ARTICLE VII: MISCELLANEOUS

1. **Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. Either party may terminate this DPA and any service agreement or contract if the other party breaches any terms of this DPA; provided, however, that if a non-breaching party desires to terminate this DPA and any service agreement or contract on the grounds of a breach of any term of this DPA, then such non-breaching party shall give the breaching party written notice of such breach and desire to terminate and afford such breaching party a period of fifteen (15) business days to cure the alleged breach.

This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.

6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF OREGON, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF BENTON, OREGON, FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.

7. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.

8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.

9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

MajorClarity

How MajorClarity Works with SIS Databases

Overview

MajorClarity works with school districts to pull data from SIS databases and integrate it into our online platform. This is a one-way data transfer used to populate student accounts, allow appropriate access for staff members, display historical course history tracking, and automate creation of personalized academic and career plans (ACPs).

Process

To create student and administrative accounts, SIS managers are asked to pull data from their SIS database and format 6 CSV files to be imported by MajorClarity. Once CSV files have been created, our integration process requires that they be transferred to MajorClarity's safe and encrypted SFTP server for internal upload. MajorClarity supports nightly, automatic imports of the student data file (students.csv) to keep up with transfer student fluctuations and new account creation, provided it is set up and enabled by the district. Other files are typically only needed 1-2 times per year.

Data Files

MajorClarity requests the following information to function optimally:

- Student data** [email, student ID, name, grade level, school, and guardian email]
- Schools data** [school ID, name, full address]
- Staff data** [staff ID, school ID, email, name, role]
- Course data** [school ID, course ID, name, subject, credit hours]
- Course history data** [school ID, course ID, student ID, grade, grade level, school year, term and credits earned]
- Parent data** [student ID, parent email address]

Our Process

Data transfer between SIS databases and MajorClarity is only one-directional. Files are imported into our system, but we have no direct access to your SIS database. Information will not flow from MajorClarity back to your SIS database, which limits data liability concerns and the potential for student error for both parties. Data integration with MajorClarity is only automatic if auto exports are arranged by the data manager responsible for uploads and enabled by MajorClarity. Third party platforms (such as Clever) are currently not used for integration. However, we can and do partner with 3rd party platforms for single sign on (SSO) functionality.

Benefits of Integration

Full integration allows for personalized, effective use of our platform by students and staff. Districts will be able to customize pathways based on specific courses available at their schools that students can then view and explore in real time. Counselors will have the ability to track and store fully compliant ACPs, message students and parents with one-click, as well as track and share ACPs electronically with parents/guardians for digital signature.

Timeline

Typically, we find that completing the data integration process takes about 2-3 weeks once data is received by MajorClarity. New partners should receive data integration instructions within 1 week of their Implementation Call. In total, districts can expect about a 4-6 week onboarding process in which data integration, platform training, and account testing is completed.

Support

MajorClarity's Customer Success team is technically trained and able to assist with the majority of integration questions. Support is available M - F, 8:00 am - 5:00 pm EST.

EXHIBIT C:

"Targeted advertising" does not include any advertising to a student on an Internet web site based on the content of the web page or in response to a student's response or request for information or feedback.
