing of sensitive information, with employees required to sign acknowledgments. Training on social engineering awareness is provided within 30 days of hire and every 6 months thereafter. Third-party connections require signed agreements incorporating security requirements. • Operational Safeguards: Audit logs track all access and changes, with security-related events reported and reviewed. Incident response follows the Security Incident Response Plan (SECURITY INCIDENT RESPONSE PLAN), including identification via continuous monitoring, containment, and recovery. Clean Desk Policy ensures sensitive documents are locked away when unattended. • Technical Safeguards: Encryption uses NIST-approved modules like AES 256 and RSA, as per Acceptable Encryption Policy. Passwords must meet complexity standards (at least 15 characters, changed regularly) and are

		protected. Anti-virus software runs real-time scans on all servers and endpoints. Access controls include multi-factor authentication for remote access, VPN with strong passphrases, and disabling unnecessary services on servers. Firewalls and router configurations block invalid traffic, and removable media use is restricted with encryption required for sensitive data.
3	Address the training received by your employees and any subcontractors engaged in the provision of services under the Contract on the federal and state laws that govern the confidentiality of PII.	All Xenegrade employees receive security awareness training within 30 days of hire and biannually thereafter, covering topics like social engineering, acceptable use, and protection of sensitive information, including confidentiality requirements under laws such as FERPA (as focused in the SECURITY INCIDENT RESPONSE PLAN for student records). This training emphasizes federal and state laws governing PII confidentiality, with scheduled annual sessions in mid-January. Subcontractors are bound by the Third Party Network Connection Agreement to comply with all security policies, but they are responsible for their own training on applicable laws; Xenegrade verifies compliance through audits and requires NDAs to ensure understanding of confidentiality obligations.
4	Outline contracting processes that ensure that your employees and any subcontractors are bound by written agreement to the requirements of the Contract, at a minimum.	Employees are bound through signed acknowledgment forms for key policies (e.g., Internet Usage, Acceptable Use), confirming they have read, understood, and agree to comply, with forms filed in HR or IT departments and subject to audit. Violations lead to disciplinary action. Subcontractors must sign the Third Party Network Connection Agreement, which incorporates Network Connection Policy, Non-Disclosure Agreement, and Equipment Loan Agreement, ensuring adherence to security requirements, with provisions for termination and financial penalties for non-compliance.
5	Specify how you will manage any data security and privacy incidents that implicate PII and describe any specific plans you have in place to identify breaches and/or unauthorized disclosures, and to meet your obligations to report incidents to the EA.	Incidents implicating PII are managed per the Security Incident Response Plan (SECURITY INCIDENT RESPONSE PLAN). The Incident Response Team (IRT), led by the Incident Response Manager (Rick Stern), follows a lifecycle: Preparation (policy development, training, tools like SIEM); Identification (continuous monitoring, detection via automated tools and reporting mechanisms); Containment (disconnect affected systems, apply fixes); Eradication (root cause analysis, threat removal); Recovery (system restoration from backups, validation); and Lessons Learned (post-review, updates). Incidents are classified as disruption or protection, with severity levels (low to critical) determining escalation. Documentation uses Asana for tracking, with evidence preservation. Notifications are made to affected customers, partners, and regulatory authorities as required by laws like FERPA, with guidance from Legal Advisor (Adams and Reese LLP). Reports

