Version 2.0 (September 26, 2018)

School District/Local Education Agency:

**Oak Grove School District**

AND

PROVIDER:

**City of San Jose**

Date:

This California Student Data Privacy Agreement (“DPA”) is entered into by and between the **Oak Grove School District** (hereinafter referred to as “LEA”) and **PROVIDER of San Jose** (hereinafter referred to as (“PROVIDER”) on NOVEMBER 10, \_\_, 2020. The Parties agree to the terms as stated herein.

## RECITALS

**WHEREAS**, the PROVIDER has agreed to provide the Local Education Agency (“LEA”) with certain digital educational services (“Services”) pursuant to a contract dated (“Service Agreement”); and

**WHEREAS**, in order to provide the Services described in the Service Agreement, the PROVIDER may receive or create, and the LEA may provide documents or data that are covered by several federal statutes, among them, the Family Educational Rights and Privacy Act (“FERPA”) at 20 U.S.C. 1232g (34 CFR Part 99), Children’s Online Privacy Protection Act (“COPPA”), 15 U.S.C. 6501-6506; Protection of Pupil Rights Amendment (“PPRA”) 20 U.S.C. 1232h; and

**WHEREAS**, the documents and data transferred from LEAs and created by the PROVIDER’s Services are also subject to California state student privacy laws, including AB 1584, found at California Education Code Section 49073.1 and the Student Online Personal Information Protection Act (“SOPIPA”) found at California Business and Professions Code section 22584; and

**WHEREAS**, for the purposes of this DPA, PROVIDER is a school official with legitimate educational interests in accessing educational records pursuant to the Service Agreement; and

**WHEREAS**, the Parties wish to enter into this DPA to ensure that the Service Agreement conforms to the requirements of the privacy laws referred to above and to establish implementing procedures and duties; and

**WHEREAS**, the PROVIDER may, by signing the “General Offer of Privacy Terms” (Exhibit “E”), agree to allow other LEAs in California the opportunity to accept and enjoy the benefits of this DPA for the Services described herein, without the need to negotiate terms in a separate DPA.

**NOW THEREFORE**, for good and valuable consideration, the parties agree as follows:

## ARTICLE I: PURPOSE AND SCOPE

1. **Purpose of DPA.** The purpose of this DPA is to describe the duties and responsibilities to protect student data transmitted to PROVIDER from LEA pursuant to the Service Agreement, including compliance with all applicable statutes, including the FERPA, PPRA, COPPA, SOPIPA, AB 1584, and other applicable California State laws, all as may be amended from time to time. In performing these services, the PROVIDER shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. With respect to the use and maintenance of Student Data, PROVIDER shall be under the direct control and supervision of LEA.
2. **Nature of Services Provided.** The PROVIDER has agreed to provide the following digital educational products and services described below and as may be further outlined in Exhibit A hereto:

3. **Student Data to Be Provided.** The Parties shall indicate the categories of student data to be provided in the Schedule of Data, attached hereto as Exhibit "B".
4. **DPA Definitions.** The definition of terms used in this DPA is found in Exhibit "C". In the event of a conflict, definitions used in this DPA shall prevail over term used in the Service Agreement.

## ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS

1. **Student Data Property of LEA.** All Student Data transmitted to the PROVIDER pursuant to the Service Agreement is and will continue to be the property of and under the control of the LEA. The PROVIDER further acknowledges and agrees that all copies of such Student Data transmitted to the PROVIDER, including any modifications or additions or any portion thereof from any source, are subject to the provisions of this Agreement in the same manner as the original Student Data. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data contemplated per the Service Agreement shall remain the exclusive property of the LEA. For the purposes of FERPA, the PROVIDER shall be considered a School Official, under the control and direction of the LEAs as it pertains to the use of Student Data notwithstanding the above. PROVIDER may transfer pupil-generated content to a separate account, according to the procedures set forth below.
2. **Parent Access.** LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review Student Data in the pupil's records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. PROVIDER shall respond in a timely manner (and no later than 45 days from the date of the request) to the LEA's request for Student Data in a pupil's records held by the PROVIDER to view or correct as necessary. In the event that a parent of a pupil or other individual contacts the PROVIDER to review any of the Student Data accessed pursuant to the Services, the PROVIDER shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.
3. **Separate Account.** If pupil generated content is stored or maintained by the PROVIDER as part of the Services described in Exhibit "A", PROVIDER shall, at the request of the LEA, transfer said pupil generated content to a separate student account upon termination of the Service Agreement; provided, however, such transfer shall only apply to pupil generated content that is severable from the Service.
4. **Third Party Request.** Should a Third Party, including law enforcement and government entities, contact PROVIDER with a request for data held by the PROVIDER pursuant to the Services, the PROVIDER shall redirect the Third Party to request the data directly from the LEA. PROVIDER shall notify the LEA in advance of a compelled disclosure to a Third Party.
5. **Subprocessors.** PROVIDER shall enter into written agreements with all Subprocessors performing

functions pursuant to the Service Agreement, whereby the Subprocessors agree to protect Student Data in manner consistent with the terms of this DPA.

