

**MASSACHUSETTS STUDENT DATA PRIVACY AGREEMENT
VERSION (2018)**

Canton Public Schools

and

Discovery Education, Inc.

April 8, 2019

This Massachusetts Student Data Privacy Agreement (“DPA”) is entered into by and between the school district, Canton Public Schools (hereinafter referred to as “LEA”) and Discovery Education, Inc. (hereinafter referred to as “Provider”) on April 8, 2019 and is incorporated into the Subscriber Agreement dated 05/31/2018 (the “Agreement”). The Parties agree to the terms as stated herein.

RECITALS

WHEREAS, the Provider has agreed or will agree to provide the Local Education Agency (“LEA”) with certain digital educational services (“Services”) as described in Article I and Exhibit “A”; and

WHEREAS, in order to provide the Services described in Article 1 and Appendix A, the Provider may receive or create, and the LEA may provide documents or data that are covered by several federal statutes, among them, the Federal Educational Rights and Privacy Act (“FERPA”) at 20 U.S.C. 1232g and 34 CFR Part 99, Children’s Online Privacy Protection Act (“COPPA”), 15 U.S.C. 6501-6502; Protection of Pupil Rights Amendment (“PPRA”) 20 U.S.C. 1232h; the Individuals with Disabilities Education Act (“IDEA”), 20 U.S.C. §§ 1400 et. seq.; and

WHEREAS, the documents and data transferred from Massachusetts LEAs and created by the Provider’s Services are also subject to several Massachusetts student privacy laws, including Massachusetts student record regulations, 603 C.M.R. 23.00, Massachusetts General Law, Chapter 71, Sections 34D to 34H and 603 CMR 28.00; and

WHEREAS, the Parties wish to enter into this DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties.

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA.** The purpose of this DPA is to describe the duties and responsibilities to protect Student Data (as defined in Exhibit “C”) transmitted to Provider from the LEA pursuant to Exhibit “A”, including compliance with all applicable state privacy statutes, including the FERPA, PPRA, COPPA, IDEA, 603 C.M.R. 23.00, 603 CMR 28.00, and Massachusetts General Law, Chapter 71, Sections 34D to 34H. In performing these services, to the extent Personally Identifiable Information (as defined in Exhibit “C”) from Pupil Records (as defined in Exhibit “C”) are transmitted to Provider from LEA, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. Provider shall be under the direct control and supervision of the LEA in sole regards to the data the LEA shares with the Provider in accordance with this DPA. Control duties are set forth below.
2. **Nature of Services Provided.** The Provider has agreed to provide the following digital educational services described in Exhibit “A”.

3. **Student Data to Be Provided.** In order to perform the Services described in this Article and Exhibit “A”, LEA shall provide the categories of data described in the Schedule of Data, attached hereto as Exhibit “B”.
4. **DPA Definitions.** The definition of terms used in this DPA is found in Exhibit “C”. In the event of a conflict, definitions used in this DPA shall prevail over terms used in all other writings, including, but not limited to, a service agreement, privacy policies or any terms of service.

ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA.** All Student Data or any other Pupil Records transmitted to the Provider pursuant to this Agreement is and will continue to be the property of and under the control of the LEA, or to the party who provided such data (such as the student or parent.). The Provider further acknowledges and agrees that all copies of such Student Data or any other Pupil Records transmitted to the Provider, including any modifications or additions or any portion thereof from any source, are also subject to the provisions of this Agreement in the same manner as the original Student Data or Pupil Records. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data or any other Pupil Records contemplated per this Agreement shall remain the exclusive property of the LEA. For the purposes of FERPA and state law, the Provider shall be considered a School Official, under the control and direction of the LEAs as it pertains to the use of student data notwithstanding the above. The Provider will cooperate and provide Student Data within ten (10) days at the LEA’s request. Provider may transfer pupil-generated content to a separate account, according to the procedures set forth below.
2. **Parent Access.** In accordance with the applicable regulations, LEA shall establish in collaboration with Provider, reasonable procedures by which a parent, legal guardian, or eligible student may review personally identifiable information on the pupil’s records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. Provider shall cooperate and respond within ten (10) calendar days to the LEA’s request for personally identifiable information in a pupil’s records held by the Provider to view or correct as necessary. In the event that a parent of a pupil or other individual contacts the Provider to review any of the Pupil Records of Student Data accessed pursuant to the Services, the Provider shall facilitate the LEA’s following of the necessary and proper procedures for reviewing the requested information.
3. **Separate Account.** Provider shall, at the request of the LEA, transfer Student Generated Content to a separate student account.
4. **Third Party Request.** Should a Third Party, including, but not limited to law enforcement, former employees of the LEA, current employees of the LEA, and government entities, contact Provider with a request for data held by the Provider pursuant to the Services, the Provider shall redirect the Third Party to request the data directly from the LEA and shall cooperate with the LEA to collect the required information. Provider shall notify the LEA in advance of a

