to the Agreement between

Dedham Public Schools

and

Blackboard Inc.

November 8, 2018

This Massachusetts Student Data Privacy Addendum ("DPA") is entered into by and between the school district, Dedham Public Schools (hereinafter referred to as "LEA") and Blackboard Inc. (hereinafter referred to as "Provider") on October 16, 2018 and forms part of the underlying agreement between Provider and LEA for the purchase of one or more of the Services outlined in Exhibit A (the "Agreement"). The Parties agree to the terms as stated herein.

RECITALS

WHEREAS, the Provider has agreed or will agree to provide the LEA with one or more of the digital educational services ("Services") as described in Article I and Exhibit "A" pursuant to the Agreement; and

WHEREAS, the Provider, by signing this Agreement, agrees to allow the LEA to offer school districts in Massachusetts the opportunity to accept and enjoy the benefits of the DPA for the Services described, without the need to negotiate terms in a separate DPA; and

WHEREAS, in order to provide the Services described in Article 1 and Appendix A, the Provider may receive or create and the LEA may provide documents or data that may be covered by several federal statutes, among them, the Federal Educational Rights and Privacy Act ("FERPA") at 20 U.S.C. 1232g and 34 CFR Part 99, Children's Online Privacy Protection Act ("COPPA"), 15 U.S.C. 6501-6502; Protection of Pupil Rights Amendment ("PPRA") 20 U.S.C. 1232h; the Individuals with Disabilities Education Act ("IDEA"), 20 U.S.C. §§ 1400 et. seq.; and

WHEREAS, the documents and data transferred from Massachusetts LEAs and created by the Provider's Services are also subject to several Massachusetts student privacy laws, including Massachusetts student record regulations, 603 C.M.R. 23.00, Massachusetts General Law, Chapter 71, Sections 34D to 34H and 603 CMR 28.00; and

WHEREAS, the Parties wish to enter into this DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties.

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA.** The purpose of this DPA is to describe the duties and responsibilities to protect Student Data (as defined in Exhibit "C") transmitted to Provider from the LEA pursuant to Exhibit "A", including compliance with all applicable state privacy statutes, including the FERPA, PPRA, COPPA, IDEA, 603 C.M.R. 23.00, 603 CMR 28.00, and Massachusetts General Law, Chapter 71, Sections 34D to 34H. In performing these Services, to the extent Personally Identifiable Information (as defined in Exhibit "C") from Pupil Records (as defined in Exhibit "C") are transmitted to Provider from LEA, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. Provider shall be under the direct control and supervision of the LEA. Control duties are set forth below.

2. **Nature of Services Provided.** The Provider has agreed to provide one or more of the following digital educational services described in Exhibit "A" pursuant to the Agreement (the "Services").

3. **Student Data to Be Provided**. In order to perform the Services described in this Article and Exhibit "A", LEA shall provide the categories of data described in the Schedule of Data, attached hereto as Exhibit "B".

4. **DPA Definitions**. The definition of terms used in this DPA is found in Exhibit "C". In the event of a conflict, definitions used in this DPA shall prevail over terms used in all other writings, including, but not limited to, a service agreement, privacy policies or any terms of service.

ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA**. All Student Data or any other Pupil Records transmitted to the Provider pursuant to this Agreement is and will continue to be the property of and under the control of the LEA. The Provider further acknowledges and agrees that all copies of such Student Data or any other Pupil Records transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are also subject to the provisions of this DPA in the same manner as the original Student Data or Pupil Records. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data or any other Pupil Records contemplated per this DPA shall remain the exclusive property of the LEA. For the purposes of FERPA and state law, the Provider shall be considered a School Official, under the control and direction of the LEAs as it pertains to the use of Student Data notwithstanding the above. The LEA may have the ability to access and make changes to Student Data directly via the application's user interface, or in the alternative, LEA may make a request to the Provider for an extract of Student Data and Provider will provide Student Data, as available, within ten (10) days LEA request. Provider may transfer pupil-generated content to a separate account, according to the procedures set forth below.

