

New York State Education Law 2-D Compliance Statement

In compliance with New York State Education Law 2-D, the *Squid* app, developed by Steadfast Innovation, does not collect any personally identifiable information (PII). All user-generated content is stored directly on the device. Users can make backups of their content locally on their device and in their own cloud drives. Steadfast Innovation does not have access to any user data. Steadfast Innovation does collect anonymous information from crash reports and analytics to fix bugs and to improve the app. The privacy policy for this app is listed at <https://squidnotes.com/terms>.

The *Squid EDU Bulk License* app uses Google sign-in to perform license verification. The user's school email address is collected only to verify a valid license. The email address is not tied to any PII or user-generated content and it is stored on a secure server only for the purpose of counting activated licenses. The privacy policy for this app is listed at <https://squidnotes.com/terms-license>.

A handwritten signature in black ink, appearing to read "Andrew Hughes", is written over a horizontal line.

Andrew Hughes, Founder
