VERSION (2019)

Bedford School District

and

Scholastic Inc.

February 7, 2020
This New Hampshire Student Data Privacy Agreement ("DPA") is entered into by and between the school district, Bedford School District (hereinafter referred to as “LEA”) and Scholastic Inc. (hereinafter referred to as “Provider”) on February 7, 2020. The Parties agree to the terms as stated herein.

RECITALS

WHEREAS, the Provider has agreed or will agree to provide the Local Education Agency ("LEA") with certain digital educational services ("Services") as described in Article I and Exhibit “A”, and pursuant to Provider’s End User License Agreement (the “EULA”); and

WHEREAS, the Provider, by signing this Agreement, agrees to allow the LEA to offer school districts in New Hampshire the opportunity to accept and enjoy the benefits of the DPA for the Services described, without the need to negotiate terms in a separate DPA; and

WHEREAS, in order to provide the Services described in Article I and Appendix A, the Provider may receive or create and the LEA may provide documents or data that are covered by several federal statutes, among them, the Family Educational Rights and Privacy Act ("FERPA") at 20 U.S.C. 1232g and 34 CFR Part 99, Children’s Online Privacy Protection Act ("COPPA"), 15 U.S.C. 6501-6506; Protection of Pupil Rights Amendment ("PPRA") 20 U.S.C. 1232h; the Individuals with Disabilities Education Act ("IDEA"), 20 U.S.C. §§ 1400 et. seq., 34 C.F.R. Part 300; and

WHEREAS, the documents and data transferred from New Hampshire LEAs and created by the Provider’s Services are also subject to several New Hampshire student privacy laws, including RSA 189:1-e and 189:65 through 69; RSA 186; NH Admin. Code Ed. 300 and NH Admin. Code Ed. 1100; and

WHEREAS, the Parties wish to enter into this DPA to ensure that the Services provided conform to the requirements of the privacy laws referred to above and to establish implementing procedures and duties.

NOW THEREFORE, for good and valuable consideration, the parties agree as follows:

ARTICLE I: PURPOSE AND SCOPE

1. Purpose of DPA. The purpose of this DPA is to describe the duties and responsibilities to protect Student Data (as defined in Exhibit “C”) transmitted to Provider from the LEA pursuant to Exhibit “A”, including compliance with all applicable state privacy statutes, including the FERPA, PPRA, COPPA, IDEA, RSA 189:1-e and 189:65 through 69; RSA 186-C; NH Admin. Code Ed. 300; NH Admin. Code Ed. 1100; and other applicable New Hampshire state laws, all as may be amended from time to time. In performing these services, to the extent Personally Identifiable Information (as defined in Exhibit “C”) from Pupil Records (as defined in Exhibit “C”) are transmitted to Provider from LEA, the Provider shall be considered a School Official with a legitimate educational interest, and performing services otherwise provided by the LEA. Provider shall be under the direct control and supervision of the LEA. Control duties are set forth below.

2. Nature of Services Provided. The Provider has agreed to provide the following digital educational services described in Exhibit “A”.

1180724v1
1135664v1
3. **Student Data to Be Provided.** In order to perform the Services described in this Article and Exhibit “A”, LEA shall provide the categories of data described in the Schedule of Data, attached hereto as Exhibit “B”.

4. **DPA Definitions.** The definition of terms used in this DPA is found in Exhibit “C”. In the event of a conflict, definitions used in this DPA shall prevail over terms used in all other writings, including, but not limited to, a service agreement, privacy policies or any terms of service.