1. **Privacy Compliance.** LEA shall provide data for the purposes of the Service Agreement in compliance with FERPA, COPPA, PPRA, SOPIPA, AB 1584 and all other California privacy statutes.
2. **Annual Notification of Rights.** If the LEA has a policy of disclosing education records under FERPA (4 CFR § 99.31 (a) (1)), LEA shall include a specification of criteria for determining who constitutes a school official and what constitutes a legitimate educational interest in its Annual notification of rights.
3. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.
4. **Unauthorized Access Notification.** LEA shall notify PROVIDER promptly of any known or suspected unauthorized access. LEA will assist PROVIDER in any efforts by PROVIDER to investigate and respond to any unauthorized access.

PROVIDER also acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof, including without limitation, meta data, user content or other non-public information and/or personally identifiable information contained in the Student Data, without the express written consent of the LEA.
3. **Employee Obligation.** PROVIDER shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under the Service Agreement.
4. **No Disclosure.** De-identified information may be used by the PROVIDER for the purposes of development, research, and improvement of educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). PROVIDER agrees not to attempt to re-identify de-identified Student Data and not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to attempt re-identification, and (b) prior written notice has been given to LEA who has provided prior written consent for such transfer. PROVIDER shall not copy, reproduce or transmit any data obtained under the Service Agreement and/or any portion thereof, except as necessary to fulfill the Service Agreement.

5. **Disposition of Data**. Upon written request and in accordance with the applicable terms in subsection a or b, below, PROVIDER shall dispose or delete all Student Data obtained under the Service Agreement when it is no longer needed for the purpose for which it was obtained. Disposition shall include (1) the shredding of any hard copies of any Student Data; (2) Erasing; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable by human or digital means. Nothing in the Service Agreement authorizes PROVIDER to maintain Student Data obtained under the Service Agreement beyond the time period reasonably needed to complete the disposition. PROVIDER shall provide written notification to LEA when the Student Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a "Request for Return or Deletion of Student Data" form, a copy of which is attached hereto as Exhibit "D". Upon receipt of a request from the LEA, the PROVIDER will immediately provide the LEA with any specified portion of the Student Data within ten (10) calendar days of receipt of said request.
  - a. **Partial Disposal During Term of Service Agreement**. Throughout the Term of the Service Agreement, LEA may request partial disposal of Student Data obtained under the Service Agreement that is no longer needed. Partial disposal of data shall be subject to LEA's request to transfer data to a separate account, pursuant to Article II, section 3, above.
  - b. **Complete Disposal Upon Termination of Service Agreement**. Upon Termination of the Service Agreement PROVIDER shall dispose or delete all Student Data obtained under the Service Agreement. Prior to disposition of the data, PROVIDER shall notify LEA in writing of its option to transfer data to a separate account, pursuant to Article II, section 3, above. In no event shall PROVIDER dispose of data pursuant to this provision unless and until PROVIDER has received affirmative written confirmation from LEA that data will not be transferred to a separate account.
6. **Advertising Prohibition**. PROVIDER is prohibited from using or selling Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising, or other commercial efforts by a PROVIDER; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data for the development of commercial products or services, other than as necessary to provide the Service to LEA. This section does not prohibit PROVIDER from using Student Data for adaptive learning or customized student learning purposes.

## ARTICLE V: DATA PROVISIONS

1. **Data Security**. The PROVIDER agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices, to protect Student Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of PROVIDER are set forth below. PROVIDER may further detail its security programs and measures in Exhibit "F" hereto. These measures shall include, but are not limited to:

Nothing in the Service Agreement authorizes PROVIDER to maintain Student Data beyond the time period reasonably needed to complete the disposition.
- c. **Security Protocols.** Both parties agree to maintain security protocols that meet industry standards in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. PROVIDER shall maintain all data obtained or generated pursuant to the Service Agreement in a secure digital environment and not copy, reproduce, or transmit data obtained pursuant to the Service Agreement, except as necessary to fulfill the purpose of data requests by LEA.
- d. **Employee Training.** The PROVIDER shall provide periodic security training to those of its employees who operate or have access to the system. Further, PROVIDER shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.
- e. **Security Technology.** When the service is accessed using a supported web browser, PROVIDER shall employ industry standard measures to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. any identified security and privacy vulnerabilities in a timely manner.