		include incident details, impact, and actions taken.
6	Describe how data will be transitioned to the EA when no longer needed by you to meet your contractual obligations, if applicable.	When data is no longer needed, it will be securely transitioned to the EA using encrypted methods compliant with the Acceptable Encryption Policy (e.g., AES 256). Data will be extracted from systems, verified for completeness, and transferred via secure channels like SFTP or VPN. Upon confirmation of receipt, Xenegrade will securely delete all copies from our systems using overwrite methods, with certification provided via a written report detailing the process and destruction verification.
7	Describe your secure destruction practices and how certification will be provided to the EA.	Secure destruction practices include shredding sensitive paper documents as per the Clean Desk Policy (using shred bins for recycling). For digital data, files are securely deleted using multi-pass overwrite methods to prevent recovery. Removable media containing sensitive data is encrypted and, when disposed, physically destroyed or wiped. Backups are retained per the Email Retention Policy but securely erased when expired. Certification will be provided to the EA via a written report or audit log confirming the destruction method, date, and responsible party, upon request.
8	Outline how your data security and privacy program/practices align with the EA's applicable policies.	Xenegrade's program aligns with EA policies through adherence to standards like NIST CSF, focusing on educational data privacy (e.g., FERPA compliance as in SECURITY INCIDENT RESPONSE PLAN). Practices include encryption, access controls, regular training, audits, and incident response tailored to protect student records. Policies like Acceptable Use, Encryption, and Physical Security ensure confidentiality, integrity, and availability, mirroring EA requirements for safeguarding PII in educational contexts.
9	Outline how your data security and privacy program/practices materially align with the NIST CSF v1.1 using the Framework chart below.	PLEASE USE TEMPLATE BELOW.

EXHIBIT C.1 – NIST CSF TABLE

The table below will aid the review of a Provider's Data Privacy and Security Plan. Provider should complete the Provider Response sections in the table below to describe how their policies and practices align with each category in the Data Privacy and Security Plan template. To complete these 23 sections, a Contractor may: (i) Demonstrate alignment using the National Cybersecurity Review (NCSR) Maturity Scale of 1-7 ; (ii) Use a narrative to explain alignment (may reference its applicable policies); and/or (iii) Explain why a certain category may not apply to the transaction contemplated. Further informational references for each category can be found on the NIST website at <https://www.nist.gov/cyberframework/new-framework>. Please use additional pages if needed.

Function	Category	Contractor Response
IDENTIFY (ID)	Asset Management (ID.AM): The data, personnel, devices, systems, and facilities that enable the organization to achieve business purposes are identified and managed consistent with their relative importance to organizational objectives and the organization's risk strategy.	Alignment demonstrated through Server Security Policy, which requires registration of all servers in the enterprise management system, including hardware, OS, functions, and contacts. Audit Security Policy ensures annual audits and baselines for asset integrity.
	Business Environment (ID.BE): The organization's mission, objectives, stakeholders, and activities are understood and prioritized; this information is used to inform cybersecurity roles, responsibilities, and risk management decisions.	Policies like Acceptable Use and Internet Usage define roles for protecting assets, with responsibilities assigned to operational groups and enforced via training and acknowledgments. SECURITY INCIDENT RESPONSE PLAN outlines IRT roles for risk management.
	Governance (ID.GV): The policies, procedures, and processes to manage and monitor the organization's regulatory, legal, risk, environmental, and operational requirements are understood and inform the management of cybersecurity risk.	Comprehensive policies (e.g., Remote Access, VPN, Physical Security) are reviewed annually, with enforcement through disciplinary actions. Third Party Agreements ensure governance extends to partners. Compliance with laws like FERPA is addressed in SECURITY INCIDENT RESPONSE PLAN.
	Risk Assessment (ID.RA): The organization understands the cybersecurity risk to organizational operations (including mission, functions, image, or reputation), organizational assets, and individuals.	SECURITY INCIDENT RESPONSE PLAN includes risk analysis for media types and vulnerabilities. Audit Policy identifies risks via scans and baselines. Social Engineering Awareness training assesses human risks.
	Risk Management Strategy (ID.RM): The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support operational risk decisions.	Policies prioritize risks (e.g., prohibiting unapproved software in Software Installation Policy, requiring patches in Server Security). Change management processes approve risks.
	Supply Chain Risk Management (ID.SC): The organization's priorities, constraints, risk tolerances, and assumptions are established and used to support risk decisions associated with managing supply chain risk. The organization has established and implemented the	Third Party Connection Agreement requires compliance, audits, and NDAs for suppliers. Application Service Provider Standards mandate security criteria for vendors.