**ARTICLE II: DATA OWNERSHIP AND AUTHORIZED ACCESS**

1. **Student Data Property of LEA.** All Student Data or any other Pupil Records transmitted to the Provider pursuant to this Agreement is and will continue to be the property of and under the control of the LEA, or to the party who provided such data (such as the student or parent.). The Provider further acknowledges and agrees that all copies of such Student Data or any other Pupil Records transmitted to the Provider, [including any modifications or additions or any portion thereof from any source], are also subject to the provisions of this Agreement in the same manner as the original Student Data or Pupil Records. The Parties agree that as between them, all rights, including all intellectual property rights in and to Student Data or any other Pupil Records contemplated per this Agreement shall remain the exclusive property of the LEA. For the purposes of FERPA and state law, the Provider shall be considered a School Official, under the control and direction of the LEAs as it pertains to the use of student data notwithstanding the above. The Provider will cooperate and provide Student Data within fourteen (14) days at the LEA’s request. Provider may transfer pupil-generated content to a separate account, according to the procedures set forth below. Data that is provided through the express written consent from the student who is over eighteen (18) and/or parent/legal guardian through an agreement directly between the Provider and the student who is over eighteen (18) and/or parent/legal guardian is not subject to this Agreement (such separate agreement does not impact the Provider’s obligations to maintain and process Student Data in accordance with this DPA).

2. **Parent Access.** LEA shall establish reasonable procedures by which a parent, legal guardian, or eligible student may review personally identifiable information on the pupil’s records, correct erroneous information, and procedures for the transfer of pupil-generated content to a personal account, consistent with the functionality of services. Provider shall cooperate and respond in a timely manner (and no later than fourteen (14) days from the date of the request) to the LEA’s request for personally identifiable information in a pupil’s records held by the Provider to view or correct as necessary. In the event that a parent of a pupil or other individual contacts the Provider to review any of the Pupil Records of Student Data accessed pursuant to the Services, the Provider shall refer the parent or individual to the LEA, who will follow the necessary and proper procedures regarding the requested information.

3. **Separate Account.** Provider shall, at the request of the LEA, transfer Student Generated Content to a separate student account.

4. **Third Party Request.** Should a Third Party, including, but not limited to law enforcement, former employees of the LEA, current employees of the LEA, and government entities, contact Provider with a request for data held by the Provider pursuant to the Services, the Provider shall redirect the Third Party to request the data directly from the LEA and shall cooperate with the LEA to collect the required information. Provider shall notify the LEA in advance of a compelled disclosure to a Third Party, unless
legally prohibited. The Provider will not use, disclose, compile, transfer, sell the Student Data and/or any portion thereof to any third party or other entity or allow any other third party or other entity to use, disclose, compile, transfer or sell the Student Data and/or any portion thereof, without the express written consent of the LEA or without a court order or lawfully issued subpoena. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student’s use of Provider’s services.

5. **No Unauthorized Use.** Provider shall not use Student Data or information in a Pupil Record for any purpose other than as explicitly specified in this DPA.

6. **Subprocessors.** Provider shall enter into written agreements with all Subprocessors performing functions pursuant to this DPA, whereby the Subprocessors agree to protect Student Data in manner consistent with the terms of this DPA.

### ARTICLE III: DUTIES OF LEA

1. **Provide Data In Compliance With Laws.** LEA shall provide data for the purposes of the DPA in compliance with the FERPA, PPRA, IDEA, RSA 189:1-e and 189:65 through 69; RSA 186-C; NH Admin. Code Ed. 300; NH Admin. Code Ed. 1100 and the other privacy statutes quoted in this DPA. LEA shall ensure that its annual notice under FERPA includes vendors, such as the Provider, as “School Officials.”

2. **Reasonable Precautions.** LEA shall take reasonable precautions to secure usernames, passwords, and any other means of gaining access to the services and hosted data.

3. **Unauthorized Access Notification.** LEA shall notify Provider promptly of any known or suspected unauthorized access. LEA will assist Provider in any efforts by Provider to investigate and respond to any unauthorized access.

### ARTICLE IV: DUTIES OF PROVIDER

1. **Privacy Compliance.** The Provider shall comply with all New Hampshire and Federal laws and regulations pertaining to data privacy and security, including FERPA, COPPA, PPRA, RSA 189:1-e and 189:65 through 69; RSA 186-C; NH Admin. Code Ed. 300; NH Admin. Code Ed. 1100 and all other applicable New Hampshire privacy statutes and regulations.