2. **DATA BREACH.** In the event that Student Data is accessed or obtained by an unauthorized individual, PROVIDER shall provide notification to LEA within a reasonable amount of time of the incident, and not exceeding forty-eight (48) hours. PROVIDER shall follow the following process:

    - ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.
    - iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.
    - iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is provided.
    - v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.
  - c. At LEA's discretion, the security breach notification may also include any of the following:
    - i. Information about what the agency has done to protect individuals whose information has been breached.
    - ii. Advice on steps that the person whose information has been breached may take to protect himself or herself.
  - d. PROVIDER agrees to adhere to all requirements in applicable State and in federal law with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.
  - e. PROVIDER further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized

acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a copy of said written incident response plan.

- f. PROVIDER is prohibited from directly contacting parent, legal guardian or eligible pupil unless expressly requested by LEA. If LEA requests PROVIDER's assistance providing notice of unauthorized access, and such assistance is not unduly burdensome to PROVIDER, PROVIDER shall notify the affected parent, legal guardian or eligible pupil of the unauthorized access, which shall include the information listed in subsections (b) and (c), above. If requested by LEA, PROVIDER shall reimburse LEA for costs incurred to notify parents/families of a breach not originating from LEA's use of the Service.
- g. In the event of a breach originating from LEA's use of the Service, PROVIDER shall cooperate with LEA to the extent necessary to expeditiously secure Student Data.

#### **ARTICLE VI- GENERAL OFFER OF PRIVACY TERMS**

5. Notify PROVIDER of new students and changes to student contact information throughout the school year.

**De-Identifiable Information (DII):** De-Identification refers to the process by which the PROVIDER removes or obscures any Personally Identifiable Information ("PII") from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them.

**Educational Records:** Educational Records are official records, files and data directly related to a student and maintained by the school or local education agency, including but not limited to, records encompassing all the material kept in the student's cumulative folder, such as general identifying data, records of attendance and of academic work completed, records of achievement, and results of evaluative tests, health data, disciplinary status, test protocols and individualized education programs. For purposes of this DPA, Educational Records are referred to as Student Data.

**NIST:** Draft National Institute of Standards and Technology ("NIST") Special Publication Digital Authentication Guideline.

**Operator:** The term "Operator" means the operator of an Internet Website, online service, online application, or mobile application with actual knowledge that the site, service, or application is used primarily for K-12 school purposes and was designed and marketed for K-12 school purposes. For the purpose of the Service Agreement, the term "Operator" is replaced by the term "PROVIDER." This term shall encompass the term "Third Party," as it is found in applicable state statutes.

**Personally Identifiable Information (PII):** The terms "Personally Identifiable Information" or "PII" shall include, but are not limited to, student data, metadata, and user or pupil-generated content obtained by reason of the use of PROVIDER's software, website, service, or app, including mobile apps, whether gathered by PROVIDER or provided by LEA or its users, students, or students' parents/guardians. PII includes Indirect Identifiers, which is any information that, either alone or in aggregate, would allow a reasonable person to be able to identify a student to a reasonable certainty. For purposes of this DPA, Personally Identifiable Information shall include the categories of information listed in the definition of Student Data.

**PROVIDER:** For purposes of the Service Agreement, the term "PROVIDER" means PROVIDER of digital educational software or services, including cloud-based services, for the digital storage, management, and retrieval of pupil records. Within the DPA the term "PROVIDER" includes the term "Third Party" and the term "Operator" as used in applicable state statutes.

**Pupil Generated Content:** The term "pupil-generated content" means materials or content created by a pupil during and for the purpose of education including, but not limited to, essays, research reports, portfolios, creative writing, music or other audio files, photographs, videos, and account information that enables ongoing ownership of pupil content.

**Pupil Records:** Means both of the following: (1) Any information that directly relates to a pupil that is maintained by LEA and (2) any information acquired directly from the pupil through the use of

instructional software or applications assigned to the pupil by a teacher or other LEA employee. For the purposes of this Agreement, Pupil Records shall be the same as Educational Records, Student Personal Information and Covered Information, all of which are deemed Student Data for the purposes of this Agreement.

**Service Agreement:** Refers to the Contract or Purchase Order to which this DPA supplements and modifies.

**School Official:** For the purposes of this Agreement and pursuant to 34 CFR 99.31 (B), a School Official is a contractor that: (1) Performs an institutional service or function for which the agency or institution would otherwise use employees; (2) Is under the direct control of the agency or institution with respect to the use and maintenance of education records; and (3) Is subject to 34 CFR 99.33(a) governing the use and re-disclosure of personally identifiable information from student records.

