Green Screen by Do Ink makes it easy to create videos, images, and GIFs by combining visual elements such as photos, videos, text, drawings, animations, and the live camera. The #1 green screen app for education, it is used in classrooms and by individual creators around the world.

Green Screen by Do Ink goes beyond what traditional green screen and video editor apps can do. It lets you combine multiple image sources by selecting just the parts of each one that you want. It provides a rich set of tools, including chroma key (for the green screen effect), crop, mask brushes, magic wand, and even automatic person more

What's New   Version History

Version 2023.4
This release fixes a couple of bugs and contains various improvements under the hood. And, in case you missed it:
• If desired, the Prop Library can now be hidden (by disabling it in the Settings app).
• Images can be pasted from the clipboard directly onto your project's timeline.