2. **Authorized Use.** Student Data shared pursuant to this DPA, including persistent unique identifiers, shall be used for no purpose other than the Services stated in this DPA and as authorized under the statutes referred to in subsection (1), above, such as without limitation user authentication and support for internal operations. Provider also acknowledges and agrees that it shall not make any re-disclosure of any Student Data or any portion thereof,
without the express written consent of the LEA, unless it fits into the de-identified information exception in Article IV, Section 4, or there is a court order or lawfully issued subpoena for the information except as otherwise required by law and subject to the terms and conditions hereof. Further, Provider shall not be deemed in violation hereof if user content that has been filtered or moderated to remove personally identifiable information is posted in a forum or other feature of the product or service that by its nature entails disclosure (e.g. and without limitation, in the context of comments on a magazine article).

3. Employee Obligation. Provider shall require all employees and agents who have access to Student Data to comply with all applicable provisions of this DPA with respect to the data shared under this DPA. Provider agrees to require and maintain an appropriate confidentiality agreement from or impose other comparable confidentiality obligations on each employee or agent with access to Student Data pursuant to the DPA.

4. No Disclosure. De-identified information, as defined in Exhibit “C”, may be used by the Provider for the purposes of development, research, and improvement of educational sites, services, or applications, as any other member of the public or party would be able to use de-identified data pursuant to 34 CFR 99.31(b). Provider agrees not to attempt to re-identify de-identified Student Data and not to transfer de-identified Student Data to any party unless (a) that party agrees in writing not to attempt re-identification, and (b) prior written notice has been given to the LEA who has provided prior written consent for such transfer. Nothing contained herein shall be deemed to prohibit Provider from publishing aggregate summary statistics. Provider shall not copy, reproduce or transmit any data obtained under this DPA and/or any portion thereof, except as necessary to fulfill the DPA. Prior to publishing any document that names the LEA explicitly or indirectly, the Provider shall obtain the LEA’s written approval of the manner in which de-identified data is presented

5. Disposition of Data. Upon written request and without limitation of anything contained in Article V, paragraph 1.b or Article VI, Paragraph 3, Provider shall dispose or delete all personally identifiable data obtained under the DPA when it is no longer needed for the purpose for which it was obtained and transfer said data to LEA or LEA’s designee within sixty (60) days of the date of termination and according to a schedule and procedure as the Parties may reasonably agree. Nothing in the DPA authorizes Provider to maintain personally identifiable data obtained under any other writing beyond the time period reasonably needed to complete the disposition. Disposition shall include

a. the shredding of any hard copies of any Pupil Records; (2) Erasing; or (3) Otherwise modifying the personal information in those records to make it unreadable or indecipherable. On request, Provider shall provide written notification to LEA when the Data has been disposed. The duty to dispose of Student Data shall not extend to data that has been de-identified or placed in a separate Student account, pursuant to the other terms of the DPA. The LEA may employ a “Request for Return or Deletion of Student Data” FORM, A Copy of which is attached hereto as Exhibit “D”). Upon receipt of a request from the LEA, the Provider will immediately provide the LEA with any specified portion of the Student Data within sixty (60) calendar days of receipt of said request, unless such request is in the context of an eligible student or parent
exercising access rights under RSA 189:66 in which case Provider will provide the relevant Student Data within fourteen (14) calendar days.

6. **Advertising Prohibition.** Provider is prohibited from leasing, renting, using or selling Student Data to (a) market or advertise to students or families/guardians; (b) inform, influence, or enable marketing, advertising or other commercial efforts by a Provider; (c) develop a profile of a student, family member/guardian or group, for any commercial purpose other than providing the Service to LEA; or (d) use the Student Data for the development of commercial products or services, other than as necessary to provide the Service to Client. This provision does not apply in the case of the express written consent from the student who is over eighteen (18) and/or parent/legal guardian through an agreement directly between the Provider and the student who is over eighteen (18) and/or parent/legal guardian (such separate agreement does not impact the Provider’s obligations to maintain and process Student Data in accordance with this DPA).