compelled disclosure to a Third Party, unless legally prohibited. The Provider will not use, disclose, compile, transfer, sell the Student Data and/or any portion thereof to any third party or other entity or allow any other third party or other entity to use, disclose, compile, transfer or sell the Student Data and/or any portion thereof, without the express written consent of the LEA or without a court order or lawfully issued subpoena. Notwithstanding the prior limitation, Provider may transfer data to subprocessors necessary for its Services.

Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of Provider's services.

- 5 **No Unauthorized Use.** Provider shall not use Student Data or information in a Pupil Record for any purpose other than as explicitly specified in this DPA.
- 6 **Subprocessors.** Provider shall enter into written agreements with all Subprocessors performing functions pursuant to this DPA, whereby the Subprocessors agree to protect Student Data in manner consistent with the terms of this DPA.

ARTICLE III: DUTIES OF LEA

1. **Provide Data In Compliance With Laws.** LEA shall provide data for the purposes of the DPA in compliance with the FERPA, PPRA, IDEA, 603 C.M.R. 23.00, 603 CMR 28.00, and Massachusetts General Law, Chapter 71, Sections 34D to 34H, and the other privacy statutes quoted in this DPA. LEA shall ensure that its annual notice under FERPA includes vendors, such as the Provider, as "School Officials."
2. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.
3. **Unauthorized Access Notification.** LEA shall notify Provider promptly of any known or suspected unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

ARTICLE IV: DUTIES OF PROVIDER

1. **Privacy Compliance.** The Provider shall comply with Exhibit G (Discovery Education, Inc. Data Security Policy) attached hereto, and all applicable Massachusetts and Federal laws and regulations pertaining to data privacy and security, including FERPA, COPPA, PPRA , 603 C.M.R. 23.00 and Massachusetts General Law, Chapter 71, Sections 34D to 34H.
2. **Authorized Use.** Student Data shared pursuant to this DPA, including persistent unique identifiers, shall be used for no purpose other than the Services stated in this DPA and as authorized under the statutes referred to in subsection (1) above. Subject to this Agreement, Provider also acknowledges and agrees that it shall not make any re-disclosure of any Student

Data or any portion thereof, including without limitation, any student data, meta data, user content or other non-public information and/or personally identifiable information contained in the Student Data, without the express written consent of the LEA, unless it fits into the de-identified information exception in Article IV, Section 4, the subprocessor provision in Article II, Section 6, or there is a court order or lawfully issued subpoena for the information.

3. **Employee Obligation.** Provider shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under this DPA. Provider agrees to require and maintain an agreement with confidentiality provisions from each employee or agent with access to Student Data pursuant to the DPA.
4. **No Disclosure.** De-identified information, as defined in Exhibit “C”, may be used by the Provider for the purposes of development, research, and improvement of its educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). The Provider and LEA agree that the Provider cannot successfully de-identify information if there are fewer than twenty (20) students in the samples of a particular field or category of information collected, i.e., twenty students in a particular grade, twenty students of a particular race, or twenty students with a particular disability. Subject to this Agreement, Provider agrees not to attempt to re-identify de-identified Student Data and not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to attempt re-identification, and (b) prior written notice has been given to the LEA who has provided prior written consent for such transfer. Provider shall not copy, reproduce or transmit any data obtained under this DPA and/or any portion thereof, except as necessary to fulfill the DPA.

Disposition of Data. Provider shall dispose or delete all personally identifiable data obtained under the DPA when it is no longer needed for the purpose for which it was obtained. The LEA has an ability to download Student Data at any time. Nothing in the DPA authorizes Provider to maintain personally identifiable data obtained under any other writing beyond the time period reasonably needed to complete the disposition. Disposition shall be in accordance with Exhibit G and include: (1) the shredding of any hard copies of any Pupil Records; (2) erasing; or (3) otherwise modifying the personal information in those records to make it unreadable or indecipherable. Upon written request, Provider shall provide written notification to LEA when the Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA.

Prohibitions. Provider is prohibited from using Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing or advertising efforts by a Provider; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to Client; or (d) use the Student Data for the development of commercial products or services, other than as agreed upon in this Agreement, or as necessary to provide the Service to Client.