Function	Category	Contractor Response
	processes to identify, assess and manage supply chain risks.	
PROTECT (PR)	Identity Management, Authentication and Access Control (PR.AC): Access to physical and logical assets and associated facilities is limited to authorized users, processes, and devices, and is managed consistent with the assessed risk of unauthorized access to authorized activities and transactions.	Password Protection Policy requires strong, changed passwords. Remote Access and VPN Policies enforce multi-factor auth and secure channels. Database Credentials Policy secures access.
	Awareness and Training (PR.AT): The organization's personnel and partners are provided cybersecurity awareness education and are trained to perform their cybersecurity-related duties and responsibilities consistent with related policies, procedures, and agreements.	Social Engineering Awareness Policy mandates training within 30 days and biannually. SECURITY INCEDENT RESPONSE PLAN includes regular training on data protection.
	Data Security (PR.DS): Information and records (data) are managed consistent with the organization's risk strategy to protect the confidentiality, integrity, and availability of information.	Acceptable Encryption Policy requires NIST-approved encryption. Removable Media Policy mandates encryption for sensitive data. Email Retention manages data lifecycle.
	Information Protection Processes and Procedures (PR.IP): Security policies (that address purpose, scope, roles, responsibilities, management commitment, and coordination among organizational entities), processes, and procedures are maintained and used to manage protection of information systems and assets.	All policies define roles, enforcement, and procedures (e.g., change control in Server Security). SECURITY INCEDENT RESPONSE PLAN covers incident processes.
	Maintenance (PR.MA): Maintenance and repairs of industrial control and information system components are performed consistent with policies and procedures.	Server Security requires latest patches and configuration management. Audit Policy verifies ongoing maintenance.
	Protective Technology (PR.PT): Technical security solutions are managed to ensure the security and resilience of systems and assets, consistent with related policies, procedures, and agreements.	Anti-Virus Guidelines and Server Malware Protection require real-time scanning. Router/Firewall Security disables insecure services.
DETECT (DE)	Anomalies and Events (DE.AE): Anomalous activity is detected and the potential impact of events is understood.	Server Security logs security events like port scans. SECURITY INCEDENT RESPONSE PLAN identifies anomalies via monitoring.
	Security Continuous Monitoring (DE.CM): The information system and assets are monitored to identify cybersecurity events and verify the effectiveness of protective measures.	Audit Policy includes network scans and log reviews. SECURITY INCEDENT RESPONSE PLAN uses SIEM for continuous monitoring.
	Detection Processes (DE.DP): Detection processes and procedures are maintained and tested to ensure awareness of anomalous events.	SECURITY INCEDENT RESPONSE PLAN includes testing and drills annually. Audit logs are reviewed regularly.

Function	Category	Contractor Response
RESPOND (RS)	Response Planning (RS.RP): Response processes and procedures are executed and maintained, to ensure response to detected cybersecurity incidents.	SECURITY INCEDENT RESPONSE PLAN details full response lifecycle, executed by IRT.
	Communications (RS.CO): Response activities are coordinated with internal and external stakeholders (e.g. external support from law enforcement agencies).	SECURITY INCEDENT RESPONSE PLAN Communication Plan covers internal/external notifications, with designated leads.
	Analysis (RS.AN): Analysis is conducted to ensure effective response and support recovery activities.	SECURITY INCEDENT RESPONSE PLAN Eradication and Lessons Learned include root cause analysis.
	Mitigation (RS.MI): Activities are performed to prevent expansion of an event, mitigate its effects, and resolve the incident.	SECURITY INCEDENT RESPONSE PLAN Containment and Mitigation steps isolate and resolve incidents.
	Improvements (RS.IM): Organizational response activities are improved by incorporating lessons learned from current and previous detection/response activities.	SECURITY INCEDENT RESPONSE PLAN Lessons Learned updates policies post-incident. SECURITY INCEDENT RESPONSE PLAN Recovery restores from backups and validates systems.
RECOVER (RC)	Recovery Planning (RC.RP): Recovery processes and procedures are executed and maintained to ensure restoration of systems or assets affected by cybersecurity incidents.	SECURITY INCEDENT RESPONSE PLAN Recovery restores from backups and validates systems.
	Improvements (RC.IM): Recovery planning and processes are improved by incorporating lessons learned into future activities.	SECURITY INCEDENT RESPONSE PLAN post-review incorporates improvements.
	Communications (RC.CO): Restoration activities are coordinated with internal and external parties (e.g. coordinating centers, Internet Service Providers, owners of attacking systems, victims, other CSIRTs, and vendors).	SECURITY INCEDENT RESPONSE PLAN Communications coordinate with stakeholders during recovery.