**ARTICLE V: DATA PROVISIONS**

1. **Data Security.** The Provider agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices, to protect Student Data from unauthorized disclosure or acquisition by an unauthorized person. The general security duties of Provider are set forth below. Provider may further detail its security programs and measures in Exhibit “F” hereto. These measures shall include, but are not limited to:

   a. **Passwords and Employee Access.** Provider shall secure usernames, passwords, and any other means of gaining access to the Services or to Student Data, at a level suggested by Article 4.3 of NIST 800-63-3. Provider shall only provide access to Student Data to employees or contractors that are performing the Services. Employees with access to Student Data shall have signed confidentiality agreements or be subject to confidentiality obligations regarding said Student Data. All employees with access to Student Records shall pass criminal background checks.

   b. **Destruction of Data.** As directed by LEA, and without limitation of anything contained in Article VI, Paragraph 3, Provider shall destroy or delete all Personally Identifiable Data contained in Student Data and obtained under the DPA when it is no longer needed for the purpose for which it was obtained or transfer said data to LEA or LEA’s designee, according to a schedule and procedure as the parties may reasonable agree. Nothing in the DPA authorizes Provider to maintain personally identifiable data beyond the time period reasonably needed to complete the disposition. Upon written request from LEA, Provider can export Student Data upon termination of the Agreement. Destruction for purposes of this DPA shall include obfuscation techniques that comply with industry standards for data destruction.

   c. **Security Protocols.** Both parties agree to maintain security protocols that meet industry best practices in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. Provider shall maintain all data obtained or generated pursuant to the DPA in a secure computer environment and not copy, reproduce, or transmit data obtained pursuant to the DPA, except as necessary to fulfill the purpose of data requests by LEA. The foregoing does not limit the ability of the Provider to allow any necessary service providers to view or access data as set forth in Article IV, section 4.
d. Employee Training. The Provider shall provide recurring, periodic (no less than annual, with additional sessions as needed throughout the year to address relevant issues/changes, such as (but not necessarily limited to) new or evolving security threats, changes to security protocols or practices, changes to software and/or hardware, identified vulnerabilities, etc.) security training to those of its employees who operate or have access to the system. Such trainings must be tailored to the Provider’s business and cover, but not necessarily be limited to, the following topics: common types of attackers (e.g., cyber criminals, hacktivists, government sponsored groups, inside threats, etc.); common types of attacks (e.g., social engineering, spoofing, phishing, etc.) and how the information sought is typically used; identifying threats, avoiding threats, physical security and environmental controls; internal policies and procedures; and safe internet habits. Further, Provider shall provide LEA with contact information of an employee who LEA may contact if there are any security concerns or questions.

e. Security Technology. When the service is accessed using a supported web browser, Secure Socket Layer (“SSL”), or equivalent technology shall be employed to protect data from unauthorized access. The service security measures shall include server authentication and data encryption. Provider shall host data pursuant to the DPA in an environment using a firewall that is periodically updated according to industry standards.

f. Security Coordinator. Provider shall provide the name and contact information of Provider’s Security Coordinator for the Student Data received pursuant to the DPA.

g. Subprocessors Bound. Provider shall enter into written agreements whereby Subprocessors agree to secure and protect Student Data in a manner consistent with the terms of this Article V. Provider shall periodically conduct or review compliance monitoring and assessments of Subprocessors to determine their compliance with this Article.

h. Periodic Risk Assessment. Provider further acknowledges and agrees to conduct periodic risk assessments and remediate any identified security and privacy vulnerabilities in a timely manner.

i. Backups. Provider agrees to maintain backup copies, backed up at least daily, of Student Data in case of Provider’s system failure or any other unforeseen event resulting in loss of Student Data or any portion thereof.