ARTICLE V: DATA PROVISIONS

1. **Data Security.** As described in Provider's Data Security Policy attached hereto as Exhibit F and G, the Provider agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices, to protect Student Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of Provider are further set forth below. These measures shall include, but are not limited to:
 - a. **Passwords and Employee Access.** Provider shall secure usernames, passwords, and any other means of gaining access to the Services or to Student Data, at a level suggested by Article 4.3 of NIST 800-63-3. Provider shall only provide access to Student Data to employees or contractors that are necessary for performing the Services. Employees with access to Student Data shall have signed agreements regarding the confidentiality of Provider's work with said Student Data. All employees with access to Student Records shall pass criminal background checks.
 - b. **Destruction of Data.** Provider shall destroy or delete all Personally Identifiable Data contained in Student Data and obtained under the DPA when it is no longer needed for the purpose for which it was obtained. Nothing in the DPA authorizes Provider to maintain personally identifiable data beyond the time period reasonably needed to complete the disposition.
 - c. **Security Protocols.** Both parties agree to maintain security protocols that meet industry standards in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Provider shall maintain all data obtained or generated pursuant to the DPA in a secure computer environment and not copy, reproduce, or transmit data obtained pursuant to the DPA, except as necessary to fulfill the purpose of data requests by LEA. The foregoing does not limit the ability of the Provider to allow any necessary service providers to view or access data as set forth in Article IV, Section 4 or Article II, Section 6.
 - d. **Employee Training.** The Provider shall provide periodic security training to those of its employees who operate or have access to its systems with Student Data. Further, Provider shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.
 - e. **Security Technology.** When the service is accessed using a supported web browser, Secure Socket Layer ("SSL"), or equivalent technology shall be employed to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. Provider shall host data pursuant to the DPA in an environment using a firewall that is periodically updated according to industry standards.
 - f. **Security Coordinator.** Provider shall provide the name and contact information of Provider's employee responsible for the security of the Student Data received pursuant to the DPA.
 - g. **Subprocessors Bound.** Provider shall enter into written agreements whereby Subprocessors agree to secure and protect Student Data in a manner consistent with the

terms of this Article V. Provider shall periodically conduct or review compliance monitoring and assessments of Subprocessors to determine their compliance with this Article.

- h. **Periodic Risk Assessment.** Provider further acknowledges and agrees to conduct periodic risk assessments and remediate any identified security and privacy vulnerabilities in a timely manner.
 - i. **Backups.** Provider agrees to maintain backup copies, backed up at least daily, of Student Data in case of Provider's system failure or any other unforeseen event resulting in loss of Student Data or any portion thereof.
 - j. **Audits.** Upon written receipt of a request from the LEA, the Provider will reasonably allow the LEA to review the security and privacy measures it has in place to ensure protection of the Student Record or any portion thereof. The Provider will cooperate fully with the LEA if any local, state, or federal agency with oversight authority/jurisdiction requires an audit or investigation of the Provider in relation to its data security and/or delivery of Services to students and/or LEA, and shall provide full access to the Provider's applicable facilities, staff, agents and LEA's Student Data and all records pertaining to the Provider, LEA and delivery of Services to the Provider during the Provider's regular business hours at its principal places of business. Failure to cooperate shall be deemed a material breach of the Agreement.
2. **Data Breach.** In the event that Student Data is obtained or accessed by an unauthorized individual, Provider shall provide notification to LEA within ten (10) days of the incident. Provider shall follow the following process:
- a. The security breach notification shall be written in plain language, shall be titled "Notice of Data Breach," and shall present the information described herein under the following headings: "What Happened," "What Information Was Involved," "What We Are Doing," "What You Can Do," and "For More Information." Additional information may be provided as a supplement to the notice.
 - b. The security breach notification described above in section 2(a) shall include, at a minimum, the following information:
 - i. The name and contact information of the reporting LEA subject to this section.
 - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
 - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
 - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided.
 - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.

- c. At LEA's discretion, the security breach notification may also include any of the following:
 - i. Information about what the Provider has done to protect individuals whose information has been breached.
 - ii. Advice on steps that the person whose information has been breached may take to protect himself or herself.
- d. Provider agrees to adhere to all applicable requirements in the Massachusetts Data Breach law and in federal law with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
- e. Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a copy of said written incident response plan.
- f. At the request and with the assistance of the District, Provider shall notify the affected parent, legal guardian or eligible pupil of the unauthorized access, which shall include the information listed in subsections (b) and (c), above.