2. **Parent Access**. LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review PII in the Pupil Records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. The LEA may have the ability to access and make changes to Student Data directly via the application's user interface, or in the alternative, LEA may make a request to the Provider for an extract of Student Data and Provider will provide Student Data, as available, within ten (10) days LEA request.In the event that a parent of a pupil or other individual contacts the Provider to review any of the Pupil Records of Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.

3. **Separate Account**. Provider shall, at the request of the LEA, transfer Student Generated Content to a separate student account. Notwithstanding the foregoing, the Services contemplated herein will not require any Student Generated Content, and as such, Provider shall not be required to transfer Student Generated Content to a separate student account.

4. **Third Party Request**. Should a Third Party, including, but not limited to law enforcement, former employees of the LEA, current employees of the LEA, and government entities, contact Provider with a request for data held by the Provider pursuant to the Services, the Provider shall redirect the Third Party to request the data directly from the LEA and shall cooperate with the LEA to collect the required information. Provider shall notify the LEA in advance of a compelled disclosure to a Third Party, unless legally prohibited. The Provider will not use, disclose, compile, transfer, sell the Student Data and/or any portion thereof to any third party or other entity or allow any other third party or other entity (other than Subprocessors) to use, disclose, compile, transfer or sell the Student Data and/or any portion thereof, without the express written consent of the LEA or without a court order or lawfully issued subpoena. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of Provider's Services.

5. **No Unauthorized Use**. Provider shall not use Student Data or information in a Pupil Record for any purpose other than as explicitly specified in this DPA.

6. **Subprocessors**. Provider shall enter into written agreements with all Subprocessors performing functions pursuant to this DPA, whereby the Subprocessors agree to protect Student Data in manner materially consistent with the terms of this DPA.

ARTICLE III: DUTIES OF LEA

1. **Provide Data In Compliance With Laws**. LEA shall provide data for the purposes of the DPA in compliance with the FERPA, PPRA, IDEA, 603 C.M.R. 23.00, 603 CMR 28.00, and Massachusetts General Law, Chapter 71, Sections 34D to 34H, and the other privacy statutes quoted in this DPA. LEA shall ensure that its annual notice under FERPA includes vendors, such as the Provider, as "School Officials."

2. **Reasonable Precautions**. LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.

3. **Unauthorized Access Notification**. LEA shall notify Provider promptly of any known or suspected unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

ARTICLE IV: DUTIES OF PROVIDER

1. **Privacy Compliance**. The Provider shall comply with all applicable Massachusetts and Federal laws and regulations pertaining to data privacy and security, including FERPA, COPPA, PPRA, 603 C.M.R. 23.00 and Massachusetts General Law, Chapter 71, Sections 34D to 34H.

2. **Authorized Use**. Student Data shared pursuant to this DPA, including persistent unique identifiers, shall be used for no purpose other than the Services stated in this DPA and as authorized under the statutes referred to in subsection (1), above. Provider also acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, any student data, meta data, user content or other non-public information and/or personally identifiable information contained in the Student Data, without the express written consent of the LEA or as otherwise permitted by this DPA, unless it fits into the de-identified information exception in Article IV, Section 4, or there is a court order or lawfully issued subpoena for the information.

    (a) Provider, its affiliates, and subsidiaries, may use PII solely for the purposes of (i) providing Services to you as contemplated in the Agreement, (ii) maintaining, supporting, evaluating, improving and/or developing Provider's Services and developing new services, and (iii) enforcing Provider's rights under the Agreement.

    (b) Provider may only share PII with third party Subprocessors (i) in furtherance of providing Services to you as contemplated in the Agreement, (ii) to ensure legal and regulatory compliance, and (iii) to respond or participate in judicial process or to protect the safety of Provider or its users. All Subprocessors involved in the handling, transmitting, and processing of PII will be subject to contractual terms related to data use, disclosure, retention and data security, that are materially similar to the relevant terms of this Addendum.