j. Audits. Upon reasonable notice and request, and no more than once per a twelve month period and subject to Provider’s reasonable security and non-disclosure requirements (except in the case of a verified breach, in which case such frequency limitation shall not apply), the Provider will engage an independent third party to audit the security and privacy measures that are in place to ensure protection of the Student Record or any portion thereof, subject to reasonable time and manner restrictions. The Provider will cooperate reasonably with the LEA and any state or federal agency with oversight authority/jurisdiction in connection with any audit or investigation of the Provider and/or delivery of Services to students and/or LEA, and shall provide reasonable access to the Provider’s facilities, staff, agents and LEA’s Student Data and summaries of all records pertaining to the Provider, LEA and delivery of Services to the Provider.
k. New Hampshire Specific Data Security Requirements. The Provider agrees to the following privacy and security standards from “the Minimum Standards for Privacy and Security of Student and Employee Data” from the New Hampshire Department of Education. Specifically, the Provider agrees to:

1. Limit system access to the types of transactions and functions that authorized users, such as students, parents, and LEA are permitted to execute;

2. Limit unsuccessful logon attempts;

3. Employ cryptographic mechanisms to protect the confidentiality of remote access sessions;

4. Authorize wireless access prior to allowing such connections;

5. Create and retain system audit logs and records to the extent needed to enable the monitoring, analysis, investigation, and reporting of unlawful or unauthorized system activity;

6. Ensure that the actions of individual system users can be uniquely traced to those users so they can be held accountable for their actions;

7. Establish and maintain baseline configurations and inventories of organizational systems (including hardware, software, firmware, and documentation) throughout the respective system development life cycles;

8. Restrict, disable, or prevent the use of nonessential programs, functions, ports, protocols, and services;

9. Enforce a minimum password complexity and change of characters when new passwords are created; with respect to student accounts in grades K-2, default to enforcing a minimum password complexity and change of characters when new passwords are created;

10. Perform maintenance on organizational systems;

11. Provide controls on the tools, techniques, mechanisms, and personnel used to conduct system maintenance;

12. Ensure equipment removed for off-site maintenance is sanitized of any Student Data in accordance with NIST SP 800-88 Revision 1;

13. Protect (i.e., physically control and securely store) system media containing Student Data, both paper and digital;

14. Sanitize or destroy system media containing Student Data in accordance with NIST SP 800-88 Revision 1 before disposal or release for reuse;

15. Control access to media containing Student Data and maintain accountability for
media during transport outside of controlled areas;

(16) Periodically assess the security controls in organizational systems to determine if the controls are effective in their application and develop and implement plans of action designed to correct deficiencies and reduce or eliminate vulnerabilities in organizational systems;

(17) Monitor, control, and protect communications (i.e., information transmitted or received by organizational systems) at the external boundaries and key internal boundaries of organizational systems;

(18) Deny network communications traffic by default and allow network communications traffic by exception (i.e., deny all, permit by exception);

(20) Identify, report, and correct system flaws in a timely manner;

(21) Provide protection from malicious code (i.e. Antivirus and Antimalware) at designated locations within organizational systems;

(22) Monitor system security alerts and advisories and take action in response; and

(23) Update malicious code protection mechanisms when new releases are available.

2. **Data Breach.** In the event that Student Data is accessed or obtained by an unauthorized individual, Provider shall provide notification to LEA as soon as practicable and no later than within thirty (30) days of the incident.

