This is a sample agreement to assist Montana public school districts in complying with the Montana Pupil Online Personal Information Protection Act. The sample agreement, if executed, will constitute a legally binding contract between the district and the vendor. As with any legal contract, school districts should consult with legal counsel prior to execution to ensure the provisions of the draft agreement reflect the terms the district has agreed upon with the contract and that the specific sections of the agreement protect the school district's interests. If the vendor or the school district have requested changes to this sample agreement, those amendments should be reviewed by legal counsel. Legal assistance is available from the Montana School Boards Association at 406 442-2180

VI. MONTANA PUPIL ONLINE PERSONAL INFORMATION PROTECTION ACT

In accordance with the Montana Pupil Online Personal Information Protection Act, pupil records continue to be the property of and under the control of the school district. Contractor is prohibited from using any information in pupil records for any purpose other than those required or specifically permitted by this Agreement and the Service Agreement. Contractor is specifically prohibited from using personally identifiable information in pupil records to engage in targeted advertising.

By executing this Agreement, Contractor certifies that pupil records will not be retained or available upon completion of the terms of the Agreement. Upon written request from School District after completion of this Agreement, Contractor will provide written certification to the School District that pupil records are no longer held, possessed or otherwise available to Contractor or its employees, agents, or subcontractors. This requirement does not apply to pupil-generated content if a pupil chooses to establish or maintain an account with the third party for the purpose of storing that content.

Parents, guardians and eligible pupils have the right to inspect the personal information held by the Contractor. Parents, guardians, or pupils should

submit to the school principal written request identifying the information they wish to inspect. The principal will make arrangements with Contractor for access and notify the requesting party of the time and place the information may be inspected. Contractor will use reasonable efforts to cooperate with the School District to accommodate any inspection request. The rights contained in this section are denied to any person against whom an order of protection has been entered concerning a student.

Parents/guardians or eligible pupils may ask the School District to amend a personal information held by the Contractor they believe is inaccurate, misleading, irrelevant, or improper. They should write the school principal clearly identifying the part of the record they want changed and specify the reason. Contractor will cooperate with the School District to accommodate any amendment request.

If the District decides not to amend the record as requested by the parent(s)/guardian(s) or eligible student, the District will notify the parent(s)/guardian(s) or eligible pupil of the decision and advise him or her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing.

Parents/guardians or eligible pupils may ask the School District to transfer possession of personal information held by the Contractor to the pupil. Parents, guardians, or pupils should submit to the school principal written request identifying the information they wish to transfer. Contractor will use reasonable efforts to cooperate with the School District to accommodate any transfer request including providing options by which a pupil may transfer pupil-generated content to a pupil's personal account, to the extent applicable to the Services.

Contractor designates Brandon Hilkert (brandon@bark.us) as the primary employees responsible to ensure the security and confidentiality of pupil records. By signing this agreement, Contractor certifies that designated employees have completed training in pupil information security and confidentiality. Documentation of this training including its scope, duration, and date of completion will be provided to the School District upon request. Compliance with this requirement does not, in itself, absolve the third party of liability in the event of an unauthorized disclosure of pupil records.

Contractor will promptly provide written notification to the School District if it becomes aware of any unauthorized disclosure of pupil information in violation of this Agreement. Contractor will use reasonable efforts to coordinate with the School District to notify the parent, legal guardian, or pupil affected by an unauthorized disclosure of the pupil's records.

VII. CONFIDENTIALITY SAFEGUARDS:

Contractor will collect and use the School District's Data only for the purpose of fulfilling its duties and providing services under this Agreement and the Service Agreement, and for improving services under this Agreement and the Service Agreement.

In performing services under this Agreement and the Service Agreement, Contractor and the School District may be exposed to and will be required to use certain "Confidential Information", as defined below. Contractor and the School District along with their employees, agents or representatives will not, use, directly or indirectly, such Confidential Information for purposes other than the purposes outlined in this Agreement and the Service Agreement.

Confidential Information received under this Agreement will be treated with the same degree of care and security as each party uses with respect to its own Confidential Information, but not less than a reasonable degree of care. The parties agree to use Confidential Information only for the purpose of performance of this Agreement and/or the Service Agreement and to make no copies except as

necessary for performance of this Agreement and/or the Service Agreement. Any such Confidential Information and copies thereof made by a party, or any representative of a party, shall be completely and promptly destroyed at the conclusion of the Service Agreement.

Upon termination or completion of the Services under the Service Agreement, upon request of the School District, Contractor will delete the School District's Confidential Information as housed in the Contractor production database(s), provided that Contractor may maintain archival copies for audit purposes and dispute resolution purposes and Contractor may retain copies of Confidential Information on back-up media in which such Data is co-resident with other employment and income data. Contractor shall remain under its contractual obligation of confidentiality and security to the School District and such obligations shall survive termination of the Agreement. This Section shall survive the termination of this Agreement.

regarding the subject matter hereof shall be null and void.

Contractor will not share School District Data with or disclose it to any third party, except to affiliated subcontractors, agents, or third-party service providers of the Contractor, except as required to perform the Services under the Service Agreement or perform its obligations under this Agreement. Contractor will not post School District Data to any searchable or publicly viewable website. Except as necessary to provide the Services, Contractor shall not disclose protected information unless the disclosure is made in accordance with School District policy, state or federal law, or with parent consent. Contractor shall implement and maintain reasonable security procedures and practices appropriate to the nature of the protected information and safeguard that information from unauthorized access, destruction, use, modification, or disclosure in accordance with industry standards and this Agreement.

Contractor will not store School District Data outside of the United States without prior, specific and informed written consent from the School District.

Except as otherwise expressly prohibited by law, the Contractor will promptly notify the School District of any subpoenas, warrants, or other legal orders, demands or requests, including Audits, and governmental requests and demands, received by the Contractor seeking School District Data. If the School District receives a similar request, School District will promptly notify the Contractor in writing and the Contractor will promptly supply the School District with copies of records or information required by the School District to respond.

Contractor shall notify the School District in writing as soon as commercially practicable, however no later than seventy-two (72) hours, after Contractor has actual knowledge of a breach which affects the School District's Data (an "Incident") unless it is determined by law enforcement that such notification would impede or delay their investigation. Contractor shall have actual knowledge of an Incident if Contractor actually knows there has been an Incident. The notification required by this section shall be made as soon as commercially practicable after the law enforcement agency determines that notification will not impede or compromise the investigation. Contractor shall cooperate with law enforcement in accordance with applicable law provided however, that such cooperation shall not result in or cause an undue delay to remediation of the Incident. Contractor shall promptly take appropriate action to mitigate such Incident at Contractor's expense, unless such Incident resulted from School District's acts or omissions. In the event of an Incident, Contractor shall institute appropriate measures to prevent any recurrence of the problem as soon as is commercially practicable.