**SOPIPA:** Once passed, the requirements of SOPIPA were added to Chapter 22.2 (commencing with Section 22584) to Division 8 of the Business and Professions Code relating to privacy.

**Student Data:** Student Data includes any data, whether gathered by PROVIDER or provided by LEA or its users, students, or students' parents/guardians, that is descriptive of the student including, but not limited to, information in the student's educational record or email, first and last name, home address, telephone number, email address, or other information allowing online contact, discipline records, videos, test results, special education data, juvenile dependency records, grades, evaluations, criminal records, medical records, health records, social security numbers, biometric information, disabilities, socioeconomic information, food purchases, political affiliations, religious information text messages, documents, student identifies, search activity, photos, voice recordings or geolocation information. Student Data shall constitute Pupil Records for the purposes of this Agreement, and for the purposes of California and federal laws and regulations. Student Data as specified in Exhibit "B" is confirmed to be collected or processed by the PROVIDER pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student's use of PROVIDER's services.

## EXHIBIT "F" DATA SECURITY REQUIREMENTS

The San José Public Library is committed to protecting your privacy by keeping personally identifiable information confidential. Our commitment to your privacy has deep roots in the law and in the ethics and practices of librarianship. The library holds true to the values of the American Library Association affirming that, "Privacy is essential to the exercise of free speech, free thought, and free association." As such, we "protect each library user's right to privacy and confidentiality with respect to information sought or received and resources consulted, borrowed, acquired, or transmitted." Additional information are found on the library's page at <https://www.sjpl.org/privacy-policy>

### Confidentiality.

1. LEA maintains student records in accordance with all applicable federal and state laws and regulations. Such student records are confidential as provided under the Family Educational Rights and Privacy Act (FERPA), 20 U.S.C. § 1232g; 34 C.F.R. Part 99; and California Education Code §§ 49060 et seq.
2. California Education Code §§ 49061 and 49073 authorizes LEA to release certain student records known as "directory information" to certain entities, including governmental agencies; directory information includes student name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, dates of attendance, degrees and awards received, and the most recent previous school attended.
3. The California Public Records Act, at Government Code §§ 6254 and 6267 governs the confidentiality of registration and circulation records in libraries supported by public funds. It also governs the disclosure of record information.
4. Both Parties agree that each entity shall comply with applicable federal and state laws relating to the confidentiality of the PROVIDER provided information and the LEA provided information.
5. Both Parties further agree that all information exchanged shall only be used for the purposes intended by this Agreement, to limit disclosure of the exchanged information within its own organization to its directors, officers and employees who have a need to know, and to not disclose any information to any third party (whether an individual corporation, or other entity) without the express prior written consent of the other Party. Each Party shall satisfy its obligations under this Paragraph if it takes affirmative measures to ensure compliance with these confidentiality obligations by its employees and others who are permitted access to or use of the PROVIDER provided information and/or the LEA provided information.
6. To the extent that PROVIDER has access to any personally identifiable information from Students' education records, PROVIDER agrees that it shall not use such information except for the legitimate educational purpose of providing services pursuant to this Agreement and that it shall not disclose this information to any other party for any reason. PROVIDER staff agrees to comply with all applicable federal and state regulations governing the student records, including FERPA.
7. The sharing of information by government agencies pursuant to Government Code section 6254.5(e) does not constitute a waiver of the exemption of such information from any future disclosure or from disclosure to any other entity or individual. If the Parties agree that a document is confidential pursuant to the California Public Records Act, and subsequently exchange the document, the Parties shall each keep confidential any such document as permitted under Government Code Section 6254.5(e). The Parties shall seek to minimize the personnel that review confidential documents and shall only allow necessary personnel to analyze the documents. For the Library, such records may only be shared with PROVIDER staff (including their supervisors), and PROVIDER Attorneys assigned to the projects (including their supervisors). For the LEA, such records may only be shared with the Associate Superintendent and staff assigned to the project, site principals, and the General Counsel and legal staff working on the project.
8. If either of the Parties receives a Public Records Act request seeking a document that has been designated as confidential and exchanged as described herein, the Party receiving the request shall notify the other Parties immediately, and the party receiving the request shall withhold the designated confidential documents from the Public Records Act to the extent permitted by the Act and any applicable laws.
9. Student data uploaded using a secured (subscription-base) cloud storage space called Dropbox to securely transfer data from school to the integrated library catalog system called Sierra.