Introduction

Purpose

This Security Incident Response Plan (SIRP) aims to establish procedures for effectively managing security incidents at Xenegrade, ensuring the protection of records in the XenDirect Student Registration system, and minimizing disruption to operations.

Scope

This SIRP applies to all systems, networks, applications, and data associated with managing Xenegrade's XenDirect Student Registration system. It addresses all security incidents, including unauthorized access, data breaches, malware infections, and denial-of-service attacks.

Definitions

- **Security Incident:** Any event threatening the confidentiality, integrity, or availability of information systems and student data.
- **Incident Response Team (IRT):** A group of designated individuals responsible for responding to security incidents.

Incident Response Team

Roles, Responsibilities, and Team Members

- **Incident Response Manager: Rick Stern**
 - Coordinates all incident response activities.
 - Communicates with senior management and stakeholders.
- **Technical Lead: Scott Searles**
 - Leads the technical investigation and remediation efforts.
 - Ensures proper documentation of technical actions taken.
- **Communication Lead: Rick Stern**
 - Manages internal and external communications related to the incident.
 - Coordinates with PR and Legal teams.
- **Legal and Compliance Advisor: Adams and Reese LLP**
 - Provides guidance on legal and regulatory requirements and including those for the customers and states affected by the incident.
 - Ensures compliance with data breach notification laws.
- **HR Representative: Rick Stern**
 - Manages employee-related issues during incidents.
 - Coordinates with the Communication Lead for internal messaging.
- **Public Relations (PR) Representative: Rick Stern**
 - Handles media inquiries and public statements.
 - Coordinates with the Communication Lead for external messaging.

Incident Response Lifecycle

Preparation

- **Policy Development:** Establish and maintain security policies and procedures for handling records in the XenDirect Student Registration system.
- **Training and Awareness:** Conduct regular security training for all employees, focusing on protecting records in the XenDirect Student Registration system.
- **Tools and Resources:** Ensure the availability of incident response tools (e.g., SIEM, IDS/IPS, and data encryption tools).

Identification

- **Monitoring:** Implement continuous monitoring systems to detect potential incidents, especially those involving records in the XenDirect Student Registration system.
- **Detection:** Utilize automated tools and manual methods to identify security events.
- **Reporting:** Establish mechanisms for employees and third parties to report suspected incidents.

Containment

- **Immediate Actions:** Disconnect affected systems from the network to prevent further damage.
- **Short-term Containment:** Apply temporary fixes (e.g., firewall rules) to isolate the incident.
- **Long-term Containment:** Implement more stable solutions (e.g., patching, reconfiguration) to ensure the threat is fully neutralized.

Eradication

- **Root Cause Analysis:** Identify and eliminate the root cause of the incident.
- **Removal of Threats:** Ensure all malicious code and artifacts are removed from the environment.

Recovery

- **System Restoration:** Restore affected systems and data from backups.
- **Validation:** Verify that systems are functioning correctly and securely.
- **Monitoring:** Continue monitoring for signs of recurrence.