Provider shall follow the following process:

a. The security breach notification shall be written in plain language, shall be titled “Notice of Data Breach,” and shall present the information described herein under the following headings: “What Happened,” “What Information Was Involved,” “When it Occurred,” “What We Are Doing,” “What You Can Do,” and “For More Information.” Additional information may be provided as a supplement to the notice.

b. The security breach notification described above in section 2(a) shall include, at a minimum, the following information:

   i. The name and contact information of the reporting LEA subject to this section.

   ii. A list of the types of personal information that were or are reasonably believed to have been the subject of a breach.

   iii. If the information is possible to determine at the time the notice is provided, then either (1) the date of the breach, (2) the estimated date of the breach, or (3) the date range within which the breach occurred. The notification shall also include the date of the notice.

   iv. Whether the notification was delayed as a result of a law enforcement investigation, if that information is possible to determine at the time the notice is
provided.

v. A general description of the breach incident, if that information is possible to determine at the time the notice is provided.

vi. The estimated number of students and teachers affected by the breach, if any.

c. At LEA’s discretion, the security breach notification may also include any of the following:

i. Information about what the agency has done to protect individuals whose information has been breached.

ii. Advice on steps that the person whose information has been breached may take to protect himself or herself.

d. Provider agrees to adhere to all requirements in the New Hampshire Data Breach law and in federal law with respect to a data breach related to the Student Data, including, when appropriate or required, the required responsibilities and procedures for notification and mitigation of any such data breach.

e. Provider further acknowledges and agrees to have a written incident response plan that reflects best practices and is consistent with industry standards and federal and state law for responding to a data breach, breach of security, privacy incident or unauthorized acquisition or use of Student Data or any portion thereof, including personally identifiable information and agrees to provide LEA, upon request, with a copy of said written incident response plan. Except as otherwise required by law or agreed in writing between the parties, and excluding Student Data or any other data that belongs to LEA, all information provided by Provider to the LEA pursuant to this paragraph or any audit or investigation shall be treated as Provider’s confidential information. The LEA agrees that it will disclose such information only to such parties that the LEA determines are necessary to assist it in its review and require such parties to enter into non-disclosure agreements or otherwise agree in writing to maintain its confidentiality. To the extent permitted by law, the LEA will withhold such information from public disclosure.

f. At the request and with the assistance of the LEA, Provider shall notify the affected parent, legal guardian or eligible pupil of the unauthorized access, which shall include the information listed in subsections (b) and (c), above.

**ARTICLE VI: MISCELLANEOUS**

1. **Term**. The Provider shall be bound by this DPA for so long as the Provider maintains any Student Data. Notwithstanding the foregoing, Provider agrees to be bound by the terms and obligations of this DPA for three (3) years.

2. **Termination**. In the event that either party seeks to terminate this DPA, they may do so by mutual written consent and as long as any service agreement or terms of service, to the extent one exists, has lapsed or has been terminated.

The LEA may terminate this DPA and any service agreement or contract with the Provider if the Provider breaches any terms of this DPA.
3. **Effect of Termination Survival.** If the DPA is terminated, as directed by LEA, the Provider shall destroy all of LEA’s data pursuant to Article V, section 1(b) or return/transfer the data as designated by LEA. Notwithstanding the foregoing, Provider’s deletion obligation shall not extend to other products and services not set forth on Exhibit A or added hereto by subsequent addendum. The destruction/return obligations of this DPA shall not apply to (a) anonymous aggregate data or data that is de-identified in accordance with this DPA, or (b) user generated content that Provider cannot attribute to the LEA (such as, without limitation, student comments on articles from which all personally identifiable information has been removed), unless LEA can demonstrate to Provider’s reasonable satisfaction that such content belongs to LEA.

4. **Priority of Agreements.** This DPA shall govern the treatment of student records in order to comply with the privacy protections, including those found in FERPA, IDEA, COPPA, PPRA, RSA 189:1-e and 189:65-69; RSA 186; NH Admin. Code Ed. 300 and NH Admin. Code Ed. 1100. In the event there is conflict between the terms of the DPA and any other writing, such as service agreement or with any other bid/RFP, terms of service, privacy policy, license agreement, or writing, the terms of this DPA shall apply and take precedence. Except as described in this paragraph herein, all other provisions of any other agreement shall remain in effect.

5. **Notice.** All notices or other communication required or permitted to be given hereunder must be in writing and given by personal delivery, facsimile or e-mail transmission (if contact information is provided for the specific mode of delivery), or first class mail, postage prepaid, sent to the designated representatives below.