ARTICLE VI: MISCELLANEOUS

1. **Term**. The Provider shall be bound by this DPA until June 30, 2020, the date of expiration of the contract for services between the LEA and the Provider. Thereafter, in the event the parties renew such contract for services for an additional one (1) year term, this DPA shall continuously renew for the same one (1) year term and expire on or about June 30, 2021.

2. **Termination**. In the event that either party seeks to terminate this DPA, they may do so by mutual written consent and as long as any service agreement or terms of service, to the extent one exists, has lapsed or has been terminated.

Either party may terminate this DPA and any service agreement or contract with the other Party if the counter Party fails to cure any breaches of this DPA within thirty (30) days written notice of the breach.

3. **Effect of Termination Survival**. If the DPA is terminated, the Provider shall destroy all of LEA's data pursuant to Article V, section 1(b).
4. **Priority of Agreements**. This DPA shall govern the treatment of student records in order to comply with the privacy protections, including those found in FERPA, IDEA, COPPA, PPRA, 603 CMR 28.00, 603 C.M.R. 23.00, and Massachusetts General Law, Chapter 71, Sections 34D to 34H. In the event there is conflict between the terms of the DPA and any other writing, such as service agreement or with any other bid/RFP, terms of service, privacy policy, license agreement, or writing, the terms of this DPA shall apply and take precedence. Except as described in this paragraph herein, all other provisions of any other agreement shall remain in effect.

5. **Notice.** All notices or other communication required or permitted to be given hereunder must be in writing and given by personal delivery, facsimile or e-mail transmission (if contact information is provided for the specific mode of delivery), or first class mail, postage prepaid, sent to the designated representatives below.

The designated representative for the Provider for this Agreement is:

Name	Kelly Hines
Title	Senior Director, Partner Engagement
Address	One Discovery Place Silver Spring MD 20910
Email	khines@discoveryed.com

The designated representative for the LEA for this Agreement is:

Name	Canton Public Schools
Title	Technology Administrator
Address	960 Washington Street, Canton, MA 02021
Telephone Number	781-821-5060

6. **Entire Agreement.** This DPA constitutes the entire agreement of the parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both parties. Neither failure nor delay on the part of any party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.
7. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
8. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND

CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF MASSACHUSETTS, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS OF NORFOLK COUNTY FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.

9. **Authority.** Provider represents that it is authorized to bind to the terms of this Agreement, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof, or may own, lease or control equipment or facilities of any kind where the Student Data and portion thereof stored, maintained or used in any way.
10. **Waiver.** No delay or omission of the LEA to exercise any right hereunder shall be construed as a waiver of any such right and the LEA reserves the right to exercise any such right from time to time, as often as may be deemed expedient.
11. **Electronic Signature:** The parties understand and agree that they have the right to execute this Agreement through paper or through electronic signature technology, which is in compliance with Massachusetts and Federal law governing electronic signatures. The parties agree that to the extent they sign electronically, their electronic signature is the legally binding equivalent to their handwritten signature. Whenever they execute an electronic signature, it has the same validity and meaning as their handwritten signature. They will not, at any time in the future, repudiate the meaning of my electronic signature or claim that their electronic signature is not legally binding. They agree not to object to the admissibility of this Agreement as an electronic record, or a paper copy of an electronic document, or a paper copy of a document bearing an electronic signature, on the grounds that it is an electronic record or electronic signature or that it is not in its original form or is not an original.

Each party will immediately request that their electronic signature be revoked in writing if they discover or suspect that it has been or is in danger of being lost, disclosed, compromised or subjected to unauthorized use in any way. They understand that they may also request revocation at any time of their electronic signature for any other reason in writing.

If either party would like a paper copy of this Agreement, they may request a copy from the other party.

12. **Multiple Counterparts:** This Agreement may be executed in any number of identical counterparts. If so executed, each of such counterparts shall constitute this Agreement. In proving this Agreement, it shall not be necessary to produce or account for more than one such counterpart. Execution and delivery of this Agreement by .pdf or other electronic format shall constitute valid execution and delivery and shall be effective for all purposes (it being agreed that PDF email shall have the same force and effect as an original signature for all purposes).

[Signature Page Follows]

IN WITNESS WHEREOF, the parties have executed this Massachusetts Student Data Privacy Agreement as of the last day noted below.

DESCRIPTION OF SERVICES

Discovery Education digital services, including Techbook, |Streaming/Streaming PLUS, and STEM Connect.