Lessons Learned

- **Post-Incident Review:** Conduct a review meeting to analyze the incident and response.
- **Documentation:** Document findings, lessons learned, and areas for improvement.
- **Improvement:** Update policies, procedures, and controls based on the review.

Communication Plan

Internal Communication

- **Notification:** Inform relevant internal stakeholders (e.g., senior management, IT staff) of the incident.
- **Updates:** Provide regular updates on the status and impact of the incident.

External Communication

- **Customers and Partners:** Notify affected educational institutions and partners if their data or services are impacted.
- **Regulatory Authorities:** Notify relevant regulatory bodies as required by law.

Media Handling

- **Spokesperson:** Designate a single spokesperson to handle all media inquiries.
- **Statements:** Prepare and issue official statements to manage public perception.

Incident Classification

Incident Type

- **Disruption:** Incidents affecting access to data.
- **Protection:** Incidents affecting the security of data.

Severity Levels

- **Low:** Minor incidents with minimal impact.
- **Medium:** Incidents with moderate impact on systems or student data.
- **High:** Major incidents affecting critical systems or large amounts of data.
- **Critical:** Severe incidents with significant impact on the organization's operations or reputation.

Criteria

- **Impact:** Assess the potential damage to systems, data, and operations.
- **Scope:** Determine the extent of the incident (e.g., number of systems affected).
- **Urgency:** Evaluate the time sensitivity of the incident response.

Incident Handling Procedures

Initial Assessment and Actions

- **Triage:** Quickly assess the nature and scope of the incident.
- **Classification:** Assign a severity level based on the initial assessment.
- **Containment:** Perform immediate remedies to isolate the incident and prevent further harm.

Escalation Process

- **Low and Medium Incidents:** Handled by the IRT.
- **High and Critical Incidents:** Handled by the IRT.

Documentation

- **Incident Log:** Maintain a detailed log of all actions taken during the incident response.
- **Evidence Collection:** Collect and preserve evidence for potential legal or forensic analysis.

Escalation

- **Contingency Plan:** Prepare a contingency, business continuity, and disaster recovery plan. See the separate **Contingency Planning** document for details.

Legal and Regulatory Considerations

Compliance Requirements

The laws and regulations will likely differ for each customer and locale. Compliance efforts should cover those unique differences. Documentation of the various compliance efforts should be added to the appendices section of the SIRP as they become available or change.

- **Data Protection Laws:** Ensure compliance with relevant data protection regulations (e.g., FERPA, GDPR).
- **Breach Notification:** Follow legal requirements for notifying affected individuals and authorities.

Tools and Resources

Incident Management Tools

- **Tracking System:** Xenegrade uses Slack and Outlook to manage in-house communications and track incident response activities.
- **SIEM:** Security Information and Event Management system for monitoring and analysis.

Forensic Tools

- **Disk Imaging:** Tools for creating forensic copies of affected systems.
- **Network Analysis:** Tools for analyzing network traffic.

Contact Information

- **Internal Contacts:** List of key internal contacts (e.g., IRT members, senior management).
 - All IRT members are accessible via phone, Slack, and email.
 - Legal contacts should be made directly to the Adams and Reese LLP law firm.
- **External Contacts:** List of external contacts (e.g., legal advisors, incident response vendors).
 - All customer contacts are available via the CRM system.

Testing and Drills

Regular Testing

- **Frequency:** Conduct an annual test of the incident response plan.
- **Types of Tests:** Include both tabletop exercises and full-scale simulations.

Simulation Exercises

- **Scenarios:** Develop realistic incident scenarios for simulation exercises.
- **Evaluation:** Assess the effectiveness of the response and identify areas for improvement.

Review and Update

- **Annual Review:** Conduct an annual review of the SIRP to ensure it remains current.
- **Post-Incident Updates:** Update the plan based on lessons learned from actual incidents.

Appendices

Incident Report Template

Xenegrade uses the following report template format to document incidents and incident responses. Each report is recorded as a unique “task” in an incident-dedicated “project” using Xenegrade’s Asana application.