    (c) For support and development purposes, Provider, its affiliates and/or Subprocessors may process PII in data centers outside of the country in which it was originally collected unless and except to the extent required by law.

3. **Employee Obligation**. Provider shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under this DPA. Provider agrees to require and maintain an appropriate confidentiality agreement from each employee or agent with access to Student Data.

4. **No Disclosure**. De-Identifiable Information, as defined in Exhibit "C", may be used by the Provider for the purposes of development, research, and improvement of educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). The Provider and LEA agree that the Provider cannot successfully de-identify information if there are only a small sample of students in a particular field or category of information collected, i.e., a small sample of students in a particular grade, a small sample of students of a particular race, or a small sample of students with a particular disability. The Provider may use and transfer the De-Identifiable Information to a third party to help the Provider conduct its own research projects or to develop and improve the Provider's services, if the third-party agrees to not re-identify the data in writing. Otherwise, Provider agrees not to attempt to re-identify De-Identifiable Information and not to transfer De-Identifiable Information to any party unless (a) that party agrees in writing not to attempt re-identification, and (b) prior written notice has been given to the LEA who has provided prior written consent, such as through an agreement or any other writing, for such transfer. Provider shall not copy, reproduce or transmit any data obtained under this DPA and/or any portion thereof, except as necessary to fulfill the DPA or as otherwise outlined herein.

5. **Disposition of Data**. Provider shall dispose or delete all personally identifiable data obtained under the DPA when it is no longer needed for the purpose for which it was obtained and, upon LEA request, Provider shall transfer said data, as available, to LEA or LEA's designee according to a schedule and procedure as the Parties may reasonably agree. Nothing in the DPA authorizes Provider to maintain personally identifiable data obtained under any other writing beyond the time period reasonably needed to complete the disposition. Disposition shall include (1) the shredding of any hard copies of any Pupil Records; (2) Erasing; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable. Upon written request by the LEA, Provider shall provide written notification to LEA when the personally identifiable data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a "Request for Return or Deletion of Student Data" FORM, A Copy of which is attached hereto as Exhibit "D"). The LEA may have the ability to access and make changes to Student Data directly via the application's user interface, or in the alternative, LEA may make a request to the Provider for an extract of Student Data and Provider will provide Student Data, as available, within 10 days LEA request

6. **Advertising Prohibition**. Provider is prohibited from using Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing or advertising efforts by a Provider; or (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to Client; or (d) use the Student Data for the development of commercial products or services, other than as outlined herein or as necessary to provide the Service to Client.

ARTICLE V: DATA PROVISIONS

1. **Data Security**. The Provider agrees to abide by and maintain adequate data security measures, consistent with industry standards, to protect Student Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of Provider are set forth below. These measures shall include, but are not limited to:

    a. **Passwords and Employee Access.** Provider shall secure usernames, passwords, and any other means of gaining access to the Services or to Student Data, at least at a level in material alignment with the levels suggested by Article 4.3 of NIST 800-63-3. Provider shall only provide access to Student Data to employees or contractors that are performing the Services. Subject to applicable law, all employees hired after 1/1/2011 with access to Student Data shall pass criminal background check.

    b. **Destruction of Data.** Provider shall destroy or delete all Personally Identifiable Data contained in Student Data and obtained under the DPA when it is no longer needed for the purpose for which it was obtained. Upon request, Provider shall transfer said data, as available, to LEA or LEA's designee, according to a schedule and procedure as the parties may reasonable agree. Nothing in the DPA authorizes Provider to maintain personally identifiable data beyond the time period reasonably needed to complete the disposition.

c. **Security Protocols.** Both parties agree to maintain security protocols aligned with industry standard practices in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Provider shall maintain all data obtained or generated pursuant to the DPA in a secure computer environment and not copy, reproduce, or transmit data obtained pursuant to the DPA, except as necessary to fulfill the purpose of data requests by LEA. The foregoing does not limit the ability of the Provider to allow any necessary service providers to view or access data as set forth in Article IV, section 4.