This DPA may be amended and the observance of any provision of this DPA may be waived (either generally or in any particular instance and either retroactively or prospectively) only with the signed written consent of both parties. Neither failure nor delay on the part of any party in exercising any right, power, or privilege hereunder shall operate as a waiver of such right, nor shall any single or partial exercise of any such right, power, or privilege preclude any further exercise thereof or the exercise of any other right, power, or privilege.

9. **Authority.** Provider represents that it is authorized to agree and enter into the terms of this Agreement, including confidentiality and destruction of Student Data and any portion thereof contained therein, and that it shall be responsible for the compliance with the Terms hereof of all related or associated institutions, individuals, employees or other personnel who may have access to the Student Data and/or any portion thereof, or may own, lease or control equipment or facilities of any kind where the Student Data and portion thereof stored, maintained or used in any way. To the extent that Provider does not have the authority to act as the agent of any Subprocessor, Provider agrees to be responsible for the acts of omissions of its Subprocessors to the extent they result in a breach by Provider of its obligations hereunder.
10. **Waiver.** No delay or omission of the LEA to exercise any right hereunder shall be construed as a waiver of any such right and the LEA reserves the right to exercise any such right from time to time, as often as may be deemed expedient.

11. **Multiple Counterparts:** This Agreement may be executed in any number of identical counterparts. If so executed, each of such counterparts shall constitute this Agreement. In proving this Agreement, it shall not be necessary to produce or account for more than one such counterpart.

**ARTICLE VII- GENERAL OFFER OF TERMS**

Provider may, by signing the attached Form of General Offer of Privacy Terms (General Offer, attached hereto as Exhibit “E”), be bound by the terms of this to any other school district who signs the acceptance in said Exhibit.

DEFINITIONS

De-Identifiable Information (DII): De-Identification refers to the process by which the Vendor removes or obscures any Personally Identifiable Information (“PII”) from student records in a way that removes or minimizes the risk of disclosure of the identity of the individual and information about them. The Provider’s specific steps to de-identify the data will depend on the circumstances, but should be appropriate to protect students. Some potential disclosure limitation methods are blurring, masking, and perturbation. De-identification should ensure that any information when put together cannot indirectly identify the student, not only from the viewpoint of the public, but also from the vantage of those who are familiar with the individual, consistent with prevailing education data standards.

Personally Identifiable Information (PII): The terms “Personally Identifiable Information” or “PII” shall include, but are not limited to, student data, metadata when linked to individually identifiable user data, and user or pupil-generated content to the extent such content is linked to individually identifiable users or can be demonstrated to Provider’s satisfaction to belong to LEA obtained by reason of the use of Provider’s software, website, service, or app, including mobile apps, set forth on Exhibit A whether gathered by Provider or provided by LEA or its users, students, or students’ parents/guardians. PII includes, without limitation, at least the following:

First Name  Home Address
Last Name  Subject
Telephone Number  Email Address
Discipline Records  Test Results
Special Education Data  Juvenile Dependency Records
Grades  Evaluations
Criminal Records  Medical Records
Health Records  Social Security Number
Biometric Information  Disabilities
Socioeconomic Information  Food Purchases
Political Affiliations  Religious Information
Text Messages  Documents
Student Identifiers  Search Activity
Photos  Voice Recordings

Place of birth  Social Media Address
Unique pupil identifier
Credit card account number, insurance account number, and financial services account number
Name of the student's parents or other family members

General Categories:

to be able to identify a student to a reasonable certainty

Student Data shall constitute Pupil Records for the purposes of this Agreement, and for the purposes of New Hampshire and Federal laws and regulations. Student Data as specified in Exhibit B is confirmed to be collected or processed by the Provider pursuant to the Services. Student Data shall not constitute that information that has been anonymized or de-identified, or anonymous usage data regarding a student’s use of Provider’s services.