EXHIBIT “B”**SCHEDULE OF DATA**

Category of Data	Elements	Check if used by your system
Application Technology Meta Data	IP Addresses of users, Use of cookies etc.	X
	Other application technology meta data-Please specify:	Google Analytics, New Relic
Application Use Statistics	Meta data on user interaction with application	X
Assessment	Standardized test scores	
	Observation data	
	Other assessment data-Please specify:	X: in-product assessments
Attendance	Student school (daily) attendance data	
	Student class attendance data	
Communications	Online communications that are captured (emails, blog entries)	
Conduct	Conduct or behavioral data	
Demographics	Date of Birth	
	Place of Birth	
	Gender	
	Ethnicity or race	
	Language information (native, preferred or primary language spoken by student)	
	Other demographic information-Please specify:	
Enrollment	Student school enrollment	
	Student grade level	X
	Homeroom	X
	Guidance counselor	
	Specific curriculum programs	
	Year of graduation	
Parent/Guardian Contact Information	Address	
	Email	X
	Phone	
Parent/Guardian ID	Parent ID number (created to link parents to students)	
Parent/Guardian Name	First and/or Last	

Category of Data	Elements	Check if used by your system
Schedule	Student scheduled courses	X
	Teacher names	X
Special Indicator	English language learner information	
	Low income status	
	Medical alerts	
	Student disability information	
	Specialized education services (IEP or 504)	
	Living situations (homeless/foster care)	
Category of Data	Other indicator information-Please specify:	
Student Contact Information	Address	
	Email	
	Phone	
Student Identifiers	Local (School district) ID number	X
	State ID number	
	Vendor/App assigned student ID number	
	Student app username	X
	Student app passwords	X
Student Name	First and/or Last	X
Student In App Performance	Program/application performance (typing program-student types 60 wpm, reading program-student reads below grade level)	
Student Program Membership	Academic or extracurricular activities a student may belong to or participate in	
Student Survey Responses	Student responses to surveys or questionnaires	X
Student work	Student generated content; writing, pictures etc.	
	Other student work data - Please specify:	
Transcript	Student course grades	
	Student course data	

Category of Data	Elements	Check if used by your system
	Student course grades/performance scores	
	Other transcript data -Please specify:	
Transportation	Student bus assignment	
	Student pick up and/or drop off location	

Category of Data	Elements	Check if used by your system
	Student bus card ID number	
	Other transportation data - Please specify:	
Other	Please list each additional data element used, stored or collected by your application	

EXHIBIT “C”
DEFINITIONS

De-Identifiable Information (DII): De-Identification refers to the process by which the Vendor removes or obscures any Personally Identifiable Information (“PII”) from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them. The Provider’s specific steps to de-identify the data will depend on the circumstances, but should be appropriate to protect students. Some potential disclosure limitation methods are blurring, masking, and perturbation. De-identification should ensure that any information when put together cannot indirectly identify the student, not only from the viewpoint of the public, but also from the vantage of those who are familiar with the individual. Information cannot be de-identified if there are fewer than twenty (20) students in the samples of a particular field or category, i.e., twenty students in a particular grade or less than twenty students with a particular disability.

NIST 800-63-3: Draft National Institute of Standards and Technology (“NIST”) Special Publication 800-63-3 Digital Authentication Guideline.

Personally Identifiable Information (PII): The terms “Personally Identifiable Information” or “PII” shall include, but are not limited to student data, metadata, and user or pupil-generated content obtained by reason of the use of Provider’s software, website, service, or app, including mobile apps, whether gathered by Provider or provided by LEA or its users, students, or students’ parents/guardians. PII includes, without limitation, at least the following:

First Name	Home Address
Last Name	Subject
Telephone Number	Email Address
Discipline Records	Test Results
Special Education Data	Juvenile Dependency Records
Grades	Evaluations
Criminal Records	Medical Records
Health Records	Social Security Number
Biometric Information	Disabilities
Socioeconomic Information	Food Purchases
Political Affiliations	Religious Information
Text Messages	Documents
Student Identifiers	Search Activity
Photos	Voice Recordings
Videos	Date of Birth
Grade	Classes

General Categories:

Indirect Identifiers: Any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty

Information in the Student’s Educational Record

Information in the Student’s Email

Provider: For purposes of the DPA, the term “Provider” means provider of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records.

Pupil Generated Content: The term “pupil-generated content” means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

Pupil Records: Means both of the following: (1) Any information that directly relates to a pupil that is maintained by LEA and (2) any information acquired directly from the pupil through the use of instructional software or applications assigned to the pupil by a teacher or other local educational LEA employee.

