By executing this Agreement, Contractor certifies that student records will not be retained or available upon completion of the terms of the Agreement. Upon completion of this Agreement, the School District will send a written request to the Contractor by electronic mail to delete Student Data provided by the School District. Upon completion, Contractor will provide written certification to the School District Student Data has been destroyed and no longer held, possessed or otherwise available to Contractor or its employees, agents, or subcontractors. This requirement

does not apply to de-identified Student Data or to student-generated content if a student chooses to establish or maintain an account with the third party for the purpose of storing that content. Parents, guardians, and eligible students have the right to inspect the personal information held by the Contractor. Parents, guardians, or students should submit to the school principal written request identifying the information they wish to inspect. The principal will make arrangements for access and notify the requesting party of the time and place the information may be inspected. Contractor will cooperate with the School District to accommodate any inspection request. Additional information regarding the hearing procedures will be provided to the parent(s)/guardian(s) or eligible student when notified of the right to a hearing. Parents/guardians or eligible students may ask the School District to transfer possession of personal information held by the Contractor to the student. By signing this Agreement, Contractor certifies that designated employee has completed training in student information security and confidentiality. Compliance with this requirement does not, in itself, absolve the third party of liability in the event of an unauthorized disclosure of student records. Contractor will immediately provide written notification to the School District of any unauthorized disclosure of student information. Contractor will coordinate with the School District to notify the parent, legal guardian, or student affected by an unauthorized disclosure of the student's records.

Contractor agrees to indemnify and hold harmless the Board of Trustees of the School District for any damages or costs, including reasonable attorney's fees, which arise out of any gross negligence or willful misconduct by Contractor, its agents and employees concerning its FERPA obligations under this section. Contractor and the School District along with their employees, agents or representatives will not use, directly or indirectly, such Confidential Information for purposes other than those outlined in this Agreement. Any Confidential Information acquired or received by either party (the "Recipient") in the course of this Agreement will not be disclosed or transferred to any person or entity other than to employees of a party and, as to Contractor, for the purpose of performing its obligations under this Agreement. Confidential Information received under this Agreement will be treated with the same degree of care and security as each party uses with respect to its own Confidential Information, but not less than a reasonable degree of care. The parties agree to use Confidential Information only for the purpose of performance of this Agreement and to make no copies except as necessary for performance of this Agreement. Upon termination or completion of the Services hereunder, upon request of the School District, Contractor will delete the School District's Confidential Information as housed in the Contractor production database(s), provided that

Contractor may maintain archival copies for audit purposes and dispute resolution purposes and Contractor may retain copies of Confidential Information on back-up media in which such Data is co-resident with other employment and income data. Contractor shall remain under its contractual obligation of confidentiality and security to the School District and such obligations shall survive termination of the Agreement. This Section shall survive the termination of this Agreement. Contractor may use de-identified Data for product development, research, or other internal purposes. De-identified Data will have all direct and indirect personal identifiers removed. This includes, but is not limited to, name, ID numbers, date of birth, demographic information, location information, and school ID. All other agreements or understandings, whether electronic, click-through, verbal or in writing, with District Employees or other End Users shall be null and void. Contractor will not share School District data, with or disclose it to any third party, except to affiliated subcontractors, agents, or third-party service providers of the Contractor, without prior specific and informed written consent of the School District, except as required by law. Contractor will not post School District or specific student data to any searchable or publicly viewable website. Contractor shall not disclose protected information unless the disclosure is made in accordance with School District policy, state or federal law, or with parent consent. Contractor shall implement and maintain reasonable security procedures and practices appropriate to the nature of the protected information and safeguard that information from unauthorized access, destruction, use, modification, or disclosure in accordance with School District policy and this Agreement. School District Data will not be stored outside of the United States without prior, specific and informed written consent from the School District. Except as otherwise expressly prohibited by law, the Contractor will immediately notify the School District of any subpoenas, warrants, or other legal orders, demands or requests, including Audits, and governmental requests and demands, received by the Contractor seeking School District Data. If the School District receives a similar request, the Contractor will promptly supply the School District with copies of records or information required by the School District to respond. Contractor will store and process School District Data in accordance with industry best practices. This includes appropriate administrative, physical, and technical safeguards to: 1) ensure the security and confidentiality of PII and Confidential Information; 2) protect against any anticipated threats or hazards to the security or integrity of Confidential Information; 3) protect against unauthorized access to or use of Confidential Information that could result in substantial harm or inconvenience to any School District employee and/or student; and 4) dispose of PII and Confidential Information in a secure manner.

VIII. DATA BREACHES:

Contractor shall notify the School District in writing as soon as commercially practicable, however no later than forty-eight (48) hours, after Contractor has either actual or constructive knowledge of a breach which affects the School District's Data (an "Incident") unless it is determined by law enforcement that such notification would impede or delay their investigation. Contractor shall have actual or constructive knowledge of an Incident if Contractor actually knows there has been an Incident or if Contractor has reasonable basis in facts or circumstances, whether acts or omissions, for its belief that an Incident has occurred. The notification required by this section shall be made as soon as commercially practicable after the law enforcement agency determines that notification will not impede or compromise the investigation. Contractor shall cooperate with law enforcement in accordance with applicable law provided however, that such cooperation shall not result in or cause an undue delay to remediation of the Incident. Contractor shall promptly take appropriate action to mitigate such risk or potential problem at Contractor's expense. In the event of an Incident, Contractor shall, at its sole cost and expense, restore the Confidential Information, to as close its original state as practical, including, without limitation, any and all Student Data, and institute appropriate measures to prevent any recurrence of the problem as soon as is commercially practicable. Contractor will conduct periodic risk assessments and remediate any identified security vulnerabilities in a timely manner.