d. **Employee Training.** The Provider shall provide periodic security training to those of its employees who operate or have access to the system. Further, upon request by the LEA, Provider shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.

e. **Security Technology.** When the service is accessed using a supported web browser, Secure Socket Layer ("SSL"), or equivalent technology shall be employed to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. Provider shall host data pursuant to the DPA in an environment using a firewall that is periodically updated according to industry standards.

f. **Security Coordinator.** Upon request by the LEA, Provider shall provide the name and contact information of Provider's Security Coordinator for the Student Data received pursuant to the DPA.

g. **Subprocessors Bound.** Provider shall enter into written agreements whereby Subprocessors agree to secure and protect Student Data in a manner materially consistent with the terms of this Article V. The Provider will remain responsible for Subprocessors compliance with the obligations of this DPA and for any acts or omissions of the Subprocessors that cause the Provider to breach any of the Provider's obligations under this DPA.

h. **Periodic Risk Assessment.** Provider further acknowledges and agrees to conduct periodic risk assessments and remediate any identified security and privacy vulnerabilities in a timely manner.

i. **Backups.** Provider agrees to maintain backup copies, backed up at least daily, of Student Data in case of Provider's system failure or any other unforeseen event resulting in loss of Student Data or any portion thereof.

j. **Audits.** Upon receipt of a request from the LEA no more than once per year, except in the case of a verified Data Breach (as defined below), the Provider will allow the LEA to audit the security and privacy measures that are in place to ensure protection of the Student Record or any portion thereof, subject to the LEA agreeing to reasonable confidentiality restrictions. The Provider will cooperate fully with the LEA and any local, state, or federal agency with oversight authority/jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable access to the Provider's facilities, staff, agents at Provider's principal place of business during normal business hours and LEA's Student Data and all records that directly and specifically pertain to the Provider, LEA and delivery of

Services to the Provider. Failure to cooperate shall be deemed a material breach of the Agreement.

2. **Data Breach**. In the event that Provider has knowledge or a reasonable belief that Student Data has been accessed or obtained by an unauthorized individual ("Data Breach"), Provider shall provide notification to LEA within ten (10) days of the Data Breach. Provider shall follow the following process:

    a. The Data Breach notification shall be written in plain language, shall be titled "Notice of Data Breach," and shall present the information described herein under the following headings: "What Happened," "What Information Was Involved," "What We Are Doing," "What You Can Do," and "For More Information." Additional information may be provided as a supplement to the notice.

    b. The Data Breach notification described above in section 2(a) shall include, at a minimum, the following information as available:

        i. The name and contact information of the reporting LEA subject to this section.

        ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a Data Breach.

        iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the Data Breach, (2) the estimated date of the Data Breach, or (3) the date range within which the Data Breach occurred. The notification shall also include the date of the notice.

        iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided.

        v. A general description of the Data Breach, if that information is possible to determine at the time the notice is provided.

    c. At LEA's request, the Data Breach notification to the LEA may also include any of the following as available:

        i. Information about what the Provider has done to remedy the Data Breach.

    d. Provider agrees to adhere to all applicable requirements in the Massachusetts Data Breach law and in federal law with respect to a Data Breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such Data Breach.

    e. Provider further acknowledges and agrees to have a written incident response plan that is consistent with industry standards and federal and state law for responding to a Data Breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof and agrees to make employees available at reasonable times to answer questions on the written incident plan.

    f. At the request of the LEA, Provider shall reasonably assist the LEA with their legally required notifications to the affected parent, legal guardian or eligible pupil of the

Security Breach, which shall include the information listed in subsections (b) and (c), above. The LEA remains ultimately responsible for the timing and content of such legally required notification.

ARTICLE VI: MISCELLANEOUS

1. **Term**. The DPA shall be coterminous with the Agreement between Provider and LEA for the purchase of Services.
2. **Termination**. The LEA may terminate this DPA and the Agreement with the Provider if the Provider materially breaches any terms of this DPA and fails to cure such material breach upon thirty (30) days written notice.
3. **Effect of Termination Survival**. If the DPA is terminated, the Provider shall destroy all of LEA's Student Data pursuant to Article V, section 1(b).