School Official: For the purposes of this Agreement and pursuant to 34 CFR 99.31 (B), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of education records; and (3) Is subject to 34 CFR 99.33(a) governing the use and re-disclosure of personally identifiable information from student records. The definition of “school official” encompasses the definition of “authorized school personnel” under 603 CMR 23.02.

Student Data: Student Data includes any data, whether gathered by Provider or provided by LEA or its users, students, or students’ parents/guardians, that is descriptive of the student including, but not limited to, information in the student’s educational record or email, first and last name, home address, telephone number, email address, or other information allowing online contact, discipline records, videos, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security numbers, biometric information, disabilities, socioeconomic information, food purchases, political affiliations, religious information text messages, documents, student identifies, search activity, photos, voice recordings or geolocation information. Student Data shall constitute Pupil Records for the purposes of this Agreement, and for the purposes of Massachusetts and Federal laws and regulations. Student Data as specified in Exhibit B is confirmed to be collected or processed by the Provider pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student’s use of Provider’s services.

Subscribing LEA: An LEA that was not party to the original Services Agreement and who accepts the Provider’s General Offer of Privacy Terms.

Subprocessor: For the purposes of this Agreement, the term “Subprocessor” (sometimes referred to as the “Subcontractor”) means a party other than LEA or Provider, who Provider uses for data collection, analytics, storage, or other service to operate and/or improve its software, and who has access to PII.

Targeted Advertising: Targeted advertising means presenting an advertisement to a student where the selection of the advertisement is based on student information, student records or student generated content or inferred over time from the usage of the Provider’s website, online service or mobile application by such student or the retention of such student’s online activities or requests over time.

Third Party: The term “Third Party” means an entity that is not the provider or LEA.

DATA SECURITY REQUIREMENTS

Having robust data security policies and controls in place are the best ways to ensure data privacy. Please answer the following questions regarding the security measures in place in your organization:

1. Does your organization have a data security policy? X Yes ☐ No

If yes, please provide it. It is included in Exhibit G

2. Has your organization adopted a cybersecurity framework to minimize the risk of a data breach? If so which one(s):

____ ISO 27001/27002

____ CIS Critical Security Controls

____ NIST Framework for Improving Critical Infrastructure Security

X Other: We comply with the framework established by Cloud Security Alliance’s Cloud Control Matrix (CSA CCM)

3. Does your organization store any customer data outside the United States? X Yes ☐ No

4. Does your organization encrypt customer data both in transit and at rest? X Yes ☐ No

5. Please provide the name and contact info of your Chief Information Security Officer (CISO) or the person responsible for data security should we have follow-up questions.

Name: Matt Schabes

Contact information: mschabes@discoveryed.com

6. Please provide any additional information that you desire.

EXHIBIT "G"**DISCOVERY EDUCATION, INC. DATA SECURITY POLICY**

This Policy describes, in general, (i) what steps Discovery Education, Inc. ("Discovery") takes to protect personally identifiable information ("PII") that is provided to Discovery; (ii) how PII may be used; (iii) with whom Discovery may share PII, and (iv) the steps Discovery takes to protect the PII.

No student PII is required for the use of any of the basic Discovery Education services, however, in the event Users elect to use any of the functionality within the Discovery Education services which provide personalized pages, individual accounts, other user-specific customization, or otherwise submit or upload information (all such data is generally limited to the following: school name, first name, last name, and grade level), all such PII provided to Discovery will be protected in accordance with this Policy.

No school employee PII is required for Professional Development Services other than first name and last name for the purposes of attendance logs.

I. DEFINITIONS

Capitalized terms referenced herein but not otherwise defined shall have the meanings as set forth below:

"Authorized Disclosee" means the following: (1) third parties to whom the Subscriber/Customer/Distributor has given Discovery written approval to disclose PII; (2) third parties to whom disclosure is required by law; and (3) if applicable, third party vendors working on Discovery's behalf or performing duties in connection with Discovery's services (e.g. hosting companies) to whom Subscriber/Customer/Distributor herein gives Discovery written approval to disclose PII received from Subscriber/Customer/Distributor and its Users and who are required to implement administrative, physical, and technical infrastructure and procedural safeguards in accordance with accepted industry standards.

"Authorized User" means a Discovery employee authorized by the Subscriber/Customer/Distributor to access PII in order to perform services under an Agreement.

