Subject: Re: Pearson Products-scott Foresman

Hi Michelle,

I saw teachers request a DPA for the platforms My PoliSciLab and Mastering Biology, which were not on this list in the CSDPA you sent. Are these possible covered by My Lab and Mastering Learning?

YES

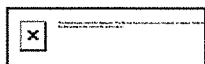

• What product is covered by easybridge roster synchronization platform?
Your district uses our EasyBridge service to auto-roster students on each of our various platforms. For this reason, we included EasyBridge AND the actual platform where the content lives on the DPA.

• Which platform covers the OLSAT?
You'll need a separate DPA for this platform, which is managed through our Assessments team. Do you recall being put in touch with my colleague Marty Winn? He was instructed to assist you? Did you not hear back from him?

Gabrielle,

Thank you so much. I will provide you with a fully executed copy after the board member signs it. I do have a couple questions for clarification purposes, because the list of products and platforms is extensive, and some of the platforms teachers filled out may not have been correct.