Except as described in this paragraph herein, all other provisions of any other agreement shall remain in effect.

Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in

any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.

7. Governing Law; Venue and Jurisdiction. THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF MASSACHUSETTS, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. 9. Waiver. No delay or omission of the LEA to exercise any right hereunder shall be construed as a waiver of any such right and the LEA reserves the right to exercise any such right from time to time, as often as may be deemed expedient.

10. Electronic Signature: The parties understand and agree that they have the right to execute this Agreement through paper or through electronic signature technology, which is in compliance with Massachusetts and Federal law governing electronic signatures. The parties agree that to the extent they sign electronically, their electronic signature is the legally binding equivalent to their handwritten signature. Whenever they execute an electronic signature, it has the same validity and meaning as their handwritten signature. They agree not to object to the admissibility of this Agreement as an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the grounds that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

    Each party will immediately request that their electronic signature be revoked in writing if they discover or suspect that it has been or is in danger of being lost, disclosed, compromised or subjected to unauthorized use in any way. They understand that they may also request revocation at any time of their electronic signature for any other reason in writing.

    If either party would like a paper copy of this Agreement, they may request a copy from the other party.

11. **Multiple Counterparts:** This Agreement may be executed in any number of identical counterparts. If so executed, each of such counterparts shall constitute this Agreement. In proving this Agreement, it shall not be necessary to produce or account for more than one such counterpart. Execution and delivery of this Agreement by .pdf or other electronic format shall constitute valid execution and delivery and shall be effective for all purposes (it being agreed that PDF email shall have the same force and effect as an original signature for all purposes).

DEFINITIONS

De-Identifiable Information (DII): De-Identification refers to the process by which the Vendor removes or obscures any Personally Identifiable Information ("PII") from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them. The Provider's specific steps to de-identify the data will depend on the circumstances, but should be appropriate to protect students. Some potential disclosure limitation methods are blurring, masking, and perturbation. De-identification should ensure that any information when put together cannot indirectly identify the student, not only from the viewpoint of the public, but also from the vantage of those who are familiar with the individual. Information cannot be de-identified if there are too few students in the samples of a particular field or category, i.e., too few students in a particular grade or too few students with a particular disability.

NIST 800-63-3: Draft National Institute of Standards and Technology ("NIST") Special Publication 800-63-3 Digital Authentication Guideline.

Personally Identifiable Information (PII): The terms "Personally Identifiable Information" or "PII" shall include, but are not limited to, student data, metadata, and user or pupil-generated content obtained by reason of the use of Provider's software, website, service, or app, including mobile apps, whether gathered by Provider or provided by LEA or its users, students, or students' parents/guardians. PII includes, without limitation, at least the following:

First Name	Home Address
Last Name	Subject
Telephone Number	Email Address
Discipline Records	Test Results
Special Education Data	Juvenile Dependency Records
Grades	Evaluations
Criminal Records	Medical Records
Health Records	Social Security Number
Biometric Information	Disabilities
Socioeconomic Information	Food Purchases
Political Affiliations	Religious Information
Text Messages	Documents
Student Identifiers	Search Activity
Photos	Voice Recordings
Videos	Date of Birth
Grade	Classes

General Categories:

Indirect Identifiers: Any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty

Information in the Student's Educational Record

Information in the Student's Email

Provider: For purposes of the DPA, the term "Provider" means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records.

Pupil Generated Content: The term "pupil-generated content" means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

Pupil Records: Means both of the following: (1) Any information that directly relates to a pupil that is maintained by LEA and (2) any information acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other local educational LEA employee.

School Official: For the purposes of this Agreement and pursuant to 34 CFR 99.31 (B), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of education records; and (3) Is subject to 34 CFR 99.33(a) governing the use and re-disclosure of personally identifiable information from student records. The definition of "school official" encompasses the definition of "authorized school personnel" under 603 CMR 23.02.