"Destroy" or "Destruction" means the act of ensuring the PII cannot be reused or reconstituted in a format which could be used as originally intended and that the PII is virtually impossible to recover or is prohibitively expensive to reconstitute in its original format.

"FERPA" means the Family Educational Rights and Privacy Act of 1974 (codified at 20 U.S.C. § 1232g) and its implementing regulations, as they may be amended from time to time. The regulations are issued by the U.S Department of Education, and are available at <http://www2.ed.gov/policy/gen/reg/ferpa/index.html>.

"Personally Identifiable Information" (or "PII") means any information defined as personally identifiable information under FERPA.

II. PRIVACY OF PERSONALLY IDENTIFIABLE INFORMATION**Basic Privacy Protections**

1. Compliance with Law and Policy. All PII provided to Discovery is handled, processed, stored, transmitted and protected by Discovery in accordance with all applicable federal data privacy and security laws (including FERPA) and with this Policy.
2. Training. Employees (including temporary and contract employees) of Discovery are educated and trained on the proper uses and disclosures of PII and the importance of information privacy and security.
3. Personnel Guidelines. All Discovery employees are required to be aware of and work to protect the confidentiality, privacy, and security of PII. Discovery, and its respective personnel do not access PII except to comply with a legal obligation under federal or state law, regulation, subpoena, or if there is legitimate need for the information to maintain data systems or to perform required services under the Agreement with Subscriber/Customer/Distributor. The following provides a general description of the internal policies to which Discovery and its respective personnel adhere:
 - a. Limit internal access to PII to Discovery personnel with proper authorization and allow use and/or disclosure internally, when necessary, solely to personnel with a legitimate need for the PII to carry out the services provided under the Agreement.
 - b. Disclose PII only to Authorized Disclosees.
 - c. Access PII only by Authorized Users.
 - d. When PII is no longer needed, delete access to PII.

- e. Permit employees to store or download information onto a local or encrypted portable devices or storage only when necessary, and to create a written record for retention verifying that the information is encrypted and stored in password-protected files, and that devices containing the information have appropriate security settings in place (such as encryption, firewall protection, anti-virus software and malware protection).
- f. Any downloaded materials consisting of PII remain in the United States.
- g. Prohibit the unencrypted transmission of information, or any other source of PII, wirelessly or across a public network to any third party.
- h. Upon expiration or termination of Agreement, Discovery shall Destroy all PII previously received from Subscriber/Customer/Distributor no later than sixty (60) days following such termination, unless a reasonable written request is submitted by Subscriber/Customer/Distributor to Discovery to hold such PII. Each electronic file containing PII provided by Subscriber/Customer/Distributor to Discovery will be securely Destroyed. This provision shall apply to PII that is in the possession of Discovery, Discovery employees/personnel and/or Authorized Disclosees.

Information Security Risk Assessment

Discovery periodically conducts an accurate and thorough assessment of the potential risks and vulnerabilities to the confidentiality, integrity, and availability of electronic, paper, or other records containing PII maintained by Discovery; Discovery reports such risks as promptly as possible to Subscribers/Customers/Distributors; and Discovery implements security measures sufficient to reduce identified risks and vulnerabilities. Such measures are implemented by Discovery based on the level of risks, capabilities, and operating requirements. These measures include, as appropriate and reasonable, the following safeguards:

1. Administrative Safeguards

- a. Sanctions: Appropriate sanctions against Contractor personnel who fail to comply with Discovery's security policies and procedures.
- b. System Monitoring: Procedures to regularly review records of information systems activity, including maintaining access logs, access reports, security incident tracking reports, and periodic access audits.
- c. Security Oversight: Assignment of one or more appropriate management level employees of Discovery to be responsible for developing, implementing, and monitoring of safeguards and security issues.
- d. Appropriate Access: Procedures to determine that the access of Discovery personnel to PII is appropriate and meets a legitimate need to support their roles in business or educational operations. Procedures for establishing appropriate authorization and authentication mechanisms for Discovery personnel who have access to PII.
- e. Employee Supervision: Procedures for regularly monitoring and supervising Discovery personnel who have access to PII.
- f. Access Termination: Procedures for terminating access to PII when employment ends, or when an individual no longer has a legitimate need for access.

