

To Whom It May Concern:

New York State Education Law §2-d aims to protect Personally Identifiable Information (PII). PII means student information as defined in section 99.3 of Title 34 of the Code of Federal Regulations implementing the Family Educational Rights and Privacy Act, 20 U.S.C 1232g, and teacher or principal annual professional performance reviews. PII includes any information that can be used to distinguish or trace an individual's identity either directly or indirectly through linkages with other information.

TumbleWeed Press Inc. asserts that it does not collect or receive any PII as defined in New York State Education Law 2-d.

We do not request PII on any of our Tumblebooks brand of websites. We use only a single institutional wide username/password. We do not maintain separate accounts or logins for either students or teachers. The only thing our system sees is the endpoint IP address used to access the account, and it is not linked to any individual.
