## **ARTICLE VII: MISCELLANEOUS**

1. **Termination.** In the event that either Party seeks to terminate this DPA, they may do so by mutual written consent so long as the Service Agreement has lapsed or has been terminated. 2. **Effect of Termination Survival.** If the Service Agreement is terminated, the Provider shall destroy all of LEA's Student Data pursuant LEA's elected data retention period, unless otherwise requested in writing.
3. **Priority of Agreements.** This DPA shall govern the treatment of Student Data in order to comply with the privacy protections, including those found in FERPA and all applicable privacy statutes identified in this DPA. In the event there is conflict between the terms of the DPA and the Service Agreement, Terms of Service, Privacy Policies, or with any other bid/RFP, license agreement, or writing, the terms of this DPA shall apply and take precedence. 4. **Entire Agreement.** This DPA and the Service Agreement, along with the LockDown Browser and StudyMate License Agreement and the Respondus License Agreement, constitute the entire agreement of the Parties relating to the subject matter hereof and supersedes all prior communications, representations, or agreements, oral or written, by the Parties relating thereto. This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both Parties. Neither failure nor delay on the part of any Party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

5. **Severability.** Any provision of this DPA that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions of this DPA, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. Notwithstanding the foregoing, if such provision could be more narrowly drawn so as not to be prohibited or unenforceable in such jurisdiction while, at the same time, maintaining the intent of the Parties, it shall, as to such jurisdiction, be so narrowly drawn without invalidating the remaining provisions of this DPA or affecting the validity or enforceability of such provision in any other jurisdiction.
6. **Governing Law; Venue and Jurisdiction.** THIS DPA WILL BE GOVERNED BY AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE STATE OF THE LEA, WITHOUT REGARD TO CONFLICTS OF LAW PRINCIPLES. EACH PARTY CONSENTS AND SUBMITS TO THE SOLE AND EXCLUSIVE JURISDICTION TO THE STATE AND FEDERAL COURTS FOR THE COUNTY OF THE LEA FOR ANY DISPUTE ARISING OUT OF OR RELATING TO THIS DPA OR THE TRANSACTIONS CONTEMPLATED HEREBY.
7. **Successors Bound:** This DPA is and shall be binding upon the respective successors in interest to Provider in the event of a merger, acquisition, consolidation or other business reorganization or sale of all or substantially all of the assets of such business. In the event that the Provider sells, merges, or otherwise disposes of its business to a successor during the term of this DPA, the Provider shall provide written notice to the LEA no later than sixty (60) days after the closing date of sale, merger, or disposal. Such notice shall include a written, signed assurance that the successor will assume the obligations of the DPA and any obligations with respect to Student Data within the Service Agreement. The LEA has the authority to terminate the DPA if it disapproves of the successor to whom the Provider is selling, merging, or otherwise disposing of its business.
8. **Authority.** Each party represents that it is authorized to bind to the terms of this DPA, including confidentiality and destruction of Student Data and any portion thereof contained therein, all related or associated institutions, individuals, employees or contractors who may have access to the Student Data and/or any portion thereof.
9. **Waiver.** No delay or omission by either party to exercise any right hereunder shall be construed as a waiver of any such right and both parties reserve the right to exercise any such right from time to time, as often as may be deemed expedient.

Other	<p>Please list each additional data element used, stored, or collected by your application:</p> <p>Details on data used by LockDown Browser:  LockDown Browser is a client-based application (a browser), so generally speaking, no data is gathered or stored during a LockDown Browser session.  For instructors/teachers, the Vendor/App assigned instructor username OR Instructor app username (depends on the Learning Management System) is used in the LockDown Browser Dashboard, which is where the LockDown Browser settings are managed.  For students, there are two optional features that may gather data from students; both are used when the student attempts to communicate with the instructor or Respondus Support while using LockDown Browser.  The first is the "Early Exit" feature, where a student is permitted to exit a browser session early and provide a reason for leaving. The student ID and the reason the student provides for exiting the exam is stored on a Respondus server so it can be accessed by the instructor.  Data fields used by the Early Exit feature are:  - Student name: first and/or last  - Student identifiers: Vendor/App assigned student ID number OR Student app username (depends on the LMS)  The second situation is if the student uses the "Help Center" feature in LockDown Browser. Within Help Center, a student can run a diagnostic test of their computing environment and forward the results by email, or open a support ticket with Respondus Support and include the results of the test. If the student chooses to use the "Help Center" to troubleshoot a technical issue, information about the user's computer (e.g. OS version, LDB version, bandwidth, latency, etc.) will be transmitted to and stored on a Respondus server. If the student provides their name and email address for support purposes, this information will also be stored on a Respondus server. The student is warned that information is being sent to, and stored by, Respondus when using Help Center and the user must accept a Terms of Use that provides details of the data being sent and stored. The same Terms of Use for Help Center appears when LockDown Browser is installed for the first time.  Data fields used by the Help Center feature are:  - Student name: first and/or last  - Student contact information: email  - Other: Information about their system (OS, CPU type, memory, running processes, etc.)  In both cases, students can choose not to use these features in LockDown Browser, as they are not core functions of the product.  Details on Data used in StudyMate:  The primary data stored by StudyMate are the games and learning activities created by users (i.e. from course content). The database for StudyMate Campus stores the name of the student and the instructor; in the integration with Canvas, an internal ID to identify the user is also stored. StudyMate Campus does not store sensitive information about users.  Data fields used by StudyMate are:  - Student name: first and/or last  - Student identifiers: Vendor/App assigned student ID number OR Student app username (depends on the LMS)  - Other: Content (learning games) created by the student</p>	X
None	No Student Data collected at this time. Provider will immediately notify LEA if this designation is no longer applicable.