2. Physical Safeguards

- a. Access to PII: Procedures that grant access to PII by establishing, documenting, reviewing, and modifying a user's right of access to a workstation, software application/transaction, or process.
- b. Awareness Training: On-going security awareness through training or other means that provide Discovery personnel (including management) with updates to security procedures and policies (including guarding against, detecting, and reporting malicious software). Awareness training also addresses procedures for monitoring log-in attempts and reporting discrepancies, as well as procedures for safeguarding passwords.
- c. Incident Response Plan: Procedures for responding to, documenting, and mitigating where practicable suspected or known incidents involving a possible breach of security and their outcomes.
- d. Physical Access: Procedures to limit physical access to PII and the facility or facilities in which they are housed while ensuring that properly authorized access is allowed, including physical barriers that require electronic control validation (e.g., card access systems) or validation by human security personnel.
- e. Physical Identification Validation: Access is physically safeguarded to prevent tampering and theft, including procedures to address control and validation of a person's access to facilities based on his or her need for access to the PII.
- f. Operational Environment: Procedures that specify the proper functions to be performed, the manner in which they are to be performed, and the physical attributes of the surroundings of facilities where PII is stored.
- g. Media Movement: Procedures that govern the receipt and removal of hardware and electronic media that contain PII into and out of a facility.

3. Technical Safeguards

- a. Data Transmissions: Technical safeguards, including encryption, to ensure PII transmitted over an electronic communications network is not accessed by unauthorized persons or groups.
- b. Data Integrity: Procedures that protect PII maintained by Discovery from improper alteration or destruction. These procedures include mechanisms to authenticate records and corroborate that they have not been altered or destroyed in an unauthorized manner.

- c. Logging off Inactive Users: Inactive electronic sessions are designed to terminate automatically after a specified period of time.
- d. Data Backup: Data is backed up daily and stored offsite for thirty days. In the event data has to be restored, data backups can be retrieved from offsite locations in one business day and the process of restoration would take an additional day.
- e. Disaster Recovery: Disaster Recovery procedures are in place and are tested on a yearly basis. Discovery has two datacenters located in the United States that are utilized to recover operations.

Security Controls Implementation

Discovery has procedures addressing the acquisition and operation of technology, the specific assignment of duties and responsibilities to managers and staff, the deployment of risk-appropriate controls, and the need for management and staff to understand their responsibilities and have the knowledge, skills and motivation necessary to fulfill their duties.

Security Monitoring

In combination with periodic security risk assessments, Discovery uses a variety of approaches and technologies to make sure that risks and incidents are appropriately detected, assessed and mitigated on an ongoing basis. Discovery also assesses on an ongoing basis whether controls are effective and perform as intended, including intrusion monitoring and data loss prevention.

Security Process Improvement

Based on Discovery's security risk assessments and ongoing security monitoring, Discovery gathers and analyzes information regarding new threats and vulnerabilities, actual data attacks, and new opportunities for managing security risks and incidents. Discovery uses this information to update and improve its risk assessment strategy and control processes.

Audit

Discovery acknowledges Subscriber's/Customer's/Distributor's right to audit any PII collected by Discovery and/or the security processes listed herein upon reasonable prior written notice to Discovery's principal place of business, during normal business hours, and no more than once per year. Discovery shall maintain records and documentation directly and specifically related to the services performed under the Agreement for a period of three (3) years, unless otherwise stated in Section II (3)(h) of this Policy.

Breach Remediation

Discovery keeps PII provided to Discovery secure and uses reasonable administrative, technical, and physical safeguards to do so. Discovery maintains and updates incident response plans that establish procedures in the event a breach occurs. Discovery also identifies individuals responsible for implementing incident response plans should a breach should occur.

If a Subscriber/Customer/Distributor or Discovery determines that a breach has occurred, when there is a reasonable risk of identity theft or other harm, or where otherwise required by law, Discovery provides any legally required notification to affected parties as promptly as possible, and fully cooperates as needed to ensure compliance with all breach of confidentiality laws.

Discovery reports as promptly as possible to Subscribers/Customers/Distributors (or their designees) and persons responsible for managing their respective organization's incident response plan any incident or threatened incident involving unauthorized access to or acquisition of PII of which they become aware. Such incidents include any breach or hacking of Discovery's Electronic Data System or any loss or theft of data, other electronic storage, or paper. As used herein, "Electronic Data System" means all information processing and communications hardware and software employed in Discovery's business, whether or not owned by Discovery or operated by its employees or agents in performing work for Discovery.

Personnel Security Policy Overview

Discovery mitigates risks by:

1. Performing appropriate background checks and screening of new personnel, in particular those who have access to PII.
2. Obtaining agreements from internal users covering confidentiality, nondisclosure and authorized use of PII.
3. Providing training to support awareness and policy compliance for new hires and annually for personnel.
